Dear Council Members,

As a supporter of the One Paseo project in Carmel Valley, I am deeply disappointed that after nearly seven years of careful consideration, this important local investment in the community will be further delayed by the deceptive tactics of Donahue Schriber, the well-funded owner of the Del Mar Highlands Town Center. In its backing of the referendum, Donahue Schriber has conducted a shameful campaign against this Council's thoughtful, bi-partisan, super-majority approval of One Paseo. Now that the issue has qualified to come back before you, I urge you to hold firm in your position of support and allow a public vote on this issue. Rewarding the opponents' bullying behavior by overturning your approval will simply make a mockery of our planning process and our business climate in San Diego. Please allow the voters of San Diego to have the last word.

I appreciate your careful consideration and leadership.

Sincerely,

Cody Betts

Dear Council Members,

As a 20 year resident of Carmel Valley, I support the One Paseo project . I was very excited when you voted to allow it to finally be built, but now that the issue has qualified to come back before you, I urge you to hold firm in your position of support and allow a public vote on this issue. Rewarding the opponents' bullying behavior by overturning your approval will simply make a mockery of our planning process and our business climate in San Diego. And we as residents WANT this project, despite what a loud minority claims. Please allow the voters of San Diego to have the last word.

I appreciate your careful consideration and leadership.

Sincerely,
Linda Foster

Dear Council Members,

I am and have been a supporter of One Paseo for some time now. I grew up here and have lived in other cities and have traveled the world. What keeps me in San Diego is the weather and family. I love San Diego, but realized that we as a city cater to big business and foreign investors, more than we put the San Diego Community first. Downtown, although has made positive changes are now getting into the massive high rises that actually keep the people off the streets and into their cars. If we look north to Mira Mesa, we have now massive apartment buildings, but no creation of commercial or retail jobs, and no expansion on efficient transportation. Further north we have the ever expansion of single family homes sprawled on every canyon, developing where I thought was protected land. I live in Del Sur, another community marketed as a walkable community, with mixed resedential/retail buildings. But that idea seems to be fading due to the development of another big box store, parking lot, and the sale of most of the land to Shea Properties. Pressure from another big business.

Now we have the idea of One Paseo, with a great plan, and idea agreed upon by the community but blocked by the interest of another large competing non-San Diego company. Business should cater to how we want to live, not decide how we should live it. Who's interests are we catering to?

One Paseo will create jobs, a community for those who reside in Carmel Valley, a place where you could live, work and play. San Diego is heading down the path Los Angeles has taking years ago, and we know the problems they face with traffic, primarily due to the fact that there isn't a fabric of residential, work and activities. We are at the point where I think people are realizing that how we live is more important. We don't want to spend an hour in the car to and from work. I am tired of driving 30 minutes to a locally owned restaurant, or bar. Walkability and community is the future, as it was years ago. I am 30 now, and my generation, statistically is moving closer to the city. I believe if the North County doesn't start to embrace that fact, they are going to miss out. One Paseo I think will be a Catalyst for change. I do hope you continue to support it.

Sincerely,

Date: Monday, May 18, 2015 12:50:52 PM

Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

Today, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Those of us in the Democratic Party will remember the turn coats on the City Council that talk about "community input" but when the time comes, support the big money. Some City Council members did not even acknowledge all the community input. We wasted our time. Some of you already knew your vote. I am disgusted with the Democrats on the City Council who supported the big money. Shame on you. We will remember.

Sincerely,

Dear Members of the City Council,

What gutless decision to postpone the vote. Under the auspices that 2 property owners are negotiating a settlement is absurd. It only confirms more backroom deals by some members of the City Council.

Please keep in mind it is NOT just Donahue Schriber and Kilroy that need to reach a negotiated settlement. Our citizen voices will not be silenced on this issue.

As you weigh the cost for the election, should you decide not to rescind, please keep in mind the cost to defend the CEQA lawsuits. Admit you made a mistake and cut your losses. You are only embarrassing yourselves at this point in time.
