Constituent Recognitions

We want to hear from you! During the months of October and November, the City will be conducting a citywide satisfaction survey of its residents. San Diegans from all nine Council districts will be randomly selected to participate via telephone. The purpose of the survey is to understand how well the City is doing in providing various services to the public. Your feedback is important and will be used to better serve you. If you are contacted, please take the time to respond and let us know what we can do better. More information will be available after October 15 on the City of San Diego's Performance & Analytics Department website (<http://www.sandiego.gov/pad/index.shtml>).

Help make San Diego a world-class city for all!
