Environmental Services

The Environmental Services Department (ESD) ensures City residents are provided with a clean and safe environment. The Department pursues waste management strategies that emphasize waste reduction and recycling, and environmentally sound landfill management.

2022 CIP Accomplishments

The Department continues to dedicate capital improvement resources towards its mission of providing reliable solid waste management, resource conservation, and environmental protection to preserve public health and ensure sustainable communities. The following are ESD's accomplishments for Fiscal Year 2022:

- Completed procurement and began replacement of one in-place scale at the entrance to the Miramar Landfill (B21000)
- Completed procurement and installation of modular restroom and locker buildings at the Miramar Landfill (L17000.6)
- Completed design and bidding for construction of the third of three planned projects to improve storm water quality at the Miramar Landfill (L18002.3)
- Completed and solicited RFP to relocate and provide improvements to the Miramar Greenery (L17000.2)

2023 CIP Goals

The Department will continue to promote sustainability and public health through its effective delivery of capital improvement projects. The following are ESD's goals for Fiscal Year 2023:

- Award design-build contract to relocate and provide improvements to the Miramar Greenery (L17000.2)
- Advertise ITB and award contract for procurement of modular office buildings at the Miramar landfill (L17000.7)
- Complete construction of the third of three planned projects to improve stormwater quality at the Miramar Landfill (L18002.3)
- Complete design for the expansion of Compressed Natural Gas (CNG) Fueling Station Facility at the ESD Collections Yard for fueling additional trucks to support SB 1383 organic collection (B22041)
- Initiate facility improvements to the ESD Collections Yard Repair Shop necessary to accommodate additional trucks to support SB 1383 organic collection (NEW)
- Solicit RFP for upgrades to the Landfill Gas (LFG) collection system at the South Chollas Landfill (B22031)
- Solicit RFP for upgrades to the LFG collection system at the Arizona Street Landfill (B22030)
- Solicit RFP for LFG collection system improvements at the South Miramar Landfill (B22079)
- Begin design for a landfill gas wellfield improvements project for the West Miramar Landfill (NEW)
- Initiate planning and design for landfill gas flare facility improvements at Miramar Landfill (NEW)
- Initiate design for a basin expansion project at West Miramar Landfill (B23000)

Landfill Improvements / AFA00001

Landfills

Council District:	Citywide	Priority Score:	Annual
Community Planning:	Citywide	Priority Category:	Annual
Project Status:	Continuing	Contact Information:	Campos, Luis
Duration:	2010 - 2040		858-492-5035
Improvement Type:	New		lcampos@sanidiego.gov

Description: This annual allocation provides for improvements to existing sanitary landfills to comply with operating permits and regulatory requirements. Such improvements may include fencing, access roads, drains, small structures, and environmental protection projects. This project also provides for improvements to existing landfill gas systems, including gas migration and groundwater monitoring networks at all landfills managed by the City. Improvements include upgrades to existing or additional facilities as deemed necessary by SB1383, as well as engineering reports and/or design plans and specifications necessary to mitigate landfill gas and groundwater issues or to modify monitoring programs.

Justification: This project provides the flexibility for timely initiation of improvements and construction needed to meet operational and solid waste regulatory mandates such as drainage, grading, landfill gas collection, and groundwater monitoring programs.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with applicable community plans and is in conformance with the City's General Plan.

Schedule: Projects are scheduled on a priority basis to meet regulatory requirements.

Summary of Project Changes: Total project cost has increased due to updates to the cost and schedule of subprojects.

Miramar Landfill Facility Improvements / L17000

Landfills

Council District:	Non-City	Priority Score:	77
Community Planning:	Non-City	Priority Category:	Medium
Project Status:	Continuing	Contact Information:	Fergusson, Craig
Duration:	2017 - 2025		858-627-3311
Improvement Type:	New		cfergusson@sandiego.gov

Description: This project provides for the construction of infrastructure improvements at the Miramar Landfill. Phase I will provide for the development of a Resource Recovery Facility (RRF) to increase waste diversion from self-haul customers. Phase II will provide for the construction of the Organic Processing Facility project as required to comply with conditions of a State-mandated Waste Discharge Requirement for Composting Operations. Phase III will provide for surface improvements to haul roads. Phase IV will provide for the acquisition of landfill gas collection and processing infrastructure currently in place as part of a transfer of gas rights. Phase V will provide for a backup power system for landfill gas collection and processing infrastructure. Phase VI will provide for the replacement of modular restroom and locker trailers that have exceeded their service life. Phase VII will provide for replacement of modular office trailers that have exceeded their service life.

Justification: The Environmental Services Department (ESD) is responsible for managing operations, maintenance and compliance of the West Miramar Landfill. This CIP will allow for the most efficient execution of future facility improvement projects and helps to implement the City's Climate Action Plan.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: Phase I was abandoned and closed in Fiscal Year 2021. Phase II planning began in Fiscal Year 2021, with design-build anticipated to begin in Fiscal Year 2023 and construction completed in Fiscal Year 2025. Phase III design was completed in Fiscal Year 2018, construction began in Fiscal Year 2019 and was completed in Fiscal Year 2020. Phase IV was completed in Fiscal Year 2019. Phase V was discontinued in Fiscal Year 2020. Phase VI procurement began in Fiscal Year 2020 with installations and phase closeout completed in Fiscal Year 2022. Phase VII procurement will begin in Fiscal Year 2023 with installations to be completed in Fiscal Year 2024.

Summary of Project Changes: Total project cost increased by \$52.1 million for the design/build of the Phase II Organics Processing Facility and procurement and installation for Phase VII. \$8.0 million in Refuse Disposal CIP funds was added in Fiscal Year 2022 via City Council resolution. The project schedule has been updated for Fiscal Year 2023.

Miramar Landfill Storm Water Improvements / L18002

Landfills

Council District:	Non-City	Priority Score:	88
Community Planning:	Non-City	Priority Category:	High
Project Status:	Continuing	Contact Information:	Fergusson, Craig
Duration:	2018 - 2025		858-627-3311
Improvement Type:	New		cfergusson@sandiego.gov

Description: The project provides for the construction of stormwater infrastructure improvements at the Miramar Landfill to maintain regulatory compliance with the Storm Water Industrial General Permit. The project will be implemented in three phases: Phase I includes paving of haul roads, drainage improvements in the Greenery, stabilization of roadway shoulders and drainage channels, and hydroseeding of inactive fill areas; Phase II includes stabilization and/or hydroseeding of secondary roads, sediment traps, storm drain improvements, and basin expansion; Phase III includes improvements to existing basins and development of new basins where feasible.

Justification: The stormwater basins and associated Best Management Practice (BMP) engineered structures at the Miramar Landfill must be properly designed and constructed to ensure compliance with National Pollutant Discharge Elimination System (NPDES) requirements and to avoid regulatory violations.

Operating Budget Impact: None

Relationship to General and Community Plans: This project is located on federal property and there is no community planning area. This project is in conformance with the City's General Plan.

Schedule: This project will be implemented in three phases. Construction of Phases I and II was completed in Fiscal Year 2020. Design of Phase III was initiated in Fiscal Year 2020 with construction expected to be completed in Fiscal Year 2023.

Summary of Project Changes: Total project cost was decreased by \$8.0 million due to prior year overfunding. \$8.0 million in Refuse Disposal CIP funding was removed from this project in Fiscal Year 2022 via City Council resolution. The project schedule has been updated for Fiscal Year 2023.
