

CITY OF SAN DIEGO

OFFICE OF
COUNCILMAN ANTHONY YOUNG
CHAIRMAN, COMMITTEE ON BUDGET AND FINANCE
DISTRICT FOUR
JULY 28, 2010 WEEKLY UPDATE

Summer is upon us and it is a time to celebrate and enjoy the fruits of our labor. I join our individuals, families and committed communities toward ensuring the most safe, healthy and enjoyable summer in District Four and the City of San Diego.

It is a time when we should all heed greater caution while driving our community streets, as our children are out of school and outside enjoying their summertime.

It is a time when our families can gather to enjoy the local family activities in District Four.

It is a time to celebrate and I pledge my ongoing commitment to serve the residents of District Four.

Wishing you a most safe and enjoyable summer,

COUNCIL ACTIONS:

On Tuesday, July 27, 2010, the San Diego City Council approved allocating \$7.1 million for sewer line replacements, street paving and curb ramps in the 4th District communities of Skyline and Paradise Hills. This action continues my efforts to ensure quality infrastructure improvements are done in communities throughout the 4th District.

On Tuesday, July 27, 2010, the San Diego City Council approved allocating over \$735,000 to the Housing Enhancement Loan Program. This program is part of an overall redevelopment program to increase, improve, and preserve the supply of low- and moderate-income housing occupied by persons and families of extremely low, very low, low, and moderate income within the redevelopment project areas of and the surrounding neighborhoods including District 4's *Crossroads* redevelopment area.

Plastic food tubs are now accepted for recycling at the Miramar Recycling Center. The tubs are in addition to the empty, aerosol cans that contained non-hazardous material, as we reported in the last week's E-Blast newsletter. The plastic tubs must be clean and contain no metal, food waste or trash, and separated from other recyclables. Styrofoam and clamshell plastic are not accepted. Plastic tubs cannot be recycled in the City's blue bin.

The plastic tubs generally have a pry-off lid rather than a screw top and mostly contain food packaging such as yogurt and other dairy products. Some household products and pet litter are also sold in the tubs.

Aerosol cans accepted at the Miramar Recycling Center must be empty. Empty aerosol cans that held non-hazardous materials may also be recycled in the blue bin. Empty aerosol cans that contained hazardous materials may be disposed of in the trash. Examples of hazardous waste are products used in the routine maintenance of homes, yards, or vehicles that are labeled with words such as "danger," "warning," "caution," "poison," "flammable," or "corrosive."

Full or partially full aerosol cans that contained hazardous materials must be treated as hazardous waste and can be taken to the Household Hazardous Waste Transfer Facility. The Miramar Recycling Center and Household Hazardous Waste Transfer Facility are located at the entrance to the Miramar Landfill, located north of 52 freeway on Convoy Street. For information on both facilities, call 858-694-7000.

Community Clean-ups are continuing to be held throughout the 4th District.

I commend, thank, and congratulate the many community volunteers, the exceptional staff of the Environmental Services Department (ESD), non-profit organizations and EDCO Waste & Recycling Services that assist in these efforts. Keeping our communities clean and free of debris is an ongoing effort we all must continue to be involved in. Special community cleanup event areas are selected based upon citizen requests, pledges of community involvement and previous citizen participation levels. Please feel free to call Solid Waste Code Enforcement Officer Alejandro Alvarado at (858) 627-3317 if you would like to request a clean-up in your area and/or if you have questions.

On July 17, 2010, The City of San Diego's Environmental Services Department, along with Pilgrim Progressive Baptist Church conducted a community cleanup in the Chollas View area. This successful cleanup removed a total of 11.54 tons of waste (7.92 tons of non recyclables and 3.62 tons of recyclables), consisting of metals and appliances from the neighborhood. I would like to commend The Pilgrim Progressive Baptist Church for their support and assistance.

On July 24th, 2010, this department, along with the volunteer Dwayne Harvey, conducted a community cleanup in the North Encanto area. This successful cleanup removed a total of 51.05 tons of waste (43.20 tons of non-recyclables and 7.85 tons of recyclables) consisting of metals and appliances from the neighborhood. Dwayne Harvey is to be commended for his assistance and support. Please feel free to call Solid Waste Code Enforcement Officer Christopher Penman at (858) 492-6027 if there are any questions regarding this cleanup event.
