Dear Ms. Harrison,

I represent the communities of Carmel Valley, Torrey Pines, Torrey Pines Highlands, University City, and La Jolla, all of which will be impacted by the proposed I-5 North Coast Corridor Project.

I respectfully request a forty-five day extension of the public review period for the draft Environmental Impact Report for the proposed expansion pursuant to CCR §15088, §15203, and §15207.

Given the considerable volume of the document (over 10,000 pages, including technical studies) and the fact that most planning boards are on recess through the month of August, it has not been possible for me or the communities I represent to give this document the attention it deserves. It is our understanding that such an extension will not significantly affect the proposal's timeline.

Your prompt response by Friday, September 17, will be greatly appreciated. If I can be of further assistance, please contact me or my staff.

Sincerely,

A handwritten signature in black ink, appearing to read "Sherri S. Lightner".
