Project has submission deadline to the City of San Diego of 2/15/11; no official project number yet. Family Health Centers of San Diego currently has a small clinic on Euclid Avenue. The small space can't meet the demand for services. They have been fortunate enough to receive a Federal grant to complete a beautiful new state-of-the-art clinic building to serve the community. We have negotiated an agreement with the Jacobs Center to place the clinic on a piece of property they own at the corner of 47th St. and Market.
