

GROMMET DROP-OFF/PICK-UP

SANTA CLARA PICK-UP/DROP-OFF AND TRAFFIC FLOW PROCEDURES The green lines and arrows reflect the designed traffic flow for Santa Clara Point. The red circle reflects the control area where the GROMMETS will wait with their instructor until their parent/guardian picks them up at the end of the day. The yellow line reflects the pick-up/drop-off lane. Where this line spits there will be placed a sign that states: "Thru Traffic to the Left / Pick-Ups and Drop-Offs Right." A line of orange cones will be placed daily to define the thru traffic and drop-off / pick-up lanes.

● Drop-Off / Pick-Up Area for JG's.	● Orange Cones to define Pick-Up/Drop Off and thru traffic lanes.	● Sign for Pick-Up/Drop-Off (yellow) and thru traffic (green) lanes.
-------------------------------------	-------------------------------------------------------------------	----------------------------------------------------------------------

SOUTH MISSION BEACH DAYS Grommets will be dropped-off and picked-up in the grass area directly behind the main lifeguard tower.
