# Annual Citywide Risk Assessment and Audit Work Plan

FISCAL YEAR 2012

# JUNE 2011

Office of the City Auditor City of San Diego

This Page Intentionally Left Blank

### THE CITY OF SAN DIEGO

DATE: June 2, 2011

TO: Honorable Members of the Audit Committee

FROM: Eduardo Luna, City Auditor

SUBJECT: Annual Citywide Risk Assessment and Audit Work Plan – Fiscal Year 2012

Attached is the Annual Audit Work Plan proposed by the Office of the City Auditor for Fiscal Year 2012. This report will be presented at the June 6th Audit Committee meeting for your review and approval. The list of 22 proposed audit assignments for Fiscal Year 2012 includes performance audits regarding various City departmental activity groups and other audit projects and activities.

The Audit Work Plan was developed by considering the required audits mandated by the City Charter and the San Diego Municipal Code, results of the FY 2012 Citywide Risk Assessment, and perspective from City management, City Council, and IBA staff. We designed our work plan to address what we considered to be the highest priority areas, while limiting the scope of work to what we can realistically accomplish with the staff resources available.

Respectfully submitted,

Eduardo Luna City Auditor

cc: Honorable Mayor Jerry Sanders Honorable City Councilmembers Jay M. Goldstone, Chief Operating Officer Wally Hill, Assistant Chief Operating Officer Mary Lewis, Chief Financial Officer Ken Whitfield, City Comptroller Jan Goldsmith, City Attorney Andrea Tevlin, Independent Budget Analyst

## Mission Statement

The mission of the Office of the City Auditor is to advance open and accountable government through accurate, independent, and objective audits and investigations that seek to improve the economy, efficiency, and effectiveness of City government.

## Introduction

Generally Accepted Government Auditing Standards and the Institute of Internal Auditors' Standards require the chief audit executive to establish a risk-based approach to determine the priorities for City Auditor activities. The Auditor's Office has completed a FY 2012 Citywide Risk Assessment as a means to help identify, measure, and prioritize the City's potential audits based on the level of risk to the City. Each Activity Group's risk score was considered when selecting audits for the City Auditor's FY 2012 Audit Work Plan.

## Audit Resources

The FY 2012 proposed budget for the Office of the City Auditor includes twenty staff members<sup>2</sup> at a budgeted cost of approximately \$2.8 million for salaries, fringe benefits, and nonpersonnel expenses such as office equipment, training and supplies. The City Auditor's FY 2012 budget also includes costs for the City's Comprehensive Annual Financial Report (CAFR) audit that will be conducted by an outside independent audit firm. The City Auditor administers the CAFR audit contract. During FY 2012, the Office of the City Auditor will have 16 Performance Auditors to conduct audits and investigations with an estimated 22,950 audit hours available to perform audits. The estimated audit hours available were calculated as follows:

	Calculation of Estimated Audit Hours Available for FY 201	2
One full time e	quivalent (FTE) Performance Auditor:	Hours
	k x 52 weeks a year = total annual hours available	2,080
Less: Hours for	vacation, sick leave and holidays	-200
Less: Estimated	hours for indirect audit activity including: training, City	
committee me	etings, staff meetings, other miscellaneous activities	-345
Total annual au	dit hours available per Performance Auditor	1,535
Performance		Audit
i chonnance		
Auditors		<u>Hours</u>
	Employed and auditing at the beginning of the fiscal year	
<u>Auditors</u>	Employed and auditing at the beginning of the fiscal year Employed and auditing at the beginning of the fiscal year <sup>1</sup>	21,490
<u>Auditors</u>		<u>Hours</u> 21,490 780 680

lote: Audit supervision and administrative hours for the City Auditor, two Assistant City Auditors and one Executive Assistant are not included.

<sup>1</sup>Audit hours were reduced for one Performance Auditor to perform administrative duties half-time. <sup>2</sup>The Audit Committee proposed adding one position half way through the Fiscal Year 2012. However, this position was not included in the Mayor's May Revise Budget. If the position is not added to the final budget by the City Council, we will need to adjust the available hours.

## Performance Audits and Other Audit Activities

The City Charter requires the Office of the City Auditor to conduct all of it audits under Government Auditing Standards, and there are three main types. They are financial audits, performance audits and attestation engagements. The City of San Diego hires an outside independent audit firm to perform the City's financial statement audit of the City's CAFR. The City Auditor conducts performance audits of the City's departments, agencies and their activities. Under Government Auditing Standards, performance audits provide objective analysis so that management and those charged with governance and oversight can use the information to improve program performance and operations, reduce costs, facilitate decision making, and contribute to public accountability. A performance audit is a dynamic process that includes consideration of applicable standards throughout the course of the audit. Performance audit objectives may vary widely and include assessments of program effectiveness, economy and efficiency, internal controls, compliance with laws and regulations, and prospective analysis. Examples of Performance Audit objectives may include but are not limited to:

- Assessing the extent to which legislative, regulatory or organizational goals and objectives are being achieved;
- Analyzing the relative cost-effectiveness of a program or activity;
- Evaluating whether the audited entity is following sound procurement practices;

- Assessing the reliability, validity, or relevance of performance measures concerning program effectiveness and results, or economy and efficiency;
- Assessing internal controls designed to provide reasonable assurance of achieving effective and efficient operations, and reliable financial and performance reporting;
- Determining if program activities are in compliance with laws, regulations, contract provisions, grant agreements and other requirements.

The Office of the City Auditor also performs some attestation engagements based on agreed-upon procedures, which consists of specific testing procedures performed on a subject matter.

Additionally, we will perform other non-audit services such as investigating complaints received from the City's Fraud Hotline regarding allegations of fraud, waste and abuse. We will perform investigations following the procedures recommended by the Association of Certified Fraud Examiners for allegations of improper financial activity, fraud, waste and/or abuse that appear to be material in nature. For any material internal control weaknesses that are identified during the investigation of hotline complaints, we may conduct an audit or review to determine the extent of the internal control weaknesses identified to provide appropriate recommendations to correct the deficiencies found.

## Citywide Risk Assessment FY 2012

Risk assessment is a process of systematically scoring (or rating) the relative impact of a variety of "risk factors." A risk factor is an observable or measurable indicator of conditions or events that could adversely affect the organization. Risk factors can measure inherent risks (such as a large organizational structure) or organizational vulnerability (such as level of cash and assets easily converted to cash). The first step in creating the City's risk assessment model was to define the audit universe. The audit universe is a listing of all of the City's significant Auditable Units (all of the City's potential audits that could be performed). We created a list of City Departments and significant City Agencies and their primary Activity Groups as the Auditable Units. To accomplish this we utilized the City's FY 2012 proposed budget data from SAP and the component unit information in the City's most current financial statements. We have reduced the number of Activity Groups from prior risk assessments by combining together some activities within Departments in order to target more areas of risk using our existing resources, address cross-cutting issues which impact multiple units within a department, and create efficiencies in conducting future audits of Activity Groups. However, a Department may still be broken out into many Activity Groups as in the example shown in Exhibit 1.

### Exhibit 1

### Sample Department and Activity Groups

The next step in creating the risk assessment model was to identify and rank the major risks associated with each of the City's significant Auditable Units (Activity Groups). To achieve this, a management questionnaire was developed, which measured a variety of "risk factors" (See Attachment A – Management Questionnaire).

The questionnaire used had ten measurable risk factors as follows:

- 1. Interface with the external public.
- 2. "Mission critical" nature of activity group for the department to achieve its goals and objectives.
- 3. Support of internal operations is considered critical to achieving the objectives of other department's mission or goals
- 4. Failure to achieve the activity group's mission or goals leads to public displeasure or negative media coverage.
- 5. Level of cash or cash convertible nature of activity group's transactions.

- 6. Activity group's tracking of activity performance metrics.
- 7. Regulation effect or impact on operations.
- 8. Number of Budgeted Employees (FTE).
- 9. Budgeted Annual Revenues.
- 10. Budgeted Annual Expenses.

A management questionnaire was completed for each of the City's Auditable Units to determine a risk score of 0 (low), 3 (medium low), 5 (medium), 7 (medium high), or 9 (high) for each of the ten risk factors listed above. Audit staff reviewed the questionnaires and adjusted some scores based on professional judgment. Also, weights were assigned to each factor based on relative importance as determined by input from audit staff (See Attachment B – Calculation of Weights Used for Risk Factors).

The final step in completing the Citywide Risk Assessment was to calculate the total risk score for each Auditable Unit (list of the potential audits) in order of highest risk score to the lowest by tabulating the information gathered from the questionnaires and applying the weights assigned to the risk factors. We then calculated the overall risk score for each Activity Group, by stratifying the resulting rating in descending order by tenths, and identifying the top 30 percent (or those ranking 10, 9, or 8) as High Risk. The next 40 percent (ranking 7, 6, 5, 4) were identified as Medium Risk, and the bottom 30 percent (score of 3, 2 or 1) or risk scores were ranked as Low Risk (See Attachment C – Citywide Risk Assessment).

## Interpreting Risk Assessment Results

The weighted scores for ten risk factors were tabulated for each significant Departmental Activity Group identified in Attachment C – Citywide Risk Assessment, and the risk scores were considered when preparing the Audit Work Plan - FY 2012 that follows. The Departments and Activity Groups with a high risk score merely indicates that the services they provide or the functions they are responsible for are by nature a high risk activity because of such factors as having a large amount of expenditures and revenues, having a high level of liquid assets such as cash, or a high degree of public interest. A high risk score does not mean that an Activity Group is being managed ineffectively or that it is not functioning properly. High risk areas may indicate opportunities to address activities which are mission critical, provide substantial support for other internal City operations, reflect high public need, or consume significant financial resources. The overall results identify the activities with the highest risk factors that may warrant and benefit from additional management action or audit services.

## Audit Work Plan (July 2011 through June 2012)

In FY 2012, we are continuing three audits that were initiated in the previous fiscal year, and we are planning to undertake complex audits that will require additional audit resources. The following Audit Work Plan includes our scheduled performance audits as well as additional audit activities. Included is the proposed audit objective for each assignment and estimated audit hours. We will perform an in depth risk assessment on each activity group selected for audit to ensure our audit objective covers the areas of highest risk for that activity group and adjust the audit objective, procedures, and hours accordingly. Our estimated audit hours are based on our knowledge of the complexity of the activity groups selected for audit. The actual hours may vary based on the audit scope determined by the detailed risk assessment for each engagement, as well as the extent and complexity of findings revealed during audit testing.

## Additions to Audit Work Plan

Requests to add audits to the Audit Work Plan during the fiscal year will be presented to the Audit Committee with a City Auditor analysis of the impact the proposed audit will have on the other audits on the Work Plan. Audit priority will be given to those requests that pertain to the health and safety of citizens, potential for significant financial savings or increased revenues, and issues of integrity.

## Audit Work Plan - FY 2012

	PERFORMANCE AUDITS FY 2012 – CARRY OVER FROM FY 2011 AUDIT WORK PLAN					
Work Plan Item No.	Risk Assess Ln #	Risk Score	Activity Group Audit	Audit Objectives	FY 2012 Audit Hours	Status
1	17	622	City Retirement System Audit	The objective of this audit is to determine the efficiency and effectiveness of the San Diego City Employee Retirement System's administration. We plan to complete fieldwork during FY 2011, and we estimate that 240 hours will be needed in FY 2012 for report writing. We estimate that total audit hours will be approximately 1,400.	240	Report Writing
2	35 45 76	582 552 478	Public Utilities Capital Improvement Projects Audit	The objective of this audit is to determine to what extent is the Public Utilities Department is effectively planning for and managing capital improvement needs and projects. We plan to complete fieldwork during FY 2011, and we estimate that 380 hours will be needed in FY 2012 for report writing. We estimate that total audit hours will be approximately 2,000, which includes the time spent on the FY 2011 Public Utilities Risk Assessment.	380	Report Writing
3	78	476	Development Services Department Systems Audit	The objective of this audit is to conduct a performance audit of DSD's IT system. We plan to complete fieldwork during FY 2011, and we estimate that 380 hours will be needed in FY 2012 for report writing. We estimate that total audit hours will be approximately 1,000.	380	Report Writing

13	54	522	Transportation and Storm Water – Pollution Prevention Audit	The objective of this audit is to determine the efficiency and effectiveness of the Transportation and Storm Water pollution and prevention efforts. In FY 2012, this program's budgeted expenditures are \$16.8 million; revenues \$150,000; and 35 FTEs.	1,400	Not Started
14	14	642	General Services – Facilities Audit	The objective of this audit is to determine the efficiency and effectiveness of General Services Facilities Division. In FY 2012, this program's budgeted expenditures are \$14.8 million; revenues \$5.7 million; and 107 FTEs.	1,400	Not Started
15 16	1 49 51	745 540 523	Public Safety – Police, Fire and Life Guard Audits	We plan to conduct two audits. The objectives of these audits are to 1) determine the efficiency and effectiveness of the Police, Fire and Lifeguard 9-1-1 emergency call and dispatch system; and 2) to determine the efficiency and effectiveness of the Police Department's Patrol Operations. In FY 2012, these programs' budgeted expenditures are \$242.3 million and \$4.5 million respectively; revenues \$28.8 million and \$555,000 respectively; and 1658 and 46 FTEs respectively.	4,800	Not Started

			ADI	DITIONAL AUDIT ACTIVITIES FY 2012		
Work Plan Item No.	Risk Assess Ln #	Risk Score	Activity Group Audit	Audit Objectives	FY 2012 Audit Hours	Status
17	TBD	TBD	On-going Expense and Revenue Audits	On-going audits of City expenditures and revenues (i.e. contract payments, accounts payable, accounts receivable, billings and budgeting practices, etc.) to ensure compliance with the appropriate terms and regulations.	600	On-going
18	N/A	N/A	Fraud, Waste and Abuse Hotline	The Office of the City Auditor administers the City's Fraud Hotline to provide individuals a way to confidentially report evidence of fraud, waste or abuse involving City of San Diego employees or operations. Investigations are performed for all material accusations.	1,535	On-going
19	N/A	N/A	Follow-up on Previously Issued Audit Reports	The Office of the City Auditor tracks and follows-up on all audit recommendations to determine if they were properly implemented by City management.	755	On-going
20	N/A	N/A	Close-out Audits	Close-out audits are required by the City Charter, Article VII, Section 111 when City Officials leaves office. The primary audit objective is to verify that there are no outstanding debts owed by the City Official to the City, and to ensure that access to critical information and processes has been revoked. Each Close-out audit takes approximately 40 hours to complete and we estimate approximately 5 audits may be necessary in FY 2012.	200	As Necessary

	ADDITIONAL AUDIT ACTIVITIES FY 2012							
Work Plan Item No.	Risk Assess Ln #	Risk Score	Activity Group Audit	Audit Objectives	FY 2012 Audit Hours	Status		
21	53	522	Annual Mission Bay Fund Audit	The Annual Mission Bay Funds Audit is required by the City, Article V, Section 55.2 (e). The objective of this audit is to verify the prior fiscal year collection, allocation, and use of Mission Bay Funds are in compliance with City Charter requirements.	240	Not Started		
22	26	599	Annual Central Stores Inventory Audit FY12	The San Diego Municipal Code Section §22.0501 requires an annual count of inventory in City storerooms and warehouses. The objective of this audit was to confirm the valuation of Central Stores inventory. In FY 2012, this program's budgeted expenditures are \$24 million; revenues \$24.2 million; and 22 FTEs.	120	Not Started		
			Total Planned Au	dit Hours for FY 2012	22,950			

## **Next Steps**

I will provide the Audit Committee with monthly activity reports describing the status and progress towards completing the audit assignments listed, as well as quarterly fraud hotline statistics reports. The Audit Committee will receive the results of all completed audits in the form of an audit report, and I will present audit results at scheduled Audit Committee and City Council meetings upon request.

Respectfully Submitted,

Edvardo Lina

Eduardo Luna City Auditor

### Attachment A

### Office of the City Auditor Annual Risk Assessment Management Questionnaire FY2012

### 1. To what extent does your activity group interface with the external public?

<u>Description / Purpose</u>: Assess how frequently your activity group works/interacts directly with the public or City residents. Little to no interaction is not a negative indicator, but rather an indicator that your activity group serves internal customers – internal customer interaction is addressed in question 3.

		Risk
		Score
a.	None.	0
b	Rarely or infrequently.	3
c.	Monthly to quarterly level of interface.	5
d	Weekly level of interface.	7
e.	Continual interface with the external public several times daily or more.	9

## 2. To what extent is your activity group considered to be "mission critical" for the department to achieve its goals and objectives?

<u>Description / Purpose</u>: Ascertain the significance that your activity group plays in <u>your</u> <u>department's</u> overall mission relative to other activity groups. Little to no contribution is not a negative indicator, but rather an indicator that your activity group may provide services and be focused on other internal customers.

a.	No contribution towards the department's goals / objectives.	0
b.	Minimal contribution towards attaining the department's goals and objectives.	3
с.	Moderate contribution towards attaining the department's goals and objectives.	5
d.	Significant contribution towards attaining the department's goals and	7
e.	The success of the department's goals and objectives is fully dependent on this activity group.	9

# 3. To what extent does your activity group support internal operations or are considered critical to achieving the objectives of <u>other</u> entity's/department's mission/goals?

<u>Description / Purpose</u>: Determine the level of support and role your department plays in helping other departments achieve their overall mission. This question identifies the interconnectedness that one activity group has with other internal operations.

a. No support provided to other operations / departments.
b. Infrequent (i.e. annual) support provided to other operations / departments.
c. Periodic (i.e. monthly) support provided to other operations / departments.
d. Regular (i.e. weekly) support provided to other operations / departments.
e. Ongoing support provided to other operations / departments every day.

## 4. To what extent would failure to achieve your activity group's mission or goals lead to public displeasure or negative media coverage?

<u>Description / Purpose</u>: Assess how the activity group's level of visibility to the public, public interest in the group's activities, interest of the media, or other public safety related factors would lead to an increased potential loss or embarrassment if the activity group did not perform its critical mission or goals. This could also be called the newspaper test – how much negative press or public disapproval would a failure cause?

a.	No risk of loss or embarrassment.	0
b.	Low risk of loss or embarrassment.	3
c.	Moderate risk of loss or embarrassment.	5
d.	Significant risk of loss or embarrassment.	7
e.	Very high risk of loss or embarrassment.	9

## 5. To what extent is there potential loss due to the cash or cash convertible nature of your activity group's transactions?

<u>Description / Purpose</u>: Assess the risk associated with cash or cash-convertible assets. Be sure to factor in the amount of cash collected as compared to business transacted by other means (credit card, electronic funds transfer, invoice, journal entry, etc), as well as risks associated with the volume, type and nature of existing assets that are susceptible to theft such as equipment, supplies and inventories.

a.	None.	0
b.	Minimal amount of cash transactions or assets are difficult to convert to cash.	3
c.	Moderate amount of cash transactions or assets can be converted to cash with some difficulty.	5
d.	Nature of operations is primarily cash or assets are easily converted to cash.	7
e.	Fully cash or cash equivalent operations.	9

### 6. To what extent does your activity group track activity performance / metrics?

<u>Description / Purpose</u>: Determine the extent to which your activity group captures, assesses, and responds to performance measurement data.

We continuously capture performance metrics on key operations, assess

- a. achievement of goals and trends in the information, and adjust operations to
   0 improve upon our performance in all key areas.
   We track performance information in all key operations, assess and use data to
- b. improve operations, but we do not engage this process in a continuous, fluid 3 manner.
  - We track performance information in all our key operations and may assess data 5
- to some extent, but we do not use data to improve performance in all key areas.
   We collect some performance information, but the information does not account
- d. for all our key operations or we do not assess the data.
- e. We do not track performance measures or metrics.

### 7. To what extent do regulations affect or have impact on operations?

. .

<u>Description / Purpose</u>: Assess how government regulations (federal, state, or local) impact your activity group operations and the exposure to sanctions and potential penalties for noncompliance. Please be sure to factor in the complexity, volume, and change in regulations, including ordinances, municipal codes, administrative regulations, MOUs, federal and state laws and regulations, contract conditions, and grant provisions that pertain to your department..

а.	None.	0
b.	Few regulations and little risk of noncompliance.	3
c.	Risk of either substantial regulations or significant penalties.	5
d.	Complex, voluminous, or frequently changing regulations with significant	7
e.	Heavily regulated with serious consequences for noncompliance.	9

The information detailed below was obtained from the FY 2012 Proposed Budget and scored accordingly.

### 8. Total number of FY12 budgeted full time employees (FTEs) for this Activity Group

a.	None.	0
b.	Greater than 0 to 10.	3
c.	Greater than 10 to 25.	5
d.	Greater than 25 to 75.	7
e.	Greater than 75.	9

9

### 9. Total annual FY12 budgeted revenues for this Activity Group

a.	\$0 to \$500,000.	0
b.	\$500,001 to \$5,000,000.	3
с.	\$5,000,001 to \$10,000,000.	5
d.	\$10,000,001 to \$25,000,000.	7
e.	Greater than \$25,000,000.	9

### 10. Total annual FY12 budgeted expenditures for this Activity Group

\$0 to \$1,000,000.	0
\$1,000,001 to \$10,000,000.	3
\$10,000,001 to \$25,000,000.	5
\$25,000,001 to \$40,000,000.	7
Greater than \$40,000,000.	9
	\$10,000,001 to \$25,000,000. \$25,000,001 to \$40,000,000.

#### Notes:

Eleven staff members in the Office of the City Auditor were asked to record if they felt the factors listed on the left of this schedule has a greater level of inherent risk when compared to the factor listed on top of the schedule. The numbers above represent the results of this survey and will be used to calculate the weighted risk factors in the Citywide Risk Assessment.

e.g. The items highlighted above show that 11 people felt that the Budgeted Annual Expenses has greater inherent risk than a department's Interface with the external public, and 7 people felt that the Budgeted Annual Expenses has greater inherent risk than a department's Interface with the external public, and 7 people felt that the Budgeted Annual Expenses has greater inherent risk than a department's Interface with the external public, and 7 people felt that the Budgeted Annual Expenses has greater inherent risk than a department's Interface with the external public, and 7 people felt that the Budgeted Annual Expenses has greater inherent risk than a department's Interface with the external public, and 7 people felt that the Budgeted Annual Expenses has greater inherent risk than a department is a strain of the second strain of the sec

[1] City management was asked to answer a questionnaire for each of their Activity Groups, which had risk scores of 0, 3, 5, 7, 9, (with 0 as low risk and 9 as highest risk) for each of the 10 risk factors listed above (See Citywide Risk Assessment Questionnaire). The highest score that a single risk factor can be given is 9 multiplied by its weighted factor. Overall the highest risk score that an Auditable Unit can achieve is 900, as shown in the left hand column above.

Note: The risk factor scores that are bolded above were changed (primarily increased) by City Auditor staff based on past experience and professional judgment.

### Footnotes:

- [1] FTE Risk score associated with the number of budgeted full time employees (FTE). See Exhibit A Management Questionnaire, question number 8.
- Wt FTE A weight (wt) of 8 was multiplied by the FTE risk score. See Exhibit B Calculation of Weights Used for Risk Factors, line number 8. [2]
- Exp Risk score associated with the amount of budgeted expenditures (Exp). See Exhibit A Management Questionnaire, question number 10. [3]
- [4] Wt Exp - A weight (wt) of 18 was multiplied by the Exp risk score. See Exhibit B - Calculation of Weights Used for Risk Factors, line number 10.
- Rev Risk score associated with the amount of budgeted revenue (Rev). See Exhibit A Management Questionnaire, question number 9. [5]
- Wt Rev A weight (wt) of 14 was multiplied by the Rev risk score. See Exhibit B Calculation of Weights Used for Risk Factors, line number 9. [6]
- ExP Risk score associated with Interface with the external public (ExP). See Exhibit A Management Questionnaire, question number 1. [7]
- [8] Wt ExP - A weight (wt) of 6 was multiplied by the ExP risk score. See Exhibit B - Calculation of Weights Used for Risk Factors, line number 1.
- MC Risk score associated with the "Mission Critical" activities (MC). See Exhibit A Management Questionnaire, question number 2. [9]
- [10] Wt MC A weight (wt) of 13 was multiplied by the MC risk score. See Exhibit B Calculation of Weights Used for Risk Factors, line number 2.
- [11] InOp Risk score associated with the Internal Operations (InOp). See Exhibit A Management Questionnaire, question number 3.
- [12] Wt InOp A weight (wt) of 11 was multiplied by the InOp risk score. See Exhibit B Calculation of Weights Used for Risk Factors, line number 3.
- [13] Pub Risk score associated with public (Pub) exposure and interest. See Exhibit A Management Questionnaire, question number 4.
- [14] Wt Pub A weight (wt) of 7 was multiplied by the Pub risk score. See Exhibit B Calculation of Weights Used for Risk Factors, line number 4.
- [15] Csh Risk score associated with Cash or cash convertible (Csh). See Exhibit A Management Questionnaire, question number 5.
- [16] Wt Csh A weight (wt) of 9 was multiplied by the Csh risk score. See Exhibit B Calculation of Weights Used for Risk Factors, line number 5.
- [17] Met Risk score associated with Performance/Metrics (Met). See Exhibit A Management Questionnaire, guestion number 6.
- [18] Wt Met A weight (wt) of 8 was multiplied by the Met risk score. See Exhibit B Calculation of Weights Used for Risk Factors, line number 6.
- [19] Regs Risk score associated with compliance with laws and regulations (Regs). See Exhibit A Management Questionnaire, question number 7.
- [20] Wt Regs A weight (wt) of 6 was multiplied by the Regs risk score. See Exhibit B Calculation of Weights Used for Risk Factors, line number 7.
- [21] Risk Score This is the total risk score calculated by adding together all of the nine weighted risk scores.
- [22] Rank 10ths - The activity groups were divided into tenths. Rank 10, 9, 8 (High Risk) 7, 6, 5, 4 (Medium Risk) 3, 2, 1 (Low Risk). Convention Center Budget Data is based on FY11 figures as the FY12 is not board approved at the time of this publication. City Council Offices were not surveyed due to a conflict of interest, since the Office of the City Auditor reports directly to the Audit Committee of the City Council.
