**AGREEMENT BETWEEN  
THE CITY OF SAN DIEGO  
AND PARSONS TRANSPORTATION GROUP  
FOR DESIGN PROFESSIONAL SERVICES**

THIS Agreement is made and entered into between the City of San Diego, a municipal corporation [City], and PARSONS TRANSPORTATION GROUP [Design Professional] for the Design Professional to provide Professional Services to the City for the Design of PLWTP Scum Injection Concentrators Improvements [Project].

**RECITALS**

The City wants to retain the services of a professional civil engineering firm to provide civil engineering services [Professional Services].

The Design Professional represents that it has the expertise, experience and personnel necessary to provide the Professional Services for the Project.

The City and the Design Professional [Parties] want to enter into an Agreement whereby the City will retain the Design Professional to provide, and the Design Professional shall provide, the Professional Services for the Project [Agreement].

In consideration of the above recitals and the mutual covenants and conditions set forth, herein, and for good and valuable consideration, the sufficiency of which are hereby acknowledged, the Parties hereby set forth their mutual covenants and understandings as follows:

**ARTICLE I  
DESIGN PROFESSIONAL SERVICES**

The above-listed recitals are true and correct and are hereby incorporated by reference.

**1.1 Scope of Services.** The Design Professional shall perform the Professional Services as set forth in the written Scope of Services [Exhibit A] at the direction of the City.

**1.2 Contract Administrator.** The Engineering & Capital Projects is the contract administrator for this Agreement. The Design Professional shall provide the Professional Services under the direction of a designated representative of the Engineering & Capital Projects. The City's designated representative will communicate with the Design Professional on all matters related to the administration of this Agreement and the Design Professional's performance of the Professional Services rendered hereunder. When this Agreement refers to communications to or with the City, those communications will be with the designated representative, unless the designated representative or the Agreement specifies otherwise. However, when this Agreement refers to an act or approval to be performed by the City, that act or approval shall be performed by the Mayor or his designee, unless the Agreement specifies otherwise.

**1.3 City Modification of Scope of Services.** The City may, without invalidating this Agreement, order changes in the Scope of Services by altering, adding to or deducting from

the Professional Services to be performed. All such changes shall be in writing and shall be performed in accordance with the provisions of this Agreement. If any such changes cause an increase or decrease in the Design Professional's cost of, or the time required for, the performance of any of the Professional Services, the Design Professional shall immediately notify the City. If the City deems it appropriate, an equitable adjustment to the Design Professional's compensation or time for performance may be made, provided that any adjustment must be approved by both Parties in writing in accordance with Section 9.1 of this Agreement.

**1.4 Written Authorization.** Prior to performing any Professional Services in connection with the Project, the Design Professional shall obtain from the City a written authorization to proceed. Further, throughout the term of this Agreement, the Design Professional shall immediately advise the City in writing of any anticipated change in the Scope of Services [Exhibit A], Compensation and Fee Schedule [Exhibit B], or Time Schedule [Exhibit C], and shall obtain the City's written consent to the change prior to making any changes. In no event shall the City's consent be construed to relieve the Design Professional from its duty to render all Professional Services in accordance with applicable laws and accepted industry standards.

**1.5 Confidentiality of Services.** All Professional Services performed by the Design Professional, including but not limited to all drafts, data, correspondence, proposals, reports, and estimates compiled or composed by the Design Professional, pursuant to this Agreement, are for the sole use of the City, its agents and employees. Neither the documents nor their contents shall be released to any third party without the prior written consent of the City. This provision does not apply to information that (a) was publicly known, or otherwise known to the Design Professional, at the time that it was disclosed to the Design Professional by the City, (b) subsequently becomes publicly known through no act or omission of the Design Professional, or (c) otherwise becomes known to the Design Professional other than through disclosure by the City. Except for Subcontractors covered by Section 4.4, neither the documents nor their contents shall be released to any third party without the prior written consent of the City.

**1.6 Competitive Bidding.** The Design Professional shall ensure that any plans and specifications prepared, required, or recommended under this Agreement allow for competitive bidding. The Design Professional shall design such plans or specifications so that procurement of services, labor or materials are not available from only one source, and shall not design plans and specifications around a single or specific product, piece of major equipment or machinery, a specific patented design, or a proprietary process, unless required by principles of sound engineering practice and supported by a written justification that has been approved in writing by the City. The Design Professional shall submit this written justification to the City prior to beginning work on such plans or specifications. Whenever the Design Professional recommends a specific product or equipment for competitive procurement, such recommendation shall include at least two brand names of products that are capable of meeting the functional requirements applicable to the Project.

## **ARTICLE II DURATION OF AGREEMENT**

**2.1 Term of Agreement.** This Agreement shall be effective on the date it is executed by the last Party to sign the Agreement, and approved by the City Attorney in accordance with San Diego Charter Section 40. Unless otherwise terminated, this Agreement shall be effective until completion of the Scope of Services or forty (40) months from the

effective date, whichever is the earliest. Any extension beyond sixty (60) months will require City Council approval via Ordinance.

**2.2 Time of Essence.** Time is of the essence for each provision of this Agreement, unless otherwise specified in this Agreement. The time for performance of the Scope of Services [Exhibit A] is set forth in the Time Schedule [Exhibit C].

**2.3 Notification of Delay.** The Design Professional shall immediately notify the City in writing if the Design Professional experiences or anticipates experiencing a delay in performing the Professional Services within the time frames set forth in the Time Schedule [Exhibit C]. The written notice shall include an explanation of the cause for, and a reasonable estimate of the length of the delay. If in the opinion of the City, the delay affects a material part of the Project, the City may exercise its rights under Sections 2.5-2.7 of this Agreement.

**2.4 Delay.** If delays in the performance of the Professional Services are caused by unforeseen events beyond the control of the Parties, such delay may entitle the Design Professional to a reasonable extension of time, but such delay shall not entitle the Design Professional to damages or additional compensation. Any such extension of time must be approved in writing by the City. The following conditions may constitute such a delay: war; changes in law or government regulation; labor disputes; strikes; fires, floods, adverse weather or other similar condition of the elements necessitating cessation of the Design Professional's work; inability to obtain materials, equipment, or labor; required additional Professional Services; or other specific reasons agreed to between the City and the Design Professional; provided, however, that: (a) this provision shall not apply to, and the Design Professional shall not be entitled to an extension of time for, a delay caused by the acts or omissions of the Design Professional; and (b) a delay caused by the inability to obtain materials, equipment, or labor shall not entitle the Design Professional to an extension of time unless the Design Professional furnishes the City, in a timely manner, documentary proof satisfactory to City of the Design Professional's inability to obtain materials, equipment, or labor.

**2.5 City's Right to Suspend for Convenience.** The City may, at its sole option and for its convenience, suspend all or any portion of the Design Professional's performance of the Professional Services, for a reasonable period of time not to exceed six months. In accordance with the provisions of this Agreement, the City will give written notice to the Design Professional of such suspension. In the event of such a suspension, in accordance with the provisions of Article III of this Agreement, the City shall pay to the Design Professional a sum equivalent to the reasonable value of the Professional Services the Design Professional has satisfactorily performed up to the date of suspension. Thereafter, the City may rescind such suspension by giving written notice of rescission to the Design Professional. The City may then require the Design Professional to resume performance of the Professional Services in compliance with the terms and conditions of this Agreement; provided, however, that the Design Professional shall be entitled to an extension of time equal to the length of the suspension, unless otherwise agreed to in writing by the Parties.

**2.6 City's Right to Terminate for Convenience.** The City may, at its sole option and for its convenience, terminate all or any portion of the Professional Services agreed to pursuant to this Agreement by giving written notice of such termination to the Design Professional. Such notice shall be delivered by certified mail with return receipt for delivery to the City. The termination of the Professional Services shall be effective upon receipt of the notice by the Design Professional. After termination of this Agreement, the Design Professional shall complete any and all additional work necessary for the orderly filing of documents and closing of the Design Professional's Professional Services under this

Agreement. For services satisfactorily rendered in completing the work, the Design Professional shall be entitled to fair and reasonable compensation for the Professional Services performed by the Design Professional before the effective date of termination. After filing of documents and completion of performance, the Design Professional shall deliver to the City all drawings, plans, calculations, specifications and other documents or records related to both the Project and to the Design Professional's Professional Services on the Project. By accepting payment for completion, filing and delivering documents as called for in this paragraph, the Design Professional discharges the City of all of the City's payment obligations and liabilities under this Agreement.

**2.7 City's Right to Terminate for Default.** If the Design Professional fails to satisfactorily perform any obligation required by this Agreement, the Design Professional's failure constitutes a Default. A Default includes the Design Professional's failure to adhere to the Time Schedule. If the Design Professional fails to satisfactorily cure a Default within ten calendar days of receiving written notice from the City specifying the nature of the Default, the City may immediately cancel and/or terminate this Agreement, and terminate each and every right of the Design Professional, and any person claiming any rights by or through the Design Professional under this Agreement. The rights and remedies of the City enumerated in this Section are cumulative and shall not limit, waive, or deny any of the City's rights under any other provision of this Agreement. Nor does this Section otherwise waive or deny any right or remedy, at law or in equity, existing as of the date of this Agreement or hereinafter enacted or established, that may be available to the City against the Design Professional.

### **ARTICLE III COMPENSATION**

**3.1 Amount of Compensation.** The City shall pay the Design Professional for performance of all Professional Services rendered in accordance with this Agreement, including reasonably related expenses, a total contract amount not exceeding \$603,154.14. The compensation for the Scope of Services shall not exceed \$578,872.46, and the compensation for Additional Services (described in Section 3.2), if any, shall not exceed \$24,281.68.

**3.2 Additional Services.** The City may require that the Design Professional perform additional Professional Services [Additional Services] beyond those described in the Scope of Services [Exhibit A]. Prior to the Design Professional's performance of Additional Services, the City and the Design Professional must agree in writing upon a fee for the Additional Services, including reasonably related expenses, in accordance with the Compensation and Fee Schedule [Exhibit B]. The City will pay the Design Professional for the performance of Additional Services in accordance with Section 3.3.

**3.3 Manner of Payment.** The City shall pay the Design Professional in accordance with the Compensation and Fee Schedule [Exhibit B]. For the duration of this Agreement, the Design Professional shall not be entitled to fees, including fees for expenses, that exceed the amounts specified in the Compensation and Fee Schedule. The Design Professional shall submit one invoice per calendar month in a form acceptable to the City in accordance with the Compensation and Fee Schedule. The Design Professional shall include with each invoice a description of completed Professional Services, reasonably related expenses, if any, and all other information, including but not limited to: the progress percentage of the Scope of Services and/or deliverables completed prior to the invoice date, as required by the City. The City will pay undisputed portions of invoices within thirty calendar days of receipt.

**3.4 Additional Costs.** Additional Costs are those costs that can be reasonably determined to be related to the Design Professional's errors or omissions, and may include Design Professional, City, or Subcontractor overhead, construction, materials, demolition, and related costs. The Design Professional shall not be paid for the Professional Services required due to the Design Professional's errors or omissions, and the Design Professional shall be responsible for any Additional Costs associated with such errors or omissions. These Additional Costs may be deducted from monies due, or that become due, the Design Professional. Whether or not there are any monies due, or becoming due, the Design Professional shall reimburse the City for Additional Costs due to the Design Professional's errors or omissions.

**3.5 Eighty Percent Notification.** The Design Professional shall promptly notify the City in writing of any potential cost overruns. Cost overruns include, but are not limited to the following: (1) where anticipated costs to be incurred in the next sixty calendar days, when added to all costs previously incurred, will exceed 80 percent of the maximum compensation for this Agreement; or (2) where the total cost for performance of the Scope of Services [Exhibit A] appears that it may be greater than the maximum compensation for this Agreement.

#### **ARTICLE IV DESIGN PROFESSIONAL'S OBLIGATIONS**

**4.1 Industry Standards.** The Design Professional agrees that the Professional Services rendered under this Agreement shall be performed in accordance with the standards customarily adhered to by an experienced and competent professional civil engineering firm using the degree of care and skill ordinarily exercised by reputable professionals practicing in the same field of service in the State of California. Where approval by the City, the Mayor or his designee, or other representatives of the City is required, it is understood to be general approval only and does not relieve the Design Professional of responsibility for complying with all applicable laws, codes, and good consulting practices.

#### **4.2 Right to Audit.**

**4.2.1 Access.** The City retains the right to review and audit, and the reasonable right of access to Design Professional's and any Subcontractor's premises to review and audit the Design Professional's or Subcontractor's compliance with the provisions of this Agreement [City's Right]. The City's Right includes the right to inspect and photocopy same, and to retain copies, outside of the Design Professional's premises, of any and all Project-related records with appropriate safeguards, if such retention is deemed necessary by the City in its sole discretion. This information shall be kept by the City in the strictest confidence allowed by law.

**4.2.2 Audit.** The City's Right includes the right to examine any and all books, records, documents and any other evidence of procedures and practices that the City determines are necessary to discover and verify that the Design Professional or Subcontractor is in compliance with all requirements under this Agreement.

**4.2.2.1 Cost Audit.** If there is a claim for additional compensation or for Additional Services, the City's Right includes the right to examine books, records, documents, and any and all other evidence and accounting procedures and practices that the City determines are necessary to discover and verify all direct and indirect costs, of whatever nature, which are claimed to have been incurred, or anticipated to be incurred.

**4.2.2.2 Accounting Records.** The Design Professional and all Subcontractors shall maintain complete and accurate records in accordance with Generally Accepted Accounting Practices in the industry. The Design Professional and Subcontractors shall make available to the City for review and audit; all Project-related accounting records and documents, and any other financial data. Upon the City's request, the Design Professional and Subcontractors shall submit exact duplicates of originals of all requested records to the City.

**4.2.3 City's Right Binding on Subcontractors.** The Design Professional shall include the City's Right as described in Section 4.2, in any and all of their subcontracts, and shall ensure that these sections are binding upon all Subcontractors.

**4.2.4 Compliance Required before Mediation or Litigation.** A condition precedent to proceeding with mandatory mediation and further litigation provided for in Article VII is the Design Professional's and Subcontractors full compliance with the provisions of this Section 4.2 within sixty days of the date on which the City mailed a written request to review and audit compliance.

**4.3 Insurance.** The Design Professional shall not begin the Professional Services under this Agreement until it has: (a) obtained, and provided to the City, insurance certificates and endorsements reflecting evidence of all insurance required in Article IV, Section 4.3.1; however, the City reserves the right to request, and the Design Professional shall submit, copies of any policy upon reasonable request by the City; (b) obtained City approval of each company or companies as required by Article IV, Section 4.3.3; and (c) confirmed that all policies contain the specific provisions required in Article IV, Section 4.3.4 of this Agreement. However, failure to obtain the required documents prior to the Professional Services commencing shall not waive Design Professional's obligation to provide them. City reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by this Agreement, at any time. Design Professional's liabilities, including but not limited to Design Professional's indemnity obligations, under this Agreement, shall not be deemed limited in any way to the insurance coverage required herein. Except as provided for under California law, all policies of insurance required hereunder must provide that the City is entitled to thirty (30) days prior written notice (10 days for cancellation due to non-payment of premium) of cancellation or non-renewal of the policy or policies. Maintenance of specified insurance coverage is a material element of this Agreement and Design Professional's failure to maintain or renew coverage or to provide evidence of renewal during the term of this Agreement may be treated as a material breach of contract by the City.

Further, the Design Professional shall not modify any policy or endorsement thereto which increases the City's exposure to loss for the duration of this Agreement.

**4.3.1 Types of Insurance.** At all times during the term of this Agreement, the Design Professional shall maintain insurance coverage as follows:

**4.3.1.1 Commercial General Liability.** The Design Professional shall keep in full force and effect Commercial General Liability (CGL) Insurance written on an ISO Occurrence form CG 00 01 07 98 or an equivalent form providing coverage at least as broad which shall cover liability arising from any and all personal injury or property damage in the amount of \$1 million per occurrence and subject to an annual aggregate of \$2 million. There shall be no endorsement or modification of the CGL limiting the scope of coverage for either insured vs. insured claims or contractual liability. All defense costs shall be outside the limits of the policy.

**4.3.1.2 Commercial Automobile Liability.** For all of the Design Professional's automobiles including owned, hired and non-owned automobiles, the Design Professional shall keep in full force and effect, automobile insurance written on an ISO form CA 00 01 12 90 or a later version of this form or an equivalent form providing coverage at least as broad for bodily injury and property damage for a combined single limit of \$1 million per occurrence. Insurance certificate shall reflect coverage for any automobile (any auto). If the Design Professional does not possess owned automobiles then coverage for hired and non-owned automobiles shall be provided.

**4.3.1.3 Workers' Compensation.** For all of the Design Professional's employees who are subject to this Agreement and to the extent required by the applicable state or federal law, the Design Professional shall keep in full force and effect, a Workers' Compensation policy. That policy shall provide a minimum of \$1 million of employers' liability coverage, and the Design Professional shall provide an endorsement that the insurer waives the right of subrogation against the City and its respective elected officials, officers, employees, agents and representatives.

**4.3.1.4 Architects & Engineers Professional Liability.** For all of the Design Professional's employees who are subject to this Agreement, the Design Professional shall keep in full force and effect, Professional Liability coverage for professional liability with a limit of \$1 million per claim and \$2 million annual aggregate. The Design Professional shall ensure both that: (1) the policy retroactive date is on or before the date of commencement of the Professional Services; and (2) the policy will be maintained in force for a period of three years after substantial completion of the Professional Services or termination of this Agreement whichever occurs last. The Design Professional agrees that for the time period defined above, there will be no changes or endorsements to the policy that increase the City's exposure to loss.

**4.3.1.5 Aircraft Liability.** Consultant shall procure and maintain or cause its subconsultant to procure and maintain Aircraft Liability insurance to cover aviation operations related to this Agreement in an amount not less than \$1 million combined single limit for bodily injury and property damage.

**4.3.2 Deductibles.** All deductibles on any policy shall be the responsibility of the Design Professional and shall be disclosed to the City at the time the evidence of insurance is provided.

**4.3.3 Acceptability of Insurers.**

**4.3.3.1** Except for the State Compensation Insurance Fund, all insurance required by this Agreement shall only be carried by insurance companies with a rating of at least "A-, VI" by A.M. Best Company, that are authorized by the California Insurance Commissioner to do business in the State of California, and that have been approved by the City.

**4.3.3.2** The City will accept insurance provided by non-admitted, "surplus lines" carriers only if the carrier is authorized to do business in the State of California and is included on the List of Approved Surplus Lines Insurers (LASLI list). All policies of insurance carried by non-admitted carriers are subject to all of the requirements for policies of insurance provided by admitted carriers described herein.

**4.3.4 Required Endorsements.**

The following endorsements to the policies of insurance are required to be provided to the City before any work is initiated under this Agreement.

#### **4.3.4.1 Commercial General Liability Insurance Endorsements.**

**ADDITIONAL INSURED.** To the fullest extent allowed by law including but not limited to California Insurance Code Section 11580.04, the policy or policies must be endorsed to include as an Additional Insured the City of San Diego and its respective elected officials, officers, employees, agents and representatives with respect to liability arising out of (a) ongoing operations performed by you or on your behalf, (b) your products, and (c) your work, including but not limited to your completed operations performed by you or on your behalf.

**PRIMARY AND NON-CONTRIBUTORY COVERAGE.** The policy or policies must be endorsed to provide that the insurance afforded by the Commercial General Liability policy or policies is primary to any insurance or self-insurance of the City of San Diego and its elected officials, officers, employees, agents and representatives as respects operations of the Named Insured. Any insurance maintained by the City of San Diego and its elected officials, officers, employees, agents and representatives shall be in excess of Design Professional's insurance and shall not contribute to it.

#### **4.3.4.2 Worker's Compensation and Employer's Liability Insurance Endorsements.**

**WAIVER OF SUBROGATION.** The Worker's Compensation policy or policies must be endorsed to provide that the insurer will waive all rights of subrogation against the City and its respective elected officials, officers, employees, agents and representatives for losses paid under the terms of this policy or these policies which arise from work performed by the Named Insured for the City.

#### **4.3.4.3 Aircraft Liability Insurance Endorsements**

**ADDITIONAL INSURED.** To the fullest extent allowed by law including but not limited to California Insurance Code Section 11580.04, the policy or policies must be endorsed to include as an Insured the City of San Diego and its respective elected officials, officers, employees, agents and representatives.

**PRIMARY AND NON-CONTRIBUTORY COVERAGE.** The policy or policies must be endorsed to provide that the insurance afforded by the Aircraft Liability policy or policies is primary to any insurance or self-insurance of the City of San Diego and its elected officials, officers, employees, agents and representatives as respects operations of the Named Insured. Any insurance maintained by the City of San Diego and its elected officials, officers, employees, agents and representatives shall be in excess of Consultant's insurance and shall not contribute to it.

**4.3.5 Reservation of Rights.** The City reserves the right, from time to time, to review the Design Professional's insurance coverage, limits, deductible and self-insured retentions to determine if they are acceptable to the City. The City will reimburse the Design Professional for the cost of the additional premium for any coverage requested by the City in excess of that required by this Agreement without overhead, profit, or any other markup.

**4.3.6 Additional Insurance.** The Design Professional may obtain additional insurance not required by this Agreement.

**4.3.7 Excess Insurance.** All policies providing excess coverage to the City shall follow the form of the primary policy or policies including but not limited to all endorsements.

**4.4 Subcontractors.** The Design Professional's hiring or retaining of any third parties [Subcontractors] to perform services related to the Project [Subcontractor Services] is subject to prior approval by the City. The Design Professional shall list on the Subcontractor List [Exhibit D, Attachment CC] all Subcontractors known to the Design Professional at the time this Agreement is entered. If at any time after this Agreement is entered into, the Design Professional identifies a need for addition, deletion, or substitution of Subcontractor Services, the Design Professional must submit a written notice to the City requesting approval for the change modifying the Subcontractor Services. The Design Professional's written notice shall include a justification, a description of the scope of services, an estimate of all costs/percentage of contract participation for the Subcontractor Services, and an updated Exhibit D, Attachment CC reflecting the requested change(s). The City agrees to consider such requests in good faith.

**4.4.1 Subcontractor Contract.** All contracts entered into between the Design Professional and any Subcontractor shall contain the information as described in Sections 4.6, 4.7, 4.10.2, and 4.18, and shall also provide as follows:

**4.4.1.1** Design Professional shall require the Subcontractor to obtain insurance policies, as described in Section 4.3.1, and those policies shall be kept in full force and effect during any and all work on this Project and for the duration of this Agreement. Furthermore, Subcontractor policy limits, and required endorsements shall be determined by the Design Professional proportionate to the services performed by the Subcontractor.

**4.4.1.2** The Design Professional is obligated to pay the Subcontractor, for Design Professional and City-approved invoice amounts, out of amounts paid by the City to the Design Professional, not later than fourteen working days from the Design Professional's receipt of payment from the City. Nothing in this paragraph shall be construed to impair the right of the Design Professional and any Subcontractor to negotiate fair and reasonable pricing and payment provisions among themselves.

**4.4.1.3** In the case of a deficiency in the performance of Subcontractor Services, the Design Professional shall notify the City in writing of any withholding of payment to the Subcontractor, specifying: (a) the amount withheld; (b) the specific cause under the terms of the subcontract for withholding payment; (c) the connection between the cause for withholding payment and the amount withheld; and (d) the remedial action the Subcontractor must take in order to receive the amount withheld. Once the Subcontractor corrects the deficiency, the Design Professional shall pay the Subcontractor the amount withheld within fourteen working days of the Design Professional's receipt of the City's next payment.

**4.4.1.4** In any dispute between the Design Professional and Subcontractor, the City shall not be made a party to any judicial or administrative proceeding to resolve the dispute. The Design Professional agrees to defend and indemnify the City as described in Article VI of this Agreement in any dispute between the Design Professional and Subcontractor should the City be made a party to any judicial or administrative proceeding to resolve the dispute in violation of this position.

**4.4.1.5** The Subcontractor is bound to the City's Equal Opportunity Contracting Program covenants set forth in Article IV, Section 4.6 and [Exhibit D] of this Agreement.

**4.4.1.6** The City is an intended beneficiary of any work performed by the Subcontractor for purposes of establishing a duty of care between the Subcontractor and the City.

#### **4.5 Contract Records and Reports.**

**4.5.1** The Design Professional shall maintain records of all subcontracts entered into with all firms, all project invoices received from Subcontractors. Records shall show name, telephone number including area code, and business address of each Subcontractor and the total amount actually paid to each firm. Project relevant records, regardless of tier, may be periodically reviewed by the City.

**4.5.2** The Design Professional shall retain all records, books, papers, and documents directly pertinent to the Contract for a period of not less than five (5) years after Completion of the contract and allow access to said records by the City's authorized representatives.

**4.5.3** The Design Professional must submit the following reporting using the City's web-based contract compliance i.e., Prism® portal:

**4.5.3.1 Monthly Employment Utilization.** Design Professional and their Subcontractors must submit Monthly Employment Utilization Reporting by the fifth (5th) day of the subsequent month.

**4.5.3.2 Monthly Invoicing and Payments.** Design Professional and their Subcontractors must submit Monthly Invoicing and Payment Reporting by the fifth (5th) day of the subsequent month.

**4.5.3.3** To view the City's online tutorials on how to utilize PRISM® for compliance reporting, please visit: <http://stage.prismscompliance.com/etc/vendortutorials.htm>  
Incomplete and/or delinquent reporting may cause payment delays, non-payment of invoice, or both. The Design Professional understands and agrees that violation of this clause shall be considered a material breach of the contract and may result in contract termination, debarment, or other sanctions.

#### **4.6 Non-Discrimination Requirements.**

**4.6.1 Compliance with the City's Equal Opportunity Contracting Program.** The Design Professional shall comply with the City's Equal Opportunity Contracting Program Design Professional Requirements [Exhibit D]. The Design Professional shall not discriminate against any employee or applicant for employment on any basis prohibited by law. The Design Professional shall provide equal opportunity in all employment practices. The Design Professional shall ensure that its Subcontractors comply with the City's Equal Opportunity Contracting Program Design Professional Requirements. Nothing in this Section shall be interpreted to hold the Design Professional liable for any discriminatory practice of its Subcontractors.

**4.6.2 Non-Discrimination Ordinance.** The Design Professional shall not discriminate on the basis of race, gender, gender expression, gender identity, religion, national origin, ethnicity, sexual orientation, age, or disability in the solicitation, selection, hiring or treatment of Subcontractors, vendors or suppliers. The Design Professional shall provide equal opportunity for Subcontractors to participate in subcontracting opportunities. The Design Professional understands and agrees that violation of this clause shall be

considered a material breach of the contract and may result in contract termination, debarment, or other sanctions. This language shall be in contracts between the Design Professional and any Subcontractors, vendors and suppliers.

**4.6.3 Compliance Investigations.** Upon the City's request, the Design Professional agrees to provide to the City, within sixty calendar days, a truthful and complete list of the names of all Subcontractors, vendors, and suppliers that the Design Professional has used in the past five years on any of its contracts that were undertaken within San Diego County, including the total dollar amount paid by the Design Professional for each subcontract or supply contract. The Design Professional further agrees to fully cooperate in any investigation conducted by the City pursuant to the City's Nondiscrimination in Contracting Ordinance (San Diego Municipal Code sections 22.3501-22.3517) The Design Professional understands and agrees that violation of this clause shall be considered a material breach of the contract and may result in remedies being ordered against the Design Professional up to and including contract termination, debarment, and other sanctions for violation of the provisions of the Nondiscrimination in Contracting Ordinance. The Design Professional further understands and agrees that the procedures, remedies and sanctions provided for in the Nondiscrimination Ordinance apply only to violations of said Nondiscrimination Ordinance.

**4.7 Drug-Free Workplace.** By signing this Agreement the Design Professional agrees that it is aware of, and hereby certifies that it agrees to comply with, the City's Drug-Free Workplace requirements set forth in Council Policy 100-17, adopted by San Diego Resolution R-277952 and incorporated into this Agreement by this reference. Council Policy 100-17 is available on line at <https://www.sandiego.gov/city-clerk/officialdocs>.

**4.7.1 Design Professional's Notice to Employees.** The Design Professional shall publish a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the work place, and specifying the actions that will be taken against employees for violations of the prohibition.

**4.7.2 Drug-Free Awareness Program.** The Design Professional shall establish a drug-free awareness program to inform employees about: (1) the dangers of drug abuse in the work place; (2) the policy of maintaining a drug-free work place; (3) available drug counseling, rehabilitation, and employee assistance programs; (4) the penalties that may be imposed upon employees for drug abuse violations.

**4.7.3 Posting the Statement.** In addition to Section 4.7.1 above, the Design Professional shall post the drug-free policy in a prominent place.

**4.7.4 Subcontractor's Agreements.** The Design Professional further certifies that each contract for Subcontractor Services for this Project shall contain language that binds the Subcontractor to comply with the provisions of Article IV, Section 4.7 of this Agreement, as required by Sections 2.A.(1) through (3) of Council Policy 100-17. Design Professionals and Subcontractors shall be individually responsible for their own drug-free work place program.

**4.8 Title 24/Americans with Disabilities Act Requirements.** Design Professional has sole responsibility for ensuring that all Project plans and other design services comply with all accessibility requirements under Title 24 of the California Code of Regulations, known as the California Building Code (Title 24), and under the Americans with Disabilities Act Accessibility Guidelines (ADAAG) in effect at the time the designs are submitted to the City for review. When a conflict exists between Title 24 and ADAAG, the most restrictive

requirement shall be followed by Design Professional (i.e., that which provides the most access). Design Professional warrants and certifies that any and all plans and specifications prepared for the City in accordance with this agreement shall meet all requirements under Title 24 and ADAAG. Design Professional understands that while the City will be reviewing Design Professional's designs for compliance in specific and certain areas under Title 24 and ADAAG prior to acceptance of Design Professional's designs, Design Professional understands and agrees that the City's access review process and its acceptance of Design Professional's designs in no way limits the Design Professional's obligations under this agreement to prepare designs that comply with all requirements under Title 24 and ADAAG.

**4.9 Product Endorsement.** The Design Professional acknowledges and agrees to comply with the provisions of City of San Diego Administrative Regulation 95.65, concerning product endorsement. Any advertisement identifying or referring to the City as the user of a product or service requires the prior written approval of the City.

**4.10 Conflict of Interest.** The Design Professional is subject to all federal, state and local conflict of interest laws, regulations, and policies applicable to public contracts and procurement practices, including but not limited to California Government Code sections 1090, et seq. and 81000, et seq., and the City of San Diego Ethics Ordinance, codified in the San Diego Municipal Code at sections 27.3501 to 27.3595.

**4.10.1** If, in performing the Professional Services set forth in this Agreement, any member of the Design Professional's organization makes, or participates in, a "governmental decision" as described in Title 2, section 18704 of the California Code of Regulations, or performs the same or substantially all the same duties for the City that would otherwise be performed by a City employee holding a position specified in the department's conflict of interest code, the individual shall be subject to a conflict of interest code requiring the completion of one or more statements of economic interests disclosing the individual's relevant financial interests. The determination as to whether any individual members of the Design Professional's organization must make disclosures of relevant financial interests is set forth in the Determination Form [Exhibit E].

**4.10.1.1** If a determination is made that certain individuals must disclose relevant financial interests, the statements of economic interests shall be made on Fair Political Practices Commission Form 700 and filed with the City Clerk. The individual shall file a Form 700 (Assuming Office Statement) within thirty calendar days of the City's determination that the individuals are subject to a conflict of interest code. Each year thereafter, the individuals shall also file a Form 700 (Annual Statement) on or before April 1, disclosing any financial interests held during the previous calendar year for which the individual was subject to a conflict of interest code. A Form 700 (Leaving Office Statement) shall also be filed when the individual discontinues services under this Agreement.

**4.10.1.2** If the City requires an individual member of the Design Professional's organization to file a statement of economic interests as a result of the Professional Services performed, the individual shall be considered a "City Official" subject to the provisions of the City of San Diego Ethics Ordinance, including the prohibition against lobbying the City for one year following the termination of this Agreement.

**4.10.2** The Design Professional shall establish and make known to its employees and agents appropriate safeguards to prohibit employees from using their positions for a purpose that is, or that gives the appearance of being, motivated by the desire for private gain for themselves or others, particularly those with whom they have family, business, or other relationships.

**4.10.3** The Design Professional and its Subcontractors having subcontracts amounting to 1% or more of the value of the Professional Services agreed to under this Agreement are precluded from participating in design services on behalf of the contractor, construction management, and any other construction services related in any way to these Professional Services without the prior written consent of the City.

**4.10.4** The Design Professional's personnel employed on the Project shall not accept gratuities or any other favors from any Subcontractors or potential Subcontractors. The Design Professional shall not recommend or specify any product, supplier, or contractor with whom the Design Professional has a direct or indirect financial or organizational interest or relationship that would violate conflict of interest laws, regulations, or policies.

**4.10.5** If the Design Professional violates any conflict of interest law or any of the provisions in this Section 4.10, the violation shall be grounds for immediate termination of this Agreement. Further, the violation subjects the Design Professional to liability to the City for attorneys' fees and all damages sustained as a result of the violation.

**4.11 Mandatory Assistance.** If a third party dispute or litigation, or both, arises out of, or relates in any way to the Professional Services provided under this Agreement, upon the City's request, the Design Professional, its agents, officers, and employees agree to assist in resolving the dispute or litigation. The Design Professional's assistance includes, but is not limited to, providing professional consultations, attending mediations, arbitrations, depositions, trials or any event related to the dispute resolution and/or litigation.

**4.12 Compensation for Mandatory Assistance.** The City will compensate the Design Professional for fees incurred for providing Mandatory Assistance as Additional Services under Section 3.2. If, however, the fees incurred for the Mandatory Assistance are determined, through resolution of the third party dispute or litigation, or both, to be attributable in whole, or in part, to the acts or omissions of the Design Professional, its agents, officers, and employees, the Design Professional shall reimburse the City. The City is then entitled to reimbursement of all fees paid to the Design Professional, its agents, officers, and employees for Mandatory Assistance.

**4.13 Attorney Fees related to Mandatory Assistance.** In providing the City with dispute or litigation assistance, the Design Professional or its agents, officers, and employees may incur expenses and/or costs. The Design Professional agrees that any attorney fees it may incur as a result of assistance provided under Section 4.11 are not reimbursable. The Parties agree this provision does not in any way affect their rights to seek attorney fees under Article VIII, Section 8.8 of this Agreement.

**4.14 Energy Conservation Specifications.** Technological advances in energy conservation devices such as Lighting and Heating, Ventilation, and Air Conditioning (HVAC), enable additional energy savings over that required by the State of California's Energy Efficiency Standards (Title 24, Part 6 of the California Code of Regulations). The Design Professional shall model the energy performance of the building using an acceptable computer model such as Energy Pro, EQuest, DOE-2, Power DOE, HAP 3.22, etc. and present the summary data to the City at or prior to 100 percent design. This analysis should include life cycle cost analysis showing recovery of construction costs through operation and maintenance costs (e.g., electricity and gas savings.) The Design Professional shall prepare a cost savings matrix that lists each device being considered and one, three, five and ten-year Project savings. The comparison shall include, but not be limited to, the following equipment: Lighting, HVAC, Water Heating, and Motors.

The Design Professional shall contact the SDG&E New Construction Program at (858) 636-5725 or the San Diego Regional Energy Office at (619) 595-5634 to integrate them into the design process to ensure maximum energy performance and access to technical resources. Design Professional shall endeavor to obtain from SDG&E a UTIL-1 (Utility Incentive Worksheet) to estimate energy savings and incentives available based on the design team energy modeling.

**4.15 Notification of Increased Construction Cost.** If, at any time prior to the City's approval of the final plans and specifications, the Design Professional anticipates that the total construction cost will exceed the estimated construction budget, the Design Professional shall immediately notify the City in writing. This written notification shall include an itemized cost estimate and a list of recommended revisions which the Design Professional believes will bring the construction cost to within the estimated construction budget. The City may either: (1) approve an increase in the amount authorized for construction; or (2) delineate a project which may be constructed for the budget amount; or (3) any combination of (1) and (2).

**4.16 Sustainable Building Policy.** The Design Professional shall comply with City Council Policy 900-14 (Sustainable Building Policy) in the performance of the Scope of Services, including but not limited to the requirement that all new or significantly remodeled City facilities shall be designed and constructed to achieve at a minimum the Leadership in Energy and Environmental Design (LEED) "Silver" Level Certification.

**4.17 Design-Build Competition Eligibility.** Any architectural firms, engineering firms, Design Professionals, or individuals retained by the City to assist the City with developing criteria or preparing the preliminary design or the request for proposals for a Design-Build competition shall not be eligible to participate with any Design-Build Entity in that Design-Build competition. Additionally, the City may determine in its sole discretion that a Subcontractor hired to assist with a Design-Build competition, regardless of whether the Subcontractor was hired by the City or hired by an architectural firm, engineering firm, Design Professional, or individual retained by the City, has a competitive advantage and as such is ineligible to participate in that Design-Build competition.

**4.18 Storm Water Management Discharge Control.** Design Professional shall comply with Chapter 4, Article 3, Division 3 of the San Diego Municipal Code, Storm Water Management Discharge Control and the Municipal Storm Water Permit (MS4) Permit, California Regional Water Quality Control Board Order No. R9-2013-0001 (amended by R9-2015-0001 and R9-2015-0100), Storm Water Standards Manual, as amended from time to time, and any and all Best Management Practice (BMP) guidelines and pollution elimination requirements as may be established by the Enforcement Official. Design Professional warrants and certifies that any and all plans, reports, and specifications prepared for the City in accordance with this agreement shall meet all requirements of the San Diego Municipal Code and Storm Water Standards Manual. Design Professional understands that while the City will be reviewing Design Professional's designs for storm water permit compliance prior to acceptance of Design Professional's designs, Design Professional understands and agrees that the City's Storm Water review process and its acceptance of Design Professional's designs in no way limits the Design Professional's obligations under this agreement to prepare designs that comply with all requirements of the San Diego Municipal Code and MS4 Permit.

The Design Professional shall review the completed Storm Water Applicability Checklist (DS-560) to confirm the project's appropriate storm water requirements. For all applicable projects, and to the maximum extent practicable, the Design Professional shall

incorporate and include Source Control and Low Impact Development (LID) design features or Site Design BMPs on the construction plans. In addition, for Priority Development projects, the Design Professional shall prepare a Storm Water Quality Management Plan in accordance with the requirements of the Storm Water Standards Manual and prepare a BMP plan showing all permanent BMPs, LID designs, hydromodification management plan facilities, and include sufficient details and cross sections for construction.

Design Professional shall attend the Pre-construction meeting. The Project Manager will coordinate with the Design Professional on the inspection of the permanent BMP(s) during installation. Design Professional shall inspect and confirm that the permanent BMP was installed in accordance with the details on the plans and that the permanent BMP functions to meet the requirements of the MS4 Permit. Upon notification by the Project Manager, the Design Professional shall sign and stamp the Permanent BMP Self Certification on the plans or the Permanent BMP Self Certification Form (DS-563) prior to final acceptance by the City.

For projects requiring soil-disturbance work such as geotechnical borings, street coring and potholing as component of the design, the Design Professional shall complete a Minor Water Pollution Control Plan (DS-570), if applicable.

**4.19 ADA Certification.** By signing this Agreement the Design Professional agrees that it is aware of, and hereby certifies that it agrees to comply with, the City's Americans With Disabilities Act Compliance/City Contracts requirements set forth in Council Policy 100-04, adopted by San Diego Resolution R-282153 and incorporated into this Agreement by this reference. Council Policy 100-04 is available at <https://www.sandiego.gov/city-clerk/officialdocs>.

**4.20 Prevailing Wage Rates.** Prevailing wage rates apply to this Agreement.

Pursuant to San Diego Municipal Code section 22.3019, construction, alteration, demolition, repair and maintenance work performed under this Agreement is subject to State prevailing wage laws. For construction work performed under this Agreement cumulatively exceeding \$25,000 and for alteration, demolition, repair and maintenance work performed under this Agreement cumulatively exceeding \$15,000, the Design Professional and its subconsultants shall comply with State prevailing wage laws including, but not limited to, the requirements listed below.

**4.20.1 Compliance with Prevailing Wage Requirements.** Pursuant to sections 1720 through 1861 of the California Labor Code, the Design Professional and its subconsultants shall ensure that all workers who perform work under this Agreement are paid not less than the prevailing rate of per diem wages as determined by the Director of the California Department of Industrial Relations (DIR). This includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

**4.20.1.1** Copies of the prevailing rate of per diem wages also may be found at <http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm>. The Design Professional and its subconsultants shall post a copy of the prevailing rate of per diem wages determination at each job site and shall make them available to any interested party upon request.

**4.20.1.2** The wage rates determined by the DIR refer to expiration dates. If the published wage rate does not refer to a predetermined wage rate to be paid after the expiration date, then the published rate of wage shall be in effect for the life of this

Agreement. If the published wage rate refers to a predetermined wage rate to become effective upon expiration of the published wage rate and the predetermined wage rate is on file with the DIR, such predetermined wage rate shall become effective on the date following the expiration date and shall apply to this Agreement in the same manner as if it had been published in said publication. If the predetermined wage rate refers to one or more additional expiration dates with additional predetermined wage rates, which expiration dates occur during the life of this Agreement, each successive predetermined wage rate shall apply to this Agreement on the date following the expiration date of the previous wage rate. If the last of such predetermined wage rates expires during the life of this Agreement, such wage rate shall apply to the balance of the Agreement.

**4.20.2 Penalties for Violations.** Design Professional and its subconsultants shall comply with California Labor Code section 1775 in the event a worker is paid less than the prevailing wage rate for the work or craft in which the worker is employed. This shall be in addition to any other applicable penalties allowed under Labor Code sections 1720 – 1861.

**4.20.3 Payroll Records.** Design Professional and its subconsultants shall comply with California Labor Code section 1776, which generally requires keeping accurate payroll records, verifying and certifying payroll records, and making them available for inspection. Design Professional shall require its subconsultants to also comply with section 1776. Design Professional and its subconsultants shall submit weekly certified payroll records online via the City's web-based Labor Compliance Program. Design Professional is responsible for ensuring its subconsultants submit certified payroll records to the City.

**4.20.3.1** In addition to the requirements in 4.20.3, the Design Professional and its subconsultants shall also furnish records specified in Labor Code section 1776 directly to the Labor Commissioner in the manner required by Labor Code section 1771.4.

**4.20.4 Apprentices.** Design Professional and its subconsultants shall comply with California Labor Code sections 1777.5, 1777.6 and 1777.7 concerning the employment and wages of apprentices. Design Professional shall be held responsible for the compliance of their subconsultants with sections 1777.5, 1777.6 and 1777.7.

**4.20.5 Working Hours.** Design Professional and its subconsultants shall comply with California Labor Code sections 1810 through 1815, including but not limited to: (i) restrict working hours on public works contracts to eight (8) hours a day and forty (40) hours a week, unless all hours worked in excess of eight (8) hours per day are compensated at not less than 1½ times the basic rate of pay; and (ii) specify penalties to be imposed on design professionals and subcontractors of \$25 per worker per day for each day the worker works more than eight (8) hours per day and forty (40) hours per week in violation of California Labor Code sections 1810 through 1815.

**4.20.6 Required Provisions for Subcontracts.** Design Professional shall include at a minimum a copy of the following provisions in any contract they enter into with a subconsultant: California Labor Code sections 1771, 1771.1, 1775, 1776, 1777.5, 1810, 1813, 1815, 1860 and 1861.

**4.20.7 Labor Code Section 1861 Certification.** Design Professional in accordance with California Labor Code section 3700 is required to secure the payment of compensation of its employees and by signing this Agreement, Design Professional certifies that "I am aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this Agreement."

**4.20.8 Labor Compliance Program.** The City has its own Labor Compliance Program authorized in August 2011 by the DIR. The City will withhold contract payments when payroll records are delinquent or deemed inadequate by the City or other governmental entity, or it has been established after an investigation by the City or other governmental entity that underpayment(s) have occurred.

**4.20.9 Contractor and Subcontractor Registration Requirements.** This project is subject to compliance monitoring and enforcement by the DIR. A Design Professional or subcontractor shall not be qualified to bid on, be listed in a bid or proposal, subject to the requirements of section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Labor Code section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.

**4.20.9.1** A Design Professional's inadvertent error in listing a subconsultant who is not registered pursuant to Labor Code section 1725.5 in response to a solicitation shall not be grounds for filing a protest or grounds for considering the bid or proposal non-responsive provided that any of the following apply: (1) the subconsultant is registered prior to proposal due date; (2) within twenty-four hours after the proposal due date, the subconsultant is registered and has paid the penalty registration fee specified in Labor Code section 1725.5; or (3) the subconsultant is replaced by another registered subconsultant pursuant to Public Contract Code section 4107.

**4.20.9.2** By submitting a bid or proposal to the City, Design Professional is certifying that he or she has verified that all subcontractors used on this public work project are registered with the DIR in compliance with Labor Code sections 1771.1 and 1725.5, and Design Professional shall provide proof of registration for themselves and all listed subcontractors to the City at the time of bid or proposal due date or upon request.

**4.20.10 Stop Order.** For Design Professional or its subcontractor(s) engaging in the performance of any public work contract without having been registered in violation of Labor Code sections 1725.5 or 1771.1, the Labor Commissioner shall issue and serve a stop order prohibiting the use of the unregistered Design Professional or unregistered subcontractor(s) on ALL public works until the unregistered Design Professional or unregistered subcontractor(s) is registered. Failure to observe a stop order is a misdemeanor.

**4.20.11 List of all Subcontractors.** The Design Professional shall provide a complete list of subcontractors (regardless of tier) utilized on this Agreement, along with their DIR registration numbers, if applicable, prior to any work being performed on this Agreement, and Design Professional shall provide a complete list of subcontractors, regardless of tier, with each invoice. Additionally, Design Professional shall provide the City with a complete list of all subcontractors utilized on this Agreement, regardless of tier, within ten working days of the completion of the Agreement, along with their DIR registration numbers, if applicable. The City shall withhold final payment to Design Professional until at least thirty (30) days after this information is provided to the City.

**4.20.12 Exemptions for Small Projects.** There are limited exemptions for installation, alteration, demolition, or repair work done on projects of \$25,000 or less. The Design Professional shall still comply with Labor Code sections 1720 et. seq. The only recognized exemptions are listed below:

**4.20.12.1 Registration.** The Design Professional will not be required to register with the DIR for small projects. (Labor Code section 1771.1).

**4.20.12.2 Certified Payroll Records.** The records required in Labor Code section 1776 shall be required to be kept and submitted to the City of San Diego, but will not be required to be submitted online with the DIR directly. The Design Professional will need to keep those records for at least three years following the completion of the Agreement. (Labor Code section 1771.4).

**4.20.12.3 List of all Subcontractors.** The Design Professional shall not be required to hire only registered subcontractors and is exempt from submitting the list of all subcontractors that is required in section 4.20.11 above. (Labor Code section 1773.3).

**ARTICLE V  
RESERVED**

**ARTICLE VI  
INDEMNIFICATION**

**6.1 Indemnification.** Other than in the performance of design professional services which shall be solely as addressed in Section 6.2 below, to the fullest extent permitted by law, Design Professional shall defend (with legal counsel reasonably acceptable to the City), indemnify and hold harmless the City and its officers, agents, departments, officials, and employees [Indemnified Parties] from and against all claims, losses, costs, damages, injuries (including, without limitation, injury to or death of an employee of Design Professional or its Subcontractors), expense and liability of every kind, nature and description (including, without limitation, incidental and consequential damages, court costs, attorneys' fees, litigation expenses and fees of expert consultants or expert witnesses incurred in connection therewith and costs of investigation) that arise out of, pertain to, or relate to, directly or indirectly, in whole or in part, any services performed under this Agreement by the Design Professional, any Subcontractor, anyone directly or indirectly employed by them, or anyone that they control. The Design Professional's duty to defend, indemnify, protect and hold harmless shall not include any claims or liabilities arising from the active negligence, sole negligence or sole willful misconduct of the Indemnified Parties.

**6.2 Design Professional Services Indemnification and Defense.**

**6.2.1 Design Professional Services Indemnification.** To the fullest extent permitted by law (including, without limitation, California Civil Code Section 2782.8), with respect to the performance of design professional services, Design Professional shall indemnify and hold harmless the City, its officers, or employees, from all claims, demands or liability that arise out of, pertain to or relate to the negligence, recklessness, or willful misconduct of Design Professional or Design Professional's officers or employees.

**6.2.2 Design Professional Services Defense.** Parties will work in good faith to procure applicable insurance coverage for the cost of any defense arising from all claims, demands or liability that arise out of, pertain to or relate to the negligence, recklessness, or willful misconduct of Design Professional or Design Professional's officers or employees.

**6.3 Insurance.** The provisions of this Article are not limited by the requirements of Section 4.3 related to insurance.

**6.4 Enforcement Costs.** The Design Professional agrees to pay any and all costs the City incurs enforcing the indemnity and defense provisions set forth in this Article.

## **ARTICLE VII MEDIATION**

**7.1 Mandatory Non-binding Mediation.** With the exception of Sections 2.5-2.7 of this Agreement, if a dispute arises out of, or relates to this Agreement, or the breach thereof, and if said dispute cannot be settled through normal contract negotiations, prior to the initiation of any litigation, the Parties agree to attempt to settle the dispute in an amicable manner, using mandatory mediation under the Construction Industry Mediation Rules of the American Arbitration Association (AAA) or any other neutral organization agreed upon before having recourse in a court of law.

**7.2 Mandatory Mediation Costs.** The expenses of witnesses for either side shall be paid by the Party producing such witnesses. All other expenses of the mediation, including required traveling and other expenses of the mediator [Mediator], and the cost of any proofs or expert advice produced at the direct request of the Mediator, shall be borne equally by the Parties, unless they agree otherwise.

**7.3 Selection of Mediator.** A single Mediator that is acceptable to both Parties shall be used to mediate the dispute. The Mediator will be knowledgeable in construction aspects and may be selected from lists furnished by the AAA or any other agreed upon Mediator. To initiate mediation, the initiating Party shall serve a Request for Mediation on the opposing Party. If the Mediator is selected from a list provided by AAA, the initiating Party shall concurrently file with AAA a "Request for Mediation" along with the appropriate fees, a list of three requested Mediators marked in preference order, and a preference for available dates.

**7.3.1** If AAA is selected to coordinate the mediation, within ten working days from the receipt of the initiating Party's Request for Mediation, the opposing Party shall file the following: a list of preferred Mediators listed in preference order after striking any Mediators to which they have any factual objection, and a preference for available dates. If the opposing Party strikes all of initiating Party's preferred Mediators, opposing Party shall submit a list of three preferred Mediators listed in preference order to initiating Party and Administrator. Initiating Party shall file a list of preferred Mediators listed in preference order, after striking any Mediator to which they have any factual objection. This process shall continue until both sides have agreed upon a Mediator.

**7.3.2** The Administrator will appoint or the Parties shall agree upon the highest, mutually preferred Mediator from the individual Parties' lists who is available to serve within the designated time frame.

**7.3.3** If the Parties agree not to use AAA, then a Mediator, date and place for the mediation shall be mutually agreed upon.

**7.4 Conduct of Mediation Sessions.** Mediation hearings will be conducted in an informal manner and discovery will not be allowed. All discussions, statements, or admissions will be confidential to the Party's legal position. The Parties may agree to exchange any information they deem necessary.

**7.4.1** Both Parties must have an authorized representative attend the mediation. Each representative must have the authority to recommend entering into a settlement. Either Party may have attorney(s) or expert(s) present. Upon reasonable demand, either Party may request and receive a list of witnesses and notification whether attorney(s) will be present.

**7.4.2** Any agreements resulting from mediation shall be documented in writing. All mediation results and documentation, by themselves, shall be “non-binding” and inadmissible for any purpose in any legal proceeding, unless such admission is otherwise agreed upon, in writing, by both Parties. Mediators shall not be subject to any subpoena or liability and their actions shall not be subject to discovery.

## **ARTICLE VIII INTELLECTUAL PROPERTY RIGHTS**

**8.1 Work For Hire.** All original designs, plans, specifications, reports, documentation, and other informational materials, whether written or readable by machine, originated or prepared exclusively for the City pursuant to this Agreement (Deliverable Materials) is “work for hire” under the United States Copyright law and shall become the sole property of the City and shall be delivered to the City upon request. The Design Professional, including its employees, and independent Subcontractor(s), shall not assert any common law or statutory patent, copyright, trademark, or any other intellectual proprietary right to the City to the Deliverable Materials.

**8.2. Rights in Data.** All rights including, but not limited to publication(s), registration of copyright(s), and trademark(s) in the Deliverable Materials, developed by the Design Professional, including its employees, agents, talent and independent Subcontractors pursuant to this Agreement are the sole property of the City. The Design Professional, including its employees, agents, talent, and independent Subcontractor(s), may not use any such Deliverable Materials mentioned in this article for purposes unrelated to Design Professional’s work on behalf of the City without prior written consent of the City.

**8.3 Intellectual Property Rights Assignment.** Design Professional, its employees, agents, talent, and independent Subcontractor(s) agree to promptly execute and deliver, upon request by City or any of its successors or assigns at any time and without further compensation of any kind, any power of attorney, assignment, application for copyright, patent, trademark or other intellectual property right protection, or other papers or instruments which may be necessary or desirable to fully secure, perfect or otherwise protect to or for the City, its successors and assigns, all right, title and interest in and to the content of the Deliverable Materials; and cooperate and assist in the prosecution of any action or opposition proceeding involving said rights and any adjudication of the same.

**8.4 Moral Rights.** Design Professional, its employees, agents, talent, and independent Subcontractor(s) hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Deliverable Materials which Design Professional, its employees, agents, talent, and independent Subcontractor(s), may now have or which may accrue to Design Professional, its employees, agents, talent, and independent Subcontractor(s)’ benefit under U.S. or foreign copyright laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. The term “Moral Rights” shall mean any and all rights of paternity or integrity in or to the Deliverable Materials and the right to object to any modification, translation or use of said content, and any similar rights existing under judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a moral right.

**8.5 Subcontracting.** In the event that Design Professional utilizes a Subcontractor(s) for any portion of the Work that is in whole or in part of the specified Deliverable Materials to the City, the agreement between Design Professional and the Subcontractor [Subcontractor Agreement] shall include a statement that identifies that the Deliverable Materials/Work product as a “work-for hire” as defined in the Act and that all

intellectual property rights in the Deliverable Materials/Work product, whether arising in copyright, trademark, service mark or other belongs to and shall vest solely with the City. Further, the Subcontractor Agreement shall require that the Subcontractor, if necessary, shall grant, transfer, sell and assign, free of charge, exclusively to the City, all titles, rights and interests in and to said Work/Deliverable Materials, including all copyrights and other intellectual property rights. City shall have the right to review any Subcontractor agreement for compliance with this provision.

**8.6 Publication Design.** Design Professional may not publish or reproduce any Deliverable Materials, for purposes unrelated to Design Professional's work on behalf of the City without prior written consent of the City.

**8.7 Intellectual Property Warranty and Indemnification.** Design Professional represents and warrants that any materials or deliverables, including all Deliverable Materials, provided under this contract are either original, not encumbered and do not infringe upon the copyright, trademark, patent or other intellectual property rights of any third party, or are in the public domain. If Deliverable Materials provided hereunder become the subject of a claim, suit or allegation of copyright, trademark or patent infringement, City shall have the right, in its sole discretion, to require Design Professional to produce, at Design Professional's own expense, new non-infringing materials, deliverables or Works as a means of remedying any claim of infringement in addition to any other remedy available to the City under law or equity. Design Professional further agrees to indemnify and hold harmless the City, its elected officials, officers, employees and agents from and against any and all claims, actions, costs, judgments or damages of any type alleging or threatening that any materials, deliverables, supplies, equipment, services, Deliverable Materials, or Works provided under this contract infringe the copyright, trademark, patent or other intellectual property or proprietary rights of any third party (Third Party Claims of Infringement). If a Third Party Claim of Infringement is threatened or made before Design Professional receives payment under this contract, City shall be entitled, upon written notice to Design Professional, to withhold some or all of such payment.

**8.8 Enforcement Costs.** The Design Professional agrees to pay any and all costs the City incurs enforcing the indemnity and defense provisions set forth in Article 8, including but not limited to, attorneys' fees.

## **ARTICLE IX MISCELLANEOUS**

**9.1 Notices.** In all cases where written notice is required under this Agreement, service shall be deemed sufficient if the notice is deposited in the United States mail, postage paid. Proper notice shall be effective on the date it is mailed, unless provided otherwise in this Agreement. For the purpose of this Agreement, unless otherwise agreed in writing, notice to the City shall be addressed to: Engineering & Capital Projects Department, c/o Rawsan Salha, 525 B Street, Suite 750, San Diego, CA 92101, and notice to the Design Professional shall be addressed to: Parsons Transportation Group, Gerard Lumabas, 525 B Street, Suite 1600, San Diego, CA 92101, Gerard.Lumabas@Parsons.com.

**9.2 Headings.** All article headings are for convenience only and shall not affect the interpretation of this Agreement.

**9.3 Non-Assignment.** The Design Professional shall not assign the obligations under this Agreement, whether by express assignment or by sale of the company, nor any monies due or to become due, without the City's prior written approval. Any assignment in violation of this paragraph shall constitute a Default and is grounds for immediate

termination of this Agreement, at the sole discretion of the City. In no event shall any putative assignment create a contractual relationship between the City and any putative assignee.

**9.4 Independent Contractors.** The Design Professional and any Subcontractors employed by the Design Professional shall be independent contractors and not agents of the City. Any provisions of this Agreement that may appear to give the City any right to direct the Design Professional concerning the details of performing the Professional Services, or to exercise any control over such performance, shall mean only that the Design Professional shall follow the direction of the City concerning the end results of the performance.

**9.5 Design Professional and Subcontractor Principals for Professional Services.** It is understood that this Agreement is for unique Professional Services. Retention of the Design Professional's Professional Services is based on the particular professional expertise of the following members of the Design Professional's organization: Gerard Lumabas, Brian Leto, Bardia Hashemi [Project Team]. Accordingly, performance of Professional Services under this Agreement may not be delegated to other members of the Design Professional's organization or to Subcontractors without the prior written consent of the City. It is mutually agreed that the members of the Project Team are the principal persons responsible for delivery of all Professional Services and may not be removed from the Project Team without the City's prior written approval. Removal of any member of the Project Team without notice and approval by the City may be considered a default of the terms and conditions of this Agreement by the Design Professional. In the event any member of the Project Team becomes unavailable for any reason, the City must be consulted as to any replacement. If the City does not approve of a proposed replacement, the City may terminate this Agreement pursuant to section 2.6 of this Agreement. Further, the City reserves the right, after consultation with the Design Professional, to require any of the Design Professional's employees or agents to be removed from performance of the Scope of Services.

**9.6 Additional Design Professionals or Contractors.** The City reserves the right to employ, at its own expense, such additional Design Professionals or contractors as the City deems necessary to perform work or to provide the Professional Services on the Project.

**9.7 Employment of City Staff.** This Agreement may be unilaterally and immediately terminated by the City, at its sole discretion, if the Design Professional employs an individual who, within the last twelve months immediately preceding such employment did, in the individual's capacity as an officer or employee of the City, participate in, negotiate with, or otherwise have an influence on the recommendation made to the City Council or Mayor in connection with the selection of the Design Professional.

**9.8 Covenants and Conditions.** All provisions of this Agreement, expressed as either covenants or conditions on the part of the City or the Design Professional, shall be deemed to be both covenants and conditions.

**9.9 Compliance with Controlling Law.** The Design Professional shall comply with all laws, ordinances, regulations, and policies of the federal, state, and local governments applicable to this Agreement, including California Labor Code section 1720 relating to the payment of prevailing wages during the design and preconstruction phases of a project, including inspection and land surveying work. In addition, the Design Professional shall comply immediately with all directives issued by the City or its authorized representatives under authority of any laws, statutes, ordinances, rules, or regulations. The laws of the State of California shall govern and control the terms and conditions of this Agreement.

**9.10 Jurisdiction.** The jurisdiction and applicable laws for any suit or proceeding concerning this Agreement, the interpretation or application of any of its terms, or any related disputes shall be in accordance with the laws of the State of California without regard to the conflicts or choice of law provisions thereof.

**9.11 Successors in Interest.** This Agreement and all rights and obligations created by this Agreement shall be in force and effect whether or not any Parties to the Agreement have been succeeded by another entity, and all rights and obligations created by this Agreement shall be vested and binding on any Party's successor in interest.

**9.12 Integration.** This Agreement and the Exhibits and references incorporated into this Agreement fully express all understandings of the Parties concerning the matters covered in this Agreement. No change, alteration, amendment, or modification of the terms or conditions of this Agreement, and no verbal understanding of the Parties, their officers, agents, or employees shall be valid unless made in the form of a written change agreed to in writing by both Parties. All prior negotiations and agreements are merged into this Agreement.

**9.13 Counterparts.** This Agreement may be executed in counterparts, which when taken together shall constitute a single signed original as though all Parties had executed the same page.

**9.14 No Waiver.** No failure of either the City or the Design Professional to insist upon the strict performance by the other of any covenant, term or condition of this Agreement, nor any failure to exercise any right or remedy consequent upon a breach of any covenant, term, or condition of this Agreement, shall constitute a waiver of any such breach of such covenant, term or condition. No waiver of any breach shall affect or alter this Agreement, and each and every covenant, condition, and term hereof shall continue in full force and effect without respect to any existing or subsequent breach.

**9.15 Severability.** The unenforceability, invalidity, or illegality of any provision of this Agreement shall not render any other provision of this Agreement unenforceable, invalid, or illegal.

**9.16 Municipal Powers.** Nothing contained in this Agreement shall be construed as a limitation upon the powers of the City as a chartered city of the State of California.

**9.17 Drafting Ambiguities.** The Parties agree that they are aware that they have the right to be advised by counsel with respect to the negotiations, terms and conditions of this Agreement, and the decision of whether or not to seek advice of counsel with respect to this Agreement is a decision which is the sole responsibility of each Party. This Agreement shall not be construed in favor of or against either Party by reason of the extent to which each Party participated in the drafting of the Agreement.

**9.18 Conflicts Between Terms.** If an apparent conflict or inconsistency exists between the main body of this Agreement and the Exhibits, the main body of this Agreement shall control. If a conflict exists between an applicable federal, state, or local law, rule, regulation, order, or code and this Agreement, the law, rule, regulation, order, or code shall control. Varying degrees of stringency among the main body of this Agreement, the Exhibits, and laws, rules, regulations, orders, or codes are not deemed conflicts, and the most stringent requirement shall control. Each Party shall notify the other immediately upon the identification of any apparent conflict or inconsistency concerning this Agreement.

**9.19 Design Professional Evaluation.** City will evaluate Design Professional's performance of Professional Services on the Project using the Consultant Evaluation Form [Exhibit F].

**9.20 Exhibits Incorporated.** All Exhibits referenced in this Agreement are incorporated into the Agreement by this reference.

**9.21 Survival of Obligations.** All representations, indemnifications, warranties and guarantees made in, required by or given in accordance with this Agreement, as well as all continuing obligations indicated in this Agreement, shall survive, completion and acceptance of the Professional Services and termination or completion of the Agreement.

**9.22 Contractor Standards.** This Agreement is subject to the Contractor Standards clause of the Municipal Code Chapter 2, Article 2, Division 30 adopted by Ordinance No. O-20316. All consultants are required to complete the Contractor Standards Pledge of Compliance included herein as Exhibit G.

**9.23 Equal Benefits Ordinance.** Unless an exception applies, Design Professional shall comply with the Equal Benefits Ordinance (EBO) codified in the San Diego Municipal Code (§22.4304(f)). Failure to maintain equal benefits is a material breach of this Agreement. By signing this Agreement, Design Professional certifies that Design Professional is aware of, and will comply with, this City-mandated clause throughout the duration of the Agreement.

**9.24 Public Records.** By Signing this Agreement the Design Professional agrees that it is aware that the contents of this Agreement and any documents pertaining to the performance of the Agreement requirements/Scope of Services resulting from this Agreement are public records, and therefore subject to disclosure unless a specific exemption in the California Public Records Act applies.

If the Design Professional submits information **clearly marked** confidential or proprietary, the City of San Diego (City) may protect such information and treat it with confidentiality only to the extent permitted by law. However, it will be the **responsibility of the Design Professional** to provide to the City the specific legal grounds on which the City can rely in withholding information requested under the California Public Records Act, should the City choose to withhold such information.

General references to sections of the California Public Records Act will not suffice. Rather, the Design Professional must provide a **specific and detailed legal basis, including applicable case law that clearly establishes** the requested information is exempt from the disclosure requirements of the California Public Records Act.

If the Design Professional does not provide a specific and detailed legal basis for withholding the requested information within a time specified by the City, the City will release the information as required by the California Public Records Act and the **Design Professional will hold the City harmless** for release of this information.

It will be the **Design Professional's obligation to defend**, at Design Professional's expense, any legal actions or challenges seeking to obtain from the City any information requested under the California Public Records Act withheld by the City at the Design Professional's request. Furthermore, the Design Professional shall **indemnify** the City and **hold it harmless** for any claim or liability, and **defend any action** brought against the City, resulting from the City's refusal to release information requested under the Public Records Act withheld at Design Professional's request.

Nothing in this Agreement creates any obligation for the City to notify the Design Professional or obtain the Design Professional's approval or consent before releasing information subject to disclosure under the California Public Records Act.

**9.25 Equal Pay Ordinance.** Unless an exception applies, Design Professional shall comply with the Equal Pay Ordinance (EPO) codified in the San Diego Municipal Code (SDMC) at section 22.4801 through 22.4809. Design Professional shall require all of its subconsultants to certify compliance with the EPO in their written subcontracts. Design Professional must post a notice informing its employees of their rights under the EPO in their workplace or job site. By signing this Agreement with the City of San Diego, Design Professional acknowledges the EPO requirements and pledges ongoing compliance with the requirements of SDMC Division 48, section 22.4801 et seq., throughout the duration of this Agreement.

IN WITNESS WHEREOF, this Agreement is executed by the City of San Diego, acting by and through its Mayor, pursuant to San Diego Municipal Code 22.3207 authorizing such execution, and by the Design Professional pursuant to Parsons Transportation Group's signature authority document.

I HEREBY CERTIFY I can legally bind Parsons Transportation Group and that I have read all of this Agreement, this 19th day of November, 2021.

## SCOPE OF SERVICES

The Parsons Transportation Group (Design Professional) shall provide project management and final plans, specifications, and estimate (PS&E) design services for the Design of Point Loma Wastewater Treatment Plant (PLWTP) Scum Injection Concentrators Improvements Project.

### PROJECT BACKGROUND

As part of the City of San Diego Public Utilities Department's (PUD) Operations Optimization Program, PUD's Operations is looking into the potential use of scum by-product at the Point Loma Wastewater Treatment Plant (PLWTP). Many utilities have started digesting scum on-site instead of hauling it offsite as digesting can recover energy and reduce organic waste. In 2018, PUD's Operations Optimization Program Consultant Team conducted a feasibility assessment, titled PLWTP Scum Digestion Assessment and Conceptual Plan, considered PLWTP's current scum capture system and evaluated five options regarding scum digestion. It was determined that Option 5 would be the recommended option from both a lifecycle cost and benefit evaluation. Option 5 involves dewatering the pre-screened scum and pumping the thickened scum to the sludge blending tank. The PLWTP Scum Digestion Assessment and Conceptual Plan gives a detailed plan of action. The Design Professional will submit 30%, 60%, 100%, and Final, and will be the Engineer of Record, providing final stamped plans, Engineer's Estimate, and Supplemental Specifications.

The Design Professional will be required to perform all the studies, environmental review, and approvals necessary to finalize the design and prepare the specifications for construction using the current City of San Diego standard construction specifications and City requirements. The Design Professional shall be responsible for all permitting, and for all necessary coordination with the City of San Diego to finalize the design. Environmental and City permitting issues of note would include the following: Potential archaeological monitoring if excavation involve previously undisturbed soils; compliance with the MHPA Land Use Adjacent Guidelines (Section 1.4.3 of the City's MSCP Subarea Plan (March 1997)). The Design Professional will be required to submit a package for review at 30%, 60%, 100% and Final Design. Each milestone will have minimum requirements of completion to be accepted and reviewed by the different departments within the City, as outlined in the City of San Diego's CADD Standards and the City of San Diego Public Works Department's Citywide Plan Check Distribution List. Each review cycle will require the Design Professional to attend comment review meetings with all the reviewing parties, as well as several as-needed intermediate meetings to resolve questions and conflicts.

### ASSUMPTIONS

The Design Professional has based its scope of services on the following assumptions:

- Plant's background CAD files are not readily available and will be recreated by Design Professional
- There is an existing plant SCADA system
- The existing power center 5 has space available for a new Remote I/O panel
- Existing plant PLC can be interfaced with the new Remote I/O panel via Ethernet cable(s)

- Control logic for the new equipment can be programmed using existing plant PLC
- New standby generator is not required
- Existing standby generator has capacity to add scum injection system critical loads during utility power outage
- Existing electrical service and switchboard “31SB-1” has spare capacity to power the new scum injection system
- New MCC will be added and fed by existing Switchboard “31SB-1”. Existing Switchboard “31SB-1” has space to add new Breaker
- Cathodic protection and lightning protection are not required
- Permits to survey site are not required
- Environmental and planning document review for support of environmental clearance will be handled by DSD
- DSD will make determination if paleontological monitoring is required during geotechnical investigation and construction
- Project limits occur well outside MHPA in developed areas
- IB-511 permitting is not required. City EPS will coordinate in-house to address IB-511 determination
- Site development permit not required based on scope of services
- Since no new power sources are proposed, a Noise or Air Quality study is not required
- Biological studies and reports will be conducted and prepared in accordance with the February 2018 version of the Biology Guidelines of the San Diego Municipal Code’s Land Development Manual. The November 2020 updates to the biological report guidelines do not apply to Engineering & Capital Projects.

## **EXCLUSIONS**

The following services are excluded from our scope of services:

- Monument preservation
- Boundary surveys
- Survey of interior buildings or roofs
- Environmental and planning document review for support of environmental clearance
- Research to determine if paleontological monitoring is required
- Coastal California Gnatcatcher Surveys & Reporting
- IB-511 permitting support
- Site development permit
- Noise and/or Air Quality Study

## **PROJECT TASKS**

### **1.0 PROJECT MANAGEMENT**

#### **1.1 Project Management**

Provide management support to the City in the execution of the PROJECT's design phase and design-related issues during the bid, award, and construction phase.

*Estimate accounts for three (3) hours per month for Design Professional Project Manager (PM).*

*Estimate accounts for two (2) hours per month for Administrator for invoice preparation.*

### **1.2 Meetings**

Attend meetings as requested by the City and coordinate the preparation of supporting materials as required.

*Estimate accounts for one (1) coordination meeting every month at one (1) hour for attendance, prep, and minutes for PM and Project Engineer (PE) during design phase only.*

### **1.3 Project Schedule**

Establish, monitor, and maintain PROJECT scheduling and budget controls. Initiate corrective action when deviations from scheduled task completions and budgets arise. The schedule shall include PROJECT tasks, interrelationships, milestones, and intermediate and final PROJECT deliverables, in accordance with the City of San Diego and other municipalities' Guidelines and Standards.

*Estimate accounts for eight (8) hours of project schedule preparation time for the Project.*

### **1.4 Progress Reports**

The Design Professional shall prepare monthly progress reports to provide coordination and communications between its own Project Management Team and individual Task Managers of the various PROJECT elements, activities, and tasks. Develop the format of the final monthly progress report in coordination with the City's Project Manager. The report will be used by the City for briefings that may be required. The report shall be attached to the monthly progress invoice. Report contents include, but are not limited to:

- Schedule information
- Percentage of individual task completion
- Budget information
- Problems encountered
- Out-of-scope authorizations
- Design Professional action items
- City action items, and
- Resolved items and resolution organized by issue

*Estimate accounts for half an hour (0.5) per month for progress report preparation for Project Engineer*

**1.5 Coordination**

Coordination. Provide coordination and communications between the City Project Management staff and the Design Professional staff as necessary to keep the entire PROJECT Team informed of the PROJECT's progress on key issues and decisions. The Design Professional shall inform the City of subconsultant activities and relay any feedback from City staff.

*Estimate accounts for one (1) hour per week during design phase for Project Engineer.*

**2.0 PROJECT DESIGN MEETINGS**

The Design Professional shall prepare meeting agenda and minutes for all meetings and distribute these to attendees and others designated by the City's Project Manager. Ensure that all PROJECT Team action items are addressed by the appropriate task managers.

**2.1 Monthly Progress Meetings**

Design Professional will lead monthly progress meetings with task managers and/or major subconsultants assisting in performing work.

*Estimate accounts for one (1) meeting per month at one half (0.5) hour per meeting for most staff and one (1) hour per meeting for PM and PE to prepare agenda and minutes.*

**2.2 Submittal Meetings**

The Design Professional shall attend submittal meetings to review various design issues prior to the submittal. The meetings will be held prior to 30% Design, 60% Design, 100% Design.

*Estimate accounts for two (2) hours per meeting for key staff, all via teleconference, to include time for agenda and minutes preparation and attendance.*

**2.3 Operations Meetings**

The Design Professional shall attend operations meetings to review various design issues after submittal. The meetings will be held after preparation 30% Design, 60% Design, 100% Design, and Final Design. The Design Professional shall respond to PLWTP Operations comments in a form provided by the City.

*Estimate accounts for four (4) meetings total, 2 hours per meeting for key staff.*

**3.0 INVESTIGATIONS**

**3.1 Site Investigation**

Design Professional shall make up to two (2) trips to the site to gather relevant information from field observations. Site investigations shall be coordinated with appropriate City and Plant staff and Design Professional shall be accompanied by City or Plant staff at all times during visits.

During site visit, Design Professional shall coordinate with Plant staff to obtain Plant's full-sized as-built records to create copies and scan to PDF. Copies and PDF will be provided to PUD.

### 3.2 Survey

#### 3.2.1 Establish Control, Setup, Review

Design Professional will utilize existing City Control and Research to prepare for survey and setup the project for the field crew. It is understood the City's survey department may not have existing control available. In this scenario, the Design Professional will utilize other survey control from previous projects.

#### 3.2.2 Supplemental Survey Measurements

Design Professional will field survey to identify and locate supplemental survey information of the project area. Design Professional will need to use a two-man prevailing wage crew in order to perform this task.

#### 3.2.3 Drafting Supplemental Survey Measurements

Design Professional will process supplemental limited topographic survey map of existing conditions within the subject area. This includes measuring existing visible utilities, large trees, signs, handhole, manholes, etc. within the proposed project area.

#### 3.2.4 Set Aerial Panels for Topographic Survey

Design Professional will set (6) control points on the ground for topographic survey of the entire plant.

#### 3.2.5 Aerial Topographic Survey of Entire Site

Design Professional will locate limited topographic survey map of the entire plant.

#### 3.2.6 Provide Aerial Topographic Survey in Microstation Format

Design Professional will provide (1) aerial limited topographic survey in Microstation format of the proposed area.

*Deliverable – Survey Mapping in .pdf .txt. .dgn or .ast*

### 3.3 As-built Investigation

Perform as-built research and obtain all additional as-builts that have not been provided by the City.

### 3.4 Utility locating

#### 3.4.1 Potholing

Design Professional will conduct potholing vacuum hole excavation to determine the depth and location of existing utilities.

*Deliverable: Potholing Plan (.pdf), Potholing Report (.pdf)*

#### 3.4.2 Ground Penetrating Radar

A geophysical survey will be performed around five (5) proposed drill locations or utility crossings. The purpose of the surveys will be to locate and delineate, insofar as possible, any utilities, pipelines buried in the shallow subsurface within predetermined survey areas. All items that are detected by geophysical means will be demarcated onto the ground's surface.

The EM-61 and the M-Scope will be used to monitor electro-magnetic (EM) data, which will highlight buried metallic objects, such as pipelines and underground storage tanks. Ground Penetrating Radar (GPR) will be the main instrument applied for the detection of the backfilled excavations, trenches, and nonmetallic pipelines and utilities. The line tracer will be used in both passive and active modes. Active mode includes impressing a unique RF signal upon pipelines and accessible risers and tracer wires with the transmitter and then tracing out the surface projection of the pipelines containing the unique RF signal with the receiver. The passive mode includes the detection of 60 Hz electrical signals and other common radio-frequency signals found in active electrical and communication lines.

Geophysical Instruments:

- Electromagnetic (EM) Instruments: Geonics EM-61 and a Fischer TW-6 M-Scope
- Ground Penetrating Radar (GPR): Sensors and Software Noggin with a 500 MHz antenna
- Line Locators: Metrotech 9800 series and either a Ridgid Navitrack II or a Ridgid SR-60
- Magnetics: Schonstedt GA-52

*Deliverable: Ground Penetrating Radar Report (.pdf)*

### **3.5 Geotechnical**

The purpose of the geotechnical investigation for the proposed reaches of the PROJECT will be to evaluate the geotechnical conditions along the selected alignment and provide geotechnical recommendations relative to the design and construction of the proposed scum pipeline. Work will include separate geotechnical reports for the open cut sections of piping. The Design Professional is responsible for all permitting for geotechnical testing with the City of San Diego.

#### **3.5.1 Desktop Study**

##### **3.5.1.1 Information Review**

This task involves a review of readily available information, including preliminary project design information, published geologic literature and maps, as-built utility maps, pertinent geotechnical reports prepared by others (if available), and topographic maps.

##### **3.5.1.2 Field Reconnaissance**

This task includes a field reconnaissance visit to observe general site and geologic conditions at the PLWTP facility. Emphasis will be placed on various engineering geologic aspects such as stratigraphy and excavability characteristics, and potential hazards/constraints (such as faulting, liquefaction, landslides, mudflows, and seeps).

### **3.5.1.3 Engineering Analysis and Report Preparation**

This task consists of the preparation of a written report to present the results of our information review and site reconnaissance, and our conclusions and preliminary recommendations for the proposed project. Information pertaining to geologic setting and features/hazards, and geotechnical and hydrogeologic conditions obtained from the information review and site reconnaissance tasks will be evaluated with respect to anticipated ground behavior and geotechnical issues that are likely to affect the design and construction of the proposed project. The geotechnical issues will include the following:

- Geologic and geotechnical conditions at the project site;
- Anticipated engineering characteristics of the subsurface soils;
- General pipeline and structure foundation design and support-related issues, such as seismic hazards, anticipated subgrade conditions, bearing capacity, lateral load and resistance, pipe bedding and settlement considerations;
- General earthwork-related considerations such as temporary slopes, borrow sources, compaction criteria;
- Construction-related issues, such as soil excavability characteristics, shoring and dewatering considerations; and
- Identification of unique or unusual site conditions that may require special design and/or construction methods.

The report will include a geologic map of the PLWTP site. The map will delineate areas of liquefaction susceptible material, fault crossings, and known (mapped) landslides. Recommendations will be presented for a subsurface exploration program, if required, that will include the advancement of exploratory borings at critical locations or in areas where information is lacking or not available.

*Deliverable: Geotechnical Report (.pdf)*

## **3.6 Environmental Clearance Support**

The proposed Option 5 improvements will occur entirely within the existing project footprint. Environmental impacts could occur during the construction phase from material hauling, material staging (if offsite staging is required), and construction equipment operations. New environmental impacts as a result of Plant operations are not anticipated. Therefore the project could likely be exempted from CEQA under Class 1 (b) *Existing facilities of both investor and publicly-owned utilities used to*

*provide electric power, natural gas, sewerage, or other public utility services.* Supporting technical studies shall be prepared in support of the CEQA Notice of Exemption (NOE). In the event, NOE is not applicable, an Initial Study (IS) leading to a Negative Declaration (ND) or Mitigated Negative Declaration (MND) shall be prepared.

Design Professional will assist the City in preparing the required technical studies or memos in support of the NOE or IS/MND document preparation during the design phase of the project. These studies shall be consistent with the City of San Diego guidelines for the specific study and includes analysis of all issues required by the City of San Diego. Technical studies may include Biological Technical Report or Bio Letter and Archaeological Survey Report.

### **3.6.1 Biological Resources Studies:**

The proposed improvement will occur within the existing facility footprint. Impacts to biological resources in the area adjacent to the facility site could occur during project construction. The Design Professional's biological resources subconsultant will prepare the environmental technical study to assess impacts to biological resources as a result of construction activities. The task will include the following activities:

#### ***3.6.1.1 Background Research & General Biological Survey***

Design Professional will review project background information, conduct a brief aerial analysis of the project vicinity, and conduct a database search (e.g., California Natural Diversity Database, SanGIS, other sensitive species databases) to identify sensitive resources that are known to occur or have a potential to occur within the vicinity of the project. Design Professional will conduct the general biological survey, which will include vegetation mapping and habitat assessments for sensitive species.

#### ***3.6.1.2 Biological Survey Letter Report Preparation***

Design Professional will prepare a Biological Survey Letter Report that provides the project description, methods, existing conditions (i.e., results of Tasks 1 above), an impact analysis, and proposed mitigation. This Biological Survey Letter Report will also include a Multiple Species Conservation Plan (MSCP) Consistency Analysis per the updated City requirements. Design Professional will provide the draft Biological Survey Letter Report to the City for review and comment. One round of minor comments is included. Once comments are received, one Final version of the Biological Survey Letter Report will be submitted to the Client.

*Deliverable: Biological Survey Letter Report (.pdf)*

**3.6.2 Coastal Commission Permitting Support**

Although the Project is in State Coastal Zone Jurisdiction, it is likely that the project will be exempt from the coastal permit.

***3.6.2.1 Sea Level Rise Analysis***

Design Professional will assist EPS in addressing the Sea Water Rise issue that may be a request as part of the Coastal Commission permitting coordination. EPS will provide a sample technical memo for the Design Professional to use as a model.

***3.6.2.2 Permitting Support***

Design Professional will provide assistance to the EPS in obtaining the CCC permit exemption.

*Deliverable: Coastal Commission Permitting Support including Sea Water Rise Technical Memo*

**3.6.3 Archaeological Record Search and Constraints Analysis**

For this task, it is assumed the City of San Diego Development Services Department (DSD) will take the lead on AB-52 consultation process. Design Professional will conduct a record of the Project area and a one-mile record search radius of the California Historical Resources Information System (CHRIS) held at the South Coastal Information Center (SCIC) at San Diego State University to identify previous cultural resource studies conducted in the Project area and any previously recorded sites located within or near the project. We will also request a search of the Sacred Land File with the Native American Heritage Commission (NAHC) to identify areas of Native American heritage significance or any listed Traditional Cultural Properties or Tribal Cultural Resources. The NAHC will provide a list of tribal contacts that may have further information regarding the Project area. Design Professional will send information request letters to each tribal contact provided by the NAHC. As the Project area is completely developed and there is no ground surface visibility Design Professional will not conduct a pedestrian archaeological survey of the Project area. Design Professional will examine all available historic maps and aerials photographs to determine if there have been previous subsurface ground disturbances within the Project area. Design Professional will compile the background information, historic research, and record search results and prepare a constraints analysis. The record search and constraints analysis will be reported on the Archaeological Resource Report Form, per Appendix D of the City of San Diego Land Development Manual – Historical Resources Guidelines. The Archaeological Resource Report Form assumes that no cultural resources have been previously recorded within the Project area. The Report Form will summarize the cultural resources inventory’s methods and results and provide recommendations for further studies if needed. If any cultural resources are identified within the Project area Design Professional will

alert you immediately and can provide any additional services needed through a contract augment.

*Deliverable: Archaeological Resource Letter Report (.pdf)*

#### **4.0 THIRTY PERCENT (30%) DESIGN SUBMITTAL**

The Design Professional shall submit 30% level design drawings for the City. The 30% Design will, at a minimum, fulfill the requirements of all applicable design and drafting checklists for water and right-of-way design in the City of San Diego found at <https://www.sandiego.gov/ecp/edocref/>

##### **4.1 30% Design Deliverables**

- 4.1.1 30 Percent Design Drawings (Full-sized PDF)
- 4.1.2 MicroStation files,
- 4.1.3 Digital file submittal for QA/QC review, PUD package submitted for their review (draft memo with required attachments to be provided at design kick-off meeting),
- 4.1.4 Specification Outline
- 4.1.5 Preliminary Construction Estimate.
- 4.1.6 (5 sets) Environmental Public Projects Assessment package ready for submittal to DSD and County. The package is to be prepared per submittal requirements of the City/County of San Diego. One (1) resubmittal is included,

#### **5.0 SIXTY PERCENT (60%) DESIGN SUBMITTAL**

The Design Professional shall advance the 30% Design to 60% Design level. Design Professional shall incorporate agreed-upon City comments from the 30% Submittal review. Technical specifications at 60% level along with the 60% Design drawings shall be prepared and submitted by the Design Professional. The City will provide comments on the 60% Design submittal to be incorporated in the next design. Failure to meet all submittal requirements shall result in rejection of submittal by the City.

##### **5.1 60% Design Deliverables**

- 5.1.1 60 Percent Design drawings, Full Size (6 sets), and Half Size (3 sets),
- 5.1.2 PDF Design Drawings (All Plan Sheets)
- 5.1.3 MicroStation files,
- 5.1.4 Technical specifications outline
- 5.1.5 Written responses to the City's and other Agencies' 30% design review comments,
- 5.1.6 Preliminary Construction Estimate,
- 5.1.7 Completed Design Technical Studies: that includes but not limited to Complete Biological/ Survey Report, Archaeological Record Search, Sea Level Rise Study

- 5.1.8 PUD package submitted for their review (draft memo with required attachments to be provided at design kick-off meeting):
  - 5.1.8.1 At least (7) sets Site Development Permit Package (if needed). Submittal requirements per City of San Diego. Anticipated technical studies include:, Biology Survey and Archaeological Record Search.

## **6.0 ONE HUNDRED PERCENT (100%) DESIGN SUBMITTAL**

Design Professional shall advance the 60% Design to 100% Design level. The 100% Design is essentially fully complete in details, notes, and all aspects are considered at 100% Design. The 100% Design will also have fulfilled all design requirements and standards as specified by Public Utilities Department and Public Works Department and any other agencies involved in this PROJECT. Design Professional shall incorporate agreed upon City comments from the 60% Submittal. The City will make final comments of the 100% Design submittal to be incorporated in the (Final) Design.

### **6.1 100% Design Deliverables**

- 6.1.1 100% Design Drawings, Full Size (6 sets), and Half Size (3 sets),
- 6.1.2 PDF Design Drawings (All Plan Sheets)
- 6.1.3 MicroStation files,
- 6.1.4 Completed Specifications Master Markup # 1 using the City's latest boilers and master bid list which shall have all applicable sections, appendix information and updated construction estimate attached
- 6.1.5 Written responses to the City's 60% Design review comments,
- 6.1.6 QAQC package submitted for review (draft memo with required attachments to be provided at design kick-off meeting),
- 6.1.7 PUD package submitted for their review (draft memo with required attachments to be provided at design kick-off meeting),
- 6.1.8 Field Constructability review package submitted for their review (draft memo with required attachments to be provided at design kick-off meeting),
- 6.1.9 Engineer's Construction Cost Estimate (4 copies), and
- 6.1.10 10 additional Specification Master Markups for the City-Wide Plan Check Process.
- 6.1.11 Development Services Department permitting package (assuming two comment cycles)

## **7.0 FINAL DESIGN SUBMITTAL**

Design is fully complete in all aspects and considered at final design and bid- ready. Design Professional shall incorporate City and other agency review comments from the 100% Submittal. The Design Professional shall submit the Final Design and Specifications for cursory review. All

Design Professional’s in- house review comments and all City and other agency review comments are addressed, and all disagreements and open issues are resolved prior to submittal of these documents to the City Project Manager.

**7.1 Final Design Deliverables**

- 7.1.1 NOTE: The same construction sheets shown in the 100% submittal will be provided with full design information necessary for a final submittal; 10 copies of the Final Design and Specifications. and one (1) electronic media in MicroStation format in accordance with the CADD Guidelines. All the information necessary for a complete construction bid package per County and City requirements,
- 7.1.2 Final Specifications shall be provided on Microsoft Word files with hard copy delivered,
- 7.1.3 A Final Construction Estimate, and
- 7.1.4 A suggested sequence of work incorporating the acquisition of all permits, easement permissions, moratoriums, PROJECT coordination issues, and phasing requirements demonstrating the construction completion by allowed working days in the contract.
- 7.1.5 Specification boiler markups for submittal of first master markup in Word with tracked changes (Whitebook based boilers to be proved by City Staff, format to be per Whitebook),

**8 BID AND AWARD**

**8.1 Bid and Award**

The Design Professional shall provide technical support to the City during the bidding and award phase of the construction packages identified in Phase A - Design, Scope of Services for the design, bid, and construction of PLWTP Scum Injection project.

*Estimate accounts for responding to up to four (4) requests for information (RFIs) during the bidding process and general coordination time with City PM.*

**8.2 Pre-Bid Meeting**

The Design Professional shall attend the Pre-bid Meeting and respond to design-related technical questions from potential bidders and suppliers on the Contract Documents.

*Estimate accounts for Design Professional Project Manager and Project Engineer to attend Pre-Bid meeting and provide meeting agenda and minutes.*

**8.3 Addenda**

Prepare necessary addenda to contract documents and revise the drawings as necessary for the addenda. If the City elects to create the addenda, the Design Professional shall assist in preparing the necessary technical addenda to the contract documents. The Design Professional shall prepare or revise all the drawings required for the addenda. The bid and award phase is estimated to last approximately six (6) months.

*Estimate accounts for preparation of the addenda only and not for fees related to preparation of additional sheets or modification of existing sheets. Estimate for that effort shall be determined at the time of the addenda.*

**9 CONSTRUCTION**

The Design Professional shall provide technical support to the Construction Manager (City) during the construction phase of the PROJECT, as described in tasks herein.

**9.1 Construction Meetings**

- 9.1.1 Pre-Pre-Construction Meeting: The Design Professional shall attend the meeting to prepare City field staff with key discussion points that will be explained to the contractor in the Pre-Construction Meeting,

*Estimate accounts for Design Professional Project Manager and Project Engineer to attend pre-pre-construction meeting and provide meeting minutes.*

- 9.1.2 Pre-Construction Meeting: The Design Professional's Project Manager shall attend and participate in the pre-construction conference including a PROJECT site visit. The Design Professional's Project Manager shall provide the Field Division Resident Engineer all required documents (as stated in the environmental document),

*Estimate accounts for Design Professional Project Manager and Project Engineer to attend pre-construction meeting and provide meeting minutes.*

- 9.1.3 Construction Progress Meetings: The Design Professional shall attend all Construction Progress Meetings. Review construction progress and assist the Project Manager, as requested (assume 2 meetings for each month during construction period, assumed to be 12 months).

*Estimate accounts for Design Professional Project Manager and Project Engineer to attend construction progress meeting and provide meeting minutes (as-needed).*

## **9.2 Contractor Submittals Review**

- 9.2.1 The Design Professional shall review the Contractor's submittals for conformance to the Contract Documents. The Design Professional shall review each submittal for conformance with design intent, materials application, design configuration, and overall compatibility with the facility's intended use. The Design Professional will review all submittals, except the submittals that are per the City of San Diego AML, which will be approved by City staff, and

*Estimate accounts for 30 first time submittals and up to 15 resubmittals.*

- 9.2.2 The Design Professional shall review and evaluate Requests for Substitution, including or equal submissions on shop drawings. The Design Professional shall provide a written approval or disapproval for a substitution request.

*Estimate accounts for up to two (2) requests for substitutions.*

## **9.3 Requests for Information/Clarification**

The Design Professional shall receive each written request for information or clarification (RFI/RFC) from the contractor, review the request and the appropriate sections/drawings of the technical documents, and prepare a written response to the contractor.

*Estimate accounts for up to 75 RFI's.*

**9.3.1 CHANGE ORDER PREPARATION ASSISTANCE:**

The Design Professional will be required to assist the Construction Manager in preparing, reviewing, and recommending resolutions to proposed construction change orders.

*Estimate accounts for preparation assistance on up to two (2) change orders.*

**9.4 As-Built Drawings**

The Design Professional shall update the original Contract Documents based on information (RFIs, DCs, COs, Redlines) received from the Contractor through the Construction Manager and create the As-built Drawings. The Design Professional shall follow City of San Diego, and County standards for As-built Mylar Drawings.

The Design Professional shall produce as-built plans for the construction as follows:

1. Obtain a set of the approved Contractor's final redline drawings (full-size, marked up prints showing the as-constructed Project configuration) from the City's Project Manager.
2. Design Professional will review redlines prior to incorporating in the electronic files.
3. Update electronic file set to include all changes from red-lined set, per City Record Management Guidelines, dated 1997.
4. Submit an electronic PDF, 1 paper hard copy, and Microstation files of record drawings to City Project Manager for Construction Manager's review and signature approval.
5. Prepare and submit one complete set of full-size (22-inch x 34-inch) original Mylar final Record Drawing CADD plots prepared in accordance with the City's current CADD standards for consultants. Each CADD drawing sheet shall include a Record Drawing block and be initialed by qualified responsible engineers registered in the state of California.

The budget for this task assumes that Contractor's final redline drawings are straightforward and do not require extensive engineering effort to update the electronic files. If upon review the Design Professional finds the redlines require additional effort than anticipated, Design Professional will contact the City's Project Manager for direction.

**10 ADDITIONAL SERVICES**

An allowance for unforeseen conditions may be provided with this PROJECT can include but are not limited to the following: Potholing; Ground Penetrating Radar (GPR) may be provided along

the alignment. This information, along with a review of record information, will be used to help us identify locations for potholes.

**10.1 Surveying for design or construction activities**

Surveying for design or construction activities, as needed.

**10.2 Additional Permits**

Additional permits for the project may be required, including:

- Industrial General Permit (California State Water Resources Control Board)

Design Professional shall provide assistance to City in preparing exhibits and other documents required to process permit.

*Deliverable: Industrial General Permit, Site Development Permit*

**10.3 Field Investigation and Analysis**

**10.3.1 Field Reconnaissance, Planning, Permitting & Utility Clearance**

This task will include the performance of several subtasks in preparation of the geotechnical field exploration program, as follows:

- Perform a site visit to select suitable soil boring locations based on site access conditions and as-built utility information.
- Coordinate utility clearance of the proposed boring locations through Underground Service Alert (USA) and PLWTP Facility Maintenance Services.
- Design Professional will retain the services of an independent utility locating company to clear the proposed boring locations with respect to buried underground utilities.
- Obtain soil boring permit from County of San Diego Department of Environmental Health (DEH).

**10.3.2 Field Exploration Program**

Based on our understanding of the scope of the proposed project, review of the subsurface conditions encountered in borings performed for other improvements at the PLWTP facility and our knowledge of local geology, Design Professional proposes to perform two (2) soil borings to a depth of 25 feet below the ground surface. The borings will be advanced using a truck-mounted drill rig equipped with hollow-stem auger to the target depth or refusal. The field investigation will be performed under the direction of an field geologist or engineer registered in the state of California. The borings will be hand-augered to a depth of 8 feet prior to

the start of the field exploration activities, if possible. The soil materials encountered in the borings will be visually classified and logged, and representative samples of the soils will be collected for laboratory testing and analysis. During drilling, Standard Penetration Tests (SPT) will be performed with a specially manufactured "split spoon" sampler at selected depths. Relatively undisturbed samples will be obtained by driving a 3-inch (OD) diameter standard California sampler with a special cutting tip and inside lining of thin brass rings into the soils at the bottom of the borehole. Soil cuttings retained in the samplers will be field screened for the possible presence of volatile organic compounds using an Organic Vapor Meter (OVM). In addition, loose bulk samples will also be collected from the boreholes. Upon completion of the field exploration activities, the boring will be backfilled with concrete grout and patched to match existing surface. The work areas will be cleaned and any excess soil and fluid will be removed for offsite disposal.

### **10.3.3 Geotechnical Laboratory Testing**

Geotechnical laboratory tests will be performed on selected soil samples to verify field classifications and to evaluate certain engineering characteristics. Laboratory tests will be performed in general conformance with the American Society for Testing and Materials (ASTM) or other generally accepted testing procedures. The testing program is anticipated to include the following:

- In-place Moisture Content;
- Moisture Content and Dry Density;
- Compaction;
- Mechanical Sieve Analysis;
- Direct Shear; and
- Soil pH, resistivity, and soluble sulfate and chloride concentrations.

### **10.3.4 Engineering Analysis and Report Preparation**

Design Professional will analyze the field and laboratory data and develop recommendations pertaining to the geotechnical aspects of the project. A summary of our findings, including the final test results, and our opinions and recommendations will be presented in a written Draft Report that will address the following issues:

- general surface and subsurface conditions at the project site;
- general geologic conditions and potential geologic hazards;
- seismic design criteria per 2019 Edition of the California Building Code & ASCE 7-16;
- groundwater conditions, if encountered within the maximum depth of exploration;

- soil/rock excavation characteristics;
- allowable soil bearing capacity and lateral soil pressures;
- modulus of subgrade reaction;
- geotechnical parameters for use in design of the grading plan, including earth pressures and anticipated soil settlement;
- shallow foundation and pile design recommendations, as required, including soil bearing capacity;
- concrete slab-on-grade and moisture barrier design recommendations; and
- construction-related considerations, including site preparation, guidelines for earthwork operations, temporary slopes and shoring, and dewatering (if applicable).

Following our receipt of review comments on the Draft Report, Design Professional will prepare and submit a Final Report that will incorporate our response to the review comments that were received.

*Deliverable: Draft & Final Geotechnical Report (.pdf)*

**I. City’s Equal Opportunity Commitment.** The City of San Diego (City) is strongly committed to equal opportunity for employees and Subcontractors of Consultants doing business with the City. The City encourages its Consultants to share this commitment. Consultants are encouraged to take positive steps to diversify and expand their Subcontractor solicitation base and to offer consulting opportunities to all eligible Subcontractors. Consultants are encouraged to take positive steps to diversify and expand their subcontractor and supplier solicitation base and to offer opportunities to all eligible business firms.

***Failure to submit the required EOCP documentation indicated below shall result in a determination of the Consultant being non-responsive.***

**II. Nondiscrimination in Contracting Ordinance.** All Consultants doing business with the City, and their Subcontractors, must comply with requirements of the City’s *Nondiscrimination in Contracting Ordinance*, San Diego Municipal Code Sections 22.3501 through 22.3517.

**A. Disclosure of Discrimination Complaints (Attachment AA).** As part of its bid or proposal, Consultant shall provide to the City a list of all instances within the past ten (10) years where a complaint was filed or pending against Consultant in a legal or administrative proceeding alleging that Consultant discriminated against its employees, Subcontractors, vendors, or suppliers, and a description of the status or resolution of that complaint, including any remedial action taken.

- B. **Contract Language.** The following language shall be included in contracts for City projects between the Consultant and any Subcontractors, vendors, and suppliers:

Contractor shall not discriminate on the basis of race, gender, gender expression, gender identity, religion, national origin, ethnicity, sexual orientation, age, or disability in the solicitation, selection, hiring, or treatment of subcontractors, vendors, or suppliers. Consultant shall provide equal opportunity for Subcontractors to participate in opportunities. Consultant understands and agrees that violation of this clause shall be considered a material breach of the contract and may result in contract termination, debarment, or other sanctions.

- C. **Contract Disclosure Requirements.** Upon the City’s request, Consultant agrees to provide to the City, within sixty (60) calendar days, a truthful and complete list of the names of all Subcontractors, vendors, and suppliers that Consultant has used in the past five (5) years on any of its contracts that were undertaken within County of San Diego, including the total dollar amount paid by Consultant for each subcontract or supply contract. Consultant further agrees to fully cooperate in any investigation conducted by the City pursuant to the City’s Nondiscrimination in Contracting Ordinance, Municipal Code Sections 22.3501 through 22.3517. Consultant understands and agrees that violation of this clause shall be considered a material breach of the contract and may result in remedies being ordered against the Consultant up to and including contract termination, debarment and other sanctions.

**III. Equal Employment Opportunity Outreach Program.** Consultants shall comply with requirements of San Diego Municipal Code Sections 22.2701 through 22.2707. Consultants shall submit with their proposal a Work Force Report for approval by the Program Manager of the City of San Diego Equal Opportunity Contracting Program (EOCP).

- A. **Nondiscrimination in Employment.** Consultant shall not discriminate against any employee or applicant for employment on any basis prohibited by law. Contractor shall provide equal opportunity in all employment practices. Consultants shall ensure that their subcontractors comply with this program. Nothing in this Section shall be interpreted to hold a Consultant liable for any discriminatory practice of its subcontractors.
- B. **Work Force Report.** If based on a review of the Work Force Report (Attachment BB) submitted an EOCP staff Work Force Analysis determines there are under representations when compared to County Labor Force Availability data, then the Consultant will also be required to submit an Equal Employment Opportunity (EEO) Plan to the Program Manager of the City of San Diego Equal Opportunity Contracting Program (EOCP) for approval.
- C. **Equal Employment Opportunity Plan.** If an Equal Employment Opportunity Plan is required, the Program Manager of EOCP will provide a list of plan requirements to Consultant.

**IV. Small and Local Business Program Requirements.** The City has adopted a Small and Local Business Enterprise (SLBE) program for consultant contracts. SLBE program requirements for consultant contracts are set forth Council Policy 100-10.

- A. **SLBE and ELBE Participation for Contracts Valued Over \$50,000:**

1. For all consultant contracts, the City shall apply a maximum of an additional 12 points for SLBE or ELBE participation, to the proposer’s subtotal maximum evaluation points..

Additional points will be awarded as follows to achieve the proposer's final maximum evaluation points :

- a. If the proposer achieves 20% participation, apply 5 points to the proposer's score; or
  - b. If the proposer achieves 25% participation, apply 10 points to the proposer's score; or
  - c. If the prime consultant is a SLBE or an ELBE, apply 12 points to the proposer's score.
- B. Subcontractor Participation List. The Subcontractor Participation List (Attachment CC) shall indicate the Name and Address, Scope of Services, Percent of Total Proposed Contract Amount, Certification Status and Where Certified for each proposed Subcontractor/Subconsultant.

**V. Maintaining Participation Levels.**

- A. Bid discounts and additional points are based on the Consultant's level of participation prior to the award of goods, services, or consultant contract. Consultants are required to achieve and maintain the SLBE or ELBE participation levels throughout the duration of the goods, services, or consultant contract.
- B. If the City modifies the original specifications, the Consultant shall make reasonable efforts to maintain the SLBE or ELBE participation for which the bid discount or additional points were awarded. The City must approve in writing the reduction in SLBE or ELBE participation levels.
- C. The Consultant shall notify and obtain written approval from the City in advance of any reduction in subcontract scope, termination, or substitution for a designated SLBE or ELBE subcontractor.
- D. Consultant's failure to maintain SLBE or ELBE participation levels as specified in the goods, services, or consultant contract shall constitute a default and grounds for debarment under Chapter 2, Article 2, Division 8, of the San Diego Municipal Code.
- E. The remedies available to the City under Council Policy 100-10 are cumulative to all other rights and remedies available to the City.

**VI. Definitions.**

**Commercially Useful Function:** a Small Local Business Enterprise or Emerging Local Business Enterprise (SLBE/ELBE) performs a commercially useful function when it is responsible for execution of the work and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the SLBE/ELBE shall also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quantity and quality, ordering the material, and installing (where applicable) and paying for the material itself.

To determine whether an SLBE/ELBE is performing a commercially useful function, an evaluation will be performed of the amount of work subcontracted, normal industry practices, whether the amount the SLBE/ELBE firm is to be paid under the contract is commensurate with the work it is actually performing and the SLBE/ELBE credit claimed for its performance of the work, and other relevant factors. Specifically, a SLBE/ELBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of meaningful and useful SLBE/ELBE participation, when in similar transactions in which SLBE-ELBE firms do not participate, there is no such role performed.

**Disadvantaged Business Enterprise (DBE):** a certified business that is (1) at least fifty-one (51%) owned by socially and economically Disadvantaged Individuals, or, in the case of a publicly owned business at least fifty-one percent (51%) of the stock is owned by one or more socially and economically Disadvantaged Individuals; and (2) whose daily business operations are managed and directed by one or more socially and economically disadvantaged owners. Disadvantaged Individuals include Black Americans, Hispanic Americans, Asian Americans, and other minorities, or individual found to be disadvantaged by the Small Business Administration pursuant to Section 8 of the Small Business Reauthorization Act.

**Disabled Veteran Business Enterprise (DVBE):** a certified business that is (1) at least fifty-one percent (51%) owned by one or more disabled veterans; and (2) business operations must be managed and controlled by one or more disabled veterans. Disabled Veteran is a veteran of the U.S. military, naval, or air service; the veteran must have a service-connected disability or at least 10% or more; and the veteran must reside in California. The firm shall be certified by the State of California's Department of General Services, Office of Small and Minority Business.

**Emerging Business Enterprise (EBE):** a business whose gross annual receipts do not exceed the amount set by the City Manager, and which meets all other criteria set forth in the regulations implementing the City's Small and Local Business Preference Program. The City Manager shall review the threshold amount for EBEs on an annual basis, and adjust as necessary to reflect changes in the marketplace.

**Emerging Local Business Enterprise (ELBE):** a Local Business Enterprise that is also an Emerging Business Enterprise.

**Local Business Enterprise (LBE):** a firm having a Principal Place of Business and a Significant Employment Presence in San Diego County, California, that has been in operation for 12 consecutive months and a valid business tax certificate. This definition is subsumed within the definition of Small Local Business Enterprise.

**Minority Business Enterprise (MBE):** a certified business that is (1) at least fifty-one percent (51%) owned by one or more minority individuals, or, in the case of a publicly owned business at least fifty-one percent (51%) of the stock is owned by one or more minority individuals; and (2) whose daily business operations are managed and directed by one or more minorities owners. Minorities include the groups with the following ethnic origins: African, Asian Pacific, Asian Subcontinent, Hispanic, Native Alaskan, Native American, and Native Hawaiian.

**Other Business Enterprise (OBE):** any business which does not otherwise qualify as Minority, Woman, Disadvantaged or Disabled Veteran Business Enterprise.

**Principal Place of Business:** a location wherein a firm maintains a physical office and through which it obtains no less than fifty percent (50%) of its overall customers or sales dollars.

**Significant Employee Presence:** no less than twenty-five percent (25%) of a business's total number of employees are domiciled in San Diego County.

**Small Business Enterprise (SBE):** a business whose gross annual receipts do not exceed the amount set by the City Manager, and that meets all other criteria set forth in regulations implementing the City's Small and Local Business Preference Program. The City Manager shall review the threshold amount for SBEs on an annual basis, and adjust as necessary to reflect changes in the marketplace. A business

certified as a DVBE by the State of California, and that has provided proof of such certification to the City Manager, shall be deemed to be an SBE.

**Small Local Business Enterprise (SLBE):** a Local Business Enterprise that is also a Small Business Enterprise.

**Women Business Enterprise (WBE):** a certified business that is (1) at least fifty-one percent (51 %) owned by a woman or women, or, in the case of a publicly owned business at least fifty-one percent (51%) of the stock is owned by one or more women; and (2) whose daily business operations are managed and directed by one or more women owners.

**VII. Certifications.**

The City accepts certifications of MBE, WBE, DBE or DVBE from the following certifying agencies:

Current certification by the State of California Department of Transportation (CALTRANS) as DBE.

Current MBE or WBE certification from the California Public Utilities Commission.

DVBE certification is received from the State of California's Department of General Services, Office of Small and Minority Business.

Current certification by the City of Los Angeles as DBE, WBE or MBE.

Current certification by the U.S. Small Business Association as SDB, WOSB, SDVOSB, or Hubzone.

Subcontractors' valid proof of certification status e.g., copy of MBE, WBE, DBE, or DVBE certification must be submitted with RFP. MBE, WBE, DBE, or DVBE certifications are listed for informational purposes only.

## Work Force Report

### HISTORY

The Work Force Report (WFR) is the document that allows the City of San Diego to analyze the work forces of all firms wishing to do business with the City. We are able to compare the firm's work force data to County Labor Force Availability (CLFA) data derived from the United States Census. CLFA data is a compilation of lists of occupations and includes the percentage of each ethnicity we track (American Indian or Alaska Native, Asian, Black or African-American, Native Hawaiian or Pacific Islander, White, and Other) for each occupation. Currently, our CLFA data is taken from the 2010 Census. In order to compare one firm to another, it is important that the data we receive from the consultant firm is accurate and organized in the manner that allows for this fair comparison.

### WORK FORCE & BRANCH WORK FORCE REPORTS

When submitting a WFR, especially if the WFR is for a specific project or activity, we would like to have information about the firm's work force that is actually participating in the project or activity. That is, if the project is in San Diego and the work force is from San Diego, we want a San Diego County Work Force Report<sup>1</sup>. By the same token, if the project is in San Diego, but the work force is from another county, such as Orange or Riverside County, we want a Work Force Report from that county<sup>2</sup>. If participation in a San Diego project is by work forces from San Diego County and, for example, from Los Angeles County and from Sacramento County, we ask for separate Work Force Reports representing your firm from each of the three counties.

### MANAGING OFFICE WORK FORCE

Equal Opportunity Contracting may occasionally ask for a Managing Office Work Force (MOWF) Report. This may occur in an instance where the firm involved is a large national or international firm but the San Diego or other local work force is very small. In this case, we may ask for both a local and a MOWF Report<sup>1,3</sup>. In another case, when work is done only by the Managing Office, only the MOWF Report may be necessary.<sup>3</sup>

### TYPES OF WORK FORCE REPORTS:

Please note, throughout the preceding text of this page, the superscript numbers one <sup>1</sup>, two <sup>2</sup> & three <sup>3</sup>. These numbers coincide with the types of work force report required in the example. See below:

- <sup>1</sup> One San Diego County (or Most Local County) Work Force – Mandatory in most cases
- <sup>2</sup> Branch Work Force \*
- <sup>3</sup> Managing Office Work Force

*\*Submit a separate Work Force Report for all participating branches. Combine WFRs if more than one branch per county.*

### RACE/ETHNICITY CATEGORIES

**American Indian or Alaska Native** – A person having origins in any of the peoples of North and South America (including Central America) and who maintains tribal affiliation or community attachment.

**Asian** – A person having origins in any of the peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

**Black or African American** – A person having origins in any of the Black racial groups of Africa.

**Native Hawaiian or Pacific Islander** – A person having origins in any of the peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

**White** – A person having origins in any of the peoples of Europe, the Middle East, or North Africa.

**Hispanic or Latino** – A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin.

## SUBCONTRACTOR PARTICIPATION LIST

This list shall include the name and complete address of all Subcontractors who qualify as SLBEs or ELBEs. Consultants must also list participation by any MBE, WBE, DBE, DBVE and OBE firms. However, no additional points will be awarded for participation by these firms, except that DVBEs that are certified by the City as local businesses shall be counted as SLBEs.

Subcontractors shall be used in the percentages listed. **NOTE:** If percentages are listed as a range, the **minimum number identified** in the range will be used to calculate overall subcontractor participation.

No changes to this Participation List will be allowed without prior written City approval. The Consultant understands and agrees that violation of this clause shall be considered a material breach of the contract and may result in contract termination, debarment, or other sanctions.

## INSTRUCTION SHEET FOR DISCLOSURE DETERMINATION FOR CONSULTANT (Form CC-1671)

Use the “Disclosure Determination for Consultant” form (CC-1671) to report the disclosure requirement for any consultant hired to provide services to the City of San Diego or the boards, commissions and agencies that fall under the City of San Diego’s jurisdiction.

2 California Code of Regulations defines a “consultant” as an individual who, pursuant to a contract with a state or local government agency, either makes a governmental decision or serves in a staff capacity with the state or local government agency and in that capacity participates in making a governmental decision.

The “Disclosure Determination for Consultant” form is completed for all consultants under contract with the City of San Diego or the boards, commissions and agencies that fall under the City of San Diego’s jurisdiction. Please follow the step-by-step directions:

1. List the department, board, commission or agency requesting the consultant service.
2. List the consulting company. If known, also list the individual(s) who will be providing the consultant services.
3. List the mailing address.
4. List the e-mail address of individual(s) providing the consultant service.
5. Provide the date the individual(s) will start providing the consultant service.
6. List all duties/responsibilities the consultant will have. This list will enable you to determine the disclosure requirement for the consultant.
7. Determine the consultant’s disclosure category. Your consultant should be required to disclose only those economic interests which could potentially create a conflict of interest as he/she performs his/her contractual obligations. For ideas about possible disclosure categories, review those in your department’s, board’s, commission’s or agency’s conflict of interest code, available at:

[www.sandiego.gov/city-clerk/elections/eid/codes.shtml](http://www.sandiego.gov/city-clerk/elections/eid/codes.shtml)

Please fill out the entire “Disclosure Determination for Consultant” form, and have it signed by the appropriate authority. (Individuals with signing authority are described in your conflict of interest code as part of the disclosure requirement for Consultants.) Forward the original form to the City Clerk’s Office, MS 2A.

**DISCLOSURE DETERMINATION FOR CONSULTANT**

*\*Must be signed by department director, agency president or other individual authorized by the appropriate conflict of interest code regarding consultants.*

- 1. Department / Board / Commission / Agency Name: City of San Diego

Once completed, with all questions answered and an authorized signature affixed, please forward the original form to the City Clerk's Office, MS 2A. Keep a copy with the contract.

**DEFINITION OF “CONSULTANT”**

2 California Code of Regulations defines a “consultant” as an individual who, pursuant to a contract with a state or local government agency:

- (A) Makes a governmental decision whether to:
1. Approve a rate, rule or regulation;
  2. Adopt or enforce a law;
  3. Issue, deny, suspend, or revoke any permit, license, application, certificate, approval, order, or similar authorization or entitlement;
  4. Authorize the City to enter into, modify, or renew a contract provided it is the type of contract that requires City approval;
  5. Grant City approval to a contract that requires City approval and to which the City is a party, or to the specifications for such a contract;
  6. Grant City approval to a plan, design, report, study, or similar item;
  7. Adopt, or grant City approval of, policies, standards, or guidelines for the City, or for any subdivision thereof; or
- (B) Serves in a staff capacity with the City and in that capacity participates in making a governmental decision as defined in Regulation 18702.2 or performs the same or substantially all the same duties for the City that would otherwise be performed by an individual holding a position specified in the City’s Conflict of Interest Code.

An individual “serves in a staff capacity” if he or she performs substantially all the same tasks that normally would be performed by staff member of a governmental entity. In most cases, individuals who work on only one project or a limited range of projects for an agency are not considered to be working in a “staff capacity.” The length of the individual’s service to the agency is relevant. Also, the tasks over the relevant period of time must be substantially the same as a position that is or should be specified in the City’s conflict of interest code.

An individual “participates in making a governmental decision” if he or she: (1) negotiates, without substantive review, with a governmental entity or private person regarding the decision; or (2) advises or makes recommendations to the decision-maker, by conducting research or an investigation, preparing or presenting a report, analysis or opinion which requires the exercise of judgment on the part of the individual and the individual is attempting to influence the decision.

**City of San Diego  
CONTRACTOR STANDARDS  
Pledge of Compliance**

The City of San Diego has adopted a Contractor Standards Ordinance (CSO) codified in section 22.3004 of the San Diego Municipal Code (SDMC). The City of San Diego uses the criteria set forth in the CSO to determine whether a bidder or proposer has the capacity to fully perform the contract requirements and the business integrity to justify the award of public funds. This completed Contractor Standards Pledge of Compliance (Pledge of Compliance) signed under penalty of perjury must be submitted with each bid and proposal. If an informal solicitation process is used, the bidder must submit this completed Pledge of Compliance to the City prior to execution of the contract. All responses must be typewritten or printed in ink. If an explanation is requested or additional space is required, Respondents must provide responses on Attachment "A" to the Pledge of Compliance and sign each page. Failure to submit a signed and completed Pledge of Compliance may render the bid or proposal non-responsive. In the case of an informal solicitation, the contract will not be awarded unless a signed and completed Pledge of Compliance is submitted. A submitted Pledge of Compliance is a public record and information contained within will be available for public review except to the extent that such information is exempt from disclosure pursuant to applicable law.

On February 20, 2017, Parsons Transportation Group Inc. received a notice of termination from the Peninsula Corridor Joint Power Board (the JPB) for a project in California. Parsons believes that the termination was wrongful and without merit, because no default in the performance of services by Parsons under the contract had occurred. Accordingly, Parsons has filed a legal action against the JPB for wrongful termination and breach of contract, and we believe that we will prevail in such action.
