AND
ARGUMENTS**

To Be Submitted to the Qualified Voters
of The City of San Diego at the

MUNICIPAL PRIMARY ELECTION

**TO BE HELD ON TUESDAY,
SEPTEMBER 21, 1971**

EDWARD NIELSEN
City Clerk

PROPOSITION A

(THIS PROPOSITION WILL APPEAR ON THE BALLOT IN THE FOLLOWING FORM)

PROPOSITION A. CITY OF SAN DIEGO CHARTER AMENDMENT: AMEND SECTION 12 OF THE CHARTER OF THE CITY OF SAN DIEGO. Amend Section 12 to provide that Councilmen shall not engage in any business or transaction or have a financial or other personal interest, direct or indirect, which is incompatible with the proper discharge of their duties or which would tend to impair their independence of judgment or action in the performance of such duties, and that the rate of pay for each Councilman shall be Seven Hundred Fifty Dollars per month.	YES	
	NO	

This proposition amends Section 12 of the Charter of The City of San Diego by deleting certain provisions and by adding new provisions. The portions to be deleted are printed in STRIKE-OUT TYPE and the portions to be added are underlined.

This proposition requires a majority vote.

Section 12. THE COUNCIL.

The Council shall be composed of nine (9) ~~6~~ councilmen, including the Mayor, and shall be the legislative body of the City, each of the members of which, including the Mayor, shall have the right to vote upon all questions before it.

Councilmen, including the Mayor, shall be elected at a general municipal election held in the odd-numbered years and, except as hereinafter provided, shall hold office for the term of four years from and after 10 a.m. the first Monday after the first day of December next succeeding their election and until their successors are elected and qualified. Upon any redistricting pursuant to the provisions of this Charter, incumbent councilmen will continue to represent the district in which they reside, unless as a result of such redistricting more than one incumbent councilman resides within any one district, in which case the City Council may determine by lot which councilman shall represent each district. At the next municipal primary and general elections following a redistricting, councilmen shall be elected from those districts not represented and from those districts represented by incumbent councilmen whose terms expire as of the general election in said year. If as a result of any redistricting more than a simple majority of the City Council as redistricted shall be elected at the general election next following any such redistricting, the City Council prior to any such election shall designate one or more new districts for which the initial councilmanic term shall be two (2) years in order to retain staggered terms for councilmen.

The one-year district residency requirement of Section 7 of this Charter shall not apply to a person, herein called "prospective candidate," who seeks to be a candidate for election or appointment to the office of councilman and is otherwise eligible for the office, if all of the following conditions apply: a redistricting has occurred less than one year before prospective candidate, if elected or appointed, would take office; as a result of the redistricting, the district of prospective candidate's residence has changed to a district in which no councilmanic election will be held at the next succeeding municipal election; prior to filing his candidacy for election or appointment, prospective candidate moves his residence into a district bordering upon the district into which prospective candidate's residence has been placed by the redistricting.

Any vacancy occurring in the Council shall be filled from the District in which the vacancy occurs by appointment by the remaining ~~6~~ councilmen; but in the event that said remaining ~~6~~ councilmen fail to fill such vacancy by appointment within thirty (30) days after the vacancy occurs, they must immediately cause an election to be held to fill such vacancy; provided, however, that any person appointed to fill such vacancy shall hold office only until the next regular municipal election, at which date a person shall be elected to serve for the remainder of such unexpired term.

It is the duty of councilmen to attend all Council meetings. The Council shall vacate the seat of any councilman who is absent from eight (8) consecutive meetings or fifty percent (50%) of any scheduled meetings within a month unless the absence thereof is excused by resolution of the Council.

The rate of pay of each ~~6~~ councilman shall be ~~Five Thousand Dollars (\$5,000.00) a year~~ Seven Hundred Fifty Dollars (\$750.00) per month.

No councilman shall engage in any business or transaction or have a financial or other personal interest, direct or indirect, which is incompatible with the proper discharge of his duties or which would tend to impair his independence of judgment or action in the performance of such duties.

No ~~6~~ councilman shall be eligible during the term for which he was appointed or elected to hold any other office or employment with the City, except as Mayor and a member of any Board, Commission or Committee thereof, of which he is constituted such a member by general law or by this Charter.

ARGUMENT FOR PROPOSITION A

It is our feeling that the strong conflict-of-interest rule which would be established in our City Charter by approval of the proposition is vital to the strengthening of City government of San Diego. We believe that passage of the measure will spell out for office-holders and office-seekers alike, the high level of dedication and integrity expected of them by the citizens of San Diego. The Charter which governs our actions in carrying out the business of the people should contain in writing the heretofore "unwritten law."

The proposition also includes a modest cost-of-living adjustment in salaries for the eight Councilmen—the first in fifteen years. We feel that the proposed adjustment to \$750 per month is warranted in view of increasing duties which simply do not permit Councilmen to hold fulltime outside jobs. The workload, the responsibilities and the cost-of-living all have increased enormously since 1956 when Council salaries were last adjusted. We hope that you will recognize the need to continue to attract qualified people to guide San Diego's progress. Mayor Frank Curran, whose salary is not affected by this proposition, and Councilmen Sam Loftin and Mike Schaefer, who are retiring from the Council and would not participate in any adjustment in Council pay, join us in urging that you vote "YES" on Proposition "A."

FLOYD L. MORROW
Councilman, Fifth District

BOB MARTINET
Councilman, Sixth District

ALLEN HITCH
Councilman, Seventh District

HELEN COBB
Councilman, First District

ARGUMENT AGAINST PROPOSITION A

Vote a firm "NO" on proposition "A"!

It seems to me that a conflict of interest paragraph in our city charter is not needed because I am certain that any candidate for the San Diego City Council understands that he or she must be honest.

It is my feeling that Councilman should not hold any other job and should work at their job of serving the people full time each day of the week. I think that the budget of a major city of 720,000 people, the needs of our population demands the interest and full time of our elected representatives.

If we as voters refuse to approve any change of salary from the \$417. per month that San Diego Councilman receive that a Charter Review Commission can be appointed to review this matter and can recommend a salary in the neighborhood of \$1500. per month and we could demand that Councilman have no outside income.

MAYOR

FRANK CURRAN

AGE: 58

OCCUPATION: MAYOR

Mayor Curran should have a resounding vote of confidence by San Diego because of outstanding public service for 16 years; 8 years on City Council, including 2 years as Deputy-Mayor, 8 years as Mayor. He points to: the metropolitan sewer system, Mission Bay, transit system, stadium, Mission Valley, new skyline, Mayor's job committee, stable employment figures and San Diego's role as a leading tourist mecca. Mayor Curran asks people to look around (Lindbergh Field, Harbor Island, North City) and recall that San Diego is still green, still clean . . . and no machine to rule. Symbolic of our Mayor's leadership, he served as President of the National League of Cities, 1970; on Board of California League of Cities and U. S. Conference of Mayors. He asks, "What other city in America would you rather live in?" then respectfully suggests that you Re-Elect Mayor Curran.

Ed Butler is experienced in City Government, business management, and the law. 1964 to 1969, he was San Diego's City Attorney, advisor to the Attorney General on obscenity controls, on the Governor's Home Rule Commission and on municipal law committees of the League of California Cities.

Ed Butler served in the Marines in World War II and Korea, rising to Lt. Colonel. He was Senior Vice President of Electro Instruments, and a director of the Chamber of Commerce and Chairman of the Industrial Development Commission.

Ed Butler served San Diego as Chairman of the successful Save the Torrey Pines Campaign, Chairman of Episcopal Community Services, Chairman of Boy Scout Fair, Director of Economic Opportunity Commission, Scripps Memorial Hospital and United Community Services.

Ed Butler is married, has three daughters. He is ready to be Mayor. When he wins, you win.

A change will occur in City Hall this year!

But for this change to be meaningful it must be total. Replacing one professional office holder with another is not enough. As a citizen candidate for Mayor, I will represent ALL the people.

Unlike other candidates, I do not seek office for vindication . . . nor as a stepping-stone toward higher office . . . nor as a puppet for special interests . . . but rather to serve you and make San Diego a better place to live for you and me.

As a conscientious parent, successful businessman, graduate engineer (MIT) and former Naval officer, I know how to identify and solve problems. As an active participant in civic and school affairs, I have worked with youth, minorities, senior citizens, professionals and labor. As Mayor, I will put this valuable experience to work for you. I ask for your vote.

OCCUPATION: BUSINESSMAN

The campaign for Mayor is now ending. I have tried to communicate with you about the many important issues confronting our city.

The programs and philosophy which I bring to you are not pie-in-the-sky programs, but rather a responsible approach to resolving many of our city problems. My past record as Councilman, Deputy Mayor and State Assemblyman, I feel, reflects this.

As a native San Diegan, I will work toward creating more permanent jobs; eliminating tax waste to keep taxes down; preserving Balboa Park and creating new park lands; increasing senior adult services; reducing crime and welfare through vocational education; and preserving our free enterprise system way of life.

It has been a joy and challenge to have served you these past eight years both at the local and state level.

I need your support to continue serving San Diego.

What this city needs is a **CHANGE!**

The abuse of the taxpayer can only be curbed by the forming of taxpayer unions and associations. Then and only then, using the threat of non-payment of taxes, can the taxpayers speak to the city from a position of strength.

The anger and resentment of the minorities is real and justified. As mayor I am determined to expose these injustices, and move the city in a direction to end this violation of human rights.

San Diego's air pollution will be intensely serious if overpopulation and vested interest groups are not controlled. Our city's needs are those of citizen sacrifice in regard to our social and ecological future.

The strength of the people lies in the honesty of the government.

I need **YOUR** vote.

"San Diego needs a change . . . but not a complete change".

Councilman Mike Schaefer is the **ONLY** candidate, incumbent excepted, who has participated in every major city decision of past six years.

His "PROGRAM FOR PROGRESS":

- ★ Adequate police and firefighter pay
- ★ Low-cost spay and neuter clinic, to prevent future pollution by excess cat and dog population
- ★ 10% reduction in City property taxes, by trimming budget fat, nonhire of nonessential employees, and expansion of tax base
- ★ COURTESY in all city contacts with citizens; scheduling of Council matters with proper respect for the citizen's time

Councilman Mike Schaefer is the **ONLY** candidate having held responsible positions with federal, state and local government.

Mike Schaefer, after 8 years as Deputy City Attorney and Councilman, is ready to be Mayor.

"San Diego needs a change . . . but not a complete change".

San Diego in the 1970s will require a mayor who is a problem solver, tough enough to buck powerful special interests, with judgment enough to balance environmental quality with economic health.

He must be honest—personally and politically—not a man with something for everybody, proposing over-simplified solutions for complex problems.

How do you measure candidates? Look past the rhetoric to the record. Apply the test of performance.

Ask yourself what candidate really has done something about air pollution, our coastline, drug abuse. Who really cares about halting spiraling property taxes?

San Diego still has time to do it right. That's why I want to lead this city in the 70s.

I am proud of my record and my work for the residents of District 6.

Well planned community growth with open spaces and maintained landscaping is something I worked for long before I became a City Councilman. And this, along with keeping City expenses down, has been one of my highest priorities since I took office.

We can solve San Diego's most pressing problems with a unified resident-councilman effort.

I am willing to make that effort, and I ask you, the residents of Mission Beach, Pacific Beach and Clairemont to join with me.

I know District 6 for it is my home, my community, as well as yours. Let's continue to take positive steps to make it an even better place to live.

The greatest problem which faces every city in this country today is rising TAXES. But increasing TAXES will not alone solve urban problems. Elected officials have always relied upon PROPERTY TAXES as the primary means for running the affairs of government. We must find an alternative and more equitable means for financing public operations while at the same time reducing unnecessary legislative expenditures. The recent defeat of local bond issues proves that the majority of citizens feel the cost of public finance has become too great for the benefits they are receiving.

"TAXATION WITHOUT REPRESENTATION" still continues today as it did in 1776 because many legislative decisions only benefit special interest groups, not the general public. If elected, I pledge only to make those decisions that will benefit everyone.

TAXATION: Learn to budget within our income. To budget and then raise taxes accordingly is unsound.

HONESTY and INTEGRITY: The moral posture of our elected officials must be "IS IT RIGHT?"

RAPID TRANSIT and POLLUTION: Rapid transit studies through the use of available scientific expertise and not hysteria is needed to curb pollution.

I will bring a "common sense" business approach to all phases of councilmanic duties. Close scrutiny will be given spending of tax dollars to eliminate any possibility of excessive, wasteful expenditures.

Properly controlled industrial development is imperative to welfare and growth of our community. I will work to encourage industrial expansion.

A "common sense" approach must be taken in apprising the needs of senior citizens that they may share in the benefits and beauties of San Diego.

Laws must be enforced and crime halted. I am disturbed with the alarming increase in crime, drug abuse, alcoholism, venereal disease, pornography. Respect for law and order must be maintained, and law enforcement officers supported.

I will listen, and be guided by the wishes of the people in making decisions. Honesty and "common sense" in office is my promise.

As a City Councilman and a graduate of the Dale Carnegie School, my prime concern would be to establish a better relationship between the city and the voters. Through difficulties with my carport, I came to know just how unimportant the feelings of the citizenry are to the "public" servants supposedly working for our well-being. Further contact through my councilman, brought further disappointment. The more I delved into the workings of local Government, the more frustrated I became. In my occupation, I've watched contractors short-change the city and the taxpayers on many major construction jobs. I've seen a distrust of local Officials, and mismanagement of taxpayers' money. I intend to serve to alleviate these problems, and to serve the best interests of the people. It's time someone arose from the ranks of the ordinary citizen to challenge the professional politician.

With Jim Bates' extensive business background as bank officer, and aerospace contract administrator Jim Bates will bring to our City Council in-depth experience in cost control and budget analysis.

Jim Bates will work to reduce homeowner property taxes.

The City Council has a role to play in getting our unemployed back to work. With his labor contacts and as Job Fair co-ordinator Jim Bates worked hard for expanded employment opportunities. As your City Councilman he will continue that work.

With his education and experience Jim Bates brings to our city government a businessman's approach to getting value for the expenditure of public funds, and a concerned citizen's approach to our city's problems.

RON BREEN

OCCUPATION: ADMINISTRATIVE
ANALYST

EDUCATION:
High School: USD
BA in Public Administration and
Urban Planning, S. D. State
University

Ron Breen opposes increases in homeowner's property taxes.

As a member of the S. D. Taxpayer's Association and Consumer Aid of San Diego, Ron seeks protection for taxpayers and consumers. He proposes the creation of a governmental Watchdog Agency made up of economists and local citizens, to evaluate and justify the use of the taxpayer's dollar in city spending.

Ron seeks coordinated and comprehensive Urban and Environmental planning. He supports the opinions and needs of all San Diegans and not just those of vested interest groups.

As a city councilman, you will find Ron Breen not only in the council chambers, but working with you in your community, in the interests of all San Diego.

Ron calls for honesty in politics, and as an example will open his campaign and in-office records to public inspection.

I am definitely dedicated to Labor, and do believe that City Government should be restored to the people.

There may be some benefit to a City Mgr. form of Government but it has failed to serve cities as large as San Diego.

Gross mismanagement in results as losing our "Rockets" in addition, not trying to attract Industries and spearheading and built an economic concentration in the downtown area of which peoples opinion was a distinct **NO** in several consecutive elections insofar as the Cedar Street Mall is concerned decentralization of City services a police substation in the 8th Dist.

HARRY STANDEFER

CONSTRUCTION COST ENGINEER

Graduate Mt. Ida Normal Academy

██████████, San Diego 92105

STANDEFER is fully aware of the responsibilities of a Councilman. For ten years he has spearheaded projects that are changing the face of the older areas. This necessitated working closely with the City Manager's Department, the Planning Department, and the City Council.

In 1962 and again 1969 he was chosen to study and help revise the City Charter. He organized the first outlying-community planning group (there are now 25). He served on the committee to formulate the City General Plan and the General Plan for the Mid-City area.

Standefer was nominated for 1969 Governor's award for creative citizenship. He was declared "Outstanding Citizen of the Day" by Station KSON, and his biography appears in the current issue of WHO'S WHO IN THE WEST. Find STANDEFER on your sample ballot and mark it.
