

DISTRICT 6 DISPATCH

CITY OF SAN DIEGO

APRIL 2015

CHRIS CATE

COMMUNITY CLEAN-UP

As Vice Chair for the Committee on the Environment, I was happy to join Councilmember Sherman and our City's Environmental Services Department to promote the annual clean-up event at Qualcomm Stadium.

Collected at this year's event: 62.28 tons of materials of which 38.37 tons were trash and 23.91 recyclables. As compared to 32 tons collected in 2014.

PHILIPPINE AMBASSADOR

It was my distinct honor to welcome Jose L. Cuisia, Jr., Philippine Ambassador to the United States of America to City Hall. Ambassador Cuisia is dedicated to promoting trade and investment opportunities in the Philippines; strengthening the military and security alliance with the US; and providing assistance to Philippine nationals while further cementing the already robust relationship between the two countries.

FUTURE LEADER

On March 24, the District 6 team and I were proud to support our Chief of Staff, James Hauser, at the Stone Brewery-Liberty Station where he was recognized as one of 21 future leaders by *Our City San Diego*.

A New Jersey native, James came cross-country to attend and graduate from UCSD. Since then, he has worked on Kevin Faulconer's mayoral campaign and managed my campaign win to the City Council.

As to his success, "A lot of it is my work ethic," he says. "I always say yes. Yes, I can do that. Yes, I can handle it." Congratulations, Chief Hauser!

MY FIRST JOB: BASKIN ROBBINS

I filmed a brief video for the San Diego Workforce Partnership at Baskin Robbins Mira Mesa about my first job, the lessons I learned and how those still apply in my work life today.

First summer jobs provide experience, help develop one's work ethic and can teach useful lessons that make a difference in one's future.

To hire a youth or apply for summer work experience, go to <http://c2csd.org/#MyFirstJobSD>
