CAROL KIM

"It's time to change the way we do business at City Hall. I'm a political outsider, own a home with my husband, and have two children in public school. I'm a former teacher who worked in my parents' small business to pay for college, and I've built a career making schools more efficient. I'll stand up to politicians and special interests to get things done for OUR community!"

Carol Kim

A reformer fighting for change.

Pay-to-play insiders have controlled San Diego for too long. Carol will eliminate loopholes and giveaways to downtown special interests and instead fight for middle class families and small businesses.

Improving our schools.

Carol will work across party lines, coordinating the City and school systems to reduce class sizes, cut overhead so money goes directly to classrooms, and invest in after-school programs and career technical education.

Ensuring our neighborhoods are safe.

Carol will make government more efficient and use those savings to fund improvements in police, fire, and medical response times.

Fighting for veterans.

Carol developed programs for children of service members and will fight for quality education, jobs, and healthcare for veterans.

CHRIS CATE

A proven, independent leader

“Chris Cate cares about people in need, he cares about this community, and he’s running for Council for the right reasons.”

-Father Joe Carroll

As Vice President of the San Diego County Taxpayers Association, I protected taxpayer dollars by helping pass City Hall pension reform and defeating the \$500 million sales tax increase.

As someone who started a small business, I know what it takes to balance a budget, create jobs and make a payroll. I can bring those skills to City Hall and put them to work for you.

Priorities

I will work to fully implement voter-approved reforms that will generate \$1 billion in savings we can put back into our neighborhoods:

- Fix our streets and fill the potholes
- Expand after-school programs
- Protect and maintain our parks
- Fully restore police to best protect our neighborhoods

I am committed to working with everyone to get these things done, and to helping build a spirit of cooperation on the Council.
