Introductions

Review of Working Group No. 3 Summary

Focus was on identifying whether the indicators do a good job of appropriately determining whether the goals are being met as well as asking the question: "Is this a realistic approach?" The group made it clear to move forward by developing a full awareness of the information that is attainable to use now.

Community Voice and Input/Indicator modification:

6a: Modified Retail Food Environment index (Number of healthy food outlets within a specified radius by population; national index for comparison, use SIC permitting process**) (GREEN)**

- Data Source:
    - HHSA-labor intensive
    - 2009 baseline
    - Fall/Oct/Nov as potential baseline- City and County will develop data source and methodology.
- Need/other considerations:
    - Potential number of contracts for AB551- City to manage contracts
    - North American Industry Classification (similar to MRFEI)
    - Consideration level of data HHSA will share (e.g., aggregate)

6a: Rates of Chronic Disease (YELLOW)

- Data Source:
    - Behavioral risk factor survey
    - HHSA available at zip code and county working on developing census track
    - Community health center Universal Data System data (by clinic)
    - OSHPD data (aggregated by HHSA)

- Need/other considerations:
  - Be There San Diego
  - 3-4-50 Data

(6a): Rates of Chronic Disease (YELLOW)

- Data Source:
  - To be determined: WIC data?
  - Healthcare providers based on health records
  - School and healthcare data

6b: Improved infrastructure (from Safety); SIP; walkability score (realtor); land use and urban agriculture. (PINK)

- Data Source:
  - BID
  - CIP (3b, 2b,)
- Need/other considerations:
  - Walkability score coming to be available at the parcel level
  - If determine to track Policy impact- what are the cross cutting policies (counts of policies vs. impact and enforcement)

6c: Number of people in Promise Zone with Insurance: (GREEN)

- Data Source:
  - Behavior Risk Factor Survey (BRFS)
  - Consumer Spending
  - Proxy ACA enrollment and re-enrollment
  - License providers in MHS
  - ID specific providers in PZ to track over time
- Need/ other considerations
  - Does San Diego Promise Zone want behavioral health- medically underserved by behavioral health, active living, dental, and primary

Green - what we think we can do now

- Yellow - we think we know where its coming from, we just have to dig a little deeper to get it
- Pink - cross-team communication across work groups. We know we need to track these, but don't quite know how yet
- White: bike rack; consider tracking in future

Next Meeting

At the August monthly meeting, the group will confirm the indicators and continue work on the logic model for the next steps and activities that will help us towards our goals.
