Message from Myrtle

There are many infrastructure needs in the Fourth District including sidewalks, street improvements, street lights, traffic calming, fire stations, water and sewer pipelines and a host of other needs.

I understand the overwhelming need. This is precisely why Infrastructure Improvements is one of the four pillars of my priorities-based governance system. I have worked in the Fourth District since 1977. I know first-hand that we need to get things done to truly attract people to live, work, and visit and to attract businesses to invest, grow, and prosper. To that end, I need to hear from you.

Councilmember Mark Kersey, Chair of the Infrastructure Committee and I are presenting an **Infrastructure Neighborhood Input Workshop** for the Fourth District.

We firmly believe that no one knows a neighborhood better than the people who live there. We need your help to identify where the greatest infrastructure needs are and to prioritize projects in our communities.

When: Wednesday, October 30, 2013
Time: 6:00 p.m.
Venue: Malcolm X Library, Music Room
5148 Market Street
San Diego, CA 92114

The event is free and open to the public. This is just another way that I am encouraging you to have a role in the City's budget process. Bring your neighbors, your friends, and co-workers and join us. We hope to see you there.

EveryOne Matters.

Councilmember Cole understands there are considerable needs in the Fourth District that must be addressed and she is committed to addressing things that have gone neglected for far too long. It will take persistence, commitment, diligence, and follow-up of the Council Office and City staff.

The orange barrels, cones, heavy construction equipment, and detour signs – all mean that much-needed infrastructure work is being done! These temporary inconveniences to traffic, parking, and the noise of construction activities are worth the improvements that are happening in our neighborhoods and communities. On Mondays and Tuesdays of each week, the Council Office staff walk the neighborhoods of the Fourth District. They make resource directories available and take note of conditions that need the attention of City staff. It will take everyone working together and Councilmember Cole is confident that we will **"get things done!"**

Making a difference

Community Clean-Up | A very successful event covering Euclid Ave. to Beverly St., and Lennox Dr. to Roswell St. Each year the City of San Diego's Environmental Services Department (ESD) conducts special community clean up events in neighborhoods throughout the City. Areas are selected for these events based upon citizen requests, pledges of community involvement and previous citizen participation levels.

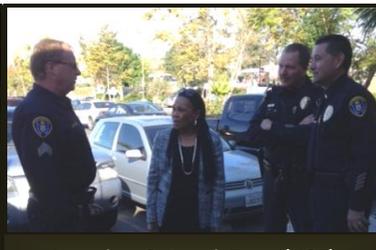

On October 16, 2013, ESD, along with community volunteer Ms. Carmen Blas, conducted a mini community cleanup in the Emerald Hills area. This successful cleanup removed a total of **23.18 tons of waste** (22.02 tons of non-recyclables and 1.16 tons of recyclables consisting of metals and appliances) from the neighborhood. Please feel free to call Solid Waste Code Enforcement Officer Christopher Penman at (858) 492-6027 if there are any questions regarding this cleanup event.

REPORTE SEMANAL DE LA OFICINA DE LA REGIDORA MYRTLE COLE

Octubre 22, 2013

202 C STREET, 10TH FLOOR SAN DIEGO, CA 92101

(619) 236-6644

Orgullosamente Representando:

Alta Vista, Broadway Heights, Chollas View, Emerald Hills, Encanto, Greater Skyline Hills, Jamacha, Lincoln Park, Lomita Village, North Bay Terraces, Oak Park, O'Farrell, Paradise Hills, Redwood Village, Rolando Park, South Bay Terraces, Valencia Park, Webster

El Mensaje de Myrtle:

La infraestructura del Distrito 4 enfrenta muchos retos, incluyendo la construcción de aceras, la mejora de las calles, instalación de alumbrado y semáforos, la construcción estaciones para la policía y bomberos, instalación de tuberías para agua y drenaje, entre otros.

Estoy consciente que existen estas necesidades; es por eso que el mejoramiento de la infraestructura es uno de los cuatro pilares sobre los cuales mi administración trabaja. Desde 1977 he trabajado en el Distrito 4 y conozco de primera mano los problemas que tenemos que enfrentar para atraer a más personas que deseen vivir, trabajar y visitar nuestro distrito.

Quiero escuchar lo que los residentes tienen que decir, es por eso que es el Regidor Mark Kersey, Presidente del Comité de Infraestructura de la Ciudad de San Diego y yo estamos organizando un **Taller de Participación Comunitaria en Infraestructura** para el Distrito 4.

Creo firmemente que nadie conoce mejor los problemas a los que se enfrenta la comunidad que los residentes. Necesitamos identificar los retos en la infraestructura de nuestro distrito y priorizar los proyectos para nuestra comunidad.

Cuándo: Miércoles 30 de octubre a las 6:00 p.m.

Dónde: Biblioteca Malcolm X, Salón de Música
5148 Market Street
San Diego, CA 92114

El taller será un foro de participación comunitaria en donde tu opinión los ayudará a decidir el presupuesto de la Ciudad. El evento será completamente gratuito y abierto al público, por lo que extendemos la invitación a sus vecinos y amigos. ¡Te esperamos!
