**AGREEMENT BETWEEN
THE CITY OF SAN DIEGO
AND URS CORPORATION AMERICAS, DBA URS CORPORATION, A NEVADA
CORPORATION.
FOR CONSULTANT SERVICES**

THIS Agreement is made and entered into between the City of San Diego, a municipal corporation [City], and URS Corporation Americas, dba URS Corporation, a Nevada corporation [Consultant] for the Consultant to provide professional environmental consulting services to the City.

RECITALS

The City wants to retain the services of an environmental firm to provide environmental services [the Services].

The Consultant has the expertise, experience and personnel necessary to provide the Services. The City and the Consultant [Parties] want to enter into an Agreement whereby the City will retain the Consultant to provide, and the Consultant shall provide, the Services.

In consideration of the above recitals and the mutual covenants and conditions set forth, herein, and for good and valuable consideration, the sufficiency of which are hereby acknowledged, the Parties hereby set forth their mutual covenants and understandings as follows:

ARTICLE I

CONSULTANT SERVICES

The above-listed recitals are true and correct and are hereby incorporated by reference.

1.1 Scope of Services. The Consultant shall perform the Services as set forth in the written Scope of Services [Exhibit A] at the direction of the City

1.2 Contract Administrator. The Environmental Services Department is the contract administrator for this Agreement. The Consultant shall provide the Services under the direction of a designated representative of the Environmental Services Department. The City's designated representative will communicate with the Consultant on all matters related to the administration of this Agreement and the Consultant's performance of the Services rendered hereunder. When this Agreement refers to communications to or with the City, those communications will be with the designated representative, unless the designated representative or the Agreement specifies otherwise. However, when this Agreement refers to an act or approval to be performed by City, that act or approval shall be performed by the Mayor or his designee, unless the Agreement specifies otherwise.

1.3 City Modification of Scope of Services. The City may, without invalidating this Agreement, order changes in the Scope of Services by altering, adding to or deducting from the

Professional Services to be performed. All such changes shall be in writing and shall be performed in accordance with the provisions of this Agreement. If any such changes cause an increase or decrease in the Consultant's cost of, or the time required for, the performance of any of the Professional Services, the Consultant shall immediately notify the City. If the City deems it appropriate, an equitable adjustment to the Consultant's compensation or time for performance may be made, provided that any adjustment must be approved by both Parties in writing in accordance with Section 9.1 of this Agreement.

1.4 Written Authorization. Prior to performing any Services, the Consultant shall obtain from the City a written authorization to proceed. Further, throughout the term of this Agreement, the Consultant shall immediately advise the City in writing of any anticipated change in the Scope of Services (Exhibit A), Compensation and Fee Schedule [Exhibit B], or Time Schedule [Exhibit C], and shall obtain the City's written consent to the change prior to making any changes. In no event shall the City's consent be construed to relieve the Consultant from its duty to render all Services in accordance with applicable laws and accepted industry standards.

1.5 Confidentiality of Services. All Services performed by the Consultant, including but not limited to all drafts, data, correspondence, proposals, reports, and estimates compiled or composed by the Consultant, pursuant to this Agreement, are for the sole use of the City, its agents and employees. Neither the documents nor their contents shall be released to any third party without the prior written consent of the City. This provision does not apply to information that (a) was publicly known, or otherwise known to the Consultant, at the time that it was disclosed to the Consultant by the City, (b) subsequently becomes publicly known through no act or omission of the Consultant, or (c) otherwise becomes known to the Consultant other than through disclosure by the City. Except for Subcontractors covered by Section 4.4, neither the documents nor their contents shall be released to any third party without the prior written consent of the City.

1.6 Competitive Bidding. If applicable, the Consultant shall comply with the following: Consultant shall ensure that any plans, specifications, studies, or reports prepared, required, or recommended under this Agreement allow for competitive bidding. The Consultant shall prepare such plans, specifications, studies, or reports so that procurement of services, labor or materials are not available from only one source, and shall not prepare plans, specifications, studies, or reports around a single or specific product, piece of major equipment or machinery, a specific patented design, or a proprietary process, unless required by principles of sound engineering practice and supported by a written justification that has been approved in writing by the City. The Consultant shall submit this written justification to the City prior to beginning work on such plans, specifications, studies, or reports. Whenever the Consultant recommends a specific product or equipment for competitive procurement, such recommendation shall include at least two brand names of products that are capable of meeting the functional requirements applicable to the Project.

ARTICLE II

DURATION OF AGREEMENT

2.1 Term of Agreement. This Agreement shall be effective on the date it is executed by the last Party to sign the Agreement, and approved by the City Attorney in accordance with San Diego Charter Section 40. Unless otherwise terminated, it shall be effective until completion of the Scope of Services or September 10 of 2017 whichever is the earliest but not to exceed five years unless approved by City ordinance.

2.2 Time of Essence. Time is of the essence for each provision of this Agreement, unless otherwise specified in this Agreement. The time for performance of the Scope of Services (Exhibit A) is set forth in the Time Schedule (Exhibit C).

2.3 Notification of Delay. The Consultant shall immediately notify the City in writing if the Consultant experiences or anticipates experiencing a delay in performing the Services within the time frames set forth in the Time Schedule (Exhibit C). The written notice shall include an explanation of the cause for, and a reasonable estimate of the length of the delay. If in the opinion of the City, the delay affects a material part of the City's requirements for the Services, the City may exercise its rights under Sections 2.5-2.7 of this Agreement.

2.4 Delay. If delays in the performance of the Services are caused by unforeseen events beyond the control of the Parties, such delay may entitle the Consultant to a reasonable extension of time, but such delay shall not entitle the Consultant to damages or additional compensation. Any such extension of time must be approved in writing by the City. The following conditions may constitute such a delay: war; changes in law or government regulation; labor disputes; strikes; fires, floods, adverse weather or other similar condition of the elements necessitating cessation of the Consultant's work; inability to obtain materials, equipment, or labor; required additional Services; or other specific reasons agreed to between the City and the Consultant; provided, however, that: (a) this provision shall not apply to, and the Consultant shall not be entitled to an extension of time for, a delay caused by the acts or omissions of the Consultant; and (b) a delay caused by the inability to obtain materials, equipment, or labor shall not entitle the Consultant to an extension of time unless the Consultant furnishes the City, in a timely manner, documentary proof satisfactory to City of the Consultant's inability to obtain materials, equipment, or labor.

2.5 City's Right to Suspend for Convenience. The City may, at its sole option and for its convenience, suspend all or any portion of the Consultant's performance of the Services, for a reasonable period of time not to exceed six months. In accordance with the provisions of this Agreement, the City will give written notice to the Consultant of such suspension. In the event of such a suspension, in accordance with the provisions of Article III of this Agreement, the City shall pay to the Consultant a sum equivalent to the reasonable value of the Services the Consultant has satisfactorily performed up to the date of suspension. Thereafter, the City may rescind such suspension by giving written notice of rescission to the Consultant. The City may then require the Consultant to resume performance of the Services in compliance with the terms and conditions of this Agreement; provided, however, that the Consultant shall be entitled to an extension of time equal to the length of the suspension, unless otherwise agreed to in writing by the Parties.

2.6 City's Right to Terminate for Convenience. The City may, at its sole option and for its convenience, terminate all or any portion of the Services agreed to pursuant to this Agreement by giving written notice of such termination to the Consultant. Such notice shall be delivered by certified mail with return receipt for delivery to the City. The termination of the Services shall be effective upon receipt of the notice by the Consultant. After termination of this Agreement, the Consultant shall complete any and all additional work necessary for the orderly filing of documents and closing of the Consultant's Services under this Agreement. For services satisfactorily rendered in completing the work, the Consultant shall be entitled to fair and reasonable compensation for the Services performed by the Consultant before the effective date of termination. After filing of documents and completion of performance, the Consultant shall deliver to the City all documents or records related to the Consultant's Services. By accepting payment for completion, filing and delivering documents as called for in this paragraph, the Consultant discharges the City of all of the City's payment obligations and liabilities under this Agreement.

2.7 City's Right to Terminate for Default. If the Consultant fails to satisfactorily perform any obligation required by this Agreement, the Consultant's failure constitutes a Default. A Default includes the Consultant's failure to adhere to the Time Schedule. If the Consultant fails to satisfactorily cure a Default within ten calendar days of receiving written notice from the City specifying the nature of the Default, the City may immediately cancel and/or terminate this Agreement, and terminate each and every right of the Consultant, and any person claiming any rights by or through the Consultant under this Agreement. The rights and remedies of the City enumerated in this Section are cumulative and shall not limit, waive, or deny any of the City's rights under any other provision of this Agreement. Nor does this Section otherwise waive or deny any right or remedy, at law or in equity, existing as of the date of this Agreement or hereinafter enacted or established, that may be available to the City against the Consultant.

ARTICLE III

COMPENSATION

3.1 Amount of Compensation. The City shall pay the Consultant for performance of all Professional Services rendered in accordance with this Agreement, including reasonably related expenses, for a total contract amount not exceeding \$249,000. The compensation for the Scope of Services shall not exceed \$159,000, and the compensation for Additional Services (described in Section 3.2), if any, shall not exceed \$90,000.

3.2 Additional Services. The City may require that the Consultant perform additional Professional Services [Additional Services] beyond those described in the Scope of Services [Exhibit A]. Prior to the Consultant's performance of Additional Services, the City and the Consultant must agree in writing upon a fee for the Additional Services, including reasonably related expenses, in accordance with the Compensation and Fee Schedule (Exhibit B). The City will pay the Consultant for the performance of Additional Services in accordance with Section 3.3.

3.3 Manner of Payment. The City shall pay the Consultant in accordance with the Compensation and Fee Schedule (Exhibit B). For the duration of this Agreement, the Consultant shall not be entitled to fees, including fees for expenses, that exceed the amounts specified in the

Compensation and Fee Schedule. The Consultant shall submit one invoice per calendar month in a form acceptable to City in accordance with the Compensation and Fee Schedule. The Consultant shall include with each invoice a description of completed Professional Services, reasonably related expenses, if any, and all other information, including but not limited to: the progress percentage of the Scope of Services and/or deliverables completed prior to the invoice date, as required by the City. The City will pay undisputed portions of invoices within thirty calendar days of receipt.

3.4 Additional Costs. Additional Costs are those costs that can be reasonably determined to be related to the Consultant's errors or omissions, and may include Consultant, City, or Subcontractor overhead, construction, materials, demolition, and related costs. The Consultant shall not be paid for the Professional Services required due to the Consultant's errors or omissions, and the Consultant shall be responsible for any Additional Costs associated with such errors or omissions. These Additional Costs may be deducted from monies due, or that become due, the Consultant. Whether or not there are any monies due, or becoming due, the Consultant shall reimburse the City for Additional Costs due to the Consultant's errors or omissions.

3.5 Eighty Percent Notification. The Consultant shall promptly notify the City in writing of any potential cost overruns. Cost overruns include, but are not limited to the following: (1) where anticipated costs to be incurred in the next sixty calendar days, when added to all costs previously incurred, will exceed 80 percent of the maximum compensation for this Agreement; or (2) where the total cost for performance of the Scope of Services appears that it may be greater than the maximum compensation for this Agreement.

ARTICLE IV

CONSULTANT'S OBLIGATIONS

4.1 Industry Standards. The Consultant agrees that the Services rendered under this Agreement shall be performed in accordance with the standards customarily adhered to by an experienced and competent environmental firm using the degree of care and skill ordinarily exercised by reputable professionals practicing in the same field of service in the State of California. Where approval by the City, the Mayor or his designee, or other representatives of the City is required, it is understood to be general approval only and does not relieve the Consultant of responsibility for complying with all applicable laws, codes, and good consulting practices.

4.2 Right to Audit.

4.2.1 Access. The City retains the right to review and audit, and the reasonable right of access to Consultant's and any Subcontractor's premises to review and audit the Consultant's or Subcontractor's compliance with the provisions of this Agreement [City's Right]. The City's Right includes the right to inspect and photocopy same, and to retain copies, outside of the Consultant's premises, of any and all records related to the Services provided hereunder with appropriate safeguards, if such retention is deemed necessary by the City in its sole discretion. This information shall be kept by the City in the strictest confidence allowed by law.

4.2.2 Audit. The City's Right includes the right to examine any and all books, records, documents and any other evidence of procedures and practices that the City determines are necessary to discover and verify that the Consultant or Subcontractor is in compliance with all requirements under this Agreement.

4.2.2.1 Cost Audit. If there is a claim for additional compensation or for Additional Services, the City's Right includes the right to examine books, records, documents, and any and all other evidence and accounting procedures and practices that the City determines are necessary to discover and verify all direct and indirect costs, of whatever nature, which are claimed to have been incurred, or anticipated to be incurred.

4.2.2.1.1 Accounting Records. The Consultant and all subcontractors shall maintain complete and accurate records in accordance with generally accepted accounting practices in the industry. The Consultant and Subcontractors shall make available to the City for review and audit, all Service related accounting records and documents, and any other financial data. Upon the City's request, the Consultant and Subcontractors shall submit exact duplicates of originals of all requested records to the City.

4.2.3 City's Right Binding on Subcontractors. The Consultant shall include the City's Right as described in Section 4.2, in any and all of their subcontracts, and shall ensure that these sections are binding upon all Subcontractors.

4.2.4 Compliance Required before Mediation or Litigation. A condition precedent to proceeding with mandatory mediation and further litigation provided for in Article VII is the Consultant's and Subcontractors full compliance with the provisions of this Section 4.2 within sixty days of the date on which the City mailed a written request to review and audit compliance.

4.3 Insurance. The Consultant shall not begin the Services under this Agreement until it has: (a) obtained, and provided to the City, insurance certificates reflecting evidence of all insurance as set forth herein; however, the City reserves the right to request, and the Consultant shall submit, copies of any policy upon reasonable request by the City; (b) obtained City approval of each company or companies as required in Section 4.3.3 of this Agreement; and (c) confirmed that all policies contain the specific provisions required in Section 4.3.4 of this Agreement. Consultant's liabilities, including but not limited to Consultant's indemnity obligations, under this Agreement, shall not be deemed limited in any way to the insurance coverage required herein. Except as provided for under California law, all policies of insurance required hereunder must provide that the City is entitled to thirty (30) days prior written notice (10 days for cancellation due to non-payment of premium) of cancellation or non-renewal of the policy or policies. Maintenance of specified insurance coverage is a material element of this Agreement and Consultant's failure to maintain or renew coverage or to provide evidence of renewal during the term of this Agreement may be treated as a material breach of contract by the City.

Further, the Consultant shall not modify any policy or endorsement thereto which increases the City's exposure to loss for the duration of this Agreement.

4.3.1 Types of Insurance. At all times during the term of this Agreement, the Consultant shall maintain insurance coverage as follows:

4.3.1.1 Commercial General Liability. Commercial General Liability (CGL) Insurance written on an ISO Occurrence form CG 00 01 07 98 or an equivalent form providing coverage at least as broad which shall cover liability arising from any and all personal injury or property damage in the amount of \$1 million per occurrence and subject to an annual aggregate of \$2 million. There shall be no endorsement or modification of the CGL limiting the scope of coverage for either insured vs. insured claims or contractual liability. All defense costs shall be outside the limits of the policy.

4.3.1.2 Commercial Automobile Liability. For all of the Consultant's automobiles including owned, hired and non-owned automobiles, the Consultant shall keep in full force and effect, automobile insurance written on an ISO form CA 00 01 12 90 or a later version of this form or an equivalent form providing coverage at least as broad for bodily injury and property damage for a combined single limit of \$1 million per occurrence. Insurance certificate shall reflect coverage for any automobile (any auto).

4.3.1.3 Workers' Compensation. For all of the Consultant's employees who are subject to this Agreement and to the extent required by the applicable state or federal law, the Consultant shall keep in full force and effect, a Workers' Compensation policy. That policy shall provide a minimum of \$1 million of employers' liability coverage, and the Consultant shall provide an endorsement that the insurer waives the right of subrogation against the City and its respective elected officials, officers, employees, agents and representatives.

4.3.1.4 Professional Liability. For all of the Consultant's employees who are subject to this Agreement, the Consultant shall keep in full force and effect, Professional Liability coverage for professional liability with a limit of \$1 million per claim and \$2 million annual aggregate. The Consultant shall ensure both that: (1) the policy retroactive date is on or before the date of commencement of the Project; and (2) the policy will be maintained in force for a period of three years after substantial completion of the Project or termination of this Agreement whichever occurs last. The Consultant agrees that for the time period defined above, there will be no changes or endorsements to the policy that increase the City's exposure to loss.

4.3.2 Deductibles. All deductibles on any policy shall be the responsibility of the Consultant and shall be disclosed to the City at the time the evidence of insurance is provided.

4.3.3 Acceptability of Insurers.

4.3.3.1 Except for the State Compensation Insurance Fund, all insurance required by this Contract or in the Special General Conditions shall only be carried by insurance companies with a rating of at least "A-, VI" by A.M. Best Company, that are authorized by the California Insurance Commissioner to do business in the State of California, and that have been approved by the City.

4.3.3.2 The City will accept insurance provided by non-admitted, "surplus lines" carriers only if the carrier is authorized to do business in the State of California and is included on the List of Eligible Surplus Lines Insurers (LESLI list). All policies of insurance

carried by non-admitted carriers are subject to all of the requirements for policies of insurance provided by admitted carriers described herein.

4.3.4 Required Endorsements

The following endorsements to the policies of insurance are required to be provided to the City before any work is initiated under this Agreement.

4.3.4.1 Commercial General Liability Insurance Endorsements

ADDITIONAL INSURED. To the fullest extent allowed by law including but not limited to California Insurance Code Section 11580.04, the policy or policies must be endorsed to include as an Insured the City of San Diego and its respective elected officials, officers, employees, agents and representatives with respect to liability arising out of (a) ongoing operations performed by you or on your behalf, (b) your products, (c) your work, including but not limited to your completed operations performed by you or on your behalf, or (d) premises owned, leased, controlled or used by you.

PRIMARY AND NON-CONTRIBUTORY COVERAGE. The policy or policies must be endorsed to provide that the insurance afforded by the Commercial General Liability policy or policies is primary to any insurance or self-insurance of the City of San Diego and its elected officials, officers, employees, agents and representatives as respects operations of the Named Insured. Any insurance maintained by the City of San Diego and its elected officials, officers, employees, agents and representatives shall be in excess of Consultant's insurance and shall not contribute to it.

4.3.4.2 Automobile Liability Insurance Endorsements

ADDITIONAL INSURED. To the fullest extent allowed by law including but not limited to California Insurance Code Section 11580.04, the policy or policies must be endorsed to include as an Insured the City of San Diego and its respective elected officials, officers, employees, agents and representatives with respect to liability arising out of automobile owned, leased, hired or borrowed by or on behalf of the Consultant.

4.3.4.3 Worker's Compensation and Employer's Liability Insurance Endorsements

WAIVER OF SUBROGATION. The Worker's Compensation policy or policies must be endorsed to provide that the insurer will waive all rights of subrogation against the City and its respective elected officials, officers, employees, agents and representatives for losses paid under the terms of this policy or these policies which arise from work performed by the Named Insured for the City.

4.3.5 Reservation of Rights. The City reserves the right, from time to time, to review the Consultant's insurance coverage, limits, deductible and self-insured retentions to determine if they are acceptable to the City. The City will reimburse the Consultant for the cost of the additional premium for any coverage requested by the City in excess of that required by this Agreement without overhead, profit, or any other markup.

4.3.6 Additional Insurance. The Consultant may obtain additional insurance not required by this Agreement.

4.3.7 Excess Insurance. All policies providing excess coverage to the City shall follow the form of the primary policy or policies including but not limited to all endorsements.

4.4 Subcontractors. The Consultant's hiring or retaining of any third parties [Subcontractors] to perform Services [Subcontractor Services] is subject to prior approval by the City. The Consultant shall list on the Subcontractor List [Exhibit D Attachment BB] all Subcontractors known to the Consultant at the time this Agreement is entered. If at any time after this Agreement is entered into the Consultant identifies a need for additional Subcontractor Services, the Consultant shall give written notice to the City of the need, at least forty-five days before entering into a contract for such Subcontractor Services. The Consultant's notice shall include a justification, a description of the scope of work, and an estimate of all costs for the Subcontractor Services. The Consultant may request that the City reduce the forty-five day notice period. The City agrees to consider such requests in good faith.

4.4.1 Subcontractor Contract. All contracts entered into between the Consultant and any Subcontractor shall contain the information as described in Sections 4.6 and 4.7, and shall also provide as follows:

4.4.1.1 Each Subcontractor shall obtain insurance policies which shall be kept in full force and effect during any and all work on this Agreement. Each Subcontractor shall obtain, and the Consultant shall require the Subcontractor to obtain, all policies described in Section 4.3.1.

4.4.1.2 The Consultant is obligated to pay the Subcontractor, for Consultant and City-approved invoice amounts, out of amounts paid by the City to the Consultant, not later than fourteen working days from the Consultant's receipt of payment from the City. Nothing in this paragraph shall be construed to impair the right of the Consultant and any Subcontractor to negotiate fair and reasonable pricing and payment provisions among themselves.

4.4.1.3 In the case of a deficiency in the performance of Subcontractor Services, the Consultant shall notify the City in writing of any withholding of payment to the Subcontractor, specifying: (a) the amount withheld; (b) the specific cause under the terms of the subcontract for withholding payment; (c) the connection between the cause for withholding payment and the amount withheld; and (d) the remedial action the Subcontractor must take in order to receive the amount withheld. Once the Subcontractor corrects the deficiency, the Consultant shall pay the Subcontractor the amount withheld within fourteen working days of the Consultant's receipt of the City's next payment.

4.4.1.4 In any dispute between the Consultant and Subcontractor, the City shall not be made a party to any judicial or administrative proceeding to resolve the dispute. The Consultant agrees to defend and indemnify the City as described in Article VI of this Agreement

in any dispute between the Consultant and Subcontractor should the City be made a party to any judicial or administrative proceeding to resolve the dispute in violation of this position.

4.4.1.5 The Subcontractor is bound to the City's Equal Opportunity Contracting Program covenants set forth in Article IV, Section 4.6 and Exhibit D of this Agreement.

4.4.1.6 The City is an intended beneficiary of any work performed by the Subcontractor for purposes of establishing a duty of care between the Subcontractor and the City.

4.5 Contract Activity Report. The Consultant shall submit statistical information to the City as requested in the City's Contract Activity Report [Exhibit D Attachment CC]. The statistical information shall include the amount of subcontracting provided by firms during the period covered by the Contract Activity Report. With the Contract Activity Report, the Consultant shall provide an invoice from each Subcontractor listed in the report. The Consultant agrees to issue payment to each firm listed in the Report within fourteen working days of receiving payment from the City for Subcontractor Services as described in Section 4.4.1.

4.6 Non-Discrimination Requirements.

4.6.1 Compliance with the City's Equal Opportunity Contracting Program. The Consultant shall comply with the City's Equal Opportunity Contracting Program Consultant Requirements [Exhibit D]. The Consultant shall not discriminate against any employee or applicant for employment on any basis prohibited by law. The Consultant shall provide equal opportunity in all employment practices. The Consultant shall ensure that its Subcontractors comply with the City's Equal Opportunity Contracting Program Consultant Requirements. Nothing in this Section shall be interpreted to hold the Consultant liable for any discriminatory practice of its Subcontractors.

4.6.2 Non-Discrimination Ordinance. The Consultant shall not discriminate on the basis of race, gender, religion, national origin, ethnicity, sexual orientation, age, or disability in the solicitation, selection, hiring or treatment of Subcontractors, vendors or suppliers. The Consultant shall provide equal opportunity for Subcontractors to participate in subcontracting opportunities. The Consultant understands and agrees that violation of this clause shall be considered a material breach of the contract and may result in contract termination, debarment, or other sanctions. This language shall be in contracts between the Consultant and any Subcontractors, vendors and suppliers.

4.6.3 Compliance Investigations. Upon the City's request, the Consultant agrees to provide to the City, within sixty calendar days, a truthful and complete list of the names of all Subcontractors, vendors, and suppliers that the Consultant has used in the past five years on any of its contracts that were undertaken within San Diego County, including the total dollar amount paid by the Consultant for each subcontract or supply contract. The Consultant further agrees to fully cooperate in any investigation conducted by the City pursuant to the City's Nondiscrimination in Contracting Ordinance [San Diego Municipal Code sections 22.3501-22.3517.] The Consultant understands and agrees that violation of this clause shall be considered a material breach of the contract and may result in remedies being ordered against the Consultant up to and including contract termination, debarment, and other sanctions for violation of the

provisions of the Nondiscrimination in Contracting Ordinance. The Consultant further understands and agrees that the procedures, remedies and sanctions provided for in the Nondiscrimination Ordinance apply only to violations of said Nondiscrimination Ordinance.

4.7 Drug-Free Workplace. The Consultant agrees to comply with the City's Drug-Free Workplace requirements set forth in Council Policy 100-17, adopted by San Diego Resolution R-277952 and incorporated into this Agreement by this reference. The Consultant shall certify to the City that it will provide a drug-free workplace by submitting a Consultant Certification for a Drug-Free Workplace form [Exhibit E].

4.7.1 Consultant's Notice to Employees. The Consultant shall publish a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the work place, and specifying the actions that will be taken against employees for violations of the prohibition.

4.7.2 Drug-Free Awareness Program. The Consultant shall establish a drug-free awareness program to inform employees about all of the following:

4.7.2.1 The dangers of drug abuse in the work place.

4.7.2.2 The policy of maintaining a drug-free work place.

4.7.2.3 Available drug counseling, rehabilitation, and employee assistance programs.

4.7.2.4 The penalties that may be imposed upon employees for drug abuse violations.

4.7.3 Posting the Statement. In addition to Section 4.7.1 above, the Consultant shall post the drug-free policy in a prominent place.

4.7.4 Subcontractor's Agreements. The Consultant further certifies that each contract for Subcontractor Services for this Agreement shall contain language that binds the Subcontractor to comply with the provisions of Article IV, Section 4.7 of this Agreement, as required by Sections 2.A.(1) through (3) of Council Policy 100-17. Consultants and Subcontractors shall be individually responsible for their own drug-free work place program.

4.8 Product Endorsement. The Consultant acknowledges and agrees to comply with the provisions of City of San Diego Administrative Regulation 95.65, concerning product endorsement. Any advertisement identifying or referring to the City as the user of a product or service requires the prior written approval of the City.

4.9 Conflict of Interest. The Consultant is subject to all federal, state and local conflict of interest laws, regulations, and policies applicable to public contracts and procurement practices, including but not limited to California Government Code sections 1090, et. seq. and 81000, et. seq., and the City of San Diego Ethics Ordinance, codified in the San Diego Municipal Code at sections 27.3501 to 27.3595.

4.9.1 If, in performing the Services set forth in this Agreement, the Consultant makes, or participates in, a “governmental decision” as described in Title 2, section 18701(a)(2) of the California Code of Regulations, or performs the same or substantially all the same duties for the City that would otherwise be performed by a City employee holding a position specified in the department's conflict of interest code, the Consultant shall be subject to a conflict of interest code requiring the completion of one or more statements of economic interests disclosing the Consultant's relevant financial interests. The determination as to whether any individual members of the Consultant’s organization must make disclosures of relevant financial interests is set forth in the Determination Form (Exhibit I).

4.9.1.1 Statements of economic interests shall be made on Fair Political Practices Commission Form 700 and filed with the City Clerk. The Consultant shall file a Form 700 (Assuming Office Statement) within thirty calendar days of the City's determination that the Consultant is subject to a conflict of interest code. The Consultant shall also file a Form 700 (Annual Statement) on or before April 1, disclosing any financial interests held during the previous calendar year for which the Consultant was subject to a conflict of interest code.

4.9.1.2 If the City requires the Consultant to file a statement of economic interests as a result of the Services performed, the Consultant shall be considered a “City Official” subject to the provisions of the City of San Diego Ethics Ordinance, including the prohibition against lobbying the City for one year following the termination of this Agreement.

4.9.2 The Consultant shall establish and make known to its employees and agents appropriate safeguards to prohibit employees from using their positions for a purpose that is, or that gives the appearance of being, motivated by the desire for private gain for themselves or others, particularly those with whom they have family, business, or other relationships.

4.9.3 The Consultant's personnel employed for the Services shall not accept gratuities or any other favors from any Subcontractors or potential Subcontractors. The Consultant shall not recommend or specify any product, supplier, or contractor with whom the Consultant has a direct or indirect financial or organizational interest or relationship that would violate conflict of interest laws, regulations, or policies.

4.9.4 If the Consultant violates any conflict of interest law or any of the provisions in this Section 4.9, the violation shall be grounds for immediate termination of this Agreement. Further, the violation subjects the Consultant to liability to the City for attorneys fees and all damages sustained as a result of the violation.

4.10 Mandatory Assistance. If a third party dispute or litigation, or both, arises out of, or relates in any way to the Services provided under this Agreement, upon the City's request, the Consultant, its agents, officers, and employees agree to assist in resolving the dispute or litigation. The Consultant's assistance includes, but is not limited to, providing professional consultations, attending mediations, arbitrations, depositions, trials or any event related to the dispute resolution and/or litigation.

4.11 Compensation for Mandatory Assistance. The City will compensate the Consultant for fees incurred for providing Mandatory Assistance as Additional Services under Section 3.3. If, however, the fees incurred for the Mandatory Assistance are determined, through

resolution of the third party dispute or litigation, or both, to be attributable in whole, or in part, to the acts or omissions of the Consultant, its agents, officers, and employees, the Consultant shall reimburse the City. The City is then entitled to reimbursement of all fees paid to the Consultant, its agents, officers, and employees for Mandatory Assistance.

4.12 Attorney Fees related to Mandatory Assistance. In providing the City with dispute or litigation assistance, the Consultant or its agents, officers, and employees may incur expenses and/or costs. The Consultant agrees that any attorney fees it may incur as a result of assistance provided under Section 4.11 are not reimbursable. The Parties agree this provision does not in any way affect their rights to seek attorney fees under Article VIII, Section 8.8 of this Agreement.

4.13 Notification of Increased Construction Cost. If applicable, at any time prior to the City's approval of the final plans, specifications, studies, or report, the Consultant anticipates that the total construction cost will exceed the estimated construction budget, the Consultant shall immediately notify the City in writing. This written notification shall include an itemized cost estimate and a list of recommended revisions which the Consultant believes will bring the construction cost to within the estimated construction budget. The City may either: (1) approve an increase in the amount authorized for construction; or (2) delineate a project which may be constructed for the budget amount; or (3) any combination of (1) and (2).

4.14 ADA Certification. The Consultant hereby certifies that it agrees to comply with the City's Americans With Disabilities Act Compliance/City Contracts requirements set forth in Council Policy 100-04, adopted by San Diego Resolution R-282153 and incorporated into this Agreement by this reference.

MEDIATION

7.1 Mandatory Non-binding Mediation. With the exception of Sections 2.5-2.7 of this Agreement, if a dispute arises out of, or relates to this Agreement, or the breach thereof, and if said dispute cannot be settled through normal contract negotiations, prior to the initiation of any litigation, the Parties agree to attempt to settle the dispute in an amicable manner, using mandatory mediation under the Construction Industry Mediation Rules of the American Arbitration Association [AAA] or any other neutral organization agreed upon before having recourse in a court of law.

7.2 Mandatory Mediation Costs. The expenses of witnesses for either side shall be paid by the Party producing such witnesses. All other expenses of the mediation, including required traveling and other expenses of the mediator [Mediator], and the cost of any proofs or expert advice produced at the direct request of the Mediator, shall be borne equally by the Parties, unless they agree otherwise.

7.3 Selection of Mediator. A single Mediator that is acceptable to both Parties shall be used to mediate the dispute. The Mediator will be knowledgeable in construction aspects and may be selected from lists furnished by the AAA or any other agreed upon Mediator. To initiate mediation, the initiating Party shall serve a Request for Mediation on the opposing Party. If the Mediator is selected from a list provided by AAA, the initiating Party shall concurrently file with AAA a "Request for Mediation" along with the appropriate fees, a list of three requested Mediators marked in preference order, and a preference for available dates.

7.3.1 If AAA is selected to coordinate the mediation [Administrator], within ten working days from the receipt of the initiating Party's Request for Mediation, the opposing Party shall file the following: a list of preferred Mediators listed in preference order after striking any Mediators to which they have any factual objection, and a preference for available dates. If the opposing Party strikes all of initiating Party's preferred Mediators, opposing Party shall submit a list of three preferred Mediators listed in preference order to initiating Party and Administrator. Initiating Party shall file a list of preferred Mediators listed in preference order, after striking any Mediator to which they have any factual objection. This process shall continue until both sides have agreed upon a Mediator.

7.3.2 The Administrator will appoint or the Parties shall agree upon the highest, mutually preferred Mediator from the individual Parties' lists who is available to serve within the designated time frame.

7.3.3 If the Parties agree not to use AAA, then a Mediator, date and place for the mediation shall be mutually agreed upon.

7.4 Conduct of Mediation Sessions. Mediation hearings will be conducted in an informal manner and discovery will not be allowed. All discussions, statements, or admissions will be confidential to the Party's legal position. The Parties may agree to exchange any information they deem necessary.

7.4.1 Both Parties must have an authorized representative attend the mediation. Each representative must have the authority to recommend entering into a settlement. Either Party may have attorney(s) or expert(s) present. Upon reasonable demand, either Party may request and receive a list of witnesses and notification whether attorney(s) will be present.

7.4.2 Any agreements resulting from mediation shall be documented in writing. All mediation results and documentation, by themselves, shall be "non-binding" and inadmissible for any purpose in any legal proceeding, unless such admission is otherwise agreed upon, in writing, by both Parties. Mediators shall not be subject to any subpoena or liability and their actions shall not be subject to discovery.

SCOPE OF SERVICES

ENVIRONMENTAL CONSULTING AND PERMITTING FOR COMPLIANCE AND CAPACITY AT THE MIRAMAR LANDFILL (H125565)

1.0 BACKGROUND

Environmental consulting services will be needed to develop permit applications, reports, and also documents required by the California Environmental Quality Act (CEQA) and National Environmental Policy Act (NEPA).

1.1 WEST MIRAMAR LANDFILL HEIGHT INCREASE

Prolonging capacity at the Miramar Landfill is a City priority for health and safety, fiscal, and environmental reasons. The current height limit will provide capacity through approximately 2022. The proposed forty foot increase in the height will require new technical studies, approval from many agencies, and will also be subject to CEQA and NEPA review.

1.2 PUBLIC TIPPING, BUY BACK CENTER, AND GREENERY UPGRADES

Efficient operation of the landfill requires constant evaluation of facilities and processes. In addition to the project to increase the height of the landfill, there may also be need for additional services. For example, services may be needed to modify the public tipping area, improve composting operations, and enhance the buyback center. These projects have not yet been defined. They may or may not require permitting if they are proposed. They are related projects that may or may not be added to the scope of work based on a written notice.

2.0 SCOPE OF SERVICES

2.1 KICK-OFF MEETING AND TEAM COORDINATION

In October or when MCAS (Marine Corps Air Station) Miramar provides input on the scope of the project, the permitting and Environmental Compliance and Permitting and Engineering consultants will meet with City staff in a combined meeting to discuss roles and responsibilities. Consultants are expected to come to the meeting with a detailed understanding of the regulatory landscape for the Miramar Landfill. The Consultant should come with copies of the previous documents for the 20 foot height increase (2007/8). The City Project Manager will set the meeting date, location, develop the agenda, chair the meeting, and prepare meeting notes.

During the kickoff meeting, the environmental and permitting Consultant shall advise the engineering consultant regarding alternative designs to be considered. Most likely a “reduced height” alternative will be needed, with engineering drawings and analysis sufficient to support consideration in the environmental document.

2.2 DEVELOPMENT OF VISUAL, AIR QUALITY, AND SCOPING DOCUMENTS

Task 1. Visual Analysis. After the kickoff meeting, the permitting and environmental Consultants shall begin work on the visual analysis. This study is critical to the project. Early completion of this analysis will allow the City Project Manager to initiate discussions with community groups in a timely manner.

The visual analysis in the 2007 EIR (Environmental Impact Report) will be used as the basis for the CEQA analysis for the new project. Though there has been some development in the area, it is expected that the viewshed will be generally the same and it is expected that the key observations points (KOPs) used in 2007 would be appropriate for the visual analysis for the proposed project. The Consultant shall visit each KOP and either confirm that the view shed is the same as in the 2007 analysis, or new existing conditions photos shall be taken and the changes to the view shed shall be documented. The Consultant shall also evaluate if any additional KOPs should be added to the analysis.

The Consultant shall develop a model of the proposed project based on the proposed final elevation contours to be provided by the engineering team, which shall be provided in AutoCADD. This model shall be used to develop or revise visual simulations from select KOP locations. A determination regarding the significance of the impacts will be decided by the City's CEQA planner. The City's Project Manager and the Consultant will decide upon an approach to either mitigating the impact or developing findings, depending on the determination made by the CEQA planner.

The Consultant shall provide photo simulations of the structure and landscaping associated with the project, superimposed on photographs from the KOPs. The Consultant shall use the terms or descriptions from standard methods, and shall also address the relationship between the project visual effects and any applicable policies of the City General Plan, Zoning Ordinance, or other requirements.

Task 2. Air Quality. As part of the environmental planning process for the proposed project, the Consultant shall determine the potential impacts of the proposed project on air quality in San Diego County. This study is critical to the project, and early development of this analysis will speed the timeline.

The daily traffic and equipment use within the site is not expected to change as a result of the proposed project. The Consultant shall use the analysis in the 2007 EIR as the basis for the new analysis. The main components of the analysis will be to quantify the potential emissions associated with the proposed project and evaluate their impact on air quality. In performing the analysis, the Consultant shall complete the steps:

- Outline all potential sources of direct and indirect emissions associated with the proposed project.
- Provide an overview of the current air quality in San Diego County; describe all applicable federal, state, and local regulatory requirements that pertain to the proposed project.
- Quantify emissions of criteria pollutants, air toxics contaminants and greenhouse gases (GHG) that could potentially result from the proposed project. The Consultant shall quantify emissions for both baseline and post project scenarios, and provide a list of assumptions that form the basis for the emission calculations.
- Perform a health risk assessment and document the results.
- Conduct air quality modeling to show compliance with California and national ambient air quality standards (CAAQS and NAAQS).
- Discuss climate change and the potential impacts from the project's GHG emissions.
- Discuss the odors associated with the project.
- Provide a discussion of air quality impacts that may result from the proposed project, including any potential cumulative air quality impacts. Discuss mitigation measures, if applicable.

The Consultant shall prepare an Air Quality Impact section that incorporates the results of the stand-alone air quality technical report. However, the Air Quality Impact section of the EIR will most likely use emissions from West Miramar Landfill alone as its "worst case scenario" baseline, whereas the APCD (Air Pollution Control District) may require an analysis considering the entire landfill complex at Miramar. The Consultant shall provide the analysis per direction from the APCD and the City CEQA planner, providing two separate analyses, if necessary. Both shall address the impacts from criteria pollutants, GHGs, odors, and toxic air contaminants (TAC).

If required by the regulatory agencies, to determine the potential impacts from the TACs emitted during operation of the project, the Consultant shall perform a

Health Risk Assessment. The Consultant shall use a combination of the models AERMOD and HARP, as directed by the agencies. Acute and chronic non-cancer health indices and cancer risk shall be estimated to determine significance.

For the CEQA analysis, the Consultant shall characterize the existing conditions in the project area, including meteorological and ambient air quality monitoring data from the station(s) close to the proposed Project. The Consultant shall obtain three years of data from APCD for this purpose. The Consultant shall estimate operational criteria pollutant, TAC, and GHG emissions for all combustion equipment, such as the syngas generators, flare, emergency generator, and any ancillary equipment at the conversion facility, and fugitive dust generation, and shall compare the changes associate with the project, if any, to the CEQA significance thresholds.

The Consultants shall use a combination of source test data, EMFAC, OFFROAD, USEPA's AP-42 Compilation of Emission Factors, and/or recent CARB-provided mobile/off-road source emission factors, as directed by regulatory agency staff. The Consultant shall estimate dispersion using the EPA regulatory model AERMOD, or other approach, as directed by the regulatory agencies. The Consultant shall add model-predicted concentrations to background concentrations and compared to the CAAQS and NAAQS.

Depending on the findings of the studies and the determination of the APCD and the CEQA planner, there may or may not be a significant impact on air quality. Depending on the result and direction from the regulatory agencies, the Consultant shall work with the City Project Manager to identify measures to mitigate the impacts or make overriding findings.

The Consultant shall include a regional analysis of criteria pollutants for the cumulative impact section. The Consultant shall include potential effects from

nearby sources that have recently been permitted and are not captured in the background concentration, if any.

The Consultant shall include its sub-consultant, Massie Hatch, assisted by Julie Mitchell and other URS air quality staff members, including Eric Carlson and Lynn Baringer. Chris Fatogoma shall provide Independent Technical Review (ITR) of the prepared air quality documents.

Task 3. Other Early Tasks/NOP/Scoping. The Consultant may be requested by the City Project Manager to assist the City CEQA planner with any of the CEQA tasks, including drafting of the NOP (Notice of Preparation), development of a distribution list, and developing language for NOP advertisement. The Consultant shall provide printing and distribution services, as requested. The City Project Manager will coordinate the timing, location, and structure of the scoping meeting with the City CEQA planner. The Consultant shall provide assistance upon request.

Task 4. Deliverables. The Consultant shall provide submittals in an electronic form, and shall use a modifiable format, such as Word, or Excel. City Project Manager will provide initial direction on the development of these documents, and will provide ongoing input as they are developed.

Documents prepared for the 2007/8 height increase shall be used to the maximum extent possible. All deliverables shall be in a modifiable format, such as CADD, Word, or Microsoft Project. PDFs of draft documents will not be accepted unless special arrangements are made. Deliverables that do not follow written instructions will not be accepted, and payment will not be made. The Consultant shall provide all text in a clear, direct writing style that avoids use of "passive voice" as much as possible. Specificity on "who does what, how" shall be provided, free of unnecessary words and vague descriptions. Simple language shall be used where it is adequate and accurate. Longer words, such as "utilize" for "use," shall be avoided where appropriate. The Consultant

shall minimize waste of paper in document preparation by using electronic formats when appropriate, and producing double-sided copies when appropriate.

No Initial Study is expected to be needed because the issue areas will be the same as for the previous height increase project.

For the proposed project two different air quality analyses are anticipated to be needed: one for the Air Pollution Control District and one for inclusion in the CEQA document. The APCD analysis will most likely consider the entire site system as the baseline. The “worst case” analysis for CEQA will consider only WML (West Miramar Landfill). This will result in two slightly different air quality impact assessment reports, both including the results of all emissions estimations and modeling.

Most likely a full odor modeling analysis will not be needed, depending on direction from the regulatory agencies. The Consultant shall provide the analysis for up to three (3) Project Alternatives and the No Project Alternative.

The City Project Manager will take the lead on all permit application submittals, including those required by the City, RWQCB (Regional Water Quality Control Board), and APCD; however, the Consultant shall provide assistance with these documents, and/or attendance at meetings, upon request.

2.3 DEVELOPMENT OF DRAFT NEPA/CEQA DOCUMENTS, HEARING AND MEETING PREPARATION

Task 1. Other Meetings and Hearings. Several public input meetings and community group meetings will be needed. The meeting needed for purposes of the Solid Waste Facility Permit typically requires that the services of a court reporter be obtained. The City Project Manager will take the lead on scheduling and preparation for these meetings. The Consultant shall provide assistance at any of them, including but not limited to attendance, securing Professional services, providing materials for distribution, upon request.

Task 2. Deliverables. The Consultant shall provide submittals in an electronic form, and shall use a modifiable format, such as Word, or Excel. The version of the draft environmental document that is released to the public shall be provided in BOTH a modifiable format and an un-modifiable format. The Consultant shall provide CEQA and NEPA documents in the correct form, as required by law, regulations, thresholds, and guidelines, with all sections complete. The format of CEQA is likely to take precedence, depending on direction from MCAS Miramar. The Consultant shall modify the format into joint NEPA/CEQA format depending upon MCAS direction. (The 2008 project was approved on a Categorical Exclusion.)

The environmental analysis for issue areas besides visual and air quality should be very straightforward, since no changes to the operation are proposed. The Consultant shall provide Geology updates by taking the stability analysis prepared by the engineering consultants for the JTD (Joint Technical Document) and PCPMP (Preliminary Closure Postclosure Maintenance Plan), and simplifying them for the "lay" CEQA audience. Similarly, the Consultant shall use these technical studies to update Water and Drainage issues in the EIR.

There may or may not need to be a Mitigation Monitoring and Reporting Program, depending on the analysis and the judgment of the CEQA planner. The Consultant shall prepare one at the discretion of the CEQA planner and the City Project Manager.

Task 3. Review Cycles. Three review cycles of the screen check document are anticipated. Typically six hard copies are needed for each screen check review cycle; however, the City Project Manager will attempt to keep hard copies to a minimum, and may request discs instead. The Consultant shall provide copies as required by the CEQA planner. Once the CEQA planner is satisfied with the draft environmental document, and a determination has been made as to how NEPA will be addressed, the Consultant shall prepare the document for

distribution to the public. Typically this requires 50 hard copies of the document and 25 digital copies, but direction will be given on this matter at the time.

2.4 DEVELOPMENT OF PUBLIC NEPA/CEQA DOCUMENTS, HEARING AND MEETING PREPARATION

Task 1. Other Meetings and Hearings. Several public input meetings and community group meetings will be needed. The meeting needed for purposes of the Solid Waste Facility Permit typically requires that the services of a court reporter be obtained. The City Project Manager will take the lead on scheduling and preparation for these meetings. The Consultant shall provide assistance, as requested, including but not limited to attendance, securing Professional services, providing materials for distribution.

Task 2. Deliverables. The Consultant shall provide submittals in an electronic form, and shall use a modifiable format, such as Word, or Excel, and also un-modifiable forms for public distribution. The Consultant shall provide CEQA and NEPA documents in the correct form, pursuant to all applicable laws, regulations, thresholds, and guidelines, with all sections complete.

The Consultant shall collate all comments received during the Public Review period, and provide a preliminary analysis of the comments. Where appropriate, the Consultant shall provide revisions to the environmental document.

The Consultant shall prepare a draft Notice of Completion (NOC), Site Notice, Newspaper Notice, and Community Mailers at the discretion of the City CEQA planner and the City Project Manager.

The Consultant shall integrate responses to comments into the text of the Administrative Final document for City review and comment. Two review cycles are anticipated.

The Consultant shall publish and distribute the final document, per direction of the City CEQA planner. It is anticipated that 50 hard copies and 25 digital copies will be needed.

2.5 HEARINGS, APPROVALS, PUBLIC INFORMATION AND ADDITIONAL SERVICES

The Consultant shall provide assistance during hearings and meetings, as requested. Additionally, the Consultant shall provide work on any of the related public services included in the Request for Proposals, at such time as the City decides to proceed with them. These include modifications to the Greenery, Public Tipping Area, or Buyback Center, as requested, in writing, by the City.

COMPENSATION AND FEE SCHEDULE

The project will proceed in discrete stages as direction is received from regulatory agencies and other sources. Based on the Scope of Work in Exhibit A, the following table represents expected costs for this project. However, costs will be scoped and approved on an incremental basis, and could be less than estimated here. No expenditures in excess of the Grand Total can be approved under this contract.

Vehicles and Mileage

Field vehicles (pickups, vans, trucks, etc.) used on project assignments will be charged at \$75.00 per day. The mileage charge for personal autos will be the then-current mileage rate established by the City, which is currently \$0.51 per mile.

Because agencies vary their requirements, the exact tasks cannot be predicted. Thus the consultant shall, before preparing and billing for any work, obtain written approval of a short description of the work, the cost, and schedule. Any changes to the approved description, schedule, and cost will be cleared in advance. The Project Manager will not approve payment for invoices for work that does not comply with the approved description, cost, and schedule.

Consultant invoices shall specify the work done, by employee, in spreadsheet format. The Consultant shall provide deliverables within agreed upon timeframes, unless the Project Manager agrees, in writing, to an extension.

TIME SCHEDULE

The time schedule can be estimated by examining expected review cycles. The following represents an expected timeframe:

Cycle 1.0. The Consultant shall submit the first draft of the analyses and environmental documents described above inclusive of all analysis, drafting, and document preparation within two months, (60 calendar days) of receiving written notice to proceed from the City Project Manager. The Environmental Consultant shall be responsible for coordinating deliverable content with the Engineering Consultant prior to submittal to the City. One copy, in a modifiable format, shall be provided to the City Project Manager. If the Consultant so chooses, the Consultant may submit pieces of the document in advance of the 60 day schedule. The City Project Manager will provide the first review and comment on Consultant submittals within one month (30 calendar days) of receiving the entire submittal.

Cycle 2.0. The Consultant shall revise the document per City Project Manager comments, and resubmit it, inclusive of all new analysis, content changes, and document copying and preparation, within one month (30 calendar days), although likely, as explained below, there will be "float" in the schedule.

City staff will not be able to review and comment on the second internal draft until the project is in the City Project Tracking System. The City Project Manager will endeavor to have completed this task by the time this first official screen check is provided; however, delays of two to three months can be expected, depending on application processes. City staff review typically requires 5 hard copies and an electronic copy, but this may vary. City staff will provide direction to the Consultant on this issue. City staff may enter the project into the City's Project Tracking System, which establishes standard review times. Even so, these review times may vary, but generally run about one month per cycle.

Cycle 3.0. The Consultant shall revise the document per City comments, and prepare it for second screen check review, delivering it to the City within 45 calendar days. The Consultant shall also be coordinating on distribution lists, and other tasks at the same time.

The City CEQA planner will determine if another cycle of City review is needed. Three cycles of screen check review are anticipated, but more may be required.

Cycle 4.0. The City CEQA planner will determine the final distribution list, and so will provide direction to the Consultant on the number of draft document that will be needed. The Consultant will prepare and distribute the requested documents and electronic versions within 10 working days.

Public review is expected to take 45 days. Most outreach to community groups will occur in this timeframe. The Consultant shall provide assistance as requested.

Once all of the public comments on the draft document have been received, the Consultant shall collate and organize all comments, and shall provide draft responses within 10 to 20 working days, depending on the extent of comments.

The City CEQA planner and City Project Manager will review and modify to response within 15 working days, and return to the Consultant to finalize.

The Consultant shall finalize the environmental document within 15 working days, and prepare and distribute within 10 working days.

FIRST MONTH; NOTICE TO PROCEED

Notice to Proceed with the West Miramar Landfill Height Increase will be issued by the City after all parties have signed, and the paperwork has been processed. This is scheduled for

sometime in November 2012. However, the Notice to Proceed is contingent upon receiving direction from Marine Corps Air Station Miramar regarding allowable contours. After completing authorization for the contract, work on the project may be delayed until military input on the scope of the project has been finalized. Thus, although Month 1.0 is targeted to be sometime in November, 2012, it may be as late as sometime in January 2013, or potentially even later.

During the first month, the Consultant shall gather and review all materials and prepare for the kickoff meeting.

SECOND MONTH

The Consultant cannot begin work on the visual and air quality analyses until the engineering Consultants have provided the project design. The Consultant may, however, begin drafting the environmental document at any time after the kick-off meeting. It is of utmost importance to the schedule that the City Project Manager submit the project into the City system, so that a City CEQA analyst can be assigned to provide preliminary direction on the document. The Consultant will assist the City Project Manager if possible. However, these preliminary tasks are likely to take a month. The Consultant will have 60 days to prepare an internal draft for City Project Manager review. The City Project Manager will have 30 days to review the internal draft.

SIXTH MONTH

The Consultant shall revise the document per City Project Manager input within 30 calendar days. At the end of that time it shall be submitted for its first screen check review. Three screen check reviews are anticipated, with 60 calendar days estimated for each complete cycle.

MONTH TWELVE

The Consultant shall publish and distribute the document within 10 days of being directed to do so. The document will be distributed for 45 day public review. The Consultant shall collate and organize all comments, and shall provide draft responses within 10 working days of the close of public review. The City CEQA planner and City Project Manager will review and modify to response within 15 working days, and return to the Consultant to finalize. The Consultant will finalize the environmental document within 15 working days, and prepare and distribute within 10 working days.

SUMMARY

In summary, the development of the technical documents, if completed with no delays, would take anywhere from thirteen to fourteen months, a bit longer if additional cycles are needed.

However, this schedule will most likely be extended to better accommodate changes to the project description and delays in other aspects of the project schedule. These changes can occur based on many factors. These include, but are not limited to landlord (Marine Corps Air Station Miramar), public, or regulatory input. Delays can also result from coordination requirements with the Solid Waste Facility Permit, Title V requirements, Waste Discharge Requirements, scheduling issues with public meetings and hearings required for permitting purposes. The anticipated schedule sets a projected completion date in 2015. Closure of the contract shall be January 1, 2017 or upon project completion, whichever is sooner but not to exceed five years unless approved by City ordinance.

CITY OF SAN DIEGO WORK FORCE REPORT – ADMINISTRATIVE

HISTORY

The Work Force Report (WFR) is the document that allows the City of San Diego to analyze the work forces of all firms wishing to do business with the City. We are able to compare the firm’s work force data to County Labor Force Availability (CLFA) data derived from the United States Census. CLFA data is a compilation of lists of occupations and includes the percentage of each ethnicity we track (Black, Hispanic, Asian, American Indian, Filipino) for each occupation. Currently, our CLFA data is taken from the 2000 Census. In order to compare one firm to another, it is important that the data we receive from the consultant firm is accurate and organized in the manner that allows for this fair comparison.

WORK FORCE & BRANCH WORK FORCE REPORTS

When submitting a WFR, especially if the WFR is for a specific project or activity, we would like to have information about the firm’s work force that is actually participating in the project or activity. That is, if the project is in San Diego and the work force is from San Diego, we want a San Diego County Work Force Report.¹ By the same token, if the project is in San Diego, but the work force is from another county, such as Orange or Riverside County, we want a Work Force Report from that county.² For example, if participation in a San Diego project is by work forces from San Diego County, Los Angeles County and Sacramento County, we will ask for separate Work Force Reports representing the work forces of

your firm from each of the three counties.^{1,2} On the other hand, if the project will be accomplished completely outside of San Diego, we ask for a Work Force Report from the county or counties where the work will be accomplished.²

MANAGING OFFICE WORK FORCE

Equal Opportunity Contracting may occasionally ask for a Managing Office Work Force (MOWF) Report. This may occur in an instance where the firm involved is a large national or international firm but the San Diego or other local work force is very small. In this case, we may ask for both a local and a MOWF Report.^{1,3} In another case, when work is done only by the Managing Office, only the MOWF Report may be necessary.³

TYPES OF WORK FORCE REPORTS:

Please note, throughout the preceding text of this page, the superscript numbers one ¹, two ² & three ³. These numbers coincide with the types of work force report required in the example. See below:

- ¹ One San Diego County (or Most Local County) Work Force – Mandatory in most cases
- ² Branch Work Force *
- ³ Managing Office Work Force

**Submit a separate Work Force Report for all participating branches. Combine WFRs if more than one branch per county*

If a non-competitive process is used to procure the contract, the proposed contractor must submit this completed *Pledge of Compliance* prior to execution of the contract. A submitted *Pledge of Compliance* is a public record and information contained within will be available for public review for at least ten (10) calendar days, except to the extent that such information is exempt from disclosure pursuant to applicable law.

All responses must be typewritten or printed in ink. If an explanation is requested or additional space is required, respondents must use the *Pledge of Compliance Attachment "A"* and sign each page. Failure to submit this completed *Pledge of Compliance* may make the bid/proposal non-responsive and disqualified from the bidding process. If a change occurs which would modify any response, Contractor must provide the Purchasing Agent an updated response within thirty (30) calendar days.

DEFINITION OF "CONSULTANT"

2 California Code of Regulations defines a "consultant" as an individual who, pursuant to a contract with a state or local government agency:

(A) Makes a governmental decision whether to:

1. Approve a rate, rule or regulation;
2. Adopt or enforce a law;
3. Issue, deny, suspend, or revoke any permit, license, application, certificate, approval, order, or similar authorization or entitlement;
4. Authorize the City to enter into, modify, or renew a contract provided it is the type of contract that requires City approval;
5. Grant City approval to a contract that requires City approval and to which the City is a party, or to the specifications for such a contract;
6. Grant City approval to a plan, design, report, study, or similar item;
7. Adopt, or grant City approval of, policies, standards, or guidelines for the City, or for any subdivision thereof; or

(B) Serves in a staff capacity with the City and in that capacity participates in making a governmental decision as defined in Regulation 18702.2 or performs the same or substantially all the same duties for the City that would otherwise be performed by an individual holding a position specified in the City's Conflict of Interest Code.

An individual "serves in a staff capacity" if he or she performs substantially all the same tasks that normally would be performed by staff member of a governmental entity. In most cases, individuals who work on only one project or a limited range of projects for an agency are not considered to be working in a "staff capacity." The length of the individual's service to the agency is relevant. Also, the tasks over the relevant period of time must be substantially the same as a position that is or should be specified in the City's conflict of interest code.

An individual "participates in making a governmental decision" if he or she: (1) negotiates, without substantive review, with a governmental entity or private person regarding the decision; or (2) advises or makes recommendations to the decision-maker, by conducting research or an investigation, preparing or presenting a report, analysis or opinion which requires the exercise of judgment on the part of the individual and the individual is attempting to influence the decision.

- Contractor shall allow City access to records, when requested, to confirm compliance with EBO requirements.
- Contractor shall submit *EBO Certification of Compliance*, signed under penalty of perjury, prior to award of contract.

NOTE: This summary is provided for convenience. Full text of the EBO and its Rules are posted at www.sandiego.gov/administration.

CONTRACTOR EQUAL BENEFITS ORDINANCE CERTIFICATION

Please indicate your firm's compliance status with the EBO. The City may request supporting documentation.

I affirm **compliance** with the EBO because my firm (*contractor must select one reason*):

- Provides equal benefits to spouses and domestic partners.
- Provides no benefits to spouses or domestic partners.
- Has no employees.
- Has collective bargaining agreement(s) in place prior to January 1, 2011, that has not been renewed or expired.

- I request the City's approval to pay affected employees a **cash equivalent** in lieu of equal benefits and verify my firm made a reasonable effort but is not able to provide equal benefits upon contract award. I agree to notify employees of the availability of a cash equivalent for benefits available to spouses but not domestic partners and to continue to make every reasonable effort to extend all available benefits to domestic partners.

It is unlawful for any contractor to knowingly submit any false information to the City regarding equal benefits or cash equivalent associated with the execution, award, amendment, or administration of any contract. [San Diego Municipal Code §22.4307(a)]

Under penalty of perjury under laws of the State of California, I certify the above information is true and correct. I further certify that my firm understands the requirements of the Equal Benefits Ordinance and will provide and maintain equal benefits for the duration of the contract or pay a cash equivalent if authorized by the City.
