Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Karen Armour

Dear Members of the City Council,
I live and vote in the City of San Diego
The existing density is too great.
There is no possible justification for any up zone.
"Smart Growth" without any public transit is an oxymoron.
You have destroyed the Community Planning process.
Huge towers will rise above low two story residential across the street.
Really? cram a new UTC(87 acres)into a 23 acre site?
So unfair to the 30,000 residential-office and commercial property owners who complied with the community Plans to give the last undeveloped parcel an 50-100 million windfall.
You are destroying our reasonable investment backed expectations.
The choice is not this project or nothing-I will support a 500,000SQ ft development that complies with the community plan.Send the developer back.They will still earn a reasonable profit on their investment.
If they can do it here anywhere in the City close to a freeway qualifies.No neighborhood is safe.
But you guys knew all that before you approved it.
It will be defeated by the voters.Elections have consequences.
So let me be clear-there will be no North County money for the three Democrats who voted for this unless you reconsider and spare us all the cost of an election.The Republicans love this because it will suck out all the money that would otherwise go to help elect Democrats and you know who your are that are pointing at other offices- because we will have to spend it to defeat this at the election.
I approve the rest of this message

Dear Members of the City Council,

Indecision is a decision. It's been nearly 7 years and the overwhelming voice of the community(ies) has been heard. Make a decision ... and make the RIGHT one. Lives of those on Carmel valley, Torrey Hills and other sister neighborhoods who depend on fire and safety personnel are depending upon you to rescind this utterly ludicrous, oversized project borne of greed and send a message to those who believe that money is the cure-all that can buy everything and everyone. It cannot buy back the lives lost and property damage caused by an already-choked roadway infrastructure that will certainly be inadequate to handle an estimated 28,000+ additional ADTs and will not allow fire and safety vehicles to readily navigate through them. Will you be able to live with your conscience if/when lives are lost?

Remember that the very people - the vast majority of whom have spoken through petitions, letters, phone calls, meetings, legal actions and other proposed/filed lawsuits who voted you into office are relying upon you to be their mouthpiece. If you let them/us down, there's no doubt you will lose their/our support going forward in your career, and more importantly, their respect.

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has NO impact on land use decisions, and that money is more important than ALL other factors. I urge you not to make decisions based on money. Planning groups are essential, and your decision to date sends a clear message to those on such boards that their collective time, intellect, and energy is of no value as compared to the almighty dollar. If I was on a local council today, I would most assuredly quit. What motivation would I have to give up hours with my family and friends to serve on a board that in Carmel Valley's case, served for over 6 years only to have their very strong recommendation completely set aside???

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you take the only action that makes sense, and say NO to One Paseo as it is currently proposed, and send a clear message that large developers and others with deep pockets cannot manipulate the system and those we have entrusted and moreso, cannot initially gain the support of a community and then switch the rules mid-stream. Kilroy thought Carmel Valley was asleep at the wheel and underestimated our resolve. We collectively expect you, our elected officials, to represent our interests and voice, That is what you are paid by us to do.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Dear Council Members,

As a supporter of the One Paseo project in Carmel Valley, I am deeply disappointed that after nearly seven years of careful consideration, this important local investment in the community will be further delayed by the deceptive tactics of Donahue Schriber, the well-funded owner of the Del Mar Highlands Town Center. In its backing of the referendum, Donahue Schriber has conducted a shameful campaign against this Council's thoughtful, bi-partisan, super-majority approval of One Paseo. Now that the issue has qualified to come back before you, I urge you to hold firm in your position of support and allow a public vote on this issue. Rewarding the opponents' bullying behavior by overturning your approval will simply make a mockery of our planning process and our business climate in San Diego. Please allow the voters of San Diego to have the last word.

I appreciate your careful consideration and leadership.

Dear Members of the City Council,

As you know, the controversial One Paseo project has been vigorously debated in the community for the past several years. Thousands of local residents and tens of thousands of San Diegans have raised serious concerns about the project. Four community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City.

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. I could not disagree more.

In a few weeks, the City Council will have the opportunity to reconsider the project, and I respectfully request that you give that reconsideration the time and attention it deserves.

If, after careful consideration, you are still unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, I ask that you ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,

Eileen Bugbee

Subject: One Paseo will invest in Carmel Valley and our region
Date: Wednesday, May 20, 2015 6:10:39 AM

Dear Council President Lightner and Members of the San Diego City Council,

One Paseo makes great use of a vacant site to provide usable, public green space, new bike lanes, enhanced pedestrian connectivity as well as diverse shopping and dining options in an area that is largely underserved.

The Revised One Paseo Project:

- * Provides a true, walkable main street environment that will connect the community and complement the existing surrounding uses of retail, housing and offices
- * Will generate \$630 million in new direct economic impact
- * Will create 3800 new construction jobs and 1590 new permanent jobs resulting in more than \$154 million annually in new job wages
- * Generates significant taxes and fees for the City and a boost to the local economy that help fund vital public services including our schools and affordable housing
- * Provides more than \$8 million in private investment toward traffic improvements and millions more for an Adaptive Traffic Management system as well as optimization technology that will reduce travel times on the local roadways

In addition to job creation and economic benefit, One Paseo helps to fulfill the General Plan's strategy for "a City of Villages" as well as important State, regional and local policy land-use initiatives. I strongly urge the City Council to APPROVE this One Paseo.

Sincerely,

Edward Kavanagh

Dear Members of the City Council,

Are you hearing the concerns of the local citizens who will be most affected by this outrageously sized development project? Thousands of local residents and tens of thousands of San Diegans have raised serious concerns. Our representative community planning boards rejected One Paseo and now more are speaking out about the dangerous precedent its approval set for development in the City. Are you listening?

By ignoring the Carmel Valley, Del Mar Mesa, Torrey Pines and Torrey Hills community planning boards, the City Council sent a message that the feedback from planning groups has a negligible impact on land use decisions, and thus community planning groups have no important role to play in future development of their neighborhoods. Is this your position?

The City Council has an opportunity to reconsider the project, and I hope and pray you can see the negative impact of this developer's greedy attempt to change our neighborhood plan and our quality of life in San Diego.

If unwilling to rescind the City Council's decision, and the Council instead elects to place the issue on the ballot, please ensure it is fairly scheduled for the June 2016 Primary Election, not a special election paid for by Kilroy Realty.

Sincerely,
Richard Pentella
