**JORDAN BEANE
Small Business Owner**

Jordan Beane is a good husband, bad surfer and Director on the Pacific Beach Town Council.

The son of a teacher and a career civil servant, Jordan Beane is a community activist and environmentalist who believes that District 2, despite being the postcard San Diego sends around the world, is forgotten about downtown.

Jordan Beane's Plans for District 2.0

- Provide our neighborhoods with better public safety, increased code enforcement and responsive representation.
- Prioritize Housing First solutions to solve our homeless epidemic.
- Protect our environment by fully funding our Climate Action Plan and safeguarding our open spaces, beaches and parks.

RANDY HAHN

Character-Service-Solutions

After a career in local media including leadership roles at the *San Diego Union-Tribune*, *San Diego Daily Transcript*, and *Our City San Diego*, I have been involved with many local issues.

Great ideas are presented, wonderful discussions are held, and excellent stories are written yet little in the way of solutions or real change occurs.

I can put that energy and experience to work!

I've lived in San Diego for 33 years. The city has grown and technology has changed everything. We need to adapt to this changing society and make improvements .

It's not all bad. I just think we can do better.

I bring a business sense and a passion for giving back. I have served on several local board of directors and coached youth baseball.

I graduated from San Diego State and enjoy surfing at Tourmaline.

My wife is an elementary school teacher for San Diego Unified and our two teenagers attend public school locally.

I may not be a seasoned politician, but I want to make a difference!

To stand up for all of us, now and in the future.

Thank you for this opportunity.

I have been the Director of the Legal Aid Society of San Diego in Southeastern San Diego, changing its culture to make it more responsive to the people in that community. I was the Director of Housing for the San Diego Urban League, rehabilitating several homes in our community. I was also an officer in the company that built Rancho Bernardo. I want the same quality development in our community that other parts of San Diego possess. I was the Chairman of the San Diego Housing Commission for nine years. I oversaw several affordable housing projects that stand in our community today. I have also served in District 4 as the Chief of Staff to a member of the San Diego County Board of Supervisors.

I feel that my past experience and my focus and vision for this community make me an excellent choice as the elected official for District 4.

**MYRTLE COLE
City Council President**

I'm fighting for our fair share of funding and services. I'm making real improvements for our neighborhoods!

Creating good-paying jobs and housing.

I helped bring the District hundreds of jobs through construction of affordable housing, market rate homes and mixed-use development.

Developing the retail we need.

I'm fighting for grocery options and full-service restaurants and helped bring the District's first drugstore south of 94.

Better parks, libraries and recreation centers.

I funded and built the new Skyline Hills Branch Library and opened the Charles Lewis III Memorial Skate Park and a \$1.5 million Teen Center at the Malcolm X Library. I acquired funding for construction of Bay Terraces Senior Center.

Making neighborhoods safer.

I improved emergency response times with the first-ever Skyline fire station and additional fire engines in Encanto, and addressed homelessness. I will fully fund public safety and maintain community partnerships that prevent crime.

Improving infrastructure.

I've ensured that we've filled almost 5,000 potholes, paved miles of streets, built new sidewalks, and added bike lanes in the District.

Endorsed by San Diego Imperial Counties Labor Council.

Our community deserves the best! I will continue to fight for our neighborhoods!

TONY VILLAFRANCA
Pro-Life Advocate/Local Businessman

As a pro-life advocate, I oppose abortion and euthanasia. I believe both the born and unborn have a right to life. Both are persons. The U.S. Constitution states no person shall be deprived of life without due process.

I support our senior citizens. Elderly have a right to be free from abuse, neglect, and exploitation. They have a right to dignity and integrity of their persons.

I support the less fortunate. The lack of affordable housing in our city is becoming more urgent every day. Homelessness, with mental illness, is reaching crisis proportions. Too many leaders choose to ignore the problem and punish others because of their poverty.

I stand for a color-blind community. I stand for a community in which all persons are embraced for their efforts in working toward a healthy, clean, and safe district. It's time for us to lift the community up. It's time to work together as one community.

Many of the issues facing our city are symptoms of a greater disease: the mismanagement of this city by a chosen, privileged few, who have always been and will always be beholden to special interests. If you vote for me, I will not only address these symptoms. I will rid this city of the disease itself and ensure that this great city is mismanaged no longer.

As the owner of a small business and a concerned citizen, I believe my critical thinking skills, record of fiscal responsibility, ability to accurately manage multiple projects within a budget, accountability to the public, and penchant for working with others under a common goal will help address the key issues San Diego must resolve to become the great city it should be to its citizens.

If elected, I will address the following: our water supply, the housing crisis, homelessness, public transportation, the economy, infrastructure, development and land use, the environment, public safety, and our quality of life. My 10 point plan addresses these issues with detailed, data-driven solutions, as opposed to nebulous platitudes and political cliches. Demand more. Vote Jeremiah.

CHRIS CATE

A proven, independent leader

Reforms at city hall have allowed us to move from the pension crisis to increasing city services. While we are on steadier ground, we need to hire more law enforcement officers to keep our communities safe and increase investments in our roads and infrastructure.

Accomplishments

Since 2014, in District 6 we have:

- Helped launch more than 50 Neighborhood Watch Groups and seen crime drop nearly 7%
- Repaved nearly 100 miles of streets and filled over 13,000 potholes
- Advocated for funding and programs to address homelessness in our neighborhoods and help those in need
- Approved an unprecedented salary increase and marketing plan to bolster staffing for law enforcement

Priorities

If re-elected, I will work to make sure we continue protecting taxpayer dollars by:

- Ensuring we are not overpaying our water bills
- Fixing our streets and filling potholes
- Protecting and maintaining our parks and libraries
- Fully restoring law enforcement staffing to best protect our neighborhoods
- Increase housing stock and address our homelessness crisis

Endorsements

- **Kevin Faulconer, Mayor**
- **San Diego Police Officers Association**
- **Father Joe Carroll**

I am committed to working with everyone to get these things done, and to continue serving the neighborhoods of District 6.

KEVIN EGGER

I am a Catholic, a husband and a father of two sons. I earn my daily bread as an IT guy. After my wife and I married in 2015, we decided to make Mira Mesa our home. Native to San Diego and driven by a love for our city I want to be your elected representative to write laws that keep the dignity of the human soul front and center.

Education: B.A History from Cal State San Marcos. I have studied the government, people and cultures of civilizations throughout time enabling a broad picture of humanity, its vices and virtues.

Occupation: IT Project manager. Bringing people together for a common goal, under budget and on time. Making powerful requests and meaningful promises.

Philosophy: That each person is valuable and loved from the moment of their conception to their natural death. This means our unborn, our homeless and our seniors. How we treat them is the measure of our city's civilization.

I need your support to bring an independent voice to city hall. Send me a message at my website below and I will personally respond. I hope to earn your support and vote.

Vote for Kevin Egger.

TOMMY HOUGH
Broadcaster and Environmental Advocate

As an environmentalist and former on-air host at 91X and FM 94/9, I'm ready to serve as the voice of working San Diegans and the middle class.

I'm running to ensure the diverse interests of Clairemont, Mira Mesa, Kearny Mesa, Miramar, Sorrento Valley and Rancho Peñasquitos are capably and honorably represented. We need long-term, effective solutions to our homeless and affordable housing crises, and we must close our fire station gap, increase transit options, re-build problem roads, protect our parks and open space, and fully implement the city's Climate Action Plan.

Growing up in Western Pennsylvania in the 1980s, I've seen what happens when an industry vanishes and the middle class collapses. I see parallels today with the exploding cost of living, the uncertainty and fragile nature of our middle class, and how the possibility of home ownership is out of reach of so many of our neighbors. My campaign begins and ends on the pledge that working San Diegans will be heard, and that we have a government that speaks for everyone.

Fayaz Nawabi is a Proven Problem Solver, Not a Career Politician.

Rated Best of San Diego 2017 by San Diego City Beat

As your representative, I will -

•Repair streets and sidewalks; reduce congestion through traffic light synchronization and increased public transportation options. Having studied City Planning at SDSU I am well equipped with addressing these issues.

•End affordable housing crisis; reduce homelessness by building more affordable housing units and providing wrap around services to the homeless.

•Be a champion for working families. The citizens of San Diego have been under-represented and have not had a voice downtown. I will be the community voice for those who are unable to speak up for themselves. I will be the arms for those who can't reach out for the help they need, and I'll be the feet for those who can't travel downtown.

Endorsed by SEIU Local 221.

I earned my degree in Public Administration with a minor in City Planning at SDSU, I am a former school teacher, and I currently serve on the Trustee Advisory Council for the San Diego Community College District which serves over 100,000 students per year.

I respectfully ask for your vote.

TRUTH. TRANSPARENCY. ACCOUNTABILITY.

"Like all parents, I dream of a bright future for my children.

When they grow up I want them to have an affordable home, a clean environment, and a safe neighborhood to live in here in San Diego.

That's what all San Diegans deserve.

Unfortunately, those who are entrusted with our city's future don't always put the needs of residents first. Many are in the pocket of special interests. The public pays the price for their corruption — and so do the taxpayers.

It's time for honest and ethical leadership.

I will listen to the needs of the community and always put the residents of District 6 first."

-Matt Valenti

PRINCIPLED LEADERSHIP FOR DISTRICT 6

Matt Valenti will fight for:

- Affordable housing and reliable public transportation.
- Real solutions to the homeless crisis.
- A ban on whole home short-term vacation rentals.
- Community choice energy and protection of our canyons.
- Jobs and quality childcare for working families.
- Safe streets and schools.
- More libraries, parks, and rec centers.

Matt Valenti will work for the residents of District 6, not special interests.

Matt Valenti will bring truth, transparency, and accountability to city hall.
