Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Anne Blankenship

Dear Members of the City Council,

I am asking that you listen to us the majority of San Diegans! As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups seem to have no important roles to play in future development of their neighborhoods. By ignoring the plea of the residents of these neighborhoods the decision to continue seems arbitrary.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Irene Nava

Dear Members of the City Council,

First of all, I want to tell you that I'm not just a NIMBY who likes to complain to the City Council. I have lived within 1/4 mile of this site for the past 17 years. I have seen this area along El Camino Real grow as a business office center. The original planned development of this site called for it to have a large building. Like the other business property along El Camino Real, that would have been just fine. The problem is that the proposed "mixed use" developed is just way too over the top for what "fits" in the community. If we didn't already have the Del Mar Highlands Mall and the NEW Village at Pacific Highlands Range, there might be a need for more retail in this area. Likewise, there has been a tremendous amount of new housing and rental development south of this area along the I-5 north of the merge. I could see a moderate mixed use One Paseo (i.e., more than the originally allotted business space plus a moderate amount of retail and other space; way below the current One Paseo proposal). Don't let Kilroy ram this down the throats of this Carmel Valley community. Give the community what it NEEDS, not what Kilroy WANTS. If Kilroy doesn't want to settle for anything less than their current proposal, tell them "NO" and let them build their original office complex. Carmel Valley can handle that.

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,
Irene & Steve Young
