INTRODUCTION

This report presents the Mayor's recommended revisions (May Revision) to the Fiscal Year 2024 Proposed Budget. The May Revision is based on the most current financial information and economic assumptions available after the development of the Fiscal Year 2024 Proposed Budget (Proposed Budget), released on April 14, 2023. The May Revision contains recommended changes to the Proposed Budget based on current year revenue and expenditure projections included in the Fiscal Year 2023 Third Quarter Budget Monitoring Report (Third Quarter Report), and adjustments to projects within the Capital Improvements Program (CIP).

The May Revision continues to maintain a balanced budget and provides essential core community services. The May Revision includes an increase of \$24.8 million in major General Fund revenues, primarily from Sales Tax and Transient Occupancy Tax, as well as a \$9.0 million increase associated with the proceeds from the Monsanto settlement now projected to be realized in Fiscal Year 2024 instead of Fiscal Year 2023, as originally projected. While the General Fund budget is balanced in Fiscal Year 2024, one-time resources, such as ARPA and fund balance in excess of reserves (excess equity), continue to support ongoing expenditures. The May Revision aims to address the ongoing deficit for the General Fund with the goal of attaining a structurally balanced budget. It is expected that revenue shortfalls will continue in future fiscal years and will require additional fiscal actions to obtain a structurally balanced budget going forward.

The May Revision for the General Fund increases expenditures by \$25.0 million and 9.00 Full-Time Equivalent (FTE) positions over the Proposed Budget, primarily as a result of impacts related to general salary increases included in the tentative agreements with labor groups and transfers required under provisions of the City Charter. The following information provides a summary of adjustments to the Proposed Budget, including changes to non-General Funds and the CIP. For a list of all the adjustments included in the May Revision please refer to the Attachments included in this report.

SUMMARY OF ADJUSTMENTS

CITYWIDE EXPENDITURES

The May Revision Represents an increase of \$23.0 million in expenditures from the Proposed Budget for a total budget of \$5.14 billion. This increase is primarily driven by: \$48.5 million increase in the Capital Improvements Program; \$25.0 million increase in the General Fund primarily associated with general salary increases, workers' compensation increase, the transfer to the Infrastructure Fund, and the contribution to the General Fund Reserves; \$44.0 million decrease in the Enterprise Funds primarily associated with a decrease in debt service and water purchases in the Water and Sewer Utility Funds offset with general salary increases and position additions in the Development Services Fund; and \$8.2 million decrease in the Special Revenue Funds primarily due to a decrease in the Underground Surcharge Fund associated with lower expenditures associated with SDGE projects offset with an increase in the Transient Occupancy Tax Fund associated with reimbursements to the General Fund for safety and maintenance of visitor-related facilities. **Table 1: May Revision Expenditure Summary by Fund Type** shows the change in budget from the Fiscal Year 2024 Proposed Budget to the May Revision.

Table 1: May Revision Expenditure Summary by Fund Type

| Fund Type | FY 2024 Proposed Budget | FY 2024 May Revision | Change | Percent Change |

CITYWIDE REVENUES

The May Revision represents an increase of \$51.7 million in revenues from the Proposed Budget for a total budget of \$5.02 billion. This increase is primarily due to: \$31.8 million increase in General Fund revenues associated with sales tax, transient occupancy tax, and Monsanto settlement proceeds; \$13.0 million increase in the Special Revenue Funds associated with an increased General Fund contribution to the Infrastructure Fund associated with an increase in sales tax and an increase in the Transient Occupancy Tax Fund as a result of increased transient occupancy tax revenue; and \$7.0 million increase in the Enterprise Funds associated with an increase in anticipated permit fee revenue in the Development Services Fund. Table 2: May Revision Revenue Summary by Fund Type shows the change in budget from the Fiscal Year 2024 Proposed Budget to the May Revision.

| Total | \$ 4,965,852,107 | \$ 5,017,578,598 | \$ 51,726,491 | 1.0% |

GENERAL FUND BUDGET SUMMARY

The May Revision for the General Fund represents an increase of \$31.8 million in revenue and \$25.0 million in expenditures over the Proposed Budget as shown in Table 3: May Revision Summary -General Fund. Approximately 90% of the \$25.0 million total expenditure increase is primarily associated with general salary increases, workers' compensation increase, the transfer to the Infrastructure Fund, and the contribution to the General Fund Reserves. This change in the May Revision brings the City's General Fund closer to a structurally balanced budget by closing the gap between ongoing revenues and ongoing expenditures. The total use of fund balance in excess of reserves (excess equity) is decreasing slightly to \$63.0 million, compared to \$68.6 million in the Proposed Budget, and will support total General Fund expenditures in excess of total revenues as well as the unbudgeted transfer to the General Fund Reserves in the amount of \$8.1 million.

CITYWIDE ADJUSTMENTS

The following sections summarize May Revision adjustments with a citywide impact.

GENERAL FUND REVENUES

As displayed in **Table 4: General Fund Revenue Change**, General Fund revenues reflect a net increase of \$31.8 million over the Proposed Budget. The net increase is primarily attributed to an increase of \$24.8 million in major General Fund revenues, and a \$7.0 million increase in departmental revenue. The following section discusses these changes in further detail.

Table 4: General Fund Revenue Change (in millions)

| General Fund Revenue | FY2024 Proposed Budget | | | FY 2024 May Revision Budget | Change |
|-----------------------------|---------------------------|---------|----|--------------------------------|------------|
| Major General Fund Revenues | \$ | 1,564.6 | \$ | 1,589.4 | \$ 24.8 |
| Departmental Revenue | | 416.8 | | 423.8 | 7.0 |
| General Fund Revenue Total | \$ | 1,981.5 | \$ | 2,013.2 | \$ 31.8 |

Major General Fund Revenues

The Major General Fund revenue budget is \$1,589.4 million, which represents an increase of \$24.8 million from the Fiscal Year 2024 Proposed Budget. All major General Fund revenue projections have been evaluated based on the most recent economic data and information available, including the year-end revenue projections included in the Fiscal Year 2023 Third Quarter Budget Monitoring Report (Third Quarter Report). **Table 5: Major General Fund Revenue Change** displays the components of the \$24.8 million projected increase in major General Fund revenues from the Proposed Budget.

Table 5: Major General Fund Revenue Change (in millions)

| Major General Fund Revenue | FY2024 Proposed FY 2024 May Budget Revision Budget | | Change |
|-----------------------------------|--|------------|----------|
| Property Tax | \$ 756.9 | \$ 756.7 | \$ (0.2) |
| Sales Tax | 392.2 | 401.7 | 9.4 |

| Other Major General Fund Revenues | 87.2 | 97.2 | 10.0 |
| Major General Fund Revenue Total | \$ 1,564.6 | \$ 1,589.4 | \$ 24.8 |

Table 6: Growth Rates for Major General Fund Revenues, displays the Fiscal Year 2024 Proposed Budget growth rates and the May Revision growth rates for the four major General Fund revenues. It is important to note that the growth rates are relative to the most recent projections included in the Third Quarter Report. As a result, the updated base may result in an increased or decreased year-over-year growth rate when compared to the Proposed Budget growth rates. The May Revision assumes the same growth rates as the Proposed Budget.

Table 6: Growth Rates for Major General Fund Revenues

| Major General Fund Revenue | FY 2024 Proposed Growth Rates | FY 2024 May Revision Growth Rates | | |
|-------------------------------|----------------------------------|---|--|--|
| Property Tax | 5.64% | 5.64% | | |
| Sales Tax | 1.50% | 1.50% | | |
| Transient Occupancy Tax | 5.90% | 5.90% | | |
| Franchise Fees (SDG&E /Cable) | 8.05%/-4.63% | 8.05%/-4.63% | | |

The Department of Finance (DoF) will continue to closely monitor economic and financial conditions and will incorporate and report significant changes to the General Fund revenues in the respective quarterly budget monitoring reports. The most significant changes in the May Revision to major General Fund revenues are discussed in further detail in the following sections.

Property Tax

Property tax reflects a net decrease of \$205,000 primarily due to a decrease in residual tax sharing from the Residual Property Transfer Tax Fund (RPTTF) and slightly offset with an increase in the 1.00% property tax base. A decrease of \$510,000 from the Residual Property Transfer Tax Fund (RPTTF) is projected due to revised estimates for the total RPTTF deposits received on April 1, 2023 from the County Auditor and Controller's Office and slight adjustments to the Recognized Obligation Payment Schedule (ROPS) reviewed by the California Department of Finance on April 10, 2023. Partially offsetting the decrease in RPTTF is an increase of \$306,000 in 1.00% Property Tax revenues following receipt of the most recent apportionment report from the County of San Diego.

The 5.64% growth rate included in the Proposed Budget remains unchanged and continues to be supported by real estate market trend activity realized in calendar year 2022. Property tax growth for Fiscal Year 2024 is based on real estate activity through calendar year 2022; this is due to the delay between the time a property's assessed valuation is set by the County Assessor's Office and the time that property tax revenue is received by the City.

Sales Tax

Sales tax reflects an increase of \$9.4 million primarily attributed to adjustments to the fourth quarter base amount as a result of revised assumptions projected in the Third Quarter Report for the respective quarter—the Fiscal Year 2023 third quarter projection serves as the base for the May Revision. As reported in the Third Quarter Report, the projected increase in sales tax receipts is supported by continued low unemployment rates, available disposable income, an ongoing trend of consumers paying for goods and services at record rates and the continued increased cost of goods as a result of elevated inflation. The recent ongoing trend of consumers purchasing goods at record rates reported in the Third Quarter Report is anticipated to slow down in Fiscal Year 2024. Additionally, inflation is anticipated to remain elevated in the first and second quarters of fiscal year 2024, while gradually normalizing by the third and fourth quarters. The 1.5% growth rate remains unchanged from the Fiscal Year 2024 Proposed Budget and assumes the economic slowdown beginning in calendar year 2024 or the second half of Fiscal Year 2024. This assumption is consistent with the City's sales tax consultant's, Avenu Insights and Analytics, recently released quarterly report in April 2023.

As stated in the Proposed Budget, voter-approved Proposition H requires that the City dedicate specific sources of revenue to fund new General Fund infrastructure projects—budgeted in the Infrastructure Fund. The calculation to determine the respective contribution is based on two specific components including funding through the annual growth in sales tax revenue above a 2016 baseline, adjusted by the California Consumer Price Index (CCPI). Based on current sales tax projections, the incremental growth projected in the May Revision for sales tax results in an

increase in the contribution to the Infrastructure Fund of \$9.4 million. In other words, the entire sales tax increase estimated in the May Revision will be contributed to the Infrastructure Fund. The Department of Finance will continue to monitor sales tax receipts and the respective CCPI and will reconcile the contribution to the Infrastructure Fund during the respective year-end close process.

Transient Occupancy Tax

The Fiscal Year 2024 May Revision projects total Transient Occupancy Tax (TOT) at \$329.3 million, which represents a total increase of \$10.0 million—of which \$173.2 million is allocated to the General Fund and represents an increase of \$5.2 million. The increase in TOT is primarily attributed to revised Fiscal Year 2023 growth rates supported by increasing TOT receipts projected in the Third Quarter Report. Relative to the updated Third Quarter projections, the May Revision reflects an overall growth rate of 5.9%. The increase in TOT continues to be supported by assumptions included in the Proposed Budget, including low unemployment levels, available excess savings and disposable income, and sustained pent–up demand for leisure travel as group and international travel progressively return.

Consistent with the Proposed Budget, the \$329.3 million in total TOT will be allocated as guided by the City's Municipal Code, of which 5.5 cents goes to the General Fund and the remaining \$5.0 cents goes to special promotional programs: \$173.2 million, or 5.5 cents, is allocated directly to the General Fund for general government purposes; the remaining \$156.1 million is allocated to Special Promotional Programs, which includes the one-cent Council discretionary allocation to be transferred to the General Fund, and the 4.0 cents allocated to programs that promote the City as a tourist destination, including reimbursements to the General Fund for safety and maintenance of visitor-related facilities.

Franchise Fees

Franchise Fee revenue reflects a net increase of \$375,000 due to increased franchise fees from cable providers based on updated Fiscal Year 2022 receipts. Although the Fiscal Year 2024 May Revision includes a slight increase in 2022 base cable provider collections, the growth rate for cable franchise fee revenue remains unchanged from the Proposed Budget.

The budget for SDG&E, refuse collection and other franchise fees, remain unchanged from the Proposed Budget. The data to-date and assumptions used to develop each of these respective budgets remain consistent with the assumptions included in the Proposed Budget.

Other Major General Fund Revenue

Other Major General Fund Revenue reflects an increase of \$10.0 million from the Proposed Budget primarily attributed to legal proceedings related to the settlement proceeds from the Monsanto Class Action lawsuit. This revenue was anticipated to be received in Fiscal Year 2023 but is now anticipated to be received in Fiscal Year 2024.

General Fund Departmental Revenue

Table 7: General Fund Departmental Revenue Changes summarizes the \$7.0 million increase from the Fiscal Year 2024 Proposed Budget.

Table 7: General Fund Departmental Revenue Changes (in millions)

| General Fund Departmental Revenue Changes | FY2024 Proposed Budget | FY 2024 May Revision Budget | Change |
|---|---------------------------|--------------------------------|--------|
| General Services - Facilities Services | \$ 3.9 | \$ 4.2 | \$ 0.3 |
| Fire-Rescue | 63.2 | 67.7 | 4.5 |
| Parks & Recreation | 48.6 | 50.2 | 1.6 |
| Stormwater | 12.2 | 12.6 | 0.4 |
| All other GF Departments | 289.0 | 289.0 | 0.1 |
| General Fund Departmental Revenue Total | \$ 416.8 | \$ 423.8 | \$ 7.0 |

General Fund Departmental Revenues are projected to increase by \$7.0 million from the Proposed Budget. This increase is primarily associated to the following:

- \$4.5 million increase in the Fire-Rescue Department associated with TOT reimbursements for lifeguard services (\$5.0 million) and a decrease in user fee revenue (\$0.5 million)
- \$1.6 million increase in the Parks and Recreation Department associated with TOT reimbursements for Developed Regional Parks and Open Spaces (technical correction from the Proposed Budget)
- \$447,730 increase in the Stormwater Department associated with TOT reimbursements of expenditures associated with the street sweeping and catch basin cleaning downtown
- \$300,000 increase in the General Services Department in TOT reimbursements associated with the maintenance and security of the Harbor Drive Pedestrian Bridge
- \$50,000 in the City Clerk's Office associated with an increase in the number of daily passport appointments.

SALARY AND ASSOCIATED FRINGE BENEFIT ADJUSTMENTS

The May Revision includes general salary increases for a number of positions represented by the Municipal Employees' Association (MEA), AFSCME Local 127, and Deputy City Attorney Association, as well as Unclassified and Unrepresented positions. This adjustment primarily accounts for the increase of \$21.2 million in personnel costs citywide from the Proposed Budget. Additionally, the May Revision includes increases to Fringe Benefits totaling \$8.9 million from the Proposed Budget Citywide.

The net increase of \$21.2 million from the Proposed Budget for salary adjustments is primarily associated with an additional 5.0% increase projected to take place on January 1, 2024 for non-safety labor personnel. This increase was not anticipated during the development of the Proposed Budget but is included in the tentative agreements with MEA and AFCSME Local 127, and assumed for DCAA and Unclassified and Unrepresented positions. The General Fund change from the Proposed Budget is an increase of \$7.2 million while the non-General Fund change is an increase of \$14.0 million. **Table 8: Salaries and Wages by Fund Type** shows the changes from the Proposed Budget.

Table 8: Salaries and Wages by Fund Type (in millions)

| Salaries and Wages | FY2 | | | | | Change |
|--------------------|-----|---------|----|---------|------------|--------|
| General Fund | \$ | 843.4 | \$ | 850.6 | \$ 7.2 | |
| Non-General Funds | \$ | 376.4 | \$ | 390.4 | \$ 14.0 | |
| Total | \$ | 1,219.8 | \$ | 1,241.0 | \$ 21.2 | |

Fringe Benefit Adjustments are projected to increase by \$8.9 million from the Proposed Budget primarily associated with increases in Workers' Compensation as shown in **Table 9: Fringe Benefits by Fund Type**. These increases are driven by claims trending higher due to increased staffing levels and medical treatment costs rising at a pace that has exceeded initial projections and to fund reserve target levels.

Table 9: Fringe Benefits by Fund Type (in millions)

| Fringe Benefits | FY2 | and the second s | | FY 2024 May Revision Budget | | Change |
|-------------------|-----|--|----|--------------------------------|----|--------|
| General Fund | \$ | 544.2 | \$ | 551.3 | \$ | 7.1 |
| Non-General Funds | \$ | 226.9 | \$ | 228.6 | \$ | 1.8 |
| Total | \$ | 771.0 | \$ | 779.9 | \$ | 8.9 |

NON-DISCRETIONARY EXPENDITURE ADJUSTMENTS

The May Revision reflects a decrease of \$11.6 million from the Proposed Budget associated with non-discretionary expenditures. This decrease is primarily due to a decrease of \$12.3 million in debt service and a \$663,022 increase in fuel expenditures.

The debt service decrease includes \$3.2 million in the General Fund and \$9.1 million in non-General Funds (Sewer and Water Utility Funds). The debt service decrease is associated with more favorable pricing for the 2023 General Fund Lease Revenue Bonds and Water Revenue bonds than originally anticipated. The increase in fuel expenditures is associated with unleaded and renewable diesel fuel as a result of a projected increase in the average cost of fuel from the Projected Budget. This is causing an increase of \$502,436 in the General Fund and a \$160,586 increase in the non-General Funds. **Table 10: Non-Discretionary Changes by Fund Type** provides the breakdown by Fund Type.

Table 10: Non-Discretionary Changes by Fund Type (in millions)

| Non-Discretionary Changes | Change |
|---------------------------|--------------|
| General Fund | \$ (2.6) |
| Non-General Funds | (9.0) |
| Total | \$ (11.6) |

DEPARTMENTAL ADJUSTMENTS

The following sections include department or fund specific operational budget adjustments, excluding adjustments associated to labor tentative agreements and associated fringe benefits, major revenues, and non-discretionary adjustments, which are discussed in the citywide adjustments section above. For a summary of adjustments by department and fund included in the May Revision, please refer to Attachment 1: Fiscal Year 2024 May Revision Operating Adjustments.

GENERAL FUND

Administrative Support

Environmental Services

Billing Solution and Software Integration

Adjustment to reflect the addition of \$500,000 in non-personnel expenditures to support information technology project management for a billing solution and software integration to implement Measure B.

Human Resources

Employee Relations Program

Adjustment to reflect the addition of 6.00 Program Coordinators and the reduction of 3.00 Associate Human Resource Analysts and 3.00 Supervising Human Resource Analysts in the amount of \$260,147. These positions will support Employee Relations activities Citywide as department liaisons. The Department has identified the need to increase the level of responsibility needed for Citywide Human Resources positions to provide a greater level of support for departments.

Real Estate and Airport Management

Lease Management Software

Adjustment to reflect the addition of \$375,000 in one-time non-personnel expenditures to support lease management software solution upgrade. This critical core function is used to manage the City's real estate portfolio in order to properly store legal files and insurance requirements, process billing, collect revenue, renew/terminate/modify leases, conduct site inspections and maintain property and facility records for the City.

Sustainability and Mobility Department

Biannual Independent Performance Audit

Adjustment to reflect the addition of \$150,000 in one-time non-personnel expenditures for the required biannual independent performance audit of SDG&E in compliance with the terms of the gas and electric franchises per Ordinances (0-21327 / 0-21328). This will bring the total Fiscal Year 2024 amount to \$300,000.

City Facilities

General Services – Facilities Services

Harbor Drive Pedestrian Bridge Elevator

Adjustment to reflect the addition of \$300,000 in non-personnel expenditures and associated TOT revenue for the maintenance and security of the elevators on the pedestrian bridge that crosses over East Harbor Drive.

Independent Departments

City Attorney

Network Access at Your Safe Place

Adjustment to reflect the addition of \$155,000 in one-time, non-personnel expenditures for additional network infrastructure with community justice partners of Your Safe Place, a Family Justice Center (YSP). The funding will be used to replace outdated technology and equipment that is crucial to the success of YSP.

City Clerk

Passport Revenue

Adjustment to reflect a revenue increase of \$50,000 associated with passport services due to updated passport appointment schedules which increases the number of daily passport appointments.

Commission on Police Practices

Outside General Council

Adjustment to reflect the addition of \$100,000 in one-time non-personnel expenditures offset with an increase in budgeted personnel expenditure savings associated with legal services needed to retain legal counsel, independent of the City Attorney, for legal support and advice in carrying out the Commissions' duties and actions.

Council Districts

Community Projects, Programs, and Services

Adjustment to reflect the addition of \$857,426 in one-time non-personnel expenditures to support Community Projects, Programs, and Services among all nine Council Districts. This increase is associated to projected savings for City Council District budgets in the Fiscal Year 2023 Third Quarter Budget Monitoring Report.

Personnel

Recruitment Section Expansion

Adjustment to reflect the addition of 1.00 Program Coordinator and associated non-personnel expenditures totaling \$190,017 in the Recruitment Section to manage and coordinate classified recruiting efforts Citywide. Responsibilities include researching, analyzing, and formulating policies to increase recruiting conversion rates, resulting in a reduction in the City's vacancy rates.

Infrastructure

Stormwater

WIFIA Support

Adjustment to reflect the reclassification of Assistant Deputy Director to Deputy Director, addition of 1.00 Biologist 3, 1.00 Senior Civil Engineer, 1.00 Associate Civil Engineer, and total expenditures of \$272,618, and \$345,589 in reimbursable revenue to support the execution of the WIFIA Program. These positions will enable the department to initiate and advance 25 CIP Projects in Fiscal Year 2024 and initiate critical pump station design.

Transient Occupancy Tax Support

Adjustment to reflect and addition of \$102,141 in TOT revenue support for street sweeping and storm drain catch basin cleaning in high tourist areas in downtown.

Transportation

Department Litigation and Claims Support

Adjustment to reflect the addition of 1.00 Program Manager and total expenditures of \$147,902 to work with and assist the Risk Management Department and the City Attorney's Office on claims investigations and litigation. In Fiscal Year 2022, the department received nearly 600 public liability claims, or one-third of the total claims that are received by the City.

Sidewalk Ramping Crew

Adjustment to reflect the addition of 4.00 Utility Worker 1s and total expenditures of \$897,961 to help reduce the number of sidewalk hazards and claims by addressing the increase in sidewalk ramping requests and mitigating sidewalk deficiencies more efficiently. The Department has seen an average increase of approximately 40% in customer generated sidewalk repair requests since the implementation of the Get it Done application.

Neighborhoods Services

Parks and Recreation

Animal Services Contract

Adjustment to reflect the addition of \$365,850 in non-personnel expenditures to support contractual increases, building repairs, and acquisition of vehicles and equipment to support animal services. This adjustment decreases the ongoing budget needed and increases the one-time amount needed in Fiscal Year 2024.

TOT Reimbursement for Open Spaces and Developed Regional Parks

Adjustment to reflect the addition of \$1.6 million in revenue from the Transient Occupancy Tax Fund to support the maintenance of visitor related facilities associated with Open Space and Developed Regional Parks.

Other

Citywide Program Expenditures

Public Use Leases

Adjustment to reflect the reduction of \$136.985 in non-personnel expenditures associated with public use lease at Imperial Marketplace per the terms of the lease agreement.

Transfer to Infrastructure Fund

Adjustment to reflect the addition of \$9.4 million in one-time non-personnel expenditures related to the increased transfer to the Infrastructure Fund per City Charter Section 77.1. Due to an increase in sales tax projections the Infrastructure Fund contribution has increased by \$9.4 million from the Proposed Budget.

Development Services

Tenant Improvements, Relocation and Rent

Adjustment to reflect the addition of \$200,276 in non-personnel expenditures for office tenant improvements, relocation costs, and rent associated with the move to Montgomery Gibbs Executive Airport office building.

Public Utilities

Reservoir Recreation

Adjustment to reflect the addition of \$137,929 in non-personnel expenditures to support recreation staff charges as a result of increased personnel costs.

Public Safety

Fire-Rescue

High-Rise Inspections User Fee

Adjustment to reflect the reduction of \$464,186 in revenue associated with a decrease in the highrise inspections user fee. Effective in Fiscal Year 2023, the high-rise inspections user fee was reduced from \$30.00 to \$18.00 per 1,000 square feet due to operational efficiencies.

TOT Reimbursement

Adjustment to reflect the addition of \$5.0 million in revenue from the Transient Occupancy Tax Fund to support the reimbursement of lifeguard services for public safety at tourist related facilities/locations.

Police

Enhanced Sworn Staff Recruiting Efforts

Adjustment to reflect the addition of \$225,000 in one-time non-personnel expenditures to enhance sworn staff recruitment efforts. This will enhance the Department's partnership with a marketing and branding firm to develop marketing strategies and will allow the Recruiting Unit to attend additional paid job fairs, community events, and hold military only events to keep pace with other law enforcement agencies and increase the diverse pool of applicants.

NON-GENERAL FUNDS

Airports Fund

Business Retail Property Management Agreement

Adjustment to reflect the addition of \$150,000 in non-personnel expenditures to support the management of office buildings and the retail center at Montgomery-Gibbs Executive Airport. This investment will help the City generate increased revenue from filling commercial vacant spaces with quality tenants.

Equipment Upgrade for Customs and Border Patrol Facility at Brown Field

Adjustment to reflect the addition of \$90,000 in one-time non-personnel expenditures to upgrade Customs and Border Patrol information technology equipment.

Climate Equity Fund

Park Facility Lighting

Adjustment to reflect the addition of \$1.6 million in one-time non-personnel expenditures to fund park lighting safety enhancements and energy efficiency improvements at various parks in communities of concern.

Concourse and Parking Garages Operating Fund

San Diego Theater Fire Sprinkler System Replacement

Adjustment to reflect the addition of \$593,000 in one-time non-personnel expenditures to replace the San Diego Theater's fire sprinkler system to comply with fire safety standards. In response to fire inspection reports and findings, the City is required to replace the fire sprinkler system in order to be in compliance with the law and pass the fire inspection of the facility.

Development Services Fund

Permit Processing Support

Adjustment to reflect the addition of 40.00 FTE positions and associated non-personnel expenditures in the amount of \$5.5 million to provide permit processing support to customers. Additionally, these positions will provide greater operational capacity to adhere to permit

processing housing supply goals/shotclock mandates and improve efficiencies surrounding permitted housing supply goals.

As-Needed Plan Check and Inspection Services Contracts

Adjustment to reflect the addition of \$3.0 million in non-personnel expenditures and associated revenue related to an increase in as-needed plan check and inspection services contracts.

Tenant Improvements, Relocation and Rent

Adjustment to reflect the addition of 1.00 Program Coordinator, 1.00 Associate Management Analyst and non-personnel expenditures for total expenditures of \$191,672 to provide administrative support to the Utilities Underground Program.

Water Utility Operating Fund

Water Purchases

Adjustment to reflect the reduction of non-personnel expenditures of \$49.5 million for water purchases due to an increase in locally available water and estimated rate increases from the City's wholesaler.

CAPITAL IMPROVEMENTS PROGRAM

The Capital Improvements Program (CIP) is proposed to increase by \$48.5 million in the May Revision, bringing the total Fiscal Year 2024 budget to \$696.1 million. Additional funding for the Capital Improvements Program includes \$9.4 million for the Climate Equity Fund, \$7.2 million for the Infrastructure Fund, \$25.6 million in DIF/FBA funding, and \$6.2 million in other funding. The following section will summarize some of the significant CIP changes in the May Revision.

Climate Equity Fund

The Proposed Budget includes \$9.2 million in funding for Climate Equity Fund (CEF) eligible projects to be allocated during the May Revision. The Fiscal Year 2023 revenue is expected to be \$1.9 million higher than originally budgeted, due to higher franchise fee revenue and interest earnings. This additional revenue will be allocated as part of the May Revision, for a total CEF allocation of \$11.1 million. Projects eligible for CEF should meet one of the following requirements: have an impact on reducing greenhouse gas emissions; increase green spaces; enhance safety in the public right-of-way; relieve congestion; or achieve other climate equity concerns. Additionally, projects must be located within a disadvantaged community area and meet one of the following: scores between 0 and 60 on the Climate Equity Index, or directly supports residents and businesses within these communities.

In February, 2023, the Mayor issued a memorandum requesting a list of recommended CEF-eligible projects from each Councilmember. After receiving and evaluating City Council recommendations, the CEF funding is proposed to be allocated to the projects noted below, for a total of \$9.5 million in capital improvement projects. The remaining \$1.6 million is included in the operating budget for Park and Recreation Lighting Safety Enhancements and Energy Efficiency. Thus, the grand total of CIP and Operating budget allocations is \$11.1 million.

- Park Improvements (AGF00007) \$650,000
 - o This funding provides park improvements, such as playground upgrades, accessibility improvements, and lighting upgrades to existing parks. The following subproject will be funded:
 - Willie Henderson Lighting Upgrades (B23011)
- Traffic Signals Modification (AIL00005) \$250,000
 - This funding provides for upgrading existing traffic signals as necessary to improve traffic flow and promote safety. Improvements may include conversion from postmounted to mast-arm-mounted indicators, addition of accessible pedestrian signals, and additional phases to accommodate separate turning moves. The following subproject will be funded:
 - Mid-City & Eastern Area Signal Modifications (B17128)
- Boston Ave Linear Park General Development Plan (GDP) (P22005) \$1,500,000
 - o This funding will be used to support land acquisition and GDP scoping.
- Federal Blvd. Sidewalk Improv& SW Upgrade (RD24000) \$1,000,000
 - o This funding will be used to support project design and construction of sidewalk improvements and stormwater upgrades. The project will be delivered through a reimbursement agreement.
- Hickman Fields Athletic Area (S00751) \$550,000
 - This funding will be used to support project construction.
- Chollas Creek Oak Park Trail (S20012) \$2,100,000
 - o This funding will be used to support project design and construction.
- John Baca Park (S22004) \$1,400,000
 - o This funding will be used to support project design.
- Cypress Dr Cultural Corridor (S23011) \$2,000,000
 - o This funding will be used to support project construction, which includes roadway widening and drainage improvements.

General Fund

The City's General Fund supports core community services, such as public safety, parks, libraries, refuse collection, and roadway maintenance. The largest funding sources for the General Fund are taxes, such as property, sales and transient occupancy taxes, and franchise fees. Because the General Fund is the primary funding source for basic City services and those funds are limited, General Fund monies are typically used for the most urgent and critical capital projects that do not have other available funding sources. The May Revision includes \$50,000 in funding for the project below.

- City Facilities Improvements (ABT00001) \$50,000
 - o This funding provides for capital improvements at City Facilities including improvements to roofs, heating, ventilation, air-conditioning, elevator replacements, adjacent parking lots, and facility expansions. The following subproject will be funded:
 - Chollas Yard Security Improvements (New)

Infrastructure Fund

The Infrastructure Fund was established in 2016 by the City Charter to be a dedicated source of revenue to fund General Fund infrastructure efforts. These funds are to be used exclusively for the acquisition of real property, construction, reconstruction, rehabilitation, repair and maintenance of infrastructure, including the associated financing and personnel costs. The amount of revenue received by the fund is determined based on a formula that accounts for growth in major General Fund revenues and reductions in pension costs. Revised revenue projections for Sales Tax resulted in an additional \$9.4 million available in the Infrastructure Fund. The May Revision for the Infrastructure Fund will allocate an additional \$7.2 million in CIP allocations. The remaining \$2.3 million is included in the operating budget for streetlight repairs.

- City Facilities Improvements (ABT00001) \$974,981
 - This funding provides for capital improvements at City Facilities including improvements to roofs, heating, ventilation, air-conditioning, elevator replacements, adjacent parking lots, and facility expansions. The following subprojects will be funded or reduced:
 - NTC Site Improvements (New) \$1,050,000
 - City Heights Performance Annex Improvements (New) (\$655,319)
 - Central VMF Building Federal Blvd Roof Replacement (New) \$190,000
 - Rose Canyon Offices Roof Replacement (New) \$190,000
 - Urban Village Idea Lab HVAC Repl (B23105) \$200,300
- Flood Resilience Infrastructure (ACA00001) \$2,549,084
 - This funding will provide for reconstruction and replacement of failed or undersized drainage facilities. The following subprojects will be funded:
 - 4502 Rhode Island Street Emergency (New) \$850,000
 - 5995 Eldergarden Street Emergency (New) \$850,000
 - 8803 Gilman Dr Emergency (New) \$849,084
- Park Improvements (AGF00007) (\$2,580,300)
 - This funding provides park improvements, such as playground upgrades, accessibility improvements, and lighting upgrades to existing parks. The following subproject will be reduced, due to receiving additional grant funding:
 - San Ysidro Activity Center Parking Lot and ADA Improv (B20097)
- **Bicvcle Facilities (AIA00001)** \$692,000
 - o This funding will provide for the installation of bike facilities that are capital in nature. The following subprojects will be funded:
 - Hillcrest Improv 4 (S) (New) \$642,000
 - Valencia Park Improv 2 (BL) (New) \$50,000
- Guard Rails (AIE00002) \$50,000

- This funding will provide for the installation of new or replacing old guard rails along streets where needed. The following subproject will be funded:
 - Crown Point Guardrail (B18225)
- Street Light Circuit Upgrades (AIH00002) \$555,000
 - This funding will provide for the replacement of obsolete streetlight series circuits. The following subproject will be funded:
 - Pacific Beach 1 SL Series Circuit Conv (B16119)
- Sidewalk Repair and Reconstruction (AIK00003) \$2,000,000
 - o This funding will provide for the replacement of damaged sidewalks, curbs, and gutters, as well as the installation of curb ramps and accessibility improvements for existing sidewalks. The following subprojects will be funded:
 - Sidewalk Replacement Group 1902-CM (B19013) \$1,000,000
 - Sidewalk Replacement Group 1903-SE & CH (B19014) \$1,000,000
- Traffic Calming (AIL00001) \$270,000
 - o This funding will provide for the installation rectangular rapid flashing beacons or geometric design features like road humps or traffic islands. The following subprojects will be funded:
 - Flashing Beacons Citywide (NSG) (New) \$200,000
 - RRFB 2401 (SG) (New) \$70,000
- Streamview Drive Improvements Phase 2 (S18000) \$2,000,000
 - This funding will be used to support project design and construction.
- City Heights Library Performance Annex Imp (S23013) \$655,319
 - o This funding will support project design and construction.

For a list of all CIP Projects funded in the May Revision, please refer to **Attachment 3 – Fiscal Year 2024 CIP May Revision Adjustments**.

CONCLUSION

The Fiscal Year 2024 May Revision is based on the most current financial information and economic assumptions available after the development of the Fiscal Year 2024 Proposed Budget (Proposed Budget) and includes updates from the Fiscal Year 2023 Third Quarter Budget Monitoring Report. The May Revision proposes an increase of \$25.0 million in expenditures, or a 1.2% increase, from the Proposed Budget in the General Fund which is primarily due to general salary increases, fringe benefits, and contributions to the Infrastructure Fund and General Fund Reserves. Additionally, the May Revision includes a \$1.9 million decrease in the Non-General Funds primarily due to decreases in water purchases and the Utilities Undergrounding Program which are mostly offset with an increase in the Capital Improvements Program.
