Hi Martha-

Thank you for the opportunity to comment on the Draft EIR for the Stadium Reconstruction Project.

SANDAG staff had the following comment on the Stadium Reconstruction Project-Draft EIR:

Figure 4.10-4 contains numerous errors. The orange lines, labeled Class I bike path under Existing Bikeways are actually planned bikeways. The alignment for the San Diego River Trail through Grantville is misplaced significantly. Existing bike paths in the area, (Murphy Canyon, and SDRT west of Qualcomm Way) are colored blue, which in the legend denotes existing Class II bikeways. The legend needs to be corrected to distinguish between existing and planned bikeways and to get the classifications right.

Please contact me or Susan Baldwin at (619) 699.1943/susan.baldwin@sandag.org if you have any questions or concerns.

Thanks,

Dan
