Audit Reports and Accomplishments:

- January 5, 2011 At the request of the Audit Committee, we issued a memorandum describing Revenue Recovery Auditing and its potential benefits to the City of San Diego. The memorandum can be found on our website at: http://www.sandiego.gov/auditor/reports/fy11_pdf/memo/revenue_rec_aud_memo.pdf
- January 7, 2011 Presented to the Audit Committee our report on Revenue Recovery Auditing. The Audit Committee voted to receive the report and requested that the City Auditor work with the Mayor's staff on three options for moving forward with both revenue and accounts payable recovery audits. The City Auditor will present an option menu to the Audit Committee no later than April 1, 2011.

 January 31, 2011 – Issued our Audit of the Enterprise Resource Planning (ERP) System Implementation. Based on our audit, we found that management identified and addressed most system implementation risks but improvements are needed related to security, payment controls and training. We made six additional recommendations to address the issues we identified subsequent to our June 2009 report on ERP System Implementation. This audit report can be found on our website at:
