RE: Approval of Application to Continue Using Previously-Approved Labor
Compliance Program [ID No. 2003.00323] in Lieu of CMU

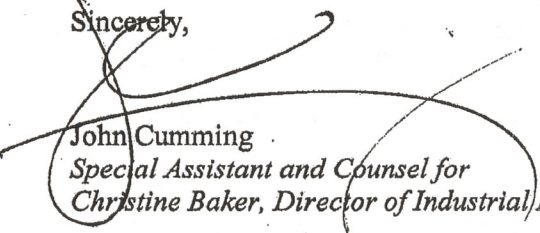

Dear Mr. Foster:

In accordance with Title 8, California Code Regulations, section 16455, the City of San Diego is granted approval to continue operating its previously approved Labor Compliance Program, ID No. 2003.00323, on projects subject to the requirements of Stats. 2011, Chap. 378 (AB 436) and 8 Cal. Code Reg. section 16450, in lieu of paying this Department for compliance monitoring and enforcement on those projects. This exemption will remain in effect as long as your agency remains in compliance with its obligations and responsibilities as an approved labor compliance program and does not contract with a third party to operate all or part of its LCP, except as permitted by section 16455(c) of the regulations.

An LCP must comply with the requirements of Title 8, California Code of Regulations, sections 16421 through 16439, as well as with all other statutes and regulations pertaining to the monitoring and enforcement of the state's prevailing wage requirements. Whether or not your agency's projects are subject to the notice requirements of section 16451(a) of the regulations, you must send timely notice of all contract awards when required by Labor Code section 1773.3 (projects of \$30,000 or more that use apprenticeable crafts), using the electronic PWC-100 form. A link to this form can be found on the CMU website at <http://www.dir.ca.gov/dlse/cmu/cmu.html>.

Additional information and resources pertaining to labor compliance programs is available on the Department's website at <http://www.dir.ca.gov/lcp.asp>. Questions about enforcement policy must be directed to the Division of Labor Standards Enforcement. If you have any other questions, including about this notice, please contact Program Analyst Victor Osorio at 510/286-1192.

Sincerely,

John Cumming
Special Assistant and Counsel for
Christine Baker, Director of Industrial Relations
