

How-To Wuther

Song lyrics by Kate Bush, with dance instructions adapted from her music video

kneel w rt knee down, look up, lift right arm

Out on the wily, windy moors

wave arm back to front 2x

We'd roll and fall in green

look right

You had a temper

look center

Like my jealousy

roll left shoulder

Too hot,

caress neck

too greedy

stand, lift right arm

How could you leave me

point left with hand and foot

When I needed to

Point right with hand and foot

possess you?

arms up w wrists together

I hated you,

face cup

I loved you, too

Zombie walk (3 beats each, ~6x)

Bad dreams in the night

They told me I was going to lose the fight

Leave behind my

spin (4 beats)

wuthering, wuthering

Wuthering Heights

[HEATHCLIFF Combo]

gather, lift rt foot. Kick right & extend arms

Heathcliff,

weight on right, point left w rt hand back

it's me,

sweep right hand forward

I'm Cathy

gather both arms w right foot lifted. Then sweep

both arms up and around

I've come home,

cuddle arms while swaying low

I'm so cold

pulse hands w rt step 2x

Let me in your window

left hand pull down w left step 2x

oh, oh

[repeat HEATHCLIFF Combo]

Spin during instrumental break

lift rt hand; swish 2x

Ooh, it gets dark, it gets lonely

3/4 spin

On the other

choo choo arms

side from you

flap bent arms 2x

I pine a lot,

chest pop 2x

I find the lot

back bend (or not!)

Falls through without you

macarena hands 2x

I'm coming back love

Cruel Heathcliff, my one dream

My only

cross arms

master

cross arms (4x more)

Too long I roam in the night

Flail 7x (start left)

I'm coming back to his side, to put it right

I'm coming home

spin (4 beats)

to wuthering, wuthering

Wuthering Heights

Chest pop

[HEATHCLIFF Combo] 2x

Grabs: full, left-right, then pull w both hands

Ooh, let me have it

Let me grab

face cup

your soul away

Pterodactyl flap (can back up)

Ooh, let me have it

Let me grab your soul away

point right

You know

point left

it's me,

piano fingers to the right, then 3 body lassos

Cathy

[variation on HEATHCLIFF Combo]

Flashdance pose, then head bang

Heathcliff

weight on right, point left w rt hand back

it's me,

sweep right hand forward

I'm Cathy

gather both arms w right foot lifted. Then lift

both arms

I've come home,

cuddle arms while swaying low

I'm so cold

pulse hands w rt step 2x

Let me in your window

left hand pull down w left step 2x

oh, oh

[repeat original HEATHCLIFF Combo]

Lift right hand yearningly. Can back up.

Heathcliff, it's me, I'm Cathy

I've come home,

Cover mouth with left hand

I'm so cold

Wave right arm. Frolic is optional.
