

### **Purpose of document: Court Log Samples**

The below are sample court logs derived from Peninsula Tennis Club's online court reservation system 2022-2023, all fully accessible to the public at the time of collection.

PASD has collected 8+ months (~250 days) worth of these court logs. There are a few things to keep in mind while viewing the following samples:

1. Court usage rates hover around ~25-30% over a robust sample size. Even if court usage rates were in the 100-200% range (>100% meaning wait times or lines), there are 25 pro-grade tennis courts 600 feet away at Barnes Tennis Center (public).
2. Reason for low usage rates: Aggregate tennis activity in the greater OB/PB/MB/PL area (demand) is modest, even seasonal, while the total courts (supply) is vast. We are not making a statement about tennis broadly, only that there is a vast disparity in the supply of tennis courts versus the actual tennis activity in SD city proper.
3. Barnes Tennis Center is also city-owned land and open to the public, and has comparably low utilization rates. Barnes management told us they'd be happy to take in more players.
4. These are their self-reported court logs. They are reported at the club's full discretion. There are no checks that we know of, other than our periodic audits. We have asked PTC to release their court logs to the public, but they have categorically refused. If their court logs refuted our theses about court utilization, they may have shown them long ago.
5. Logs cover club hours, which excludes 4-6 more park hours (\*12 courts) of potential use.
6. We would be willing to walk anyone interested through dozens if not hundreds of these.
