

Set yourself up for **SUCCESS**

www.biocominstitute.org

Biocom Institute is looking for highly motivated young adults who are interested in exploring the exciting fields of Science, Technology, Engineering, and Math (STEM). Only 40 eligible San Diego County residents will be selected to participate in a **FREE** workforce development program funded by the Workforce Investment Opportunities Act (WIOA).

The Introductory Life Sciences Experience (ILSE) program aims to foster career exploration in STEM fields and create a bridge for employment by providing on the job training, work readiness skills, one-on-one case management, and education services at **NO COST**.
