Residential Graywater System Rebate Application

- In order to participate in the rebate program and **PRIOR TO COMPLETING THIS APPLICATION**, customers **MUST FIRST** review the [Graywater System Rebate Fact Sheet](#). If applying for a permitted system please ensure all permit paperwork is complete before applying for a rebate.
- **Rebates are available for single-family properties within the City of San Diego Public Utilities Department service area. Multi-family properties may be included at a future date.**
- Renters may be eligible for rebates with written consent of property owner. Renter's name must be on water bill.
- Original **paid** invoice and/or receipts must include transaction date(s), name and telephone number of the service provider or vendor, and payment method. To determine paid invoice/receipt authenticity, the City may request additional payment method documentation such as copies of canceled checks and/or credit card records. The City may also contact the landscaper/contractor directly to verify project costs and payment methods used. Receipts must display separately: labor costs (if any); materials cost (excluding tools); and taxes, fees and tariffs. Labor and installation costs are not eligible for a rebate.
- Rebate checks will be sent in the US mail to the customer of record within 12 weeks after application process is deemed complete.
- The City of San Diego is not responsible for any taxes, fees, or tariffs that may be imposed as a result of rebate-related purchases or work performed. You may receive a Form 1099 from the City for the rebate you receive. Please consult with a tax advisor for questions regarding potential tax implications of your graywater system rebate.

Funding for rebate program is limited and available on a first-come, first served basis. Program requirements are subject to change without prior notification.

APPLICANT & SITE INFORMATION

See the Fact Sheet for specific instruction on how to submit a rebate application. E-mail application, paid invoice/sales receipts, photos and permits (if required) to: waterconservationrebates@sandiego.gov with the subject line of "Graywater System". Average laundry loads per week _____

Washer's interior cubic feet capacity (found online or in manufacturer's specification table) _____

Itemized receipts and/or invoices included with application

Is your washer High-Efficiency/ENERGY STAR Certified (see manufacturer's specification) Yes/No? _____

Applicant Agreement

I, the undersigned, understand that this is a limited first-come, first served program, that rebates are given only for projects which have applications that are approved, and that the City of San Diego Public Utilities Department (Public Utilities) can deny any application that does not meet program requirements (which may change without notification). I have voluntarily determined to participate in the City of San Diego's Graywater Systems Rebate Program and understand that no rebate will exceed the cost of the items purchased or exceed the stated maximum total dollar amount per customer rebate. I understand that my Public Utilities account must be in good standing to receive a rebate check. I agree that all work performed will comply with applicable State and local laws, ordinances, and regulations. If this application is approved, I agree that Public Utilities Water Conservation staff may conduct a post-installation site visit at my property, and verify that the project has been completed according to program requirements.

I understand that proper installation of the graywater system is my responsibility, as is determination of the adequacy and compatibility of the drainage, adjacent landscape and surrounding area. I understand that with a post-installation visit, Public Utilities makes no determination with respect to choice, quality or suitability of workmanship, materials or equipment. I acknowledge that installation of a graywater system may not result in lower water bills, and that rebates do not apply to sales tax charges, tools purchased or participant labor.

I understand that the project site shall be available for future monitoring (up to three years) by Public Utilities. Photos of the project site may be taken by Public Utilities staff to illustrate the use of the graywater system. Addresses to project sites participating in the rebate program will be available to the public. Customer names will not be made public nor associated with the site addresses. I understand that Public Utilities is not responsible for items lost or destroyed in the mail/transit or email. Please consult with a tax advisor for questions regarding potential tax implications of your graywater system rebate. You may receive a Form 1099 from the City for the rebate you receive.

If this application is approved by Public Utilities, I agree to defend, indemnify, and hold harmless Public Utilities, its agents, officers and employees against any and all loss, liability, expense, claims, suits and damages, including attorney's fees, arising out of or resulting from the Program and/or installation of a graywater system. I have read, understand, and agree to the terms and conditions of this application and the rebate for which I am applying.

IMPORTANT: I verify that the above answers are complete and correct, and that I agree to abide by all terms and rules of this agreement.
