Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council may have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Thomas Mullaney

Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council may have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Diana Scheffler

Dear Members of the City Council,

Please take just a moment to consider the following proposal. One Paseo is not an acceptable project to the local community and populous that it directly effects. No matter the said economic gain for our area, which majority do not agree with, we cannot let you continue based on your Council's personal interests in the project. We understand that some of you will benefit financially from this project and we believe that is unacceptable.

We have scouted other areas just to the east of Carmel Valley- off Carmel Valley road next to the high school along the 56- we believe next to the pacific highlands ranch fire department right next to the 56 is a far superior area due to its vicinity to the 56 freeway- this will make all our concerns go away as we feel it will be easier access regarding traffic.

There are numerous other areas that will work just as good if not better to the east of Carmel Valley. we would rather see family housing in that area or more medical buildings. Or even just a bigger recreation center with baseball fields.

There is another property off el camino real just north of del mar heights road- it is 26 acres and a much better location then where you are expecting to put one paseo.
w

A smaller project is what we want.

We cannot allow you to continue when the majority objects to this project.

Do you really want to go against what the people want? We will do our best to voice the disregard and vote for people who better represent our beliefs.

The current representative of the city are obviously not in touch with the communities concerns.

Already the housing booms to the east have brought criminals into our area. there has been a steep rise in burglaries on my street alone and in the community it is up almost 60 % from last year.

Bringing more people into the area is a threat to our way of life- which is essentially already ruined because of the over development.

The people of the city are formulating law suits because of the disregard and personal gain accusations of the one paseo approval.

This is a flawed project and the scale is too grand for our area. The amount of development is unfair to the families of the community.

Now below is the general letter.

I will be happy to testify against the city council's disregard for people who have lived in this city THEIR ENTIRE LIVES AND WATCHED THE COUNCIL ERODE ITS SENSE OF COMMUNITY. BY INTRODUCING OVER DEVELOPMENT.

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council may have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,
