The City of SAN DIEGO FISCAL YEAR 2023 FIRST QUARTER BUDGET MONITORING REPORT

Todd Gloria Mayor

Eric Dargan Chief Operating Officer

Matthew Vespi Chief Financial Officer

Rolando Charvel Director and City Comptroller

Benjamin Battaglia Assistant Director

NOVEMBER 2022

INTRODUCTION

Per City Council Budget Policy (Policy No. 000-02), quarterly reports are presented to the Budget and Government Efficiency Committee and the City Council each fiscal year. The purpose of the Fiscal Year 2023 First Quarter Budget Monitoring Report (First Quarter Report) is to provide the City Council and the public with a first look at the new fiscal year. The Department of Finance (DoF) produces this report in collaboration with City departments to address significant variances between budget and projected revenues, and expenditures for select programs and initiatives.

The First Quarter Report is developed using three months of actual (unaudited) activity for Fiscal Year 2023. Statistical data and economic analyses are gathered from economic consultants and other resources to project year-end revenue estimates. The data included in this report is the most current data available at the time of publication; however, due to the limited data available, year-end projections for departmental revenues and expenditures are not included in this report except for select programs and initiatives, but will be available in future quarterly monitoring reports. As a result, the data and projections will likely change.

The First Quarter Report includes the following:

- Major General Fund revenue projections
- American Rescue Plan Act updates
- Public safety personnel expenditure projections
- Proposition B Unwinding updates
- General Fund balance and reserve estimates
- Select non-discretionary expenditure projections
- Updates on select Non-General Fund Reserves

DoF and departments will continue to monitor actual revenues and expenditures and will conduct a more detailed review of projections and note any significant changes in the FY 2023 Mid-Year and Third Quarter budget monitoring reports.

GENERAL FUND REVENUE

MAJOR GENERAL FUND REVENUES

The City's major General Fund revenues are projected to be over budget by \$35.4 million primarily due to increases in property tax, transient occupancy tax, and sales tax revenues, which are projected to be over budget by \$14.2 million, \$14.7 million, and \$5.7 million, respectively. This significant increase in projected revenue is due to the continued rise in inflation, and pent-up demand for leisure travel from the COVID-19 pandemic. **Table 1: FY 2023 Major General Fund Revenue Projections** summarizes this information.

FY 2023 Major General Fund Revenue Projections											
Table 1					in millions						
Revenue Source	Adopted Budget	Current Budget	Year-End Projection	Variance	Variance %						
Property Tax	\$ 706.2	\$ 706.2	\$ 720.4	\$ 14.2	2.0%						
Sales Tax	380.2	380.2	386.0	5.7	1.5%						
Transient Occupancy Tax ¹	135.2	135.2	149.9	14.7	10.9%						
Franchise Fees ²	93.8	93.8	94.5	0.7	0.8%						
Total	\$ 1,315.4	\$ 1,315.4	\$ 1,350.8	\$ 35.4	2.7%						

¹Total City FY 2023 Adopted Budget for transient occupancy tax is \$256.7 million and the projection is \$284.8 million. The balance is budgeted in the Transient Occupancy Tax Fund.

² Total City FY 2023 Adopted Budget for franchise fees revenue is \$195.0 million and the projection is \$195.8 million. The balance is budgeted in the Environmental Growth and Underground Surcharge Funds.

The projections for major General Fund revenues are based on the most recent economic information available to the City and actual revenue distributions known at the time of preparation of this report. The Fiscal Year 2023 Adopted Budget amounts for the major General Fund revenues were developed assuming a continued recovery from the COVID-19 pandemic and were based on projections that were included in the Fiscal Year 2022 Third Quarter Budget Monitoring Report, which was the most recent economic data available at the time of the development of the budget. The Fiscal Year 2023 first quarter projections incorporate a more robust economic recovery than anticipated in the Adopted Budget due to accelerated and increased growth, which began in the 4th quarter of Fiscal Year 2022 as outlined in the Fiscal Year 2022 Year-End Financial Performance Report (Performance Report), and has continued through the first three months of this fiscal year.

Local E Table 2												
Economic Indicator	September-21	September-22	Change %									
City of San Diego Unemployment	5.3%	2.9%	-45.3%									
City of San Diego Number of Unemployed	37,100	20,900	-43.7%									
City of San Diego Home Sales (CYTD)	15,147	10,863	-28.3%									
City of San Diego Median Home Price	\$760,000	\$825,000	8.6%									
San Diego County Foreclosures (CYTD)	98	169	72.4%									
San Diego County Notices of Default (CYTD)	792	1,511	90.8%									
Consumer Confidence	109.8	108.0	-1.6%									

Source: California Employment Development Department, The Conference Board Index of Leading Economic Indicators, DQNews/CoreLogic, San Diego County Assessor/Auditor/Recorder's Office.

When compared to September 2021, the unemployment rate and the number of unemployed individuals in the City of San Diego for September 2022 have improved, reaching pre-pandemic levels. Although median home prices in San Diego are higher than in September of last year, the median home price of \$825,000 in September 2022 is down from a high of \$860,000 in April and May of 2022. Additionally, the number of homes sales is down 28.3% compared to last year, impacted by increased interest rates approved by the Federal Open Market Committee (FOMC). The FOMC has raised the federal funds rate five times in this year alone, in an effort to help reduce record high inflation. With interest rates increasing and elevated median home prices, housing is becoming less affordable for San Diego residents, and many home buyers are choosing to wait until either home prices go down or interest rates decrease. However, these rate increases and possible future increases in the federal fund rate during Fiscal Year 2023 are not expected to impact Fiscal Year 2023 property tax revenues due to the delay in which property tax receipts reflect real estate market trends 12 to 18 months prior. Foreclosures and notices of default have seen continuous increases when comparing September 2021 to September 2022 data, as a result of the lifting of the previous statewide eviction moratorium put in place during the pandemic. Consumer confidence has remained steady, despite rising interest rates and high inflation, which has had minimal impact to the City's Sales Tax revenues.

These local economic indicators are supportive of the overall projection for revenue growth that is positive, yet moderate. The Department of Finance will continue to monitor revenues throughout the fiscal year, as economists continue to warn about a potential economic slowdown in future months, and will include any fiscal impacts in the upcoming budget monitoring reports. Details on the major components of the City's General Fund Fiscal Year 2023 Adopted Budget and current projections are provided in the following sections, and for information about future fiscal year revenue projections, please see the Fiscal Year 2024–2028 Five-Year Financial Outlook.

FY 2023 Property Tax Revenue Projections										
Table 3									in millions	
Revenue Source	Adopted Budget			Current Year-End Budget Projection			Va	riance	Variance %	
Property Tax Growth Rate Property Tax Projection	\$	6.00% 706.2	\$	6.00% 706.2	\$	6.00% 720.4	\$	0.0% 14.2	N/A 2.0%	

Property Tax

Property tax is projected to be over budget by \$14.2 million primarily due to an increase in 1% property tax collections, and an increase in motor vehicle license fees. Property Tax growth for Fiscal Year 2023 is based on real estate activity through Calendar Year 2021. This is due to a lag between the time assessed valuation is set by the County Assessor's Office and property tax revenue is received by the City. The assessed value of each property is determined as of January 1st each year; however, the resulting property tax payments based on this assessed valuation are not due from property owners until December and April of the following year. Due to this delay, property tax revenue was projected to increase 6.00% in Fiscal Year 2023, home prices and number of home sales have exceeded the previous expectation, fueled by low interest rates in calendar year 2021, which supported a strong real estate market.

The major economic drivers of property tax revenue are home price, home sales, the California Consumer Price Index (CCPI), and foreclosures. The average median home price increased by 13.2% from \$638,000 in Calendar Year 2020 to \$722,000 in Calendar Year 2021. Additionally, home sales have increased by 15.17% when comparing calendar year 2020 to calendar year 2021. The CCPI limits assessed valuation growth under Proposition 13 which specifies that a property's value may increase at the rate of the CCPI but cannot exceed 2.0 percent per year unless the property is improved or sold to establish a new assessed value. The Fiscal Year 2023 Adopted Budget projected a continued 2.0% CCPI growth for assessed valuation. Since the CCPI as of October 2021 was 302.973, a 5.6% increase over the October 2020 CCPI of 286.843, the First Quarter Report continues to assume a 2.0% CCPI growth for assessed valuation.

The 1% property tax collections are projected to increase by \$13.1 million based on the most recent apportionment report provided by the County of San Diego. The increase is primarily due to an increase in home sales, increase in assessed values in properties, increase in redevelopment and new construction of residential and non-residential properties, and an unanticipated increase of recaptured revenue from Proposition 8 properties from prior years.

The recaptured revenue of Proposition 8 properties accounts for the restoration of assessed value for properties previously assessed at a lesser value under Proposition 8—which allows for the temporary reduction of assessed value in instances when real property sees a decline in value. Although this is accounted for as part of the overall property tax projections, the increase in home values has also attributed to the increase in this portion of value added for property tax revenue in Fiscal Year 2023.

The property tax collection rate has been revised from 99.2% to 99.06% for the City's 1% property tax revenue. This is a slight decrease from the Fiscal Year 2023 Adopted Budget to align with the collection rate in Fiscal Year 2022 and is offset by increases in projected collections from the 1% property tax.

Additionally, a \$2.6 million increase is projected associated with motor vehicle license fee revenue (MVLF), which are projected to increase based on the most recent calculation and payment schedule provided by the County of San Diego.

Offsetting these increases is a net \$1.4 million decrease projected in Redevelopment Property Tax Trust Fund (RPTTF) residual property tax revenue. The residual property tax revenue has decreased by \$1.6 million from the Fiscal Year 2023 Adopted Budget based on the most recent estimate of the upcoming Recognized Obligation Payment Schedule (ROPS). This decrease is partially offset with \$207,000 due to the City of San Diego's tax portion of the sale of Valencia Business Park which is anticipated to be received in Fiscal Year 2023, instead of Fiscal Year 2022, as noted in the Fiscal Year 2022 Performance Report.

FY 2023 Pr	ope	rty Tax Rev	venu	e Projecti	on Det	ails			
Table 4									in millions
Revenue Source	Adopted Budget					Year-End Projection		riance	Variance %
1.0% Property Tax	\$	478.7	\$	478.7	\$	491.8	\$	13.1	2.7%
MVLF Backfill		178.6		178.6		181.1		2.6	1.4%
RPTTF Tax Sharing Pass-through Payment		10.9		10.9		10.9		(0.0)	-0.4%
RPTTF Residual Property Tax		38.1		38.1		36.6		(1.4)	-3.8%
Total	\$	706.2	\$	706.2	\$	720.4	\$	14.2	2.0%

Future risks to the property tax revenue projection includes changes in interest rates—which could further reduce the number of home sales and potentially decrease the median home prices—delinquency rates, refunds, exemptions, and RPTTF residual distributions, the latter of which is largely determined by enforceable obligations to be placed on the upcoming Recognized Obligation Payment Schedule (ROPS) which is subject to the California Department of Finance's approval in April 2023. An update to the projection of the residual property tax distributions will be provided at that time.

Sales Tax

FY 2023 Sales Tax Revenue Projections										
Table 5					in millions					
Revenue Source	Adopted Budget	Current Budget			Variance %					
Sales Tax Growth Rate Sales Tax Projection	3.00% \$ 380.2	3.00% \$ 380.2	3.40% \$ 386.0	0.40% \$5.7	N/A 1.5%					

Sales tax revenue is projected to be over budget by \$5.7 million at fiscal year-end. The First Quarter projections reflect revised assumptions following updated information from the City's sales tax consultant, Avenu Insights and Analytics.

The primary change in assumptions is a revised growth rate of 3.40%, compared to the 3.00% average growth rate included in the Fiscal Year 2023 Adopted Budget. The revised growth rate is primarily attributed to sustained consumer spending and the increasing impact of inflation on taxable goods. While consumer spending has remained strong, industry experts have begun to see a shift in consumption patterns in the form of reduced purchase quantity, particularly for goods, as a result of rising prices; however, total spending remains relatively flat as this amount

is boosted by elevated inflation. As noted in the Fiscal Year 2022 Year-End Financial Performance Report, the degree of elevated inflation that persisted in the last quarter of Fiscal Year 2022, which continues into the first quarter Fiscal Year 2023, was not anticipated. The San Diego Consumer Price Index (CPI), a metric that measures costs across many consumer items, increased by 8.2%—from 324.138 in September 2021 to 350.721 in September 2022—continuing to inch towards record high inflation. This level of elevated inflation is consistent with recent economic reports, including the UCLA Anderson September 2022 Economic Forecast, which assumes elevated inflation will now extend through Fiscal Year 2024.

Primary economic indicators that drive consumer spending and growth in sales tax receipts include unemployment rate and consumer confidence. As preliminarily reported by the California Employment Development Department, the September 2022 unemployment rate for the City of San Diego is 2.9%, which represents a decrease of 2.4% when compared to 5.3% in September 2021 — reaching pre-pandemic levels. Moreover, consumer confidence, a measurement of consumers' willingness to spend, was recorded at 108.0 in September 2022, which represents a slight decrease of 1.6% when compared to 109.8 in September 2021. While consumer confidence fluctuates month-to-month as consumers respond to reservations regarding inflation, future COVID variants, supply chain disruptions, and geopolitical events, consumer consumption remains strong and is anticipated to sustain through fiscal year-end. These indicators are depicted in **Graph 1: Consumer Confidence & San Diego Unemployment Rate**.

Source: Consumer Confidence Board, and State of California Economic Development Department

Sales tax revenue will continue to be closely monitored and updated in the Fiscal Year 2023 Mid-Year Budget Monitoring Report to account for any changes in spending trends or other economic indicators impacting sales tax receipts.

FY 2023 Transient Occupancy Tax (TOT) Revenue Projections											
Table 6									in millions		
Revenue Source		Adopted Budget		Current Budget		Year-End Projection		riance	Variance %		
TOT Growth Rate TOT Projection	Ş	5.47% 135.2	\$	5.47% 135.2	\$	9.91% 149.9	\$	4.44% 14.7	N/A 10.9%		

Transient Occupancy Tax (TOT)

Note: Total City FY 2023 Adopted Budget for transient occupancy tax is \$256.7 million and the projection is \$284.8 million. The balance is budgeted in the Transient Occupancy Tax Fund.

Transient Occupancy Tax (TOT) revenue is projected to be over budget by \$14.7 million by fiscal year-end, reflecting continued performance above pre-pandemic levels. The City receives TOT revenue from hotels, Short Term Residential Occupancy units (STROS), and Recreational Vehicle Parks (RV Parks). The increase in TOT revenue is attributed to increasing TOT receipts as a result of higher than anticipated room prices, driven by inflation and continued pent-up demand for leisure travel. While the Fiscal Year 2023 Adopted Budget anticipated continued growth in leisure travel and progressive increases in group and international travel, it did not assume the level of impact that this demand would have on room rates while sustaining occupancy and room demand growth through the summer months. To better align with both overall TOT receipts and revised growth assumptions included in the San Diego Lodging Forecast Update released by Tourism Economics in October 2022, the growth rate for TOT has been revised from the adopted growth rate of 5.47% to 9.91%.

The increased tourism activity is recognized in recent economic reports, including the October 2022 San Diego Lodging Forecast Update, which reflects a continued growth in leisure travel due to improving employment levels, reduced public health concerns, and pent-up demand. The revisions to the calendar year 2022 and 2023 forecast for TOT's primary economic drivers include increased room rates and occupancy. **Table 7: San Diego County Visitor Industry**, reflects the revised forecast, which includes increases in the Average Daily Rate and Revenue Per Available Room (PAR). For reference, the forecast used to develop the Adopted Budget projection assumed an Average Daily rate of \$181.50 and \$182.00 for calendar years 2022 and 2023, respectively, and Revenue PAR of \$133.60 and \$138.90 for calendar years 2022 and 2023, respectively.

8	San Diego County Visitor Industry												
Table 7				in millions

Source: San Diego Tourism Authority and Tourism Economics

¹ Revenue Per Available Room (Average Occupancy multiplied by Average Daily Rate)

² Forecast – Tourism Economics, October 2022

TOT revenue projections will continue to be closely monitored and updated in the Fiscal Year 2023 Mid-Year Budget Monitoring Report to account for any changes in spending trends and economic indicators related to the San Diego tourism economy.

Franchise Fees

	FY 2023 Franchise Fee Revenue Projections										
Table 8					in millions						
Revenue Source	Adopted Budget	Current Budget	Year-End Projection	Variance	Variance %						
SDG&E Growth Rate	7.36%	7.36%	7.36%	0.0%	N/A						
Cable Growth Rate	-4.75%	-4.75%	-4.75%	0.0%	N/A						
Franchise Fee Projection	\$ 93.8	\$ 93.8	\$ 94.5	\$ 0.7	0.8%						

Franchise fee revenue is generated from agreements with private utility companies and refuse haulers in exchange for use of the City's rights-of-way. Currently, the City has franchise agreements with San Diego Gas & Electric (SDG&E), Cox Communications, Spectrum, AT&T, and several refuse haulers. Approximately 74.1% of franchise fee revenue is comprised of revenue from SDG&E and cable companies. The revenue received from the agreements with SDG&E and the cable companies is based on a percentage of gross sales while the revenue received from refuse haulers is based on tonnage.

Franchise Fee revenue in Fiscal Year 2023 is projected to exceed budget by \$720,000. The refuse collection budget was developed based on three-year average as a baseline projection for Fiscal Year 2023 including an additional \$1/ton fee increase effective July 2022 that had been previously approved in October 2018. The projection developed by the Environmental Services Department for refuse hauler revenue has increased by \$720,000 for Fiscal Year 2023 due to a higher than anticipated increase in tonnage during the first quarter of the fiscal year. The first quarter projections for SDG&E and cable franchise fee revenues remain projected at budget. The City receives an annual cleanup payment from SDG&E in February at which time the revenue projections will be updated.

DEPARTMENTAL REVENUE

The First Quarter Report call memo requested that General Fund departments submit a program update if they are anticipated to end Fiscal Year 2023 \$500,000 or more below their budgeted levels. Those departmental revenue variances are discussed in more detail below, along with an update regarding the impact of TOT on departmental revenue.

Office of the City Treasurer

The Office of the City Treasurer's Fiscal Year 2023 Adopted Budget includes \$25.7 million for Cannabis Business Tax revenue but is projected to end the year with receipts of \$21.6 million. The \$4.1 million reduction in projected revenue is a result of the decline in gross receipts reported by outlets due to increased competition in neighboring municipalities and delivery services resulting in an approximately 17% reduction over the last five months compared to the previous fiscal year.

Transient Occupancy Tax Impact on Departmental Revenues

TOT revenue collected from hotels, STROs, and RV parks is used for special promotional programs that maintain and enhance visitor-related facilities and support the promotion of the City's cultural amenities and natural attractions. In Fiscal Year 2023, the Adopted Budget included a \$57.7 million transfer from the Transient Occupancy Tax Fund to the General Fund to reimburse departments for the safety and maintenance of visitor-related facilities, including Fire-Rescue Lifeguard support, street sweeping in high-tourist locations, security services at Mission Bay Park, public safety support services at major events, and parks and recreation centers. Due to the projected increase in TOT revenue discussed in the Major General Fund Revenues section of this report, there is the potential for more available funding to allocate for special promotional programs. DOF will continue to monitor TOT revenue and will provide updates in future quarterly monitoring reports on the impacts it may have on departmental revenues.

AMERICAN RESCUE PLAN ACT

On March 11, 2021, the federal government passed the American Rescue Plan Act (ARPA). The ARPA established the Coronavirus State Fiscal Recovery Fund and Coronavirus Local Fiscal Recovery Funds (SLFRF) to provide support to State, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19, and efforts to contain impacts on their communities, residents, and businesses. The City received \$299.7 million in SLFRF and is using its allocation for general revenue replacement for lost revenue resulting from the COVID-19 pandemic. In Fiscal Year 2022, the City utilized \$100.0 million for this purpose. The Fiscal Year 2023 Adopted Budget includes the use of \$147.6 million with the remaining \$52.1 million expected to be used in Fiscal Year 2024. The ARPA allows funds provided to the City to be used through December 31, 2024.

These funds are being allocated to the General Fund to allow the City to maintain essential services that otherwise would have been eliminated or reduced. Note, the services will not include the following uses: as a deposit into a pension fund, as a non-federal grant match, as a payment to service debt, to satisfy a judgment or settlement, or to contribute to reserves. As noted in the FY 2024–2028 Five Year Financial Outlook, the City is projecting General Fund baseline shortfalls in future fiscal years that will require the use of the remaining SLFRF funds. Authority for the use of the remaining SLFRF funding is anticipated to be requested in subsequent budget monitoring reports for Fiscal Year 2023 or through future year budget development processes. In accordance with the ARPA language, funds may be used to:

- Provide government services to the extent of reduction in revenue due to COVID-19 relative to revenues collected in the most recent full fiscal year prior to the emergency
- Respond to COVID-19 or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality
- Provide premium pay up to \$13 an hour to eligible municipal or county workers performing essential services to respond to COVID-19. This provision is capped at a maximum benefit of \$25,000 per eligible worker
- Make necessary investments in water, sewer, or broadband infrastructure

GENERAL FUND EXPENDITURES

PUBLIC SAFETY PERSONNEL EXPENDITURE PROJECTIONS AND STAFFING

As shown in **Table 9: FY 2023 Public Safety Overtime Projections**, expenditures are projected to exceed budget by \$25.5 million or 35.0% by fiscal year-end and are partially offset by salary savings and revenues. The Fiscal Year 2023 Adopted Budget included \$16.2 million in personnel expenditures in the Citywide Program Expenditures Department associated with the estimated impacts of pending salary increases for the Recognized Employee Organizations that had not completed negotiations with the City at the time the budget was approved. This funding is available to help offset salary increases that were not budgeted directly in the Police and Fire-Rescue Departments. Fire-Rescue anticipates that salary savings and reimbursable deployment revenue will offset some of their projected increase in overtime.

FY 2023 Public Safety Overtime Projections											
Table 9									in millions		
Department		opted Idget	Current Budget		Year-End Projection		Va	riance	Variance %		
Fire-Rescue	\$	32.8	\$	32.8	\$	48.4	\$	(15.6)	-47.6%		
Police		40.2	40.2			50.1		(9.9)	-24.7%		
Total	\$	72.9	\$	72.9	\$	98.5	\$	(25.5)	-35.0%		

Fire-Rescue

Staffing and Overtime

In Fiscal Year 2023, the Fire-Rescue Department will work throughout the year to fill sworn vacancies via promotions to the Fire Captain and Engineer ranks and three fire academies planned for this fiscal year. However, the department expects to see continued impacts to its ability to fill vacancies as a result of delays in the Fire Captain and Engineer promotional processes, anticipated attrition throughout the fiscal year, and the graduation of the third fire academy next fiscal year (August 2023).

Three budgeted fire academies will be held in Fiscal Year 2023 (95th – 97th). The first academy (95th) began in July 2022 and is expected to graduate an estimated 20 participants in November 2022. The 96th Fire Academy, which is the second budgeted fire academy in Fiscal Year 2023, is scheduled to start in November 2022 with 37 Fire Recruits and anticipated to graduate in March 2023. The 97th Fire Academy, which is the third budgeted fire academy in Fiscal Year 2023, is scheduled to start in April 2023 with 36 Fire Recruits and anticipated to graduate in August 2023.

The Fire-Rescue Department is projecting overtime expenditures will be \$48.4 million, which is \$15.6 million or 47.6% over budget. This increase is primarily attributed to sworn constant staffing backfill for leave time taken and COVID-related absences, higher than anticipated attrition, reimbursable deployments, Fire Dispatcher vacancies, and seasonal lifeguard services. Additionally, due to timing, the Local 145 and Local 911 MOU general wage increases for Fiscal Year 2023 were not included in the overtime budget and there has been a delay in the

implementation of a Relief Pool due to lower than anticipated staffing levels. This increase in overtime is partially offset by an estimated \$6.0 million in salary savings and \$260,000 increase in reimbursable deployment revenue. In total, the net impact to the General Fund is projected at \$42.1 million, which is \$9.3 million, or 28.4%, over budget.

Fire Season Response

The 2022 California fire season has been moderate compared to the last several years of recordbreaking destruction. To date, the State has seen over 6,400 wildfires that have burned over 366,000 acres. Although there has not been record breaking fires, the peak Southern California fire season is in full swing. Historically, the most destructive fires in Southern California have taken place in late October.

Fire-Rescue provided significant support to the mutual aid system across the state of California in the form of engine strike teams to the following wildland fires: Mill and Mountain Fires (Siskiyou County), Border 32 Fire (San Diego County), Mosquito Fire (El Dorado and Placer Counties), and Fairview Fire (Riverside County).

Fire-Rescue staff were deployed to fill incident management positions assigned to many of the same fires as strike teams (noted above), as well as additional incidents including: 2022 Six Rivers Lightning Complex Fire and Hurricane Ian. There have been no increased staffing events for fire weather conditions in the first quarter of Fiscal Year 2023.

Police Department

Overtime

The Police Department is projecting overtime to exceed budget by \$9.9 million. Overall, the primary reason for the increase is due to the department taking a proactive approach to increases in violent crime experienced last fiscal year and staffing shortages. Additionally, the overtime increase is partially due to union negotiated salary increases approved after the budget was developed. The budget assumed a 3.0% salary increase for sworn employees, but POA negotiated a 5.0% salary increase effective July 1, 2023, which resulted in an approximately \$1.0 million budget deficit in overtime overall.

This increase is primarily attributed to the following:

- \$11.1 million increase in the Extension of Shift overtime categories in the department attributed to the deployment of specialized details, such as the Violent Crimes Task Force, to address the rise in violent crime and backfill to address staffing shortages in patrol.
- \$850,000 increase in the Holidays overtime categories in the department associated to negotiated non-discretionary compensation for employees on city holidays.
- \$780,000 increase in the Call Back overtime category, which is when an officer or eligible civilian is called back to duty from home or other non-working location, due to employee callouts.
- \$480,000 increase in the Special Events overtime categories associated to increased July 4th holiday support to address public safety concerns at the beaches.

These increases are partially offset by the following decrease:

• \$2.0 million decrease in the Other overtime categories largely associated to a reduction in participation of Neighborhood Policing overtime. Many overtime opportunities,

including opportunities at the Neighborhood Policing Division, have not been staffed over the last several months due to the department's public safety priority of first staffing vacancies in patrol operations with overtime shifts so officers can be responsive to priority radio calls and emergencies.

The increases are also partially offset by projected reductions of \$500,000 in the Court and \$830,000 in the Miscellaneous overtime categories. The potential for offsetting salary savings will be evaluated more thoroughly as part of the Mid-Year Report.

Police Staffing - Officer Recruitment and Marketing Plan

In the first quarter of Fiscal Year 2023, the written examination for the position of police recruit was offered within San Diego County and out of County to include military bases. Certain qualifying candidates have the written test waived and can apply directly for the Physical Ability Test (PAT).

The Recruiting Unit provided personnel at over 50 in-person events this quarter to include Comic-Con, Miramar Air Show, National Night Out, career fairs, sporting events, community events and military events. The Recruiting Unit also traveled to Las Vegas, Nevada, Scottsdale, Arizona and Washington, DC for recruiting events. The 132nd Academy started on August 29th with 36 new recruits. The 132nd Academy is comprised of 79 percent minorities, which is one of the most diverse academy classes for the San Diego Police Department. In addition, the department brought back the lateral incentive and recruitment incentive program. These incentive programs offer laterals up to \$15,000 to join the department, up to \$4,000 to current sworn personnel who refer a lateral, and up to \$3,000 to sworn personnel who refer a recruit. The department's goal is to average 50 recruits per academy. During this quarter, two Lateral Police Officers were hired. The Recruiting Unit was also allocated \$75,000 to enter into an agreement with a marketing company. The Recruiting Unit is currently working on an agreement marketing company to resume a digital marketing campaign.

Neighborhood Policing Division Updates

The mission of the San Diego Police Department's Neighborhood Policing Division (NPD) is to enhance the quality of life and safety in San Diego neighborhoods in a manner that is compassionate, professional, and fair to all. NPD continues to partner with the Environmental Services Department (ESD) to respond to community complaints regarding encampments that negatively impact the quality of life in City neighborhoods. Due to the COVID-19 pandemic, there has been an increase in the number of unsheltered individuals living on streets. NPD has been affected by low staffing, which affects operations in that there is not a team assigned to each service area. All teams have been combined to be more effective in carrying out the mission. Overtime has been offered to officers to catch up on "Get it Done" cases in an effort to be more responsive to the community and lower the hold times for response. NPD is committed to offering shelter placement and services to all unsheltered individuals.

Based on an average of the first three months of Fiscal Year 2023 (July -September), NPD is projected to spend approximately \$2.7 million, or 77%, of the \$3.5 million budget for general overtime by the end of the fiscal year. Due to Police Department staffing challenges, many overtime opportunities have not been staffed over the last several months due to the Police Department's public safety priority of first staffing vacancies in patrol operations with overtime shifts so officers can be responsive to priority radio calls and emergencies.

CleanSD

The CleanSD Program is a citywide waste and debris abatement program, and the program's efforts extend throughout the City, including Downtown, other City-owned properties, and open space areas such as canyons, creek beds, and the San Diego River Park. The objective of CleanSD is to maintain the public right of way, keep City property clear from waste and illegal dumping, and ensure property owners comply with the San Diego Municipal Code. Police officers are a critical component of the CleanSD program because they provide the security needed for cleaning crews to abate abandoned property and remove litter in unsafe areas. With continued impacts related to COVID-19 on individuals experiencing homelessness, the need to offer shelter placement will continue along with the need to keep City streets and sidewalks clean to prevent potential outbreaks of deadly diseases. The NPD is projected to spend approximately 50% of the \$3.8 million overtime budget, or \$1.9 million, designated for CleanSD activities due to the Police Department prioritizing overtime in patrol operations for available staff.

Homeless Outreach Team (HOT)

The Police Department's Homeless Outreach Team (HOT) uses a community-oriented policing approach to address the unique needs of the City's homeless population. HOT leaders bring together behavioral health clinicians from the Psychiatric Emergency Response Team (PERT), public health nurses, and social workers from the Health and Human Services Agency to provide outreach and engagement services throughout the City of San Diego in order to connect unsheltered individuals with available services. HOT places willing participants in homeless shelters and provides them with resources based on each person's needs. Due to the COVID-19 pandemic, there has been an increase in the number of individuals experiencing homelessness living on streets and in open spaces. HOT officers utilize compassion to establish trust and form relationships with individuals to encourage them to accept services or shelter to improve their quality of life. The Fiscal Year 2023 Adopted Budget includes \$3.6 million for HOT and the department is on target to meet budget.

PROPOSITION B UNWINDING

The City is in the process of unwinding Proposition B, a pension reform initiative approved by San Diego voters in 2012 but invalidated by the California Superior Court in early 2021. As part of the negotiated agreements with the various Represented Employee Organizations (REOs), most employees hired during the time that Proposition B was in effect have now joined the San Diego City Employees' Retirement System (SDCERS).

Contributions that the City and employees made to the SPSP-H defined benefit plan during the period when Proposition B was in effect were used to offset a large portion of the cost of bringing affected employees back into SDCERS. The estimated one-time cost to the City for unwinding Proposition B for current employees is \$142.0 million citywide, of which the General Fund is responsible for \$80.1 million. This is comprised of \$119.2 million in combined employee and City contribution shortfalls and \$22.8 million associated with the interest penalty mandated by the court. To date, only the interest penalty amount has been paid out to the impacted employees. The Fiscal Year 2023 Adopted Budget included the \$22.8 million for the interest penalty and \$20.2 million for the employee portion of the \$119.2 million contribution shortfall. The City assumed that the employee contribution shortfall and the interest payment would be cash funded.

The \$119.2 million contribution shortfall represents a pension liability payable to SDCERS. It may be included in the Unfunded Actuarial Liability (UAL) and amortized, such that it is paid to SDCERS as part of the annual pension payment. Alternatively, it may be required to be paid to SDCERS upfront. Payment terms are ultimately dependent on how the SDCERS Board decides this liability should be funded. The recommendation from SDCERS staff is to amortize the \$119.2 million over 20 years with the first payment beginning in Fiscal Year 2024. The decision from the board is expected to be made no earlier than January 2023.

In addition to the onetime costs described above, the City expects to receive a supplemental bill for approximately \$37.9 for normal costs associated with Fiscal Years 2022 and 2023, of which the General Fund would be responsible for about \$23.1 million. These costs are expected to be payable in either Fiscal Year 2023 or Fiscal Year 2024, depending on the actions taken by the SDCERS Board. The City has budgeted \$30.2 million (\$18.2 million for the General Fund) in SPSP-H contributions that will largely go unused since most Proposition B employees transferred to SDCERS in early Fiscal Year 2023. These funds are expected to be used to pay the normal cost supplemental bill.

In total, the Fiscal Year 2023 Adopted Budget included \$78.6 million citywide to address the potential impacts of unwinding Proposition B. If the SDCERS Board votes to amortize the \$119.2 million over 20 years, it will result in savings in Fiscal Year 2023. If the City pays the normal cost component of \$37.9 million in Fiscal Year 2023, the total cost for unwinding Proposition B in Fiscal Year 2023 would be \$60.8 million, resulting in \$17.8 million in savings to be carried into future fiscal years, of which approximately \$9.2 million is related to the General Fund.

GENERAL FUND BALANCES AND RESERVES

The City's <u>Reserve Policy (Council Policy 100–20)</u> documents the City's approach to establishing and maintaining strong reserves across City operations. Please note that the projected ending fund balance *does not* take into consideration any projected activity for major General Fund revenues or other expenditures due to the limited amount of data available for this report. The Mid-Year Report will include comprehensive revenue and expenditure projections along with updated reserve and/or Excess Equity estimates.

FISCAL YEAR 2023 GENERAL FUND BALANCES AND RESERVES

Table 10: FY 2023 General Fund Balances and Reserve Estimates displays the General Fund Fiscal Year 2023 beginning balance, reserve levels, and estimated ending fund balance.

FY 2023 General Fund Balances and Reserv	ve Estimates	
Table 10		in millions
Description	Amount	% of Operating Revenues ¹
FY 2022 Unaudited Ending Fund Balance	\$ 284.0	19.6%
FY 2023 Adopted Budget Activity		
Revenue	1,948.8	
Expenditures ²	(1,953.5)	
Net Budgeted Activity (Use of Excess Equity)	(4.7)	
FY 2023 Projected Ending Fund Balance	\$ 279.2	19.3%
Emergency Reserve	106.1	7.3%
Stability Reserve	99.5	6.9%
FY 2023 Reserve Contribution	1.5	0.1%
FY 2023 Projected Reserve Balance	207.1	14.3%
FY 2023 Projected Available Fund Balance (Excess Equity)	\$ 72.1	5.0%

¹Based on FY 2020 and 2021 operating revenues as reported in the ACFR and FY 2022 (unaudited) Operating revenues in accordance with the City's Reserve Policy (CP 100-20).

 2 The FY 2023 Expenditure budget excludes the \$1.5 million budgeted reserve contribution as reserve contributions will not be recognized as an expenditure but will close to fund balance as part of the year-end financial accounting process.

The unaudited Fiscal Year 2022 ending (Fiscal Year 2023 beginning) fund balance is \$284.0 million, or 19.6% of the three-year average of Fiscal Year 2020 and Fiscal Year 2021 audited and Fiscal Year 2022 unaudited General Fund operating revenues.

The Fiscal Year 2023 Adopted Budget includes the use of \$6.2 million of fund balance. This use of fund balance includes the Fiscal Year 2023 reserve contribution of \$1.5 million which is excluded from the budgeted activity because it will close to fund balance instead of being recognized as an expenditure as part of the year-end financial accounting process. When including the \$1.5 million contribution, the General Fund reserves are projected to end the fiscal year with a balance of \$207.1 million, or 14.3% of the three-year average of General Fund

operating revenues. As a result, projected reserve balances are below the target percentage levels identified in the City's current Reserve Policy for Fiscal Year 2023 (16.25%) and would require an additional contribution of \$28.3 million to achieve Fiscal Year 2023 target levels.

The Fiscal Year 2023 projected available fund balance in excess of reserves (excess equity) based on Adopted Budget Activity is estimated at \$72.1 million which is a decrease of \$3.2 million from the Fiscal Year 2022 Year-End Financial Performance Report. This difference can be attributed to the \$6.2 million decrease of fund balance due to anticipated usage discussed earlier offset by a \$3.0 million increase to the balance reported in the Year-End Financial Performance report that had been erroneously adjusted downward for revenue received in a prior fiscal year. The Fiscal Year 2023 projected ending fund balance will be updated in the Mid-Year Report once the City of San Diego's Annual Comprehensive Financial Report ending June 30, 2022 is complete.

The First Quarter Report does not include any action items for Council consideration regarding the use of Excess Equity. Any authority for the use of Excess Equity will be requested in subsequent budget monitoring reports for Fiscal Year 2023 or through the Fiscal Year 2024 budget development process.

NON-DISCRETIONARY PROJECTIONS

Energy

	FY 2023 Energy Services Projection												
Table 11									in millions				
Fund		opted Idget	Current Budget		Year-End Projection		Vai	riance	Variance %				
General Fund	\$	10.9	\$	10.9	\$	15.6	\$	(4.8)	-43.8%				
Non-General Funds		27.7		27.7		31.0		(3.3)	-11.9%				
Total	\$	38.6	\$	38.6	\$	46.6	\$	(8.1)	-20.9%				

The Sustainability and Mobility Department is projecting expenditures in energy services to be overbudget by \$8.1 million Citywide, with increases of \$4.8 million in the General Fund and \$3.3 million in Non–General Funds. This reflects both an increase in electricity rates and in electricity usage as a result of lifting pandemic related restrictions and increasing municipal operations and City services beyond pandemic levels.

The Energy Services non-discretionary budget was developed in October 2021 using a combination of historical usage data, historical cost data, and adjusted for an estimated rate increase that was anticipated to occur in January 2022. Subsequent to the development of the budget there were two additional increases that occurred in November 2021 and May 2022 across all rate classes affecting municipal buildings and affecting the peak time-of-use (TOU) period. The peak TOU period especially impacts the Fire-Rescue, Library, and Parks & Recreation Departments, which do not have operational options to decrease usage during the peak TOU. Several of these sites – specifically libraries and parks – are also cool zones and are unable to decrease A/C usage during expensive high heat events. Additionally, Public Utilities Department water treatment facilities have considerably increased electricity usage due to the shutdown of onsite gas-to-electricity generators which resulted in increased purchases of electricity.

To mitigate the increase, the Sustainability and Mobility Department will continue to monitor expenditures and will work with departments experiencing the largest increases by providing short-term energy system or operational adjustment recommendations. The department is also finalizing a contract for an energy auditing service that will provide guidance on opportunities to change the rate certain facilities are on if it will save the City money on those accounts.

	FY 2023 Fuel Expenditure Projections											
Table 12									in millions			
Fund		opted Idget	Current Budget		Year-End Projection		Variance		Variance %			
General Fund	\$	12.2	\$	12.2	\$	13.9	\$	(1.7)	-14.0%			
Non-General Funds		3.2		3.2		4.6		(1.3)	-41.3%			
Total	\$	15.4	\$	15.4	\$	18.5	\$	(3.0)	-19.7%			

Fuel

The General Services Department – Fleet Division is projecting fuel expenditures to be over budget by \$3.0 million citywide, including \$1.7 million in the General Fund and \$1.3 million in Non-General Funds due to an increase in fuel costs. Since the fuel expenditure nondiscretionary budget was developed, both diesel and unleaded fuel prices have increased an average of \$1.58, or 47%, between October 2021 and September 2022. Overall, fuel consumption is projected to be less than budgeted Citywide by 44,000 gallons; however, the increase in fuel costs have more than offset projected savings. The department will continue to monitor monthly variances and will provide updates in the Mid-Year Report.

	F	Y 2023 I'	Г Ехј	penditure	e Projec	tions

Non-General Funds		34.4		34.4		36.0		(1.5)	-4.5%
Total	\$	75.0	\$	75.0	\$	78.3	\$	(3.3)	-4.4%

Information Technology

The Information Technology non-discretionary budget for Fiscal Year 2023 was developed in November 2021. Toward the end of Fiscal Year 2022, due to supply chain issues, delays in the transition to a new managed service provider and planned assessments that took longer than expected, it was determined that a number of expenditures planned for Fiscal Year 2022 would actually occur in Fiscal Year 2023. The budget for the Department of Information Technology was adjusted, however, due to timing those adjustments were not reflected in the customer departments. As a result, DoIT is currently projecting IT expenditures to exceed non-discretionary budgets by \$3.3 million Citywide, including \$1.7 million in the General Fund and \$1.5 million in Non-General Funds.

As the year continues, the department expects to have a more complete view of any unanticipated costs or savings as result of global supply chain and IT labor market shortages and will provide updated projections for non-discretionary information technology expenditures in the Mid-Year report.

Table 14	H	Y 2023 V	Wateı	Services	s Projec	tion			in millions
Fund		opted Idget		rrent Idget		r-End jection	Vai	riance	Variance %
General Fund Non-General Fund	\$	13.6 15.2	\$	13.6 15.2	\$	13.4 15.9	\$	0.2 (0.7)	1.5% -4.7%
Total	\$	28.9	\$	28.9	\$	29.4	\$	(0.7)	-1.7%

Water Services

The water services non-discretionary budget for Fiscal Year 2023 was developed in November 2021 and assumed water use similar to Fiscal Year 2021 and Fiscal Year 2022 projected year-end water use levels, both of which were impacted during the COVID-19 pandemic. Subsequent to the development of the water services budget, the City Council passed a 3% rate increase effective January 2022 and recently authorized a passthrough rate increase not to exceed 3% to become effective January 2023. The impacts of these rate increases have now been incorporated into the non-discretionary projections for Fiscal Year 2023.

Based on actual expenditures through September in Fiscal Year 2023, incorporating the previously mentioned rate increases and adjusting for changes in usage, the Public Utilities Department is projecting that non-discretionary water charges will end the fiscal year \$500,000 overbudget citywide. This is comprised of estimated savings of \$200,000 within the General Fund, and an overage of \$700,000 in the Non-General Funds. The savings in the General Fund is primarily due to conservation efforts within the Parks and Recreation Department and halting of services for irrigation systems maintenance. The overage in the Non-General Funds is primarily related to a \$1.7 million increase in the Public Utilities Department due to unanticipated meter shutdown at a treatment plant in FY 2021, which caused the Public Utilities 2023 budget to be set too low. This is offset by a projected reduction in water usage in the Environmental Growth Funds resulting in savings of \$1.0 million.

The City's projected water use heavily depends on the amount of rainfall received during the year and the average temperature observed each month. The forecast assumes historical trends will hold, where water use is highest in the summer months in line with higher temperatures and low rainfall with lower use in the winter months. The forecast also assumes that no mandatory drought restrictions are implemented this fiscal year. However, with a push for water conservation the Department assumes water demands are not likely to increase from the previous fiscal year. If restrictions are ultimately issued, the Public Utilities Department will work with City departments on the best methods for adhering to the restrictions.

NON-GENERAL FUND RESERVES

The City's <u>Reserve Policy (Council Policy 100-20)</u> documents the City's approach to establishing and maintaining reserves across City operations. **Table 15: FY 2023 Non-General Fund Reserves** displays which Non-General Fund Reserves are on target, per the reserve policy; those not on target are discussed in more detail. The Department of Finance will continue to work with these departments to monitor non-General Fund reserves levels and will return with a plan for addressing those not on target, as needed.

FY 2023 Non-General Fund Reserves Table 15					
Description	Fund Name	Reserve Type		23 Target evel	Status
Development Services	Development Services Fund	Operating Reserve	\$	10.1	On Target

	Refuse Disposal Fund	Operating Reserve		6.1	On Target
Public Utilities	Sewer Utility Funds	Emergency Operating Reserve		57.4	On Target
		Emergency Capital Reserve		10.0	On Target
		Rate Stabilization Fund Reserve		19.6	On Target
	Water Utility Funds	Emergency Operating Reserve		49.7	On Target
		Emergency Capital Reserve		5.0	On Target
		Rate Stabilization Fund Reserve		15.8	On Target
		Secondary Purchase Reserve		28.7	On Target
Risk Management	Long-Term Disability Fund	Liability Reserve		4.9	Not on Target
	Public Liability Fund	Liability Reserve		38.8	Not on Target
	Workers' Compensation Fund	Liability Reserve		34.2	Not on Target

Long-Term Disability Reserve

The Long-Term Disability (LTD) Fund provides partial income replacement to eligible City employees who are unable to work for a period as a result of a non-industrial injury, illness, or pregnancy. The Reserve Policy requires the City to maintain LTD reserves equal to 100.0% of the LTD actuarial liability, which is based on the last three years (Fiscal Years 2020, 2021, and 2022). The estimated ending fund balance for the LTD Reserve is \$4.3 million, which is approximately \$600,000 under the Fiscal Year 2023 reserve target of \$4.9 million. The LTD reserve target included in the Fiscal Year 2023 Adopted Budget was \$4.7 million but was increased after the receipt of the Fiscal Year 2022 LTD actuarial valuation in October 2022.

Public Liability Reserve

The Public Liability (PL) Reserve is funded entirely by the General Fund to support claims arising from real or alleged acts on the part of the City, including claims for bodily injury, property damage, inverse condemnation, false arrest, and errors and omissions. Per the City's Reserve Policy, the PL reserve goal is equal to 50% of the PL actuarial liability, which is based on the most recent three-year average of actuarial liabilities. For Fiscal Year 2023, the PL Reserve target is \$38.8 million based on the last three years (Fiscal Years 2020, 2021, and 2022). The PL reserve target included in the Fiscal Year 2023 Adopted Budget was \$36.9 million but was increased by \$1.9 million as a result of receiving the Fiscal Year 2022 PL actuarial valuation in

October 2022. The ending fund balance for Fiscal Year 2023 is estimated to be \$33.8 million, and due to the increase to the reserve target, the PL Reserve is projected to be underfunded by \$5.0 million.

Workers' Compensation Reserve

The Workers' Compensation (WC) reserve provides funding for medical and disability costs for injuries and illnesses occurring in the workplace. The Reserve Policy goal is to maintain reserves equal to 12% of the three-year average of outstanding actuarial liabilities. The estimated ending fund balance for the WC Reserve is \$33.6 million, which is approximately \$600,000 under the Fiscal Year 2023 reserve target of \$34.2 million. The WC reserve target included in the Fiscal Year 2023 Adopted Budget was \$33.6 million but was increased after the receipt of the Fiscal Year 2022 WC actuarial valuation in October 2022.

CONCLUSION

The Fiscal Year 2023 First Quarter Budget Monitoring Report is developed using three months of actual activity and is focused primarily on the General Fund major revenues, select programs and initiatives, and reserves. The Department of Finance and City departments will continue to monitor actual revenues and expenditures and will provide more detailed and updated projections in the Mid-Year Report.

Major General Fund revenues are currently trending over budget by \$35.1 million primarily due to increases in Property Tax, Sales Tax and TOT. This significant increase in projected revenue is due to a continued rise in inflation and the pent-up demand for leisure travel from the COVID-19 pandemic. Those increases are offset by a projected reduction of \$4.1 million for Cannabis Business Tax revenue within the Office of the City Treasurer as a result of increased competition by outlets in neighboring municipalities.

General Fund public safety overtime expenditures are projected over budget by \$25.5 million at fiscal year-end. Fire-Rescue accounts for \$15.6 million of the projected overage and is primarily the result of sworn constant staffing backfill, higher than anticipated attrition, reimbursable deployments, and delays in the implementation of a Relief Pool due to lower than anticipated staffing levels. The department anticipates offsetting salary savings in the amount of \$6.0 million and \$260,000 in revenue associated with strike team deployments. Police department overtime is trending over budget by \$9.9 million, due to staffing shortages and the proactive approach the department is taking to address an increase in violent crime. Additionally, sworn Fire-Rescue and Police members received union negotiated salary increases after the budget was approved, which is contributing to the projected increase.

There are potential budgetary savings in Fiscal Year 2023 associated with the unwinding of Proposition B. If the SDCERS Board votes to amortize the \$119.2 million over 20 years there will be approximately \$17.8 million in budgetary savings, of which approximately \$9.2 million is related to the General Fund.

The FY 2023 General Fund ending fund balance in excess of reserves (Excess Equity) is currently projected at \$72.1 million. However, due to the limited focus of the report, this only considers FY 2023 budgeted revenues and expenditures and *does not* consider the projected activity included in this report. It includes the budgeted contributions to the General Fund reserves that remain below target levels. During the FY 2023 Mid-Year Report, the projected activity will be updated to include projections for revenues and expenditures.

The Mayor may recommend any necessary budget adjustments for the City Council's consideration in the Mid-Year and Third Quarter Budget Monitoring Reports, which could include the use of Excess Equity and/or the appropriation of additional revenues, or other funding sources.

ATTACHMENTS

- 1. Reporting Requirements Section 19 of the Appropriation Ordinance
- Fiscal Year 2023 First Quarter Monitoring Vacancy Status Report
 Fiscal Year 2023 Financial Performance Report (Charter 39 Report) Period Ending September 30, 2022

THE CITY OF SAN DIEGO

MEMORANDUM

DATE:	October 14, 2022
TO:	Matthew Vespi, Chief Financial Officer
FROM:	Mara W. Elliott, City Attorney, Office of the City Attorney
SUBJECT:	Reporting Requirements – Section 19 of the Appropriation Ordinance

As required by Section 19 of the Fiscal Year 2023 Appropriation Ordinance (AO), the Chief Financial Officer (CFO) shall report all actions that are taken when authorizing to accept, appropriate, and expend grant funds awarded to the City for the City Attorney's prosecutorial function for the purpose of implementing any such grant.

This memorandum is intended to provide the necessary information to comply with the reporting requirements as outlined in the AO.

Through the First Quarter of the Fiscal Year, the City Attorney's Office has accepted and appropriated:

• \$270,000 Alcohol & Drug Prosecution Program

The City Attorney's Office has expended \$148,754 in various grant funds including:

- Alcohol & Drug Prosecution Program
- CalOES Family Justice Program
- G.R.I.P. Children's Initiative
- Gun Violence Restraining Order Training Program

The Office of the City Attorney is available to answer any questions.

haraw. Illest

Mara W. Elliott City Attorney

Purpose, Scope and Content

Pursuant to Section 39 of the City Charter, this report is intended to serve as a summary of the financial activity of the City of San Diego for Period 3 (as of September 2022).

The report provides a variety of comparative financial metrics including current vs. prior fiscal year actual revenue and expenditure ("Actuals") and current year Actuals vs. the Current Budget. These types of metrics, when analyzed in the aggregate, provide a basis to evaluate the current financial condition of the General Fund and other budgeted funds. Additionally, the intent of this report is to provide operating results as of September 2022, and therefore, does not include forward looking statements or projections.

The information contained in this report should not be relied upon for making investment decisions or be considered a replacement for the City of San Diego's Comprehensive Annual Financial Report. The attached report contains unaudited information and was not prepared in accordance with Generally Accepted Accounting Principles (GAAP) for external financial reporting purposes. For additional information about the City's financial reporting, please visit the internet at:

https://www.sandiego.gov/finance/financialrpts
