Section 1: About Economic Development Funding Programs

Economic Development Funding Programs are intended to support the City of San Diego's Mission, Vision, Strategic Plan and Economic Development Strategy to foster economic prosperity throughout the City by utilizing Transient Occupancy Tax (TOT) and Small Business Enhancement Program (SBEP)-funded citywide efforts and SBEP-funded neighborhood-based efforts.

The City's Fiscal Year (FY) runs from July 1 to June 30. Annually, recommendations are provided to the City Council for the award of TOT and SBEP funding to nonprofit Economic Development Organizations that provide services or benefits to targeted businesses through specific Programs/Projects. These recommendations are developed through a combined competitive process for TOT and SBEP funds.

Economic Development Funding Programs include:

- Small Business Enhancement Program (SBEP) - Microdistricts
- Small Business Enhancement Program (SBEP) - Citywide
- Transient Occupancy Tax (TOT) - Economic Development

TOT funds are derived from a tax levied on individuals who stay overnight in hotels, motels and other lodging establishments. Use of TOT funds is guided by City Council Policy 100-03. A copy of Council Policy 100-03 is available online at [http://docs.sandiego.gov/councilpolicies/cpd_100-03.pdf](http://docs.sandiego.gov/councilpolicies/cpd_100-03.pdf)

For economic development, these TOT funds are to be used to promote the City of San Diego as a visitor destination and advance the City's economy by increasing tourism or attracting industry.

Consistent with the City's Strategic Plan, and Council Policy, funding must be used for significant programs, services or events that:

- Promote the City of San Diego as a visitor destination to enhance the Tourism base sector; or
- Enhance San Diego's economic health and position as a center for innovation, entrepreneurship and technology development for base-sector businesses (Manufacturing and Innovation, International Trade and Logistics, or Defense)

Broadly, SBEP funds are to be used to create, retain and/or expand non-base sector small businesses on a Citywide basis or neighborhood-basis.
Section 2: About Economic Development Funding Program Goals

There are four different and unique Goals within the Economic Development Funding Programs as described below.

Each organization will be allowed to submit only one Proposal through a Request for Proposals (RFP) phase. That Proposal must address one of the four Goals and an associated Objective/Outcome for that Goal (as listed below). The Goal must be aligned with the Organization’s mission. Further, the Proposal submitted under the RFP must be consistent with the intent of the funding sources and the City’s Economic Development Strategy.

- **Goal A**: Create, retain and/or expand small businesses with a neighborhood-based focus, excluding Business Improvement Districts *(This Goal aligns with SBEP Microdistricts program).*

- **Goal B**: Create, retain and/or expand non-base-sector small businesses by offering a program to small businesses Citywide, not focusing on specific commercial neighborhoods with BIDs or Microdistricts *(This Goal aligns with SBEP Citywide program).*

- **Goal C**: Promote the City of San Diego as a visitor destination, enhancing the Tourism base sector.

- **Goal D**: Enhance San Diego's economic standing and reputation as a center for innovation, entrepreneurship and technology development for base-sector businesses (Manufacturing and Innovation, International Trade and Logistics, or Defense).

Within each Goal, there are specific Objectives, one of which must be the stated Objective of a Proposal submitted during the RFP phase and will be the Outcome that is measured.

**Goal A:**

- Increase the number of neighborhood-based businesses OR
- Increase the volume or value of goods and/or services sold by neighborhood-based businesses

**Goal B:**

- Increase the number of non-base sector small businesses OR
- Increase the volume or value of goods and/or services sold by non-base sector small businesses

**Goal C:**

- Increase the number of City of San Diego hotel room night stays OR
- Increase the sales tax value of goods sold by Tourism-related businesses
Goal D:

- Increase the number of base-sector businesses OR
- Increase the volume or value of goods and/or services sold by base-sector businesses OR
- Increase the number of patents held by local businesses OR
- Increase the volume or value of goods and/or services exported by businesses OR
- Increase the number of exporting (overseas or external to San Diego) businesses OR
- Increase the value of Foreign Direct Investment (FDI) in San Diego OR
- Increase the number of middle-income or higher income jobs in businesses assisted
Section 3: Who is Eligible to Apply for Economic Development Funding?

Your Organization is eligible to apply by submitting an RFP response if:

- **CALIFORNIA CORPORATION**: Your Organization is incorporated within the United States and is registered with the California Secretary of State; AND

- **NONPROFIT STATUS**: Your Organization holds tax-exempt nonprofit status under Sections 501(c)(3), 501(c)(6), or 115 of the Internal Revenue Code and can also demonstrate its tax-exempt status under the State of California Revenue and Taxation Code; AND

  *Please note that incorporated nonprofit status is not required for Microdistrict Organizations to apply for in-kind services under Goal A*

- **HISTORY OF OPERATIONS**: Your Organization had any kind of contract with or received funding from the City in the past five years and has a three-year history of operating with its own independent governing board AND

- **SERVICE AREA**: Your Organization’s Program/Project will take place within the limits of the county of San Diego and funds will be used to only benefit City of San Diego businesses; AND

- **MISSION ALIGNMENT**: Your project aligns with the purpose of TOT or SBEP funding in providing a program, services or benefits to City of San Diego businesses as described in Section 1 above to fulfill a Goal and Objective/Outcome as described in Section 2.

Your Organization is **NOT** eligible to apply for Economic Development Funding if:

- **FISCAL SPONSORS**: Fiscal sponsors cannot apply on behalf of a Program/Project producer.

- **GENERAL OPERATING SUPPORT**: Your Organization is seeking funding for general operating support.

- **REGRANTING**: Your Organization’s primary purpose is grantmaking.

- **SPECIAL EVENT**: Your Organization is seeking funding for a festival or event that typically funded through the City of San Diego’s Commission for Arts and Culture.

- **MULTIPLE APPLICATIONS**: Your Organization has applied or will apply for FY2023 funds through another TOT category as defined in Council Policy 100-03.

(Please note that Organizations that also apply for and are awarded funding from another City of San Diego source, such as Community Development Block Grant (CDBG) or Tourism Marketing District (TMD) funding through the San Diego Tourism Marketing District Corp., may have any recommended funding amount developed under this RFP process, reduced or eliminated. A variety of factors, including overall availability of funds, will be considered when evaluating any potential modification of recommended amounts.)
Section 4: How Much Funding is Available?

Overall funding amounts are not known until the City's FY2023 Budget is adopted by the City Council; however, preliminary estimates of total funding will be available with the release of the Proposed Budget in mid-April. Individual recommended amounts are generally available in May. In FY2020, the following total amounts noted below were available to be allocated, however, please note that a prior year budget amount does not guarantee a future budget amount. (Due to Covid-19 related impacts to the City’s budget, funds have not been available since FY2020, and only partial funding is anticipated for FY2023).

- TOT – Economic Development: $500,000
- SBEP – Citywide: $120,000
- SBEP – Microdistricts: $100,000

Here are the minimum and maximum amounts of funding that can be requested by funding source:

- TOT – Economic Development: $20,000 to $45,000
- SBEP – Citywide: $10,000 to $20,000
- SBEP – Microdistricts: $3,000 to $10,000

The City reserves the right to adjust funding to an Organization, for example:

- Funding to a single Organization may be limited so as not to exceed 5 percent of total available funds.
- Funding may be limited as a percentage of Organizational Annual Operating Income.
- Funding may be adjusted so that Organization responses scored similarly receive similar amounts for similar scopes.
- Funding to newly applying Organizations may be limited to 50-75 percent of a computed allocation.
- A single award for an Organization may not be less than the limits stated in these Guidelines.
- Organizations that also apply for and are awarded funding from another City of San Diego source, such as Community Development Block Grant (CDBG) or Tourism Marketing District (TMD) funding through the San Diego Tourism Marketing District Corp., may have any recommended funding amount developed under this RFP process, reduced or eliminated.
- A variety of factors, including overall availability of funds, will be considered when evaluating any potential modification of amounts.
- The City reserves the right to reassign applications from one Goal to another with a comparable Objective/Outcome and adjust for the associated funding limits.

The submission of a response to this RFP does not guarantee funding, even if minimum requirements are met or a minimum score is achieved.
Providing match funding is not a guarantee of an award amount. Information pertaining to any match provided by your Organization will be considered during the RFP phase but is not a condition for applying.
Section 5: How to Apply for Economic Development Funding

The Economic Development Funding process includes typically multiple steps over a number of months. This year, given late indication of funding availability, the RFQ process is being omitted. Remaining steps include mandatory attendance by an Organization staff member at a City RFP workshop followed by the Organization submitting an application to the City with information about their proposed Program/Project.

STEP 1. **ATTENDANCE IS MANDATORY AT THE RFP WORKSHOP**

*Sessions will be held March 22, 2023 3:00-4:00 p.m. and March 24, 2023 from 10:00-11:00 a.m. Both Sessions will be held virtually. The link can be found on this website: [www.sandiego.gov/economic-development-funding](http://www.sandiego.gov/economic-development-funding)*

*RFP Responses may be rejected from Organizations that do NOT attend a workshop.*

STEP 2. Organizations submit a Proposal (request for funding) with detailed information about their proposed Program/Project utilizing the online RFP form. At least one organization representative must attend the scheduled RFP workshop sessions. The RFP form must be completed and submitted by the deadline.

STEP 3. **RFP EVALUATION:** A review panel composed of Economic Development staff evaluates the RFP responses. They assess the degree to which each Proposal aligns with a City Goal for the use of TOT/SBEP funds; the anticipated effectiveness in meeting the selected Goal; and the merits of the Proposal responses. City staff will provide point deductions for each applying Organization based on performance on past or current City agreements (if applicable) and any missing documents or missed responses. The review panel uses a standard scoring system to evaluate each Organization's Proposal and scores are not assigned on a curve but reflect the quality of each Proposal.

STEP 4. **SCORES:** A score will be calculated for each Proposal based on the average of scores from review panel members. Proposals will be considered within each funding source and ranked by score with a priority to first fund the highest scored. Remaining Proposals may be considered dependent on available funding. However, Proposals not receiving the minimum required score will not be considered for funding.

STEP 5. **CALCULATING RECOMMENDED FUNDING AMOUNTS:** The recommended funding amount for each Proposal is calculated by City staff using an algorithm and is dependent on several factors including each Proposal budget, the score given to the Organization's Proposal, the total amount of funds available for distribution per funding source, and the number of Proposals to be funded by priority. As noted above, Organizations recommended to receive Economic Development Funding for the first time may have the award amount reduced to 50-75 percent of the computed allocation. Organizations that also apply for and are awarded funding from another City of San Diego source, such as Community Development Block Grant (CDBG) or Tourism Marketing District (TMD) funding through the San Diego Tourism Marketing District Corp., may have any recommended funding amount developed under this RFP process, reduced or eliminated. Other funding adjustments may be applied as noted.
above. A variety of factors, including overall availability of funds, will be considered when evaluating any potential modification of amounts.

STEP 6. AUTHORIZING FUNDING AMOUNTS: Recommended TOT funding amounts are provided to the City Council. Recommended SBEP funding amounts are provided to the Mayor’s office. However, all funding amounts are not final until authorized by the Mayor and City Council during the City’s annual budget process. Tentative recommended amounts for Organizations have historically been available in May, and final amounts in June/July.

STEP 7. AGREEMENT, SCOPE AND BUDGET: Economic Development Department staff will coordinate with Organizations recommended to receive funding. They will work with Organization staff to confirm or update proposed budgets and scopes, as applicable, to request required documentation for Agreement execution, and to provide a final Agreement for execution.

The Agreement details how City money will be spent via the scope and budget derived from the RFP response, subject to the requirements of the Economic Development Funding Programs.

The Agreement will also include compliance with certain requirements by the Organization (terms and conditions) including but not limited to: Council Policy 100-04 (Americans with Disabilities Act/City Contractors), Equal Opportunity (Non-Discrimination Clause), Equal Benefits Ordinance, Council Policy 100-07 (Drug Free Work Place), Living Wage Ordinance, Prevailing Wage Ordinance, Insurance coverage, quarterly performance and financial reports and final performance and financial reports. Please see the Glossary for more detail as to these terms. The Agreement will be effective from July 1, 2022 through June 30, 2023.

Economic Development staff will also provide deadlines for this Agreement execution process in June along with a Funding Acknowledgment form. Failure to comply with these deadlines may result in forfeiture of funds allocated for FY2023.

Glossary of Terms

General Terms

Agreement
The Economic Development Department of the City of San Diego enters into agreements with Organizations for services, rather than grants. An agreement details which "services" Organizations are going to provide to benefit businesses within the City of San Diego.

Authorized Signer
Dependent on the type and size of the Organization, the designated representative is either the Board President, the Executive Director, Program Administrator or any person who has direct contact with management or administration of the Organization or program and who will be responsible for ALL requirements of the Agreement.

Base and Non-Base Sector Businesses
Businesses in San Diego's economic base sectors are in the following industries:

- Manufacturing & innovation (generally manufacturing, including craft goods, or life science, communications, cleantech, software, internet of things, and other new technologies businesses – may overlap with businesses that fall under “defense sector” in areas such as maritime, aerospace, cybersecurity, and unmanned systems)
- International trade/logistics (generally businesses engaged in exporting or facilitating international trade and cross-border commerce)
- Defense-related (generally prime and sub-contractors within the supply chain that provides goods and/or services to the Department of Defense)
- Tourism base sector (generally lodging businesses and other tourism-oriented businesses that depend primarily on business or leisure visitation from outside the San Diego region to generate revenue).

Businesses in other industries are considered to be in non-base sector businesses.

Additionally, within the City of San Diego, a small business is typically defined as a business with 12 or fewer employees.

Please see the City of San Diego’s Economic Development Strategy for additional information on base sector businesses:

Board of Directors/Governance

The board of a nonprofit organization acts as trustees of the organization's assets and ensures that the nonprofit is well managed and remains fiscally sound. In doing so, the board must exercise oversight of the organization's operations and maintain the legal and ethical accountability of its staff and volunteers. According to nonprofit corporation law, each board
member must meet certain standards of conduct.

These standards are typically described as the following: 1) Duty of Care, 2) Duty of Loyalty and 3) Duty of Obedience.

- **“Duty of Care”:** Board members must exercise ordinary and reasonable care in the performance of their duties, exhibiting honesty, independent judgment, and good faith. Board members must act in a manner which such care, including reasonable inquiry, as an ordinarily reasonable, and prudent person in a like position would use under similar circumstances.

- **“Duty of Loyalty”:** When acting on behalf of the organization, board members must put the interests of the nonprofit before any personal or professional concerns and avoid any potential conflicts of interest. This means the board member can never use information obtained as a member for personal gain (self-dealing), but always act in the best interests of the organization.

- **“Duty of Obedience”:** Board members must ensure that the organization complies with all applicable, federal, state, and local laws and regulations, and it remains committed to its established mission.

As fiduciaries of the organization, the board maintains oversight of the organization's finances. Board members must evaluate financial policies, approve the annual budget, and review periodic reports to ensure that the organization has the necessary resources to carry out its mission and remains accountable to its donors and the public.

**Community**
A unified body of individuals; people with common interests living in a particular area; the physical boundaries of an area; a group of people with a common characteristic or interest living together within a larger society; the society at large.

**Cooperation**
Cooperation is a shorter-term informal relation that exists without any clearly defined mission, structure or planning. Cooperative partners share information only about the subject at hand. Each Organization retains authority and keeps resources separate.

**Coordination**
Coordination is characterized by a more formal relationship and understanding of missions. People involved in a coordination effort focus their longer-term interaction around a specific effort or program. Coordination requires some planning and division of roles and opens communication channels between Organizations.

**Council Policy 100-04 (Americans with Disabilities Act/City Contractors)**
Organization acknowledges and agrees that it is aware of and will comply with Title 24 of the California Code of Regulations (Title 24) and Council Policy 100-04, adopted by Resolution No. 282153 relating to the federally mandated Americans with Disabilities Act (ADA). When a conflict exists between Title 24 and the ADA, the Organization shall comply with the most restrictive requirement (i.e., that which provides the most access). Organizations will be individually
responsible for their own ADA program.

**Council Policy 100-07 (Drug-Free Work Place)**
Organizations shall comply with City's Drug-Free Workplace requirements set forth in Council Policy 100-17.

**Diversity and Inclusion**
Diversity refers to differences in race, gender, ethnicity, age, socioeconomic class, religion, sexual orientation, skills and abilities, and politics among other qualities. A diversity commitment is not to be confused with "quota" systems, equal employment opportunity or affirmative action practices. Instead, it asks Organizations to embrace an ongoing process that values and facilitates the inclusion of people of all backgrounds in all phases of the Organization's growth and development and where the inherent worth and dignity of all people are recognized.

**Equal Opportunity (Non-Discrimination Clause)**
Organizations shall not discriminate on the basis of race, gender, gender identity, religion, national origin, ethnicity, sexual orientation, age or disability. Organizations shall comply with City's Equal Opportunity Contracting Program (EOCP) Requirements. Organizations shall not discriminate against any employee or applicant for employment on any basis prohibited by law. Organizations shall provide equal opportunity in all employment practices. Organizations shall ensure that their subcontractors comply with this program.

**Equal Benefits Ordinance**
Organizations shall comply with the City's Equal Benefits Ordinance (EBO) codified in the San Diego Municipal Code (SDMC), which requires employers to offer the same employment benefits to employees with spouses and employees with domestic partners.

**Equal Pay Ordinance**
Organizations shall comply with the City's Equal Pay Ordinance codified in the San Diego Municipal Code (SDMC), requires employers to comply with the California Equal Pay Act and Fair Pay Act, codified in the California Labor Code section 1197.5. which states in pertinent part:

> An employer shall not pay any of its employees at wage rates less than the rates paid to employees of the opposite sex or of another race or ethnicity for substantially similar work, when viewed as a composite of skill, effort, and responsibility, and performed under similar working conditions, except where the employer demonstrates the wage differential is based upon one or more of the following factors: a seniority system, a merit system, a system that measures earnings by quantity or quality of production, or a bona fide factor other than sex, such as education, training, or experience.

**Financial Accounting Standard Board (FASB)**
The Financial Accounting Standards Board (FASB) establishes standards of financial accounting and reporting for the private sector. These standards govern the preparation of financial reports and are officially recognized as authoritative by the Securities and Exchange Commission (Financial Reporting Release No. 1, Section 101) and the American Institute of Certified Public Accountants (Rule 203, Rules of Conduct, as amended May 1973 and May 1979).
In-kind Contributions
In-kind contributions are the value of goods or services donated to the Applicant in volunteer staff time or by vendors at no cash expense to the applicant. In-kind expenses are not allowed under these guidelines.

Leveraging Funds
Using the City's Economic Development Funding Program as a means of attracting funds or grants from other sources and other types of financial support, such as private contributions, other local, state or federal government or earned income, is strongly recommended and encouraged.

Living Wage Ordinance
Organizations shall comply, and require each of its subcontractors to comply, with the provisions of the City's Living Wage Ordinance, codified in SDMC sections 22.4201 et seq., in performing its obligations and/or duties.

Organizational Support
Funding is restricted to the cost of implementing the Program/Project and associated administrative expenses and is not to be used for general organizational support.

Prevailing Wage Ordinance
Organizations shall comply, and require each of its subcontractors to comply, with the provisions of the City's Prevailing Wage Ordinance, codified in SDMC section 22.3019, in performing its obligations and/or duties.

Reimbursement
Funds are awarded on a cost reimbursable basis. All requests for reimbursement must be accompanied by copies of checks, invoices and bank statements/proof of payment as detailed in the Agreement. It is recommended that funded Organizations submit requests for payments monthly, but no less than quarterly. One-twelfth (1/12) of the total award may be withheld until the Final Performance Report and any other required documents are submitted.

Reports – Financial and Performance
Performance reports will be required quarterly detailing the funded Organization's performance of the Scope of Services, i.e., how Program/Project Objectives were met and measured, as outlined in the Agreement. A Final Report shall detail annual results. Financial reports shall be provided to the City as required per the Agreement.

Note: Deficiencies in reporting, as required per a current Agreement, will be taken into consideration when scoring applications and will negatively impact application scores. Reporting deficiencies that carry over into a new Agreement will result in delayed or canceled payments.

Transient Occupancy Tax
The Transient Occupancy Tax (TOT) is a 10.5 percent City of San Diego tax on hotel/motel rooms and is governed by City Council Policy 100-03.
