JUDY C. RIDDLE
Community Volunteer

Judy Riddle has lived in Clairemont for 45 years. She graduated from Clairemont High and attended Mesa College and San Diego State.

Judy and her husband Ben raised 10 children in our neighborhood. Judy spent much of her adult life managing the real-world budget of a large household. She understands what it takes to make a budget and stick to it.

Judy believes we must demand the best from people we elect to represent us. Like us, she's tired of politicians who say one thing and do another.

It's not very common these days but **Judy is the real thing: a citizen who just wants to do the right thing.** She's not bought and sold by special interests and she's not part of the problem.

As our councilmember, Judy will:

SUPPORT Mayor Sander's plan for fiscal and ethical reform at City Hall.

OPPOSE new taxes – city politician's wasteful spending is the real problem.

SUPPORT funding police and fire protection in our community first, not last.

OPPOSE pay increases for downtown politicians.

SUPPORT expanding our parks and preserving our beaches and wetlands.

If you have questions, please call Judy at her home number 858-560-0222 or visit www.judyriddle.org.

I Believe

I Believe the "Constitution of the United States of America" is the primary vehicle our creator has endowed us with so that we may become a civilized people someday.

I Believe the only things politicians are afraid of besides exposure of their masquerade is truth, poverty and humiliation.

I Believe Machiavellianism is the scourge of democracy and that its practice has become the unspoken, unwritten rule of accepted government policy that infects the entire political body of San Diego.

I Believe our jails should be the domain of crooked politicians and other criminals and not the dungeons for patriot dissidents of the status quo.

I Believe our police are for the sole purpose of protecting the people, and not to be used to enforce the will of the powerful and corrupt.

I Believe being tempered by tyranny from our own government makes me your perfect choice to muck out the chamber pot of city hall, commonly known as "council chambers."

I Promise having had more handcuffs on me than Houdini in retaliation for reporting gross misconduct in our justice system makes me beyond reproach after close examination.

I, Sandy Summers will expose the masquerade! !
