PHIL THALHEIMER
Small Business Owner

I'm Phil Thalheimer – I'm a business and family man, not a politician.

I'm Running to Balance City Hall's Budget and give City Hall a wake-up call: we want money spent on fire, police, parks, and roads – not wasted or siphoned off into outrageous salaries or pensions for bureaucrats and politicians.

I'll demand a public audit of every department to eliminate waste. I'll demand accountability for every dollar spent.

I'm Running for Ethics Reform and Transparency at City Hall – open meetings, books, and discussions of how they spend money.

I'll stand up to the *business as usual games* played by insiders, Special Interests, and politicians. I can because I'm not one of them.

I'm Running Because I Have a Record of Success.

When children needed protection from sexual predators, I led the campaign for Jessica's Law...taking the worst criminals off our streets. I run a successful, small, local business.

To be blunt: I'm not looking for a political career, I want to balance the budget, clean up City Hall, and remind the politicians they work for us.

I'll always be available and you can always reach me at my personal phone number (619-846-0162).

MARTI EMERALD

Consumer Advocate/Former Troubleshooter

This former newswoman has good news . . . we can fix the troubles at City Hall, and create a city government that's as good as San Diego.

So many people joined me in pledging to vote -Yes- on our Pension Reform ballot measure, we forced a compromise and put this issue behind us.

Now, let's work on the independent financial analysis with its \$30 million cost savings and end the discussion about trash taxes.

Yikes! That's all I can say about my first campaign. My words were twisted and turned. Before I knew what hit me, I was hitting back.

We may be in different political parties, but we are San Diegans first. Let's stop negative campaigning and work together for positive change.

As your Councilwoman, I'll work to create good jobs and grow the middle class, cut waste and avoid raising taxes, and I'll protect our environment and quality of life.

I've solved problems for people as your 10News Troubleshooter for 22 years. I can help solve San Diego's problems.

San Diego's Firefighters and Police Officers support me. So do teachers and nurses. I hope I can earn your vote, too.
