

OFFICE OF
COUNCILMAN ANTHONY YOUNG
 CHAIRMAN, COMMITTEE ON BUDGET AND FINANCE
 DISTRICT FOUR

CITY OF SAN DIEGO

SEPTEMBER 24, 2009 WEEKLY UPDATE

Councilman Young joins in the dedication of the new state-of-the-art football field at Morse High School.

Councilman Young joins celebrates Fiesta Patrias—Mexican Independence Day at Market Creek Plaza.

Councilman Young addresses the nearly 3,000 community residents who came out to the 2009 Gospel Fest in the Webster Community. Councilman Faulconer joined in the festivities that featured more than 30 live gospel performances on three stages along with community resource and educational information, along with health and wellness resources.

COUNCIL ACTIONS:

On Friday, September 28, 2009, my nomination by Mayor Ron Loveridge, Chairman of the League of California Cities Board of Directors Committee, to serve on the Board of Directors representing San Diego, was approved by the membership of the League of Cities. The League of Cities consists of Mayors, Councilmembers, and elected officials from every city in California.

The League of California Cities is strongly committed to advocating policies that support sustainable communities across our state that help build a strong economy, protect our environment and advance social equity in the following ways:

PROTECT FUNDING FOR VITAL COMMUNITY SERVICES. Vigorously oppose efforts to erode funding for vital community services that keep California families safe from crime, support transportation mobility and economic growth, provide housing and important after-school recreation opportunities, ensure orderly development and protect the environment. Funding for local community-based services and programs should not be sacrificed to meet state revenue needs.

EXPAND INFRASTRUCTURE INVESTMENT. Support continued implementation of the 2006 infrastructure bond program and the development of new funding sources and programs to meet the infrastructure needs of our rapidly growing communities in a sustainable way for water supply, wastewater treatment, public transit, streets and roads, storm water management and other critical infrastructure.

SUPPORT GREEN AND SUSTAINABLE CITIES. Lead in the development of state and local policies, strategies and programs to protect the environment and reduce greenhouse gas emissions through more efficient and sustainable land use and building practices, increased energy efficiency and use of alternative/renewable energy sources, improved water supply and wastewater treatment system efficiencies, expanded public transit opportunities and innovations in other city operations.

I look forward to working with fellow elected officials on the Board to help ensure San Diego continues to have a strong and influential role in helping bring more revenues from the State and Federal governments to our cities and communities of the 4th District.

During the month of August San Diego County released a health report and update on the H1N1 Virus commonly known as the Swine Flu. Over 1,000 cases of H1N1 were recorded in San Diego County and unfortunately 18 people have died. With the start of the new school year and the start of a new flu season, I cannot emphasize how important it is for all San Diegans to educate themselves and their families as much as possible.

Some things you can do if you catch the flu include:

- Stay home;
- Cover your cough, use a tissue and put it in the trash;
- Use your upper sleeve if no tissue is available;
- Wash your hands;
- Stay at least six feet away from others;
- Get plenty of bed rest;
- Drink a lot of liquids;
- Seek medical advice for severe symptoms.

Please note that at the time of this writing, steps to manufacture and distribute the pandemic H1N1 influenza vaccine are being made, and decisions about its use, distribution or other details are being made by the Centers for Disease Control and Prevention. For more information about pandemic H1N1 influenza, please visit the CDC

website at www.cdc.gov/flu/h1n1, or call their general information line, 1-800-232-4636, which is available 24 hours a day. You can also visit the County's H1N1 influenza site, at www.sdcounty.ca.gov/Portal/News/swineflu.html.
