

CHAMBER OF COMMERCE OF LA JOLLA

1051 WALL STREET
LA JOLLA, CALIFORNIA

July 18, 1931

Honorable Council,
City of San Diego,
California.

Honored Sirs:

The members of the Board of Directors, La Jolla Chamber of Commerce, have talked with many people concerning the repeal of the La Jolla Bathing Suit Ordinance and find practically unanimous opinion that the present ordinance is too drastic in the sight of the present day idea of dress; that many are of the opinion that no ordinance is necessary, but that there is considerable sentiment, perhaps a majority of sentiment, in favor of some reasonable regulation of dress by persons wearing bathing suits on the streets and in business places except in the immediate vicinity of the beaches.

Respectfully,

W. C. Stitt
Secretary
