Good morning,

Beginning Thursday, there will be additional nighttime closures related to construction of the new Shoal Creek Pedestrian Bridge at Ted Williams Parkway and Shoal Creek Drive. The work is being done at night to minimize impacts on the community.

The intersection will be impacted during late-night hours starting Thursday night, April 24 through Thursday morning, May 1 between 10 p.m. and 5 a.m. Access at the intersection during these hours will be limited and you may experience delays.

In particular, access to the intersection will be extremely limited for safety reasons on the nights of April 24th into the morning of April 25th and April 30th into the morning of May 1st.

I ask that you please plan accordingly to avoid the area if possible.

If you have any questions or concerns, please feel free to contact Shawn Mione with KTA Construction at 619-562-9464. You can also contact my office at 619-236-6655.

Thanks for your patience and understanding while we continue this project which will make the intersection safer for all pedestrians including children attending Shoal Creek Elementary School.

A handwritten signature in black ink, appearing to read 'Mark Kersey'.
