San Diego 1, California

Attention: Charles M. Carter,
Adjutant

Gentlemen:

Your communication of January 29, 1947, requesting consideration if and when buildings will be available for use of veterans organizations in Balboa Park, was referred to the City Manager by the City Council on February 4, 1947. The Manager, in turn, submitted a report from the Director of Parks which states:

"The Commission was unanimous in their recommendation that the request be filed until such time as a park building is rehabilitated for the use of all such veterans' organizations. At that time every effort will be made to schedule a satisfactory meeting time for this organization in that building".

Very truly yours,

FRED W. SICK,
City Clerk
