Mr. Joseph Martinez and Ms. Nikki Clay
Facilities and Redevelopment Committee
Citizens' Task Force on Chargers Issues
C/o San Diego City Manager's Office
202 C St
San Diego CA 92101-4806

Dear Mr. Martinez and Ms. Clay:

Thank you for your letter of October 18, 2002. As I said when I first addressed your Task Force on August 29, 2002, and again when I spoke with your Facilities and Redevelopment Committee on October 7th, the San Diego Chargers are willing to consider any idea that serves the best interests of the entire San Diego community, that attracts continuing Super Bowls to San Diego, and that keeps the Chargers economically competitive in San Diego over the long term.

Therefore, we would be pleased to consider and review any proposal of interest to your Task Force, including the NBBJ proposal. Today, I have asked Libby Coalson to help arrange a meeting on either November 6th or November 7th with the Chargers' stadium consultants (HOK Sport+Venue+Event of Kansas City), NBBJ, and me, along with Task Force members you designate.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Mark D. Fabiani
