SUBJECT: Nomination of Jacqueline Ward for Bicycle Advisory Committee

I would like to nominate Jacqueline Ward for appointment to the Bicycle Advisory Committee. Jacqueline Ward is a PhD student at UCSD, and has held several leadership positions within her graduate program and graduate student government. Through these involvements, she has gained experience in organizing meetings, planning budgets, and communicating the interests of graduate students to administrators. Outside of her "day job" in the lab, she is very interested in community involvement, public health, and environmental initiatives. As a regular bike commuter from Clairemont, she has observed firsthand the infrastructure needs and impediments to bicycling in her community. With an evolving interest in local government, she has applied for this position as a first step into policy and to provide valuable input about an issue close to her heart.

I have attached the application and her resume. I am pleased to forward Jacqueline Ward for nomination.
