Alvarez on Water Rate Increase

SAN DIEGO (September 15, 2015) – Councilmember Alvarez has issued the following statement in response to today’s item at City Council regarding Potable, Fire and Recycled Water Rate Adjustments, Cost of Service Study and Proposition 218 Notice and Hearing:

The proposal by City management penalizes San Diegans that have been doing everything they can to conserve water during this period of drought and forces South County customers to pay unfair rates for recycled water.
