Please RETURN enclosures

Please initial and date here as soon as read

CITY ENGINEER

The accidents occurring just north of Cabrillo Bridge on the Eleventh Avenue Canyon Road indicate a failure on the part of north bound drivers, during the hours of darkness, to see the curve in time to control their speed.

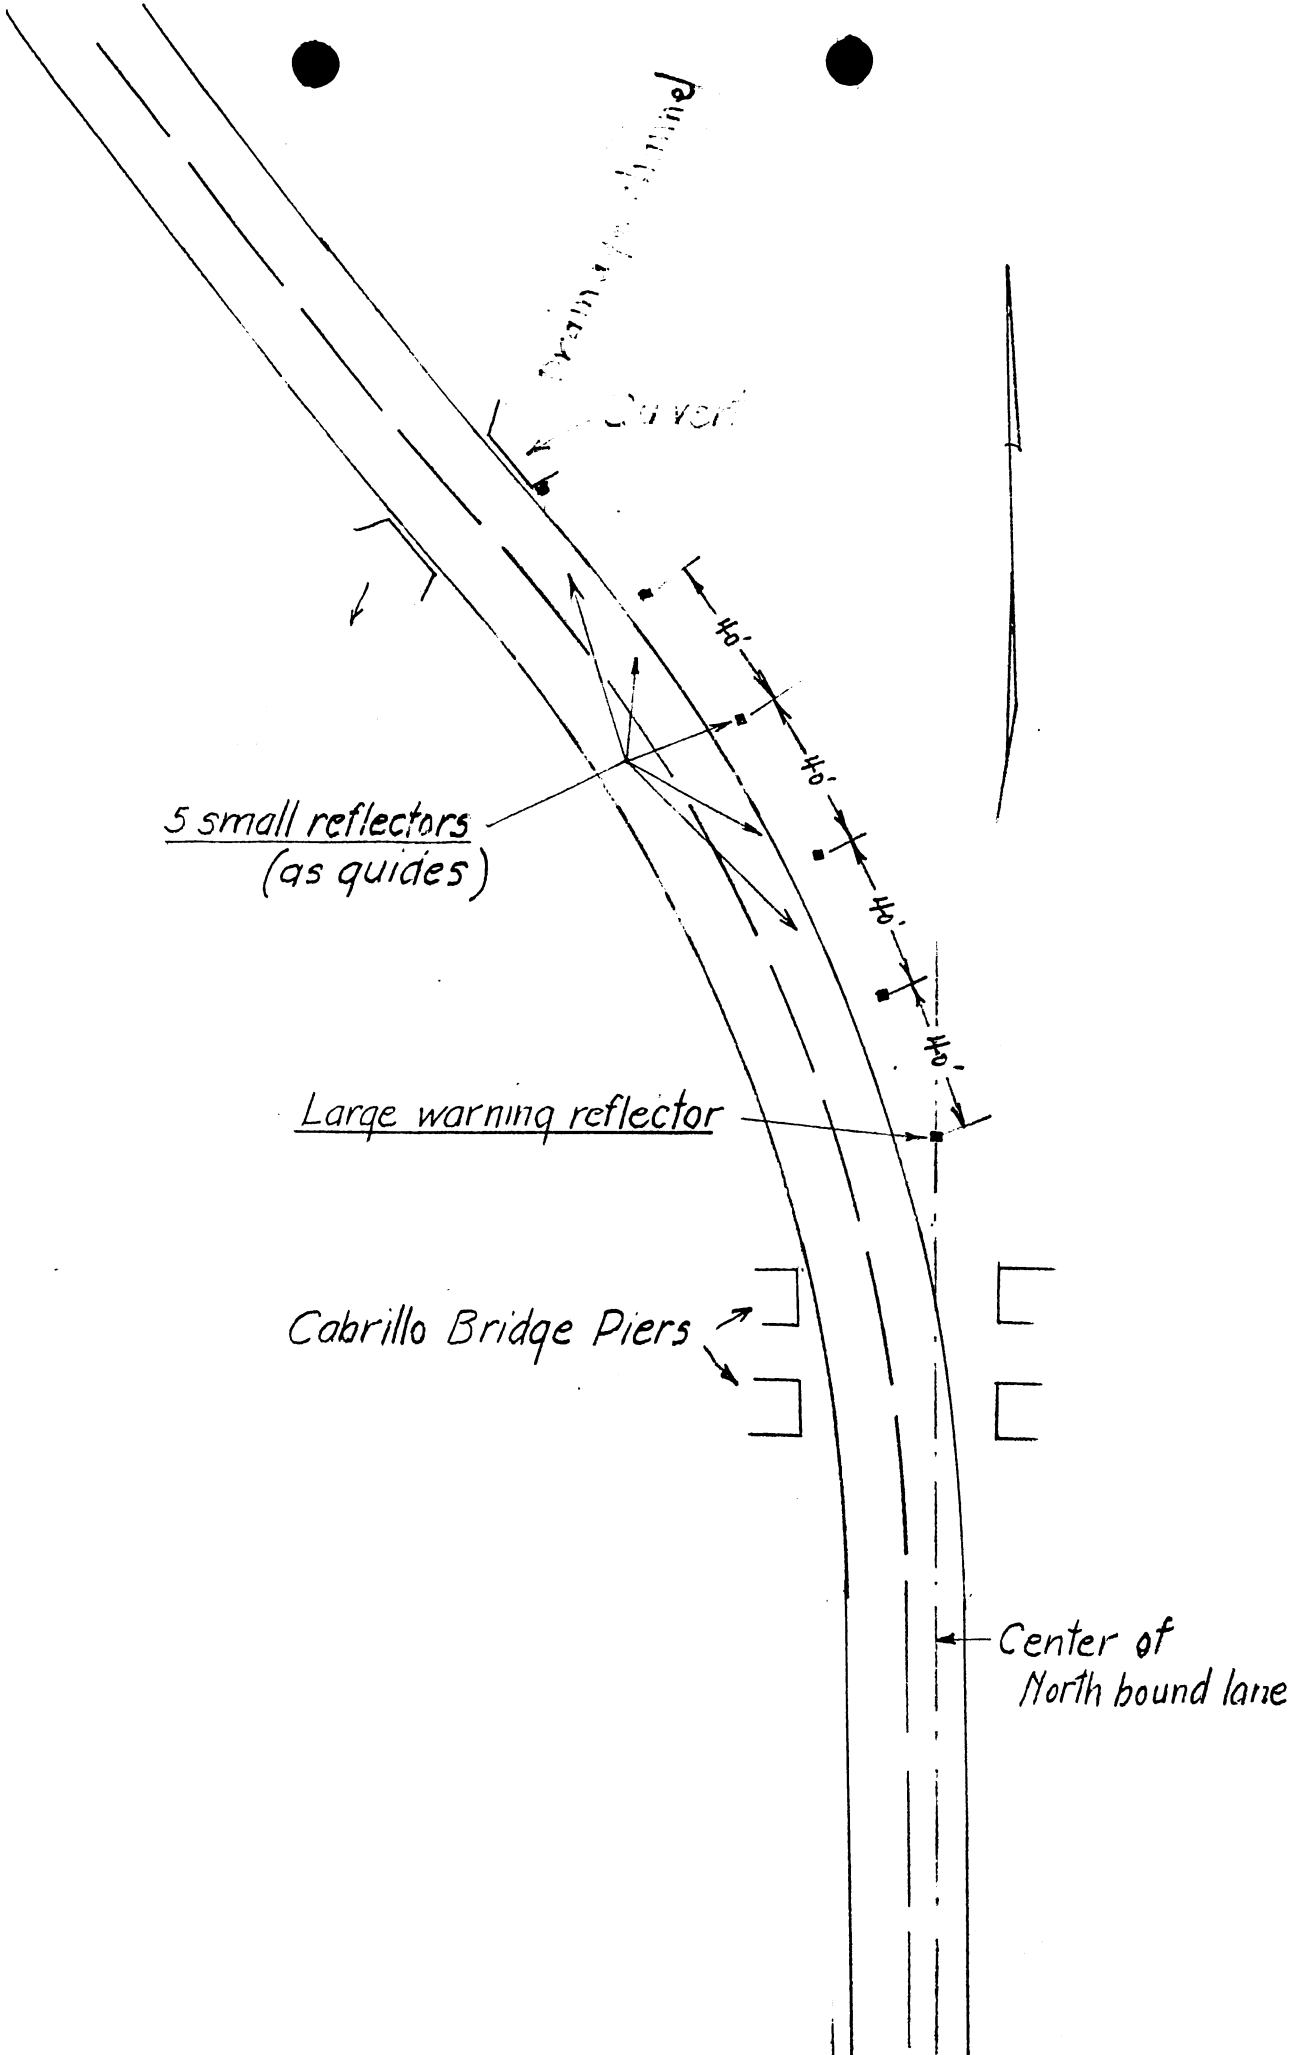

I recommend the installation of a series of post mounted reflectors which will give warning and outline the curve. These can be salvaged when the new road is built.

I do not recommend the expenditure of any funds to modify the present road.

This recommendation is approved by Lieut. Merritt.

CITY OF SAN DIEGO

OFFICE OF
TRAFFIC COMMISSION

SAN DIEGO, CALIFORNIA

January 25, 1941

The Honorable Mayor and City Council
of the City of San Diego, California

Gentlemen:

At the request of the Park Department, an investigation has been made of conditions hazardous to traffic on the curve north of Cabrillo Bridge on the Eleventh Avenue Canyon Road.

The report of the Acting Traffic Engineer is attached, and it is the recommendation of this Commission that the reflectors he suggests be installed.

Respectfully submitted,

TRAFFIC COMMISSION OF THE
CITY OF SAN DIEGO
