

How-To Draw Baby Yoda (Grogu)

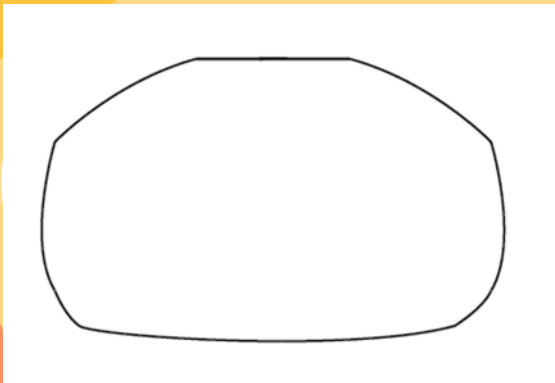

by Janet Yeager

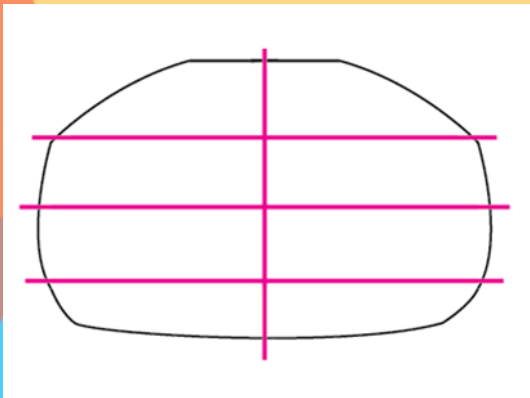

1. Draw an upside down 'U' shape with a flat section at the top.

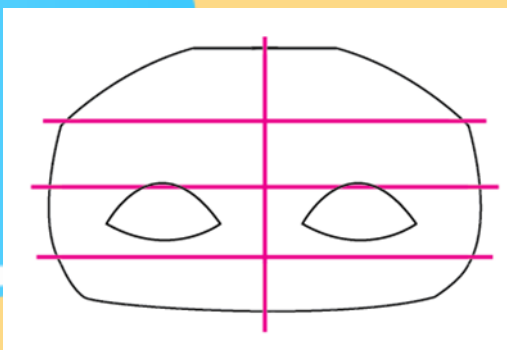

2. Add two 'C' shapes to either side. The one on the right side will be backward.

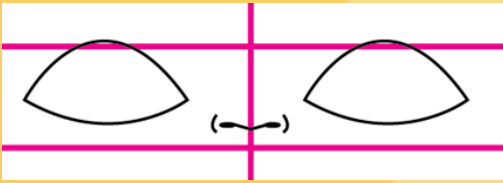

3. Connect the two 'C' shapes with a slightly curved line. Steps 1-3 will make up Baby Yoda's head.

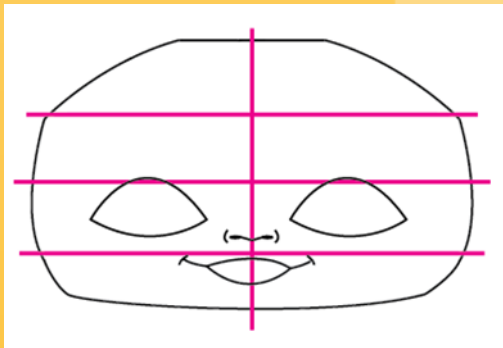

4. You will divide the shape you drew in to four pieces. Draw four horizontal lines to mark the division. Draw a vertical line down the center of the shape. These lines are to be used as guides. We will erase them later.

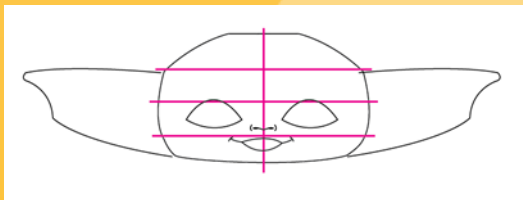

5. Draw two almond shapes in between the two lower guidelines. These will be Baby Yoda's Eyes

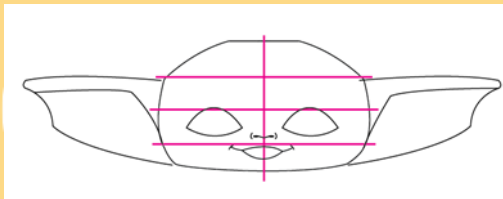

6. Between the two almond shapes, draw a small 'V' shape on the vertical line. Attach two small ovals to either end of the 'V' shape. Draw a parenthesis mark next to each oval. This will be Baby Yoda's nose.

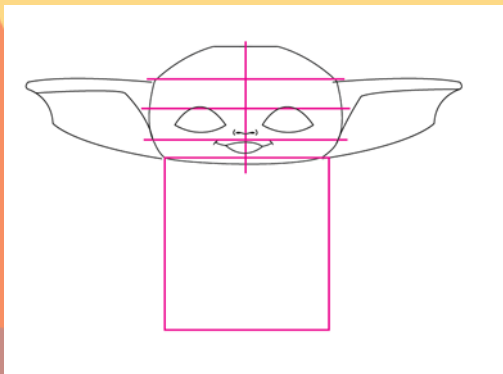

7. Underneath the nose, draw an upside down 'U.' Attach another 'U' to the bottom. On either side, draw two curved lines. Attach a small 'C' shape to the end of each curved line. The 'C' on the right will be backwards.

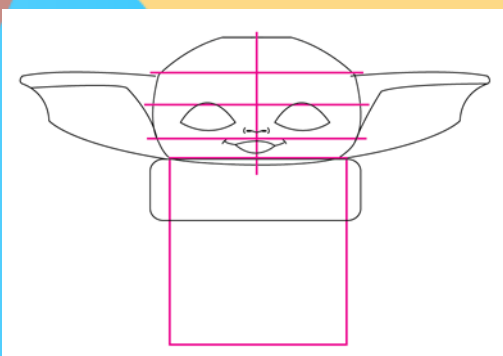

8. Draw two slightly curved lines adjacent to the top horizontal guideline. Attach a small 'C' shape to the end of each curved line. The 'C' on the right will be backwards. Draw an 'S' shape underneath. The 'S' on the right side will be backwards.

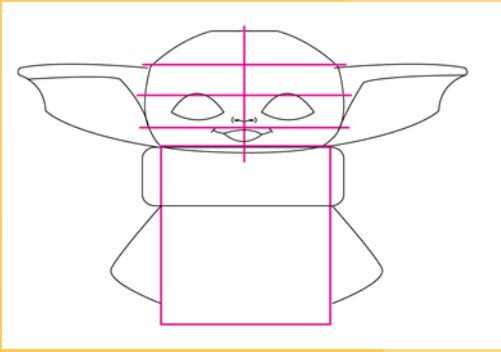

9. Draw a line underneath each slightly curved line. Connect this line to the bottom of Baby Yoda's head.

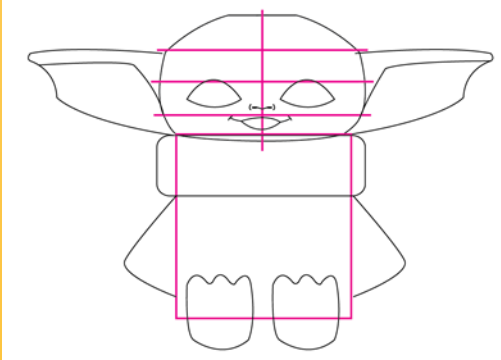

10. Draw a rectangle at the bottom of Baby Yoda's head. This is a guideline for Baby Yoda's body, and we will erase part of it later.

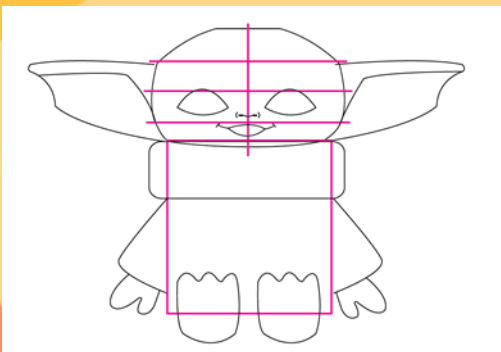

11. Draw a rectangle with rounded corners below Baby Yoda's head, and at the top of the rectangle you just drew. This will be the top section of Baby Yoda's clothing.

12. Draw two 'L' shapes on either side of the rectangle. The one on the right will be backwards.

13. Draw two 'U' shapes at the bottom of the rectangle. At the top of each 'U' shape draw a 'W' shape.

14. Draw two interconnected 'U' shapes at the bottom of each 'L' shape. The 'U' closest to the body will be smaller.

15. Erase all guidelines on Baby Yoda's face. Erase the sections of the rectangle guidelines that go through the top section of the clothing and the feet. Erase the bottom of Baby Yoda's head that is covered by his clothing.

16. Color your drawing, and you're finished!
