Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Dear Members of the City Council,

Next week the City Council will have the opportunity to reconsider the One Paseo project, and I respectfully request that you give that reconsideration the time and attention it deserves. After the initial vote, my good faith in the political system was crushed. How could all of the members not hear and see the opponents?

Some of the council members have accepted donations from Kilroy. That does not mean you are obligated to vote yes on every project they bring forth to the council. This project is 3 times the zoning allowance for the area. How can this be ignored? I encourage you to visit the area at rush hour and understand the impact this project will have on residents and I-5 commuters. Adding affordable housing to the development should not mean your yes vote.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

Dear Council Members,

As a supporter of the One Paseo project in Carmel Valley, I am deeply disappointed that after nearly seven years of careful consideration, this important local investment in the community will be further delayed by the deceptive tactics of Donahue Schriber, the well-funded owner of the Del Mar Highlands Town Center. In its backing of the referendum, Donahue Schriber has conducted a shameful campaign against this Council's thoughtful, bi-partisan, super-majority approval of One Paseo. Now that the issue has qualified to come back before you, I urge you to hold firm in your position of support and allow a public vote on this issue. Rewarding the opponents' bullying behavior by overturning your approval will simply make a mockery of our planning process and our business climate in San Diego. Please allow the voters of San Diego to have the last word.

I appreciate your careful consideration and leadership.

Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Dear Members of the City Council,

This entire process has been wrong. The project is too large for the plot of land. My kids are 6th generation San Diegan's. Our family has seen tremendous growth in San Diego. Some of the good, the scale of One Paseo is bad. It needs to be on a smaller scale. San Diego needs to stay a popular spot to live and a great destination for tourists. Approving projects of this scale is only turning the city into a parking lot. Please rescind your vote or place it on the ballot for June 2016 and let the taxpayers decide.

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. I live in an area that will be adversely affected by One Paseo. While I support multi-use development, I do not support it in a community with no mass transit and on a street that is already highly congested with traffic. It is also the street that our fire department is on, which will drastically affect emergency response time in our community.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

Dear Council Members,

As a 17 year resident of Carmel Valley who lives within 0.25 mile of this site, I do NOT support the One Paseo project in Carmel Valley, I am deeply disappointed that the City Council failed to take appropriate action after receiving regional Planning Committee recommendations to deny the expanded project as proposed. The Del Mar Hightlands Mall is not even filled to capacity as it is, so it is difficult to justify more retail space within the same city footprint. And, when the new Pacific Highlands Ranch is built out we are going to have more real in this area than we know what to do with. I urge you CHANGE your position on One Paseo and turn down the proposed project at the City Council and return it to the Carmel Valley Planning Board to work with the developer on a reduced mix-use plan. Rewarding the developer's bullying behavior by turning this over to a ballot will simply make a mockery of our planning process and our business climate in San Diego. Please allow the residents of Carmel Valley via their Planning Committee to have the last word.

I appreciate your careful consideration and leadership.

Sincerely,

As a long-time resident of the Del Mar Hills neighborhood, I am appalled by the way the City Council has once again put the developers ahead of concerned citizens and ignored the input of the residents whom it has been elected to represent. I am particularly concerned about the volume of traffic and the safety issues that will arise in terms of emergency response times. The proposed so-called "traffic calming" measures cannot absorb the volume of traffic that will be attracted to the area by the development as currently envisioned.

Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,
