PUBLIC HEARING

- Cowles Mt. & Boulder Lake Stop Sign – Alternative Review Process

**Alternative Process / Council Policy 200-08**

Notwithstanding other provisions of this Policy, stop signs may be installed by this Alternative Process. If an intersection is found to not satisfy the criteria established in Sections A and B of this Policy upon an initial evaluation, then the following process may be used:

1. Any person or community planning group may request a re-evaluation, bringing forth any additional information that may cause the intersection to satisfy the criteria. The City Manager or designee shall then re-evaluate the intersection based on this request, notify the requesting party of the results, and install the stop signs if the criteria are satisfied.
2. If the criteria are not satisfied upon the re-evaluation, then a community planning group may hold a public hearing to discuss the matter. If the community planning group votes to support the stop signs, then a City Councilmember may request, by written memorandum, that the City Manager either install the requested stop signs or submit a report to the City Council discussing why the stop signs are not recommended. The City Council may subsequently adopt a resolution authorizing the installation of stop signs at the intersection.
3. Stop signs may also be removed by following the steps of this process. Stop signs installed by City Council resolution may only be removed by a subsequent resolution.
4. For stop signs installed or removed by City Councilmember request or by City Council resolution, the City Manager or designee shall submit a report analyzing traffic conditions at the location for the first year after the change.
