by Bianca Ramirez

## Instructions: How-To Make Seed Bombs

### Supplies:

- Recycled paper of any color of choice
- Seeds
- Water
- Something to heat water (Kettle or microwave)
- Cookie Cutters of any choice
- Multiple bowls
- Paper plate preferred but any flat plate is fine
- Tools to flatten and compress your mold such as pencils or modeling clay tools.

### Instructions:

1. Shred paper with shredder or tear by hand
2. Heat water until boiling
3. Place shredded paper inside bowl and pour hot water inside until paper is covered (wait a few minutes until water is safe to touch)
4. Place cookie cutter on plate and begin compacting a thin layer of about 1-1.5cm thick
5. Sprinkle seeds on mold
6. Place another layer of paper over the mold and carefully compress to cookie mold
