Establishes a formula to pay San Diego City fire fighters salaries equal to the average of salaries paid to fire fighters of the five largest cities in California other than San Diego. Each year the Civil Service Commission is required to survey the rates of compensation paid to fire fighters, fire engineers, fire captains, fire battalion chiefs and fire deputy chiefs in the five largest cities and certify to the City Council the average monthly salary, excluding fringe benefits, paid to these ranks. Requires the City Council to fix minimum monthly rates of compensation paid to San Diego fire fighters at least equal to the average salary for each rank as certified by the Civil Service Commission. Provides for gradual adjustment of salaries over four years. The difference between San Diego City fire fighters' salaries and those of the surveyed cities shall be computed in 1981 and adjusted each fiscal year with 40 percent of the difference to be paid July 1, 1981 and 20 percent on each succeeding July 1 so that from and after July 1, 1984, San Diego City fire fighters shall be paid salaries at least equal to the average salaries for those ranks in the surveyed cities.</p>	137,008 43.99%	174,418 56.01%	Y	init	N
