Honorable Charles C. Dail, Mayor,
Members of the City Council,
Civic Center,
San Diego 1,
California.

Dear Sir:

The Board of Directors of the San Diego Firemen's Relief Association are once again formulating plans for holding their annual fund raising event, the Firemen's Ball. It is our desire to conduct this function this year on October 1, 1960.

Since the success of an endeavor of this nature depends greatly upon the location in which it is to be held, we respectfully request that yourself and the City Council again graciously grant us the facilities of the Balboa Park Club and the Conference Building in Balboa Park on the aforementioned date. These buildings are the only location which we feel can accomodate the number of people we expect to have in attendance.

As the San Diego Firemen's Relief Association is a non-profit organization dedicated to charitable purposes on behalf of the San Diego firemen and their families, we also request that the use of the above mentioned facilities be granted rent free.

In Council action on September 15, 1959, resolution # 156922 was adopted which decreed that the city of San Diego would act as co-sponsor of the 1959 Firemen's Ball. We would be greatly appreciative and highly honored if similar action on your part could be taken regarding the 1960 Firemen's Ball.
