WHO WILL CARE ABOUT OUR NEIGHBORHOODS?

- * Only Pedro Moreno lived his whole life in our district. He didn't move here from Chula Vista, Mission Valley or Burlingame for the election. Some did!
- * Only Pedro is a 14-year homeowner in our district.
- * Only Pedro served us as Deputy City Clerk, lifeguard and recreation manager.

WHO WILL STAND UP FOR OUR FAMILIES?

- * Only Pedro Moreno said "NO" to gay rights demands to take away the Boy Scouts' Balboa Park headquarters.
- * Only Pedro spoke for the majority of Latinos who want a stronger border fence and police to keep out dope and criminals.
- * Only Pedro will change the City 'Housing Commission' to the "Homeownership Commission." Families need homes of their own. Today millions are spent to keep San Diegans as tenants!

VOTE FOR ANDREA SKOREPA ON ELECTION DAY

Dear Voter:

It's time for results from City Hall.

City Hall needs to operate like a business - not business as usual.

I know our District has been neglected because I was born, raised, educated and have worked in our District as a teacher, management executive, and community activist for over 20 years.

As your representative on the San Diego City Council I will fight to make sure **our District** receives its fair share of services and our concerns are heard and receive proper attention.

I ask for your vote.

Sincerely,

Andrea Skorepa

DANIEL L. CLARK

I know the first concern we must address is neighborhood apathy. By joining together and participating in community action groups we will take back our neighborhoods. We need to know one another because only as neighbors, not as strangers can we fight the drug, gang, drive-by shootings, graffiti and robbery problems.

I will seek out those people that have a vested interest in our neighborhood to help me represent us in governmental issues so that common areas of concern for all of us are adequately addressed.

I have spent many years working with organizations, city government, corporations, small businesses in San Diego. These years have given me the tools necessary to guide our community into the future. We need good paying jobs, now!

It is most imperative that we return to old values of respect and fairness for one another and support for law and order. We need to apply justice equally to everyone and protect the dignity of each citizen.

I pledge to my constituents that I will:

- Work with the Police Department
- Seek out and reward positive youth programs
- Encourage new inventive industries and businesses
- Work with local governments in addressing the border issues

JUAN VARGAS
Harvard Educated Attorney

I was born and raised in San Diego. I graduated from the University of San Diego, entered the Jesuit seminary and studied to be a Catholic priest. After four years, I left the seminary because I wanted to have a family.

I attended Harvard Law School and while there married my wife. I've taught school; worked at Christ the King's gang prevention program; and donated time to the San Diego Volunteer Lawyers. I believe in public service and want to give something back to the community that gave me so much.

As your Councilmember I will:

- **FIGHT GANG VIOLENCE!** I will fight for more police to disarm the gangs. Gang violence will not be tolerated!
- **FIGHT GRAFFITI!** I will double the Graffiti Patrol and create Graffiti Busters, who will help police catch graffiti vandals!
- **CREATE JOBS!** I will fight to bring good jobs here by assisting small businesses and encouraging companies to relocate here.
- **GET OUR FAIR SHARE!** I will fight to make sure that District 8 gets its fair share of city services.

Endorsed by the San Diego City Fire Fighters.

One person **CAN** make a difference.

- **Mike stood up for taxpayers, exposing huge cost over-runs during construction of the Convention Center.**
- **Mike led the fight to give district voters the right to choose their own representative.**

... NOW WE CAN ELECT MIKE TO STAND UP FOR US AT CITY HALL

• **CRIME**

As a former prosecutor, Mike will stand up to the drug dealers and gang members terrorizing our community, clean up the graffiti, and make our neighborhoods safe again.

• **JOBS**

As a successful small businessman, Mike will cut red tape, bringing new businesses and jobs to our district.

• **NEIGHBORHOODS**

Mike will stand up for our neighborhoods, giving you more control over traffic, street and park maintenance, and fight for our fair share of city services.

• **CHILDREN**

Education is the key! Mike will fight for after school programs, improved school security, and high quality job training.

As a "non-politician" I feel that I would be the best individual to represent you at city hall. My goal is to bring back government to the people. I will obligate myself to meet with the community to get the consensus of the problems and concerns.

Politics as usual has gotten our district nowhere! Crime is rampant, jobs are scarce, our streets are dark and crumbling, housing is unaffordable and pollution is on the rise. All of these problems are solvable if the community works together.

With your help and input we can make the Eighth District a more vibrant part of the city. I promise to attend all council meetings. If you have any comments, suggestions or questions feel free to call me at [REDACTED].
