Guide for Reading eBooks Kindle Fire Devices

Getting Started: To successfully get eBooks from San Diego Public Library to your Kindle device, you will need the following: An Amazon Kindle Fire device (Kindle Fire, Kindle Fire HD, Kindle Fire HDX)

Wireless Internet Connection (for Wi-Fi enabled Kindle Fire)

A San Diego Public Library card and PIN number

℃ Applications	
Apps from Unknown Sources Allow installation of applications that are not from Appstore	Off
Collect App Usage Data Allow Appstore to collect information on the frequency On and duration of use of downloaded apps.	Off

1. Enabling your Kindle

- Go to the **Settings Menu** by clicking on the settings icon on the home page or swipe down from the top of the screen
- Click Security (some devices will need you to chose Device, older Kindles will chose Applications)
- Turn on the option "Apps from Unknown Sources"
- A warning message will appear, **Click OK**
- Return to Home Screen

2. Download and Install Cloud Library

- On Silk Browser visit <u>http://www.yourcloudLibrary.com</u>
- Tap on the Kindle Fire Icon
- Scroll down and click on DOWNLOAD Kindle Fire App button
- Tap **Confirm** to start the download
- Swipe right, then click on Downloads tab
- Click on file.apk, then Install at the bottom
- Return to Home Screen

3. Setting up Cloud Library

- Click on the **Cloud Library** icon on the home screen
- Select Country and State from the menus
- Select San Diego Public Library from the scroll menu
- Log in with your San Diego Public Library card number
 and PIN

*Please contact your local branch library if you need to create/update your card or PIN number
