The San Diego Police Department serves approximately 1.4 million residents with professionalism and integrity. In addition to the Headquarters building, the Department serves the community from ten area commands located throughout the City. For policing purposes, the City is divided into 19 service areas and 123 neighborhoods.

The following ten area commands extend throughout the City and greatly facilitate the Department's community-based policing and problem-solving efforts: Central Division, Eastern Division, Mid-City Division, Northern Division, Northeastern Division, Northwestern Division, Southeastern Division, Southern Division, Traffic Division, and Western Division. The two largest area command facilities are Central Division and Mid-City Division, which provide service to 9.7 square miles and 12.8 square miles, respectively. The Northeastern Division covers 103.8 square miles, the largest single area in the City. The Capital Improvement Program plays an important role in addressing the Police Department's facility needs.

**Description:** This project provides for the replacement of the Police Department Computer Aided Dispatch (CAD) system that will incorporate newer technologies available for emergency response, improve operational availability, and expand the tools available for the efficient dispatching of 9-1-1 calls.

**Justification:** The current CAD system does not meet acceptable industry standards for high availability or emergency site recovery. Over the past 25 years, the CAD system has been modified numerous times, and technical support for the aging system has become difficult to acquire and has become increasingly expensive.

**Operating Budget Impact:** Non-personnel expenditures for maintenance are projected to be \$922,000 in Fiscal Year 2019 and increase to \$999,000 by Fiscal Year 2023. Maintenance will be funded through the Police Department operating budget.

**Relationship to General and Community Plans:** This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

**Schedule:** The project began in Fiscal Year 2013. The configuration and implementation began in Fiscal Year 2016, with project completion scheduled in Fiscal Year 2018.

**Summary of Project Changes:** The Operating Budget Impact has been updated.
