Subject: Reject One Paseo - Project 193036
Date: Wednesday, February 11, 2015 8:11:40 PM

Dear Council President Lightner,

I am writing in opposition to Kilroy Realty's proposed One Paseo project. One Paseo will increase traffic congestion and have a negative impact on community character. One Paseo is not appropriate to suburban Carmel Valley, with its 1.45 million square feet of development on just 23.6 acres of land, buildings as tall as 150 feet, and a density similar to Horton Plaza downtown.

This is not smart or transit-oriented development. It adds 24,000 new cars daily to our roads, without access to mass transit until at least 2035. One Paseo requires nearby streets to be widened, creating dangerous and unappealing conditions for cyclists and pedestrians. Even Caltrans has said it is unclear if the project fits the region's smart growth principles. I am also concerned that traffic will use our neighborhood as a cut through to bypass the congestion and extra traffic lights. This will have a negative impact on our neighborhood and the Solana Heights Elementary School.

The San Diego Planning Commission did not approve this project. The Carmel Valley, Torrey Pines, Torrey Hills and Del Mar Mesa Community Planning Boards rejected this project outright. I'm standing with these groups in asking you to say "no" to One Paseo.

The community could benefit from an appropriately sized mixed-use project, but this One Paseo is just too large, too dense and creates too much traffic. Kilroy has ignored our request for a project that fits our community.

I strongly urge you to reject this One Paseo and tell Kilroy to work with the community to propose an appropriately sized project.

I will certainly vote against anyone who supports the current project.

Sincerely,

Mr. Nigel Bartlett

Subject: One Paseo - letter of support
Date: Wednesday, February 11, 2015 10:47:39 AM

Dear Mayor Faulconer and members of the San Diego City Council,

There they go again.

For months I have heard opposition to One Paseo proffer all sorts of doomsday scenarios. Indeed to outsiders the sky does seem to be falling right here in Carmel Valley. Not because of One Paseo, but rather because of the abject venom spewed by the opponents who have been whipped into a frenzy by a well-greased PR effort mounted by a professional lobbying firm. Paid walkers have come to our doors claiming to represent our best interests, but they - and all the materials and signs they carry - are paid for by Donahue Schriber, owner of the Del Mar Highlands Town Center. They've spent seven figures because they don't want competition from One Paseo.

I have heard opponents and their paid representatives not only state mistruths about the project (2 hotels!!!) either out of malicious intent or sheer ignorance, I'm not sure. I have seen them accost people who say they support the project, bullying them. I have heard on more than one occasion their claim that our City Council has been bought off. It's maddening.

These opponents claim to represent the whole of our community. They do not. I know supporters of One Paseo have been marginalized by the aggressiveness of the opponents, cast aside as if our opinion of the community's future is not welcome. We may not be screaming at people in front of Ralph's but we are here, we do care and we do support One Paseo. The sky isn't falling on us.

Subject: I urge you to support One Paseo!
Date: Wednesday, February 11, 2015 3:40:30 PM

Dear Council President Lightner and Members of the San Diego City Council,

The One Paseo Project deserves our strong support! As currently proposed, it is truly a reflection of the significant community input that has been requested by the developer and incorporated into the Project

The One Paseo Project:

- * Provides a true, walkable main street that will connect our community and complement the existing surrounding uses of retail, housing and employment center.
- * Makes great use of a vacant site to provide usable, public green space, new bike lanes, enhanced pedestrian connectivity as well as diverse shopping and dining options in an area that is largely underserved and therefore generates auto trips outside the community.
- * Will generate thousands of construction jobs as well as permanent, high paying jobs in this vital commercial corridor.
- * Incorporates new housing close to where people work.
- * Provides millions in private investment toward traffic improvements and millions more for an Adaptive Traffic Management system as well as optimization technology that will reduce travel times on the local roadways.
- * Generates significant taxes and fees for the City and a boost to the local economy.
- * Sets a new standard for energy efficient and drought resistant green communities.
- * Helps to fulfill the General Plan's strategy for "a City of Villages" as well as important State, regional and local policy land-use initiatives.

At hearings in October 2014, The San Diego City Planning Commission recognized that One Paseo clearly implements the goals of the General Plan's City of Villages strategy. Commissioners further said that the mixed use design aids in reducing vehicle trips and concentrates density for future transit service. As Commissioner Anthony Wagner stated, "Multi-modal transportation opportunities need to be seen through a lens of tomorrow, rather than today." This One Paseo will help bring such opportunities to Carmel Valley. Thank you for taking the time to hear from the community. I would like to urge your vote to approve the One Paseo project. Your time and consideration are both much appreciated.

Sincerely,

Alexis Dachs

Subject: Reject One Paseo - Project 193036
Date: Wednesday, February 11, 2015 8:00:45 PM

Dear Council President Lightner,

Development requires several different interconnected elements to truly be considered "smart growth." One Paseo is not smart growth development. Although it has been marketed as smart growth, an honest examination of the project shows that One Paseo is not the type of bikeable, walkable, transit-oriented development San Diego deserves.

One Paseo will add 24,000 new car trips daily on our roads, further deterring residents from biking and walking in the community. Expanding Del Mar Heights Road to nine lanes will mean faster-moving cars and dangerous conditions for both cyclists and pedestrians. The proposed "cycletrack" will offer inadequate protection to those cycling in the area, as it will run for just a few hundred yards on one side of Del Mar Heights Road. Bike San Diego, the group working to transform San Diego into the world's best city for bicycling, has called One Paseo "bad for bicycling."

One Paseo is not planned to have nearby mass transit until 2035, if ever. It is not located near accessible and convenient mass transit options, and is not currently served by mass transit. The truth is that, as proposed, people from Carmel Valley and the surrounding neighborhoods will have to drive to One Paseo. The developer has proposed quadrupling the average daily car trips allowed for the site because this project is a car-centric development.

I'm asking you to please reject One Paseo because it isn't true "smart growth development." We need to promote smart growth in San Diego, but One Paseo perpetuates urban sprawl and congestion in a suburban neighborhood. A smaller project that does not clog our streets, aligns with transit-oriented principles, and truly promotes walking and biking options in our community should be proposed for this site.

Thank you for your consideration.

Sincerely,

Dear Council President Lightner,

I am strongly opposed to the planned One Paseo project that Kilroy Realty would like to build. I am writing to ask you to do whatever you can to stop this development.

The traffic in this neighborhood is already dreadful. The new development will obviously make it significantly worse. In particular, a good deal of traffic will cut through our residential neighborhood, taking High Bluff Drive to get from Del Mar Heights Rd to El Camino Real north. This will involve driving right by our elementary school (Solana Highlands). Kilroy makes no secret of the fact that they want to divert traffic off the major roads and onto our quiet residential streets; they plan to add a second left turn lane from Del Mar Heights Road onto High Bluff.

All the people in our neighborhood bought our houses knowing that there was a community plan in place. If anyone is to change that plan, it should be the community members. But the community members clearly do not want the plan changed. The neighborhood is full of anti-One Paseo signs. We have made our opinion clear. Please do not ignore it.

Sincerely,

Doug Jungreis

Dear Council President Lightner,

My wife and I live in Carmel Valley a walking distance from the place where Kilroy Realty's intends to erect the One Paseo . We strongly oppose this development and insist on significant scaling down of the project.

Our community cannot accommodate this monstrous development without significant negative impacts on our daily lives, especially road traffic and community character.

We strongly urge you to reject the current version of One Paseo and mandate Kilroy to work with the community and propose an appropriately sized project .

Sincerely,

Subject: Reject One Paseo - Project 193036
Date: Wednesday, February 11, 2015 11:34:16 PM

Dear Council President Lightner,

I am writing to convey my opposition to Kilroy Realty's One Paseo project proposed for the corner of Del Mar Heights Road and El Camino Real. This project will, without a doubt, have severe impacts on our quality of life, our traffic and the character of our community.

I have been a resident, in this community, for 19 years. A native San Diegan for nearly 60 years. And have witnessed the growth and changes of Carmel Valley.

I am very concerned over the safety of our children and young adults who attend schools in this area. I have seen a number of near accidents, during the times when school begins in the morning and lets out our loved ones in the afternoon, where drivers are not paying attention at the intersections. There is no doubt, this project will only make this safety issue worse.

My view is just one among the thousands of San Diegans who oppose THIS One Paseo.

There are also a number of high-profile community organizations who reject this oversized project. The community planning groups of Carmel Valley, Torrey Pines and Del Mar Mesa have all rejected One Paseo, as did the San Diego Planning Commission. County Supervisor Dave Roberts has spoken out against One Paseo's bulk and scale and Bike San Diego has called the project bad for bicycling. Furthermore, more than 6,000 of my friends and neighbors have joined the What Price Main Street? coalition, creating a united community voice in opposition of the project.

I ask you to reject this project outright.

Sincerely,

Ray Neubarth

Dear Council President Lightner and Members of the San Diego City Council,

The One Paseo Project deserves our strong support! As currently proposed, it is truly a reflection of the significant community input that has been requested by the developer and incorporated into the Project

The One Paseo Project:

- * Provides a true, walkable main street that will connect our community and complement the existing surrounding uses of retail, housing and employment center.
- * Makes great use of a vacant site to provide usable, public green space, new bike lanes, enhanced pedestrian connectivity as well as diverse shopping and dining options in an area that is largely underserved and therefore generates auto trips outside the community.
- * Will generate thousands of construction jobs as well as permanent, high paying jobs in this vital commercial corridor.
- * Incorporates new housing close to where people work.
- * Provides millions in private investment toward traffic improvements and millions more for an Adaptive Traffic Management system as well as optimization technology that will reduce travel times on the local roadways.
- * Generates significant taxes and fees for the City and a boost to the local economy.
- * Sets a new standard for energy efficient and drought resistant green communities.
- * Helps to fulfill the General Plan's strategy for "a City of Villages" as well as important State, regional and local policy land-use initiatives.

At hearings in October 2014, The San Diego City Planning Commission recognized that One Paseo clearly implements the goals of the General Plan's City of Villages strategy. Commissioners further said that the mixed use design aids in reducing vehicle trips and concentrates density for future transit service. As Commissioner Anthony Wagner stated, "Multi-modal transportation opportunities need to be seen through a lens of tomorrow, rather than today." This One Paseo will help bring such opportunities to Carmel Valley. Thank you for taking the time to hear from the community. I would like to urge your vote to approve the One Paseo project. Your time and consideration are both much appreciated.

Sincerely,

Antonisha Pinckney

Subject: Reject One Paseo - Project 193036
Date: Wednesday, February 11, 2015 2:08:29 PM

Dear Council President Lightner,

I am gravely concerned about Kilroy Realty's proposed One Paseo project, and I'm writing today to share with you my concerns about the negative impacts this project will bring to Carmel Valley.

I am especially concerned about the impacts to traffic congestion in the area, given that One Paseo will increase traffic by 370 percent and add nearly 24,000 daily car trips to our roads. All of this will lead to gridlock, especially given that the effectiveness of the proposed traffic light synchronization system has not been proven, nor has Caltrans or the City committed to its implementation. In fact, the project's Environmental Impact Report shows significant, unmitigated impacts to eight intersections and road segments. Furthermore, traffic relief near the project site depends on new freeway connectors that will not be built until 2030, if ever.

The majority of our community believes that THIS One Paseo is too large for the neighborhood. The Carmel Valley, Torrey Pines, Torrey Hills and Del Mar Mesa Community Planning Boards, as well as the San Diego Planning Commission, have already rejected One Paseo. I'm standing with more than 6,000 members of my community to oppose the project and urge you to reject it.

Please don't consign Carmel Valley to a future of extreme congestion and hair-pulling traffic jams. Reject One Paseo and ask Kilroy to work with the community to propose an appropriately sized project.

Sincerely,

Ms. Hemalatha Rao

Subject: Reject One Paseo - Project 193036
Date: Wednesday, February 11, 2015 12:20:55 PM

Dear Council President Lightner,

I am writing in opposition to Kilroy Realty's proposed One Paseo project.

The significant negative impacts that One Paseo will have on our traffic congestion and community character are very concerning. One Paseo is not appropriate to suburban Carmel Valley, with its 1.45 million square feet of development on just 23.6 acres of land, buildings as tall as 150 feet, and a density similar to Horton Plaza downtown.

This is NOT smart or transit-oriented development. It adds 24,000 new cars daily to our roads, without access to mass transit until at least 2035. One Paseo requires nearby streets to be widened, creating dangerous and unappealing conditions for cyclists and pedestrians. Even Caltrans has said it is unclear if the project fits the region's smart growth principles.

The San Diego Planning Commission couldn't approve this project. The Carmel Valley, Torrey Pines, Torrey Hills and Del Mar Mesa Community Planning Boards rejected this project outright. I'm standing with these groups in asking you to say "NO" to One Paseo.

The entire community could benefit from an appropriately sized mixed-use project, but THIS One Paseo is just too large, too dense and creates too much traffic. Kilroy has repeatedly ignored our concerns and our request for a project that fits our community.

I strongly urge you to reject THIS One Paseo and tell Kilroy to work with the community to propose an appropriately sized project.

Sincerely,

Mrs. Ginette Straith

Dear Council President Lightner,

I am writing to convey my opposition to Kilroy Realty's One Paseo project proposed for the corner of Del Mar Heights Road and El Camino Real. This project will, without a doubt, have severe impacts on our quality of life, our traffic and the character of our community.

My view is just one among the thousands of San Diegans who oppose THIS One Paseo.

There are also a number of high-profile community organizations who reject this oversized project. The community planning groups of Carmel Valley, Torrey Pines and Del Mar Mesa have all rejected One Paseo, as did the San Diego Planning Commission. County Supervisor Dave Roberts has spoken out against One Paseo's bulk and scale and Bike San Diego has called the project bad for bicycling. Furthermore, more than 6,000 of my friends and neighbors have joined the What Price Main Street? coalition, creating a united community voice in opposition of the project.

While a more appropriately sized mixed-use project could benefit our community, THIS One Paseo is just too large.

I ask you to reject this project outright.

Sincerely,

Dr. dani vinocur
