Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Charlene Auld

Dear Members of the City Council,

I am a long-time Carmel Valley resident and experience overcrowded streets and waiting through multiple cycles of stoplights on a daily basis. As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. In particular I cannot imagine how bad the traffic delays will be in my neighborhood if this un contemplated, oversized development goes forward. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Deb Mackay

Dear Members of the City Council,

Thank you all for today's painful lesson in how city politics work!

I attended today's meeting and was disappointed with your decision and the behavior of the Council. I've certainly learned that it is a waste of time for a citizen like me to try and be involved in our city government. It was so obvious today that most of the council doesn't care WHAT the people think. Just what the developers think!

Why is it important that the DEVELOPERS come up with a compromise?

The majority of people in Carmel Valley are in favor of a nice development that doesn't choke our neighborhood with traffic. That would mean a smaller development. Kilroy wouldn't make AS MUCH money. Excuse me if I put the community ahead of their profits.

And the City Council should as well. You're supposed to look out for our best interests. What a surprise to find out that you really don't care.

We shouldn't have to sit in un-mitigatable traffic for years to come so that Kilroy can maximize their investment.

Please reconsider your support of the One Paseo project.

Sincerely,

Steve Wingis
